

Protecting the air we share

Air Quality

MISSION STATEMENT

To develop and implement high-quality, effective local programs to fulfill air quality requirements and address community concerns, thereby protecting the region's quality of life while facilitating orderly growth.

The Department of Air Quality is the air pollution control agency for all of Clark County Nevada. Established by the Clark County Board of County Commissioners in 2001, Air Quality administers a variety of programs to improve the health and welfare of our citizens by ensuring that the quality of the air in Clark County meets healthful, regulatory standards.
