

TIPS FOR MAIL BALLOT VOTING

At the direction of a voter who has a physical disability, is at least 65 years of age or is unable to read or write, a person may mark a ballot and sign the envelope on behalf of the voter or assist the voter to mark a ballot and sign the envelope pursuant to this section. If a person marks a ballot and signs the envelope on behalf of a voter pursuant to this section, the person must indicate next to his or her signature that the mail ballot and envelope have been marked and signed on behalf of the voter. If a person assists a voter to mark a ballot and sign the envelope pursuant to this section, the person or the voter must include on the return envelope his or her name, address, and signature.

Printed Name of Person Providing Assistance _____ Signature of Person Providing Assistance _____
Address of Person Providing Assistance _____

Failure to sign this envelope will result in your county election official contacting you for additional information.

I declare under penalty of perjury that: I am a resident of Clark County; I am the person whose name appears on this envelope; I have not voted another ballot from any other jurisdiction for this election.
Voter, sign inside the outlined signature box below in ink. Power of attorney is not acceptable.

This ballot has been marked and the envelope has been signed on behalf of the voter.

Only Use the Election Department's Mail Ballot Return Envelope (See Example Image Above): If you lose or damage your Election Department mail ballot return envelope with your pre-printed name and address (included in your mail ballot packet) and you want to vote by mail, IMMEDIATELY call (702) 455-VOTE (8683) for replacement envelope information. Ballot return envelopes will also be available at all Early Voting sites and Election Day Vote Centers.

Sign the Outside of Your Return Envelope (See Example Image Above): Whether you decide to mail or drop off your voted ballot, you must sign the outside of your Election Department mail ballot return envelope in the space provided. Failure to sign your envelope will result in a county election official contacting you for additional information. **IMPORTANT: Your signature will be checked against what is in the voter registration records.**

Only Place Your Own Ballot in Your Own Return Envelope: Do not put anyone else's ballot in your Election Department mail ballot return envelope. If more ballots than your own are inside the envelope when it is returned, then you risk none of the ballots being counted.

Clearly Mark Your Ballot Per the Instructions: Read and follow the voting instructions in your mail ballot packet to clearly mark your choices and ensure your ballot is counted.

- Avoid stray marks and tearing the ballot.
- Do not put the "I Voted" sticker on your ballot.
- Do not sign the ballot itself.
- To correct a mistake, follow the instructions in your mail ballot packet. Do not draw an "X" over a candidate's name or over a ballot question choice.

Secrecy Sleeve: A secrecy sleeve is included in your packet so that you may place your voted mail ballot inside of it before putting it inside your Election Department mail ballot return envelope. However, the secrecy sleeve is not required. Your voted mail ballot will not be rejected simply because you did not include the secrecy sleeve.
