I. Call to Order, Roll Call, and County Staff Introductions

The meeting was called to order at 4:07 p.m.
Commissioner Kirkpatrick, Commissioner Gibson were present

II. Public Comment

Steve Zapparolli – Desert Wranglers/News Nevada, in charge of education/training for club.
100% non-profit, dedicated time for training and educating new jeepers on how to be good land
stewards, educate on BLM issues, and help with cleanups.

III. Approval of March 30, 2022 Minutes

Moved by: Steve Paxton
Action: Approved
Vote: 6-0/Unanimous

IV. Approval of Agenda for July 27, 2022

Moved by: Kenny Thatcher
Action: Approved
Vote: 6-0/Unanimous

V. Informational Items (for discussion only)

1. Identify Emerging Issues to be addressed by the committee during future meetings.

Kenny Thatcher - is looking into mitigation credits. Will send information to Marilyn and Amelia.
Debbie Burgos - provided a sheet which listed multiple outdoor events taking place
Kevin Bailey - NPL Day September 24

2. Announcements of general information that may be of interest to committee members or the general public.

Commissioner Gibson provided an update regarding the Public Lands Bill. Clark County Commissioners requested that this item be removed from the Markup Committee Meeting as there were concerns due to a lack of information regarding the markups and amendments which were made to the bill. Clark County Commissioners will have a closed session meeting regarding legal issues and will report back afterwards

3. Committee to discuss the use of videos which promote safety & responsible OHV use.

Debbie met with Matt Martelli about their partnership with Tread Lightly regarding their informational videos which promote safety and responsible OHV use. The committee has permission to use the videos at OHV Committee material as they see fit. They would like input from the OHV community on what kind of information is needed, they'll create the videos/materials to get the message out.

Would still like to reach out to shooting community regarding trash left in the desert

Marilyn is having a shooting awareness day at the shooting parks and can include information regarding packing out trash.

Tread Lightly is working on a campaign to have 50 clean ups in 50 states called the Quadratic 50 for 50 & Tread Lightly! Debbie will look into how we can participate in this program. More information can be found at <https://treadlightly.org/quadratic50/>

4. Committee to discuss solar companies approaching the committee regarding their projects.

2-3 months ago, Debbie was approached by a solar company who wanted to discuss a potential project that is proposed within the boundaries of Laughlin which is in the boundary area that the committee asked to be federally designated in the Public Lands Bill.

Since that time, Debbie has been contacted by several solar companies requesting to meet with the OHV Committee to discuss their project. Debbie doesn't believe that it'll be a good use of the committee's time and requested the committee to share their input.

After much discussion, the committee determined that it would not be a good use of their time and may conflict with committees' current recreational goals. Solar projects may be better off holding their own meetings by contacting various OHV communities. Marilyn suggested that the committee may be better served in requesting quarterly solar project information from the BLM.

VI. Business Items

1. OHV Committee to review and approve 2023 meeting calendar dates (for possible action)

Moved by: Ken Freeman

Action: Approved

Vote: 6-0/Unanimous

2. Reprioritize Issue Tracking List, identify issues to add/delete, provide updates and select Issue Tracking Managers. (for possible action)

Kenny Freeman, discussing Issue Tracking List Item 11. Wondering who is in authority over trail use in Boulder City within the conservation area. Marilyn asked Kenny to send her an email and she'll see if she can assist.

Table Issue Tracking List Items 19 & 20

Add Issue Tracking List 25, set as a high priority, Issue Tracking Managers are Mike Frye & Kenny Thatcher

5	C	HR 857 - Off Road Recreation & Conservation Act	Congressman Paul Cook (CA) has introduced HR 857, which will establish six National Off-Highway Vehicle Recreation Areas in the California desert. Some of these areas are located in proximity to Clark County. Consider whether there are adjacent lands in Clark County that may be suitable for designation as a National Off-Highway Vehicle Recreation Area to provide for contiguous OHV recreation across the state line. Any identified areas could be included in HR 857 or in the County's proposed lands bill.	Cmmr. Kirkpatrick	Reach out to the sponsors of HR857 to obtain a map of the OHV Recreation Areas addressed in this bill.	Timing of the County lands bill introduction is in flux but may occur as early as first quarter 2019. Areas identified for inclusion in a lands bill will need to be vetted with a variety of stakeholders	COMPLETE

Items Removed by the Committee (1):

Item Number	Priority	Name of Issue	Description of the issue and its importance	Issue Manager(s)	Issue Manager To Do List	County Considerations	Status
17	Removed	Rooftop Solar Legislation	The recent proliferation of renewable energy applications in southern Nevada has the OHV community concerned about the potential loss of recreation areas should these applications be approved. Increasing rooftop solar could reduce the need for large site-type facilities to meet the state's energy needs. California recently passed legislation requiring all new homes to have solar power. The Committee will investigate the feasibility of similar legislation in Nevada.	Dave DesMarais	Reach out to legislators to discuss process/feasibility of draft legislation that would promote rooftop solar.	Possible public safety concerns	Removed due to lack of interest from legislators
