RE: DESERT CONSERVATION PROGRAM PROJECT COMPLETION NOTIFICATION:  
**BOULDER CITY CONSERVATION EASEMENT (BCCE)  
GABIONS CONSTRUCTED IN THREE LOCATIONS  
2011-MAILE-910W**

The work for the above referenced project has been completed. Please see the attached for all project related information.

**The purpose of the above referenced project was:**

To inform the community of things they will find on the BCCE and what activities are allowed or restricted on the BCCE by building and installing three (3) Gabion Kiosks.

**The major accomplishment or findings of this project include:**

The new gabion kiosks, located at three high traffic entry points to the Boulder City Conservation Easement (BCCE) significantly up the visibility and knowledge of the conservation easement.

The attractive signage on three sides gives visitors facts and information on the BCCE that helps them enjoy and appreciate the area.
