RE: DESERT CONSERVATION PROGRAM PROJECT COMPLETION NOTIFICATION:
**BOULDER CITY CONSERVATION EASEMENT (BCCE) BARRIERS INSTALL
2011-NDF-920D**

The work for the above referenced project has been completed. Please see the attached for all project related information.

The purpose of the above referenced project was:

This project involved installing 500 feet of post and cable barrier to prevent vehicle access to an area on the BCCE that leads to a closed road. The purpose of the closed road is to reduce habitat fragmentation and reduce the threat of vehicle mortality to desert tortoises on the BCCE.

The major accomplishment or findings of this project include:

The 500 feet of post and cable barrier has cut off a major route used by Off Highway Vehicles, thereby preventing traffic in this area which protects the habitat. Although it will take many years, the habitat will repair its self if vehicles are prevented from traveling in this area. The closed road area is approximately one half mile long.

For more information about this project and/or for other Project Reports or Symposium Reports, please visit our website at: <http://www.clarkcountynv.gov/Depts/dcp/Pages/default.aspx>

If you have any questions, please contact John Brekke at (702) 455-2722.

Sincerely,

Marci D. Henson
Program Manager

respect, protect and enjoy our desert!
