

Date of Issuance: May 9, 2023

**RESTORATION WORKSHOP FACILITATION**  
**2017-SDR-1760B**

The work for the above reference project has been completed. Below is a summary of project related information.

**The purpose of the above referenced project was:**

The goal of the project was to plan and execute a restoration workshop as effectively as possible. The intent of the workshop was to improve the success of future management actions aimed at desert tortoise habitat improvement by gathering information from literature and leading experts and identifying areas where more research was needed.

**The major accomplishments or findings of this project include:**

A three-day desert restoration workshop was held on January 24-26, 2022. The workshop had 79 participants, and focused on investigating the existing science behind habitat restoration as a tool for desert tortoise recovery in the Mojave Desert.
