

INDUSTRY NOTICE – 2021 WILDLAND-URBAN INTERFACE CODE

At the July 8th meeting, the Southern Nevada Building Officials (SNBO) agreed to adopt the 2021 Wildland-Urban Interface Code, published by the International Code Council, as a regional standard; it was included in NRS 477 as a required code during the 2021 Legislative Session.

SNBO is looking to its industry partners and stakeholders to form a Special Technical Code Committee to review the Wildland-Urban Interface Code and develop local amendments to this model code. According to the SNBO Rules of Procedure, the number of industry representatives shall not be limited. The committee voting shall be limited to one voter from each SNBO member organization and three industry members.

For those interested in participating on the committee, a kickoff meeting is scheduled for 9:00 am on August 11th. This meeting will be held virtually at:
