RE: DESERT CONSERVATION PROGRAM PROJECT COMPLETION NOTIFICATION:
LAS VEGAS BEARPOPPY FENCING, RAMADA and TRAIL
2017-LVVWD-1790A

The work for the above referenced project has been completed. Please see the attached for all project related information.

The purpose of the above referenced project was:

The purpose of this project was to create a Las Vegas Bearpoppy Habitat on the Springs Preserve property to protect and to serve as an educational platform to expand public knowledge of this and other rare plants found in the Las Vegas Valley.

The major accomplishment or findings of this project include:

The major accomplishment was the creation of an area for the development of the Las Vegas Bearpoppy. This included the installation of fencing to protect the area, a trail to take you to the site and a Ramada with interpretive signage to educate visitors on the Bearpoppy.

For more information about this project and/or for other Project Reports or Symposium Reports, please visit our website at: <http://www.clarkcountynv.gov/airquality/dcp/Pages/default.aspx>

If you have any questions, please contact John Brekke at (702) 455-2722.
