V. Informational Items

1. Members of the U.S. Census Bureau in Nevada to discuss the 2020 Census process and provide information on available job opportunities (for discussion only)

Shalita Guzman expressed the importance of the census and explained how it impacts our representation in the house of representatives. She also explained how the census determines the funding of important community programs. The 2020 census is looking to hire people in the community in which they live. 2020 census materials are not permitted to be mailed via P.O. Box; which means mailings must be hand delivered. Once the mailings have been hand delivered personnel will follow up with those who did not respond. They are looking to hire over 20 individuals. Those interested in working for the census may apply online <https://2020census.gov/en/jobs/how-to-apply.html>

2. Clark County Social Services, on behalf of the Southern Nevada Homelessness Continuum of Care, to provide information regarding the 2020 homeless count in Moapa Valley. Clark County is seeking volunteers for the January 30, 2020 home count and survey in Moapa Valley. (for discussion only)

A video was provided which explained how the sheltered and non-sheltered homeless population will be counted. The purpose of this count is to provide data which determines the amount of federal funding that a community will receive and helps provide information to decide the level of services needed. Those interested in volunteering may call Amelia at 702-397-6475 or may contact Help Hope Home directly at 702-455-5832.
