-Footnotes on following page-

- 1/ Totals may not add due to rounding. Does not include bonds issued after June 30, 2021.
- 2/ The ad valorem tax rate available to pay these bonds is limited to the County's maximum operating levy and certain tax overrides. On August 18, 2018, the County signed an interlocal agreement with the City of Las Vegas regarding the County's purchase of the City's leasehold interest in the City's private space in the Regional Justice Center. On October 16, 2018, the County signed a resolution authorizing a \$5,400,000 medium-term obligation (Note Payable) with the City of Las Vegas to be paid in four equal installments of \$1,350,000 annually, commencing on July 1, 2021 with no interest.
- 3/ General obligation bonds additionally supported by non-ad valorem revenues and project revenues; if revenues are not sufficient, the County is obligated to pay the difference between such revenues and debt service requirements of the respective bonds.
Certain of these bonds were issued as Build America Bonds ("BABs"). The County expects to receive an interest subsidy (the "BAB Credit") in an amount equal to 35% (or any lesser amount received as a result of federal sequestration or any other reason) of the interest due on those bonds. However, there is no assurance that the BAB Credit will be received in the future; accordingly, amounts shown here reflect total interest; the amounts are not net of any applicable BAB Credit amounts. If the BAB Credit is received, the interest payable on certain of the bonds will be lower.
- 4/ General obligation bonds additionally supported by non-ad valorem revenues and project revenues; if revenues are not sufficient, the County is obligated to pay the difference between such revenues and debt service requirements of the respective bonds.
