EXHIBIT AT WINCHESTER-DONDERO GALLERY: REFLECTIONS JURIED BY MIKAYA WHITMORE

Exhibit Date: August 15, 2023 – September 30, 2023

Reception Date: Saturday, September 30, 2023 from
5:30 PM – 7:30 PM

Reflections are concepts of perception and introspection. Many Mesoamerican cultures used obsidian to create reflective portals, black mirrors, into other worlds. Diving further into the esoteric, the mirror has also brought a lot of anxiety and superstition through beliefs such as demons trapped behind its surface and the childhood game, Bloody Mary. Vanity is another word that comes to mind when thinking of our reflections. You can see that in the tragedy of Narcissus falling in love with his own image and the clash of European industries in a race to perfect the looking glass due to popular demand. All in all, our mirror images both allure and terrify us. We invite artists to explore these dichotomies through their work, depicting and exploring the fantastical world of reflections!

SILVERADO RANCH COMMUNITY CENTER
'DESERT WINDS' PROJECT BY TALLEY FISHER

TALLEY
FISHER
STUDIO

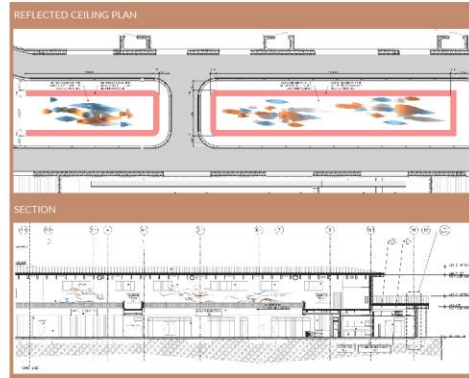

Bringing nature indoors, abstract elements curl and dance through the main circulation area to compose Desert Winds. Copper, silver, and blue finishes mirror the color palette of the surrounding landscape as well as the finishes of the building.

"When I think of Las Vegas and the surrounding landscape, I remember the wind, sloping down from the mountains and keeping the city bathed in near constant motion. My proposed sculpture is one of 'Desert Winds' with abstracted and curled gusts weaving down the main corridor.

The shapes will lend themselves to different interpretations, such as clouds or waves, giving each viewer the opportunity to create their own narrative."

Dimensions: Three sculpture clusters, each approx. 25' L x 8'W x 10'H. Total: 75'L x 8'W x 10'

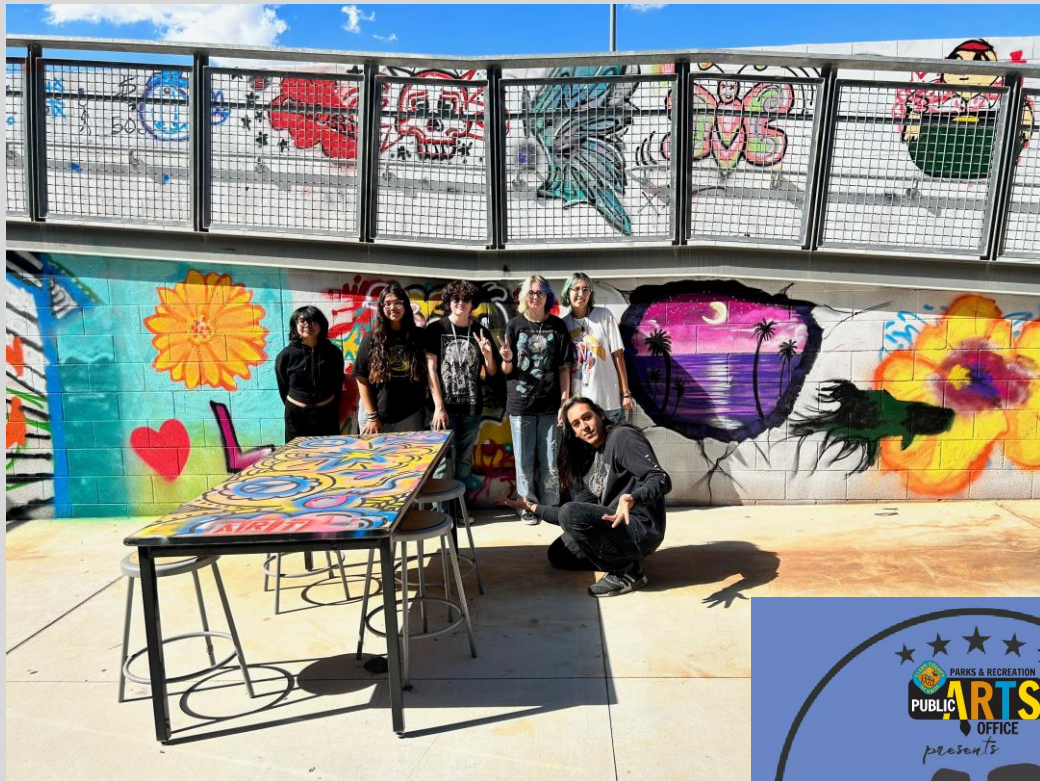

Materials: Powder coated or anodized perforated aluminum, stainless steel cable, stainless steel hardware.
