

NOTICE OF ROAD CONSTRUCTION

CC-215 BELTWAY/SUMMERLIN PARKWAY INTERCHANGE PROJECT

Clark County Department of Public Works (CCPW) is reaching out to inform you of upcoming construction activity on the CC-215 Beltway/Summerlin Parkway Interchange Project.

This project is located at the interchange of the Clark County 215 Beltway and Summerlin Parkway, where the existing interchange will be reconstructed. Work includes roadway improvements, reconfiguration of ramps and the construction of new ramps, widening of the existing Summerlin Parkway bridge and the construction of new roadway and trail bridges, retaining walls, storm drainage facilities, curbs, gutters, sidewalks, streetlighting, traffic signal and utility modifications and relocations, and other related items of work.

Please drive safely in the work zone and be advised of the following:

- Traffic lanes and interchange ramps will be restricted or closed at various times throughout the duration of the project.
- Message boards will be placed in advance of traffic control changes.
- Local traffic is encouraged to use alternate routes whenever possible.

The contractor will ensure that outside of working hours, access to private residences within traffic control setups will be maintained. Property owners or tenants who may be affected directly by restricted access will be notified by the contractor.
