V. Informational Items

1. The Bunkerville Town Advisory Board requests the Roman Catholic Diocese of Las Vegas to discuss the thrift store located at 93 W. First South Street (APN# 002-25-303-001) located in the Bunkerville Township. (for discussion only)

In 2014 the church relocated to Mesquite where land had been donated to the diocese. With that, the special use permit for the thrift store at the Bunkerville location became void. Under the current circumstances, the thrift store is not permitted to operate. Ernest Freggiaro, Engineer, is confident that he will be able to come up with an option to both satisfy County Code and the board members concerns. Neighbors have complained to the board due to patrons of the thrift store parking on private property and blocking home owners from entering and exiting their private property; high traffic in the residential neighborhood has also raised safety concerns and does not appear to be conducive to a residential area. The diocese plans to come back before the board at a later date once they have adequately discussed options which may be available to them. In the meantime, the Bunkerville location will remain closed.

VI. Planning & Zoning
None

VII. General Business

1. Bunkerville Town Advisory Board members to discuss the possible adoption of the previously discussed Resource Management Plan for 'We the People'. (for discussion and possible action)

Moved by: Brian Haviland
Action: Vote: 5-0/ Unanimous DENIED

The board is in agreement that this plan is not recognized as the proper means of protecting the rights to Bunkerville land. The board members do not believe that this is within their jurisdiction due to the lands being federally owned. If, in fact, the land is owned by the state then it would be better served to petition the state via a letter of request that the state acknowledge their ownership of the land.

VIII. Public Comment

3 youth who live in the area came before the board to discuss the possibility of funding a skate park which would benefit kids by providing an option which would motivate young residents to turn off their electronics and encourage them to ride bikes and skate boards while socializing with one another. The board permitted them to be on a future agenda once they have researched further into the cost and logistics. Janice- may know donors who would be interested in providing assistance or land.
