FINANCIAL SECTION

INDEPENDENT AUDITOR'S REPORT

To the Honorable Board of Commissioners And the County Manager Clark County, Nevada

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Clark County, Nevada (County), as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the following:

- The financial statements of the University Medical Center of Southern Nevada and the Clark County Water Reclamation District, which are both major funds and which, when combined, represent 34 percent of the assets, 50 percent of the net position and 56 percent of the revenues of the business-type activities.
- The financial statements of the Las Vegas Valley Water District, the Big Bend Water District and the Clark County Stadium Authority, which are discretely presented component units and which, when combined, represent 80 percent of the assets, 116 percent of the net position and 44 percent of the revenues of the discretely presented component units.
- The financial statements of the Las Vegas Valley Water District Pension and Other Employee Benefit Plans, which is a fiduciary fund of the County and represents 14 percent of the assets, 18 percent of the net position, and 7 percent of the combined additions and revenues of the aggregate remaining fund information.

Those statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for the above-mentioned funds and entities, is based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

(Continued)

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County, as of June 30, 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, schedules of OPEB and pension contributions, schedule of changes in OPEB and pension liabilities and related ratios, and schedule of investment returns on pages 4-14 and 144-175 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit for the year ended June 30, 2019 was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The introductory section, combining and individual fund statements and schedules, schedule of business license fees and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund statements and schedules and schedule of business license fees for the year ended June 30, 2019 are the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements for the year ended June 30, 2019 and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, based on our audit, the procedures performed as described above, and the reports of other auditors, the combining and individual fund statements and schedules and schedule of business license fees for the year ended June 30, 2019 are fairly stated, in all material respects, in relation to the basic financial statements as a whole for the year ended June 30, 2019.

The basic financial statements of the County as of and for the year ended June 30, 2018 (not presented herein), were audited by other auditors, whose report thereon dated January 25, 2019, expressed unmodified audit opinions on the respective financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information. The report of the other auditors dated January 25, 2019, stated that the individual fund statements and schedules and schedule of business license fees for the year ended June 30, 2018 were subjected to the auditing procedures applied in the audit of the 2018 basic financial statements and certain additional auditing procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare those basic financial statements or the those basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America and, in their opinion, was fairly stated in all material respects in relation to the basic financial statements as a whole for the year ended June 30, 2018.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 23, 2019 on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering County's internal control over financial reporting and compliance.

Clark County, Nevada

Management's Discussion and Analysis June 30, 2019

The discussion and analysis of Clark County, Nevada (the County) is designed to, (a) assist the reader in focusing on significant financial issues, (b) provide an overview of the County's financial activities, (c) identify changes in the County's financial position (its ability to address subsequent years' challenges), (d) identify any material deviations from the financial plan (the approved budget), and (e) identify individual fund issues or concerns.

We encourage readers to read this information in conjunction with the transmittal letter, financial statements and accompanying notes to gain a more complete picture of the information presented.

Financial Highlights - Primary Government

- The independent auditor's report offers an unmodified opinion that the County's financial statements are presented fairly in all material respects.
- Government-wide net position totaled \$9,163,866,469. Net position of governmental activities totaled \$6,143,300,670 and those of business-type activities totaled \$3,020,565,799.
- The County's total net position increased by \$ 571,220,194. Net position from governmental activities increased by \$371,167,973 and net
 position from business-type activities increased by \$200,052,221. Net position from governmental activities increased mainly because of
 increased general revenues and capital grants and contributions. Net position from business-type activities increased largely due to UMC,
 Clark County Water Reclamation, and Department of Aviation surpluses.
- Unrestricted net position was (\$700,480,179), with (\$765,477,740) resulting from governmental activities and \$64,997,561 from business-type activities. Unrestricted net position from governmental activities increased by \$115,289,630 from the prior year, and unrestricted net position from business-type activities increased by \$62,928,990 from the prior year.
- Net capital assets were \$13,024,501,502 of which \$6,575,162,099 was from governmental activities and \$6,449,339,403 was from business-type activities. Major additions for governmental activities during the year included \$257 million toward beltways, roadways, and streets and \$59 million toward flood control projects. Major additions for business-type activities during the year included \$61 million in Department of Aviation capital expenditures, the eighth largest airport in the United States, \$33 million in UMC capital expenditures, and \$63 million in sewer system and related equipment additions. Depreciation expense attributable to assets of governmental activities amounted to \$309,584,892 for the year, and \$321,220,190 for business-type activities.
- Bonds and loans payable totaled \$6,425,153,539. The following new debt was issued during the fiscal year:

Governmental activities:

- General obligation bonds:
 - \$ 150,000,000 in bonds for park improvements
 - \$ 272,565,000 in bonds for transportation improvements
 - \$ 31,225,000 in bonds for transportation refunding bonds

Special assessment bonds:

\$ 1,803,030 in bonds for Special Improvement Districts

Note payable:

\$ 20,743,750 in notes payable for the purchase of the Regional Justice Center \$ 215,170,000 in notes payable for the purchase of the Detention Center

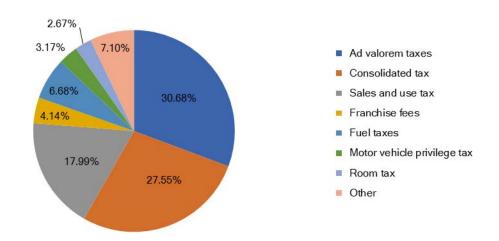

- On August 18, 2018 the County signed an interlocal agreement with the City of Las Vegas regarding the County's purchase of the City's leasehold interest in the City's private space in the Regional Justice Center. On October 16, 2018, the County signed a resolution authorizing a \$5,400,000 medium term obligation (Note Payable) with the City of Las Vegas to be paid in four (4) equal installments of \$1,350,000 annually, commencing on July 1, 2021 with no interest. The installment payments will be paid from the unrestricted fund balance in the Long-Term County Bonds Debt Service Fund. The term of the agreement is through July 2, 2024.
- On October 16, 2018, the County issued \$1,803,030 in Special Improvement District No. 162A (Laughlin Lagoon) Local Improvement Bonds with an interest rate of 6.93%. Additionally, \$1,611,465 was received in prepayments. The proceeds totaled \$3,414,495. The proceeds were used to finance the cost of improving a waterfront project and pay the costs of issuing the Bonds. The bonds will be repaid from assessments levied in SID 162A. Principal and Interest is paid semiannually beginning February 1, 2019. The bonds mature on August 1, 2028.
- On November 1, 2018, the County issued \$25,000,000 in Subordinate Revenue Notes, Series 2018A (Regional Justice Center) with an interest rate of 2.75%. The note proceeds totaled \$25,000,000. The proceeds were used to purchase the City's leasehold space in the Regional Justice Center to accommodate additional County courtroom facilities and related support offices as well as necessary tenant improvements and pay the costs of issuing the Notes. Interest was paid on

February 1, 2019. The note's outstanding principal and interest was paid on July 31, 2019. These notes were an interim financing method. On July 31, 2019, the County issued \$13,405,000 in General Obligation (Limited Tax) Bonds, Series 2019B with an interest rate ranging from 3.0% to 5.0% that were additionally secured by court administrative assessment fees. The bond proceeds totaled \$15,619,355. Of this amount, \$15,343,750 was used to refinance the Series 2018A Subordinate Revenue Notes and is included in long-term debt. The remaining balance of \$9,656,250 was paid with county funds and is included in short-term debt.

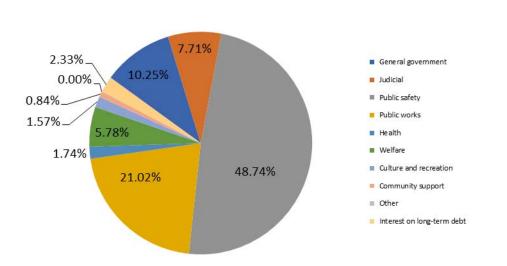

- On November 20, 2018, the County issued \$150,000,000 in General Obligation (Limited Tax) Park Improvement Bonds (Additionally Secured by Pledged Revenues) Series 2018. The bond proceeds totaled \$166,409,119. The proceeds of the bonds were used to acquire, improve, equip, operate and maintain park projects and pay the costs of issuing the 2018 Bonds. The long-term bonds will be repaid by consolidated tax revenues. Interest payments are paid semiannually on December 1 and June 1 beginning December 1, 2019 with an interest rate ranging from 4.0% to 5.0%. Principal payments will be paid annually beginning December 1, 2020. The bonds mature on December 1, 2038.
- On November 20, 2018, the County issued \$272,565,000 in General Obligation (Limited Tax) Transportation Improvement Bonds (Additionally Secured by Pledged Revenues) Series 2018B (Strip Resort Corridor). The bond proceeds totaled \$301,216,997. The proceeds of the bonds were used to accelerate the construction of transportation projects and pay the costs of issuing the 2018B Bonds. Projects include but are not limited to pedestrian bridges and improvements to roadways in the Strip Resort Corridor. The long-term bonds will be repaid by proceeds from a 1 % room tax collected on the gross receipts from the rental of transient lodging (hotel/motel rooms) in the Strip Resort Corridor. Interest payments are paid semiannually on December 1 and June 1 beginning June 1, 2019 with an interest rate ranging from 4.0% to 5.0%. Principal payments will be paid annually beginning December 1, 2020. The bonds mature on December 1, 2039.
- On December 19, 2018, the County issued \$215,170,000 in Subordinate Revenue Notes, Series 2018B (Detention Center) with an interest rate of 2.7855%. The note proceeds totaled \$215,170,000. The proceeds were used to purchase the Detention Center Property located at 4900 North Sloan Lane and pay the costs of issuing the 2018B notes. In September 2007, the County entered into a long-term lease agreement with PH Metro, LLC for the Detention Center Property, which consists of approximately 15.3 acres of land, a 230,834 square foot correctional and administrative building, and related facilities. The term of the lease commenced on August 10, 2009 and included an option to purchase the property beginning ten years after the recordation of the deed of trust for the landlord's permanent loan. In December 2018, Clark County exercised its purchase option. These notes were an interim financing method that were refinanced with long-term General Obligation Detention Center Bonds Series 2019 additionally secured by pledged consolidated tax revenues on July 31, 2019 and are therefore included in long-term debt. Interest payments were paid monthly beginning February 1, 2019 at an interest rate of 2.7855% per annum.
- On March 12, 2019, the County issued \$31,225,000 in General Obligation (Limited Tax) Transportation Refunding Bonds (Additionally Secured by Pledged Revenues) Series 2019B. The bond proceeds totaled \$36,482,456.50. The proceeds of the bonds were used to refund a portion of the General Obligation (Limited Tax) Transportation Bonds (Additionally Secured with Pledged Revenues) Series 2009B-1 (Taxable Direct Pay Build America Bonds) (the Series "2009B Bonds") for interest rate savings; and to pay the costs of issuing the Bonds. The proceeds of the Series 2009B Bonds were originally used to finance transportation improvement projects. The long-term bonds will be repaid by a 1% room tax collected on the gross receipts from the rental of transient lodging (hotel/motel rooms) in the Strip Resort Corridor. Interest payments are paid semiannually on June 1 and December 1 beginning June 1, 2019 with an interest rate of 5%. Principal payments will be paid annually beginning June 1, 2020. The bonds mature on June 1, 2029.

• The County's primary general revenue sources for governmental activities were ad valorem taxes in the amount of \$695,809,644, consolidated taxes in the amount of \$624,903,839, and sales and use taxes of \$408,081,158. These three revenue sources comprised 31 percent, 28 percent, and 18 percent, respectively, or 77 percent of total governmental activities general revenues.

General Revenues - Governmental Activities:

• The County's total expenses were \$4,642,002,558. Governmental activities comprised \$3,056,586,297 of total expenses, the largest functional expenses being public safety in the amount of \$1,490,035,814 and public works in the amount of \$642,811,504. Business-type activities accounted for \$1,585,416,261 of total expenses, the largest components being for hospital expense in the amount of \$703,700,839 and airport in the amount of \$633,222,749.

- General government expenses totaled \$313,247,407 or 4% more than the prior year.
- Public safety expenses totaled \$1,490,035,814 or 7% more than the prior year.
- Public works expenses totaled \$642,811,504 or 6% more than the prior year
- Health expenses totaled \$53,205,523 or 14% less than the prior year due to a decrease in Intergovernmental Transfers (IGT) payments.
- Welfare expenses totaled \$176,755,937 or 8% more than the prior year.

• At the end of the fiscal year, the unassigned fund balance for the General Fund was \$237,853,344 or 12% of total General Fund expenditures and transfers out.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the County's basic financial statements which are composed of
government-wide financial statements, fund financial statements, and accompanying notes. This report also contains required
supplementary information in addition to the basic financial statements.

Government-Wide Financial Statements

- o The government-wide financial statements are designed to provide readers with a broad overview of the County's finances in a manner similar to a private-sector business.
- The statement of net position presents information on all of the County's assets, deferred outflows, liabilities, and deferred inflows. The difference between assets and deferred outflows less liabilities and deferred inflows is reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.
- The statement of activities presents information showing how the County's net position changed during the most recent fiscal year. All
 changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of
 related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in
 future fiscal periods (e.g., uncollected taxes and earned but unused vacation and sick leave).
- o The government-wide financial statements report three types of activities: governmental activities, business-type activities, and discretely presented component units. The government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the County include general government, judicial, public safety, public works, health, welfare, culture and recreation, community support, and interest on long-term debt. The business-type activities of the County include operations. Discretely presented component units account for functions of legally separate entities for whom the County is financially accountable or whose governing bodies are substantially the same as the County. The activities of the discretely presented component units include regional transportation, flood control planning, stadium authority, and water districts. Complete financial statements of the individual component units can be obtained from their respective administrative offices. Contact information is included in The Reporting Entity section of Note I, Summary of Significant Accounting Policies.
- o The government-wide financial statements include not only the governmental and business-type activities of the County itself (known as the primary government), but also those of the legally separate entities for whom the County is financial accountable and whose governing bodies are substantially the same as the County: University Medical Center (UMC) and the Clark County Water Reclamation District. The Board of County Commissioners acts as the governing board for each of these component units whose activities are blended with those of the primary government because they function as part of the County government. Complete financial statements of the individual component units can be obtained from their respective administrative offices. Contact information is included in The Reporting Entity section of Note I, Summary of Significant Accounting Policies.

Fund Financial Statements

 A fund is a grouping of related accounts used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds

- Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the County's near-term financial requirements.
- Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to
 compare the information presented for governmental funds with similar information presented for governmental activities in the
 government-wide financial statements. By doing so, readers may better understand the long-term impact of the County's nearterm financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues,
 expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and
 governmental activities.
- The County maintains individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund and the Las Vegas Metropolitan Police Department fund, both of which are considered to be major funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds are provided in the combining and individual fund statements and schedules. In accordance with

Governmental Accounting Standards Board (GASB) Statement 54, *Fund Balance Reporting and Governmental Fund Type Definitions* certain special revenue funds have been included in the General Fund for financial reporting purposes as shown in the Major Governmental Funds section. These funds are not included for budgetary comparison purposes described below.

The County adopts an annual appropriated budget for each of its governmental funds. A budgetary comparison statement is
provided for each of the County's governmental funds to demonstrate compliance with the budget. The budgetary comparison
statements for the major governmental funds are presented as required supplementary information; the budgetary comparison
statements for all other governmental funds are included in the fund financial schedules and accompanying supplementary
information.

Proprietary Funds

- The County maintains two distinct types of proprietary funds.
 - Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The County uses enterprise funds to account for its hospital, airport, sewer, and other activities.
 - Internal service funds are an accounting device used to accumulate and allocate costs internally among the County's various functions. Because these services predominately benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements. The County uses internal service funds to account for the following activities:
 - * Construction management
 - * Fleet maintenance
 - * Investment pool operations
 - * Employee benefits
 - * Central printing and mailing
 - * Information systems development
 - Self-insurance activities, including:
 - + Liability insurance
 - + Workers' compensation
 - + Group insurance
- Proprietary funds provide the same type of information as the government-wide business-type activities financial statements, but with more detail. The proprietary fund financial statements provide separate information for UMC, and Clark County Water Reclamation District, each of which is a blended component unit and reported as a major fund within the fund financial statements. In addition, separate information is provided for an additional major fund, the Department of Aviation. Conversely, the other non-major enterprise funds and the internal service funds are combined into separate single aggregated presentations in the proprietary fund financial statements. Individual fund data for the other non-major enterprise funds and internal service funds is provided in the combining and individual fund statements and schedules.

Fiduciary Funds

The County's fiduciary funds consist of two (2) employee benefit funds, one (1) pension (and other employee benefit) fund, one (1) investment trust fund, and 38 agency funds. The employee benefit funds are the Medical Insurance Premium Retirement Plan and the County Section 125 Plan. The pension (and other employee benefit) fund is the Las Vegas Valley Water District Pension and Other Employee Benefits Plans. The investment trust fund is to account for the net position of the County's external investment pool. The agency funds are used to hold monies for other entities or individuals until disposition.

Notes to Financial Statements

 The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other Information

- In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary
 information concerning the Las Vegas Valley Water District's progress in funding its obligation to provide pension benefits to its
 employees. It also includes a schedule of budgetary comparisons for the following major governmental funds:
 - General Fund
 - Las Vegas Metropolitan Police Department Special Revenue Fund
- The combining statements and individual fund budgetary schedules are presented immediately following the required supplementary information.
- Unaudited statistical information is provided on a ten-year basis for trend and historical analysis.

Government-Wide Financial Analysis

• Net position of the County as of June 30, 2019, and June 30, 2018, are summarized and analyzed below:

|--|

	Government	tal Activities	Business -tv	pe Activities	To	tal

Restricted	985,083,374	906,762,786	561,589,963	457,743,540	1,546,673,337	1,364,506,326
Unrestricted	<u>(765,477,740)</u>	<u>(880,767,370)</u>	<u>64,997,561</u>	<u>2,068,571</u>	<u>(700,480,179)</u>	(878,698,799)
Total net position	<u>\$ 6,143,300,670</u>	<u>\$ 5,772,132,697</u>	<u>\$ 3,020,565,799</u>	<u>\$ 2,820,513,578</u>	<u>\$ 9,163,866,469</u>	<u>\$ 8,592,646,275</u>

- As noted earlier, net position may serve over time as a useful indicator of the County's financial position. Assets and deferred outflows exceeded liabilities and deferred inflows by \$9,163,866,469 as of June 30, 2019 and by \$8,592,646,275 as of June 30, 2018, a net increase of \$571,220,194 or 7%.
- 91% of the County's net position reflects its investment in capital assets (e.g., land, buildings, infrastructure, machinery and equipment, etc.); less any related debt outstanding used to acquire those assets (unspent proceeds from long-term debt issues). The County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources since the capital assets themselves cannot be used to liquidate the debt.
- 17% of the County's net position is restricted due to resources that are subject to external restrictions on how they may be used. Of
 restricted net position, 34% is for construction of capital assets, 32% is for repayment of long-term debt, 14% is for public safety, 6% is
 restricted for Airport Passenger Facility Charges, and the remaining balance is restricted for the County's special revenue funds or other
 purposes.
- The remaining portion of the County's net position is unrestricted, but is negative at (\$700,480,179) primarily due to the recognition of the long-term net pension liability and net OPEB liability.
- At June 30, 2019, the County had positive balances in all three categories of net position for business type activities, but unrestricted net position for the government as a whole, as well as for governmental activities is negative.

- Program revenues included charges for services (fines and forfeitures, certain licenses and permits, special assessments), and both
 operating and capital grants and contributions. Program revenues from governmental activities increased by \$210,311,991, or 21 percent,
 due to an increase in capital grants and contributions for road, flood and other infrastructure projects and increases in operating grants and
 contributions for public safety. Program revenues from business-type activities increased by \$99,963,830, or 6 percent, primarily due to
 increases in hospital revenue driven by price increases, changing landscape of payor mix, major decline in self-pay from prior years, and
 favorable reimbursable rates changes to contracts and increases to airport charges for services and capital grants and contributions.
- General revenues consisted of taxes and interest not allocable to specific programs. For governmental activities, the largest of these
 revenues, ad valorem taxes, increased by \$42,073,311 or 6 percent. This increase reflects the recovery of assessed values during the
 fiscal year. Consolidated tax increased by \$42,459,054, or 7 percent, and sales and use tax increased in governmental activities by
 \$27,611,124, or 7 percent, both due to a continued increased in economic activity during fiscal year 2019. Fuel tax revenue increased
 \$7,110,143 or 5 percent primarily due to the increase in fuel index revenue in fiscal year 2019. Interest income increased by \$107,052,304
 primarily due to an increase in unrealized gain on investments.

- County governmental activity expenses increased by 6% in fiscal year 2019. Significant changes from the prior year are as follows:
 - General government expenses increased by \$12,038,654 or 4 percent primarily due to increases in salaries for cost of living adjustments and merit increases and depreciation expense.
 - Public Safety expenses increased \$96,858,856 or 7 percent primarily due to increases in salaries and benefits for cost of living adjustments and merit increases and the hiring of additional police officers and staff.
 - Public works expenses increased \$38,733,790 or 6% primarily due to increased sales and use tax as well as an increase in fuel index revenue, resulting in increased contribution to other governments for their proportionate allocation.
 - Health expenses decreased \$8,510,711 or 14% primarily due to a decrease in IGT payments.
 - Welfare expenses increased \$12,450,076 or 8 percent primarily due to increases in Upper Payment Limit IGT and uncompensated care costs.

Financial Analysis of the County's Funds

• The County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

- o The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements.
- As of the end of the current fiscal year, the County's governmental funds reported a combined ending fund balance of \$2,799,959,474, an increase of \$625,482,388, or 29 percent. Fund balance components have been classified as nonspendable, restricted, committed, assigned and/or unassigned based primarily on the extent to which the County is bound to observe constraints imposed on the use of the resources of fund.
- Nonspendable fund balance is \$358,470 and consists of \$347,684 of prepaid items for Las Vegas Metropolitan Police Department, and \$10,786 of prepaid items for the Forensic Fund.
- Restricted fund balance is \$1,417,841,853 or 51% of the total. Spending of these resources is constrained by externally imposed (statutory, bond covenant, or grantors) limitations on their use. Restricted fund balances include \$832,439,834 for capital projects, \$214,400,747 for public safety activities and \$161,604,775 for debt service.
- Committed and assigned fund balances combined represent 41% of total fund balance with spending constrained either by the Board of County Commissioners (BCC) (for committed) or senior management (for assigned). Committed balances are primarily a result of direction from the BCC to commit funds for the payment of expenditures for specific programs or projects.
- Unassigned fund balance represents the General Fund remaining fund balance and is available to support general operations of the County.
- o The General Fund is the main operating fund of the County. Restricted fund balance of \$110,348,995 includes restricted cash and unspent proceeds from legislatively mandated ad valorem taxes. Unrestricted fund balance, which includes committed, assigned, and unassigned balances, totaled \$440,666,364 at June 30, 2019. Unrestricted fund balance was 22% of expenditures and other financing uses and includes amounts committed and assigned of \$1,327,756 and \$201,485,264 respectively. Unassigned fund balance is \$237,853,344, or 12% of expenditures and other financing uses.
- o Key factors in the change in fund balance in the General Fund as reported for budget purposes are as follows:
 - Revenues and transfers-in increased by \$86,913,188, or 6 percent.

General fund revenues increased by \$72,065,428, or 7 percent. Ad valorem tax revenues increased by \$19,127,592, or 6 percent due to increases in new construction and property assessed values. Intergovernmental revenue, the largest component of which is the consolidated tax, increased by \$30,554,267, or 8 percent, due to the increased economic activity in the local economy.

Transfers-in increased by \$14,847,760, or 5 percent, primarily due to increases in transfers from the various town funds for town services.

- Expenditures and transfers out increased by \$104,968,175, or 8 percent.

General fund expenditures increased by \$37,298,014 or 5 percent primarily due to increases in Public Safety and Other General expenditures. Transfers out increased by \$67,670,161, or 11 percent.

- o Other major fund activity is as follows:
 - The Las Vegas Metropolitan Police Department operates from current year resources and it typically budgets for a lower fund balance than other governmental units. However, it ended the year with a total unrestricted fund balance of \$12,080,801. Total revenues and transfers in were \$613,822,714, which was an increase of \$37,993,824 or 7 percent, over the prior year. Expenditures and transfers out, which consist primarily of personnel costs, increased \$29,587,878 or 5 percent largely due to cost of living adjustments (COLA), merit increases, and increases in industrial and general liability insurance costs.
 - The non-major governmental funds reported a fund balance of \$2,236,515,630 of which \$1,307,492,858 or 58% was restricted. All funds have the resources to meet their commitments.

Enterprise Funds

The County's enterprise funds provide the same type of information found in the government-wide financial statements, but in more detail. Minor differences arise between the enterprise funds and the business-type activities in the government-wide statements due to the effects of consolidation of internal service fund activities related to the enterprise funds. Total net position for these funds increased \$200,052,221 or 7% percent from the prior year. Unrestricted net position of the enterprise funds totaled \$69,254,842, an increase of \$66,932,689 primarily due to the increase of the Clark County Water Reclamation District's net position.

Internal Service Funds

The County's internal service funds are an accounting device used to accumulate and allocate costs internally among the County's various functions. Because these services predominately benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements. Other factors concerning the finances of the internal service funds have already been addressed in the discussion of the County's governmental activities.

Budgetary Highlights

- The General Fund's legal level of budgetary control is the function level. The final amended budget for expenditures and other financing uses was \$1,472,895,120, increased through augmentation by \$45,544,650 from the original budget. Actual expenditures and other financing uses were \$1,445,021,036, or 2 percent less than the final budget, primarily due to staff vacancy savings.
- Revenues and other transfers from other financing sources of the general fund exceeded the final budget by \$67,244,795, or 5 percent due to an in increase in consolidated tax revenue, business licenses, and charges for services.

Capital Assets and Debt Administration

Primary Government

- Capital Assets
 - The County's investment in capital assets, net of accumulated depreciation at June 30, 2019, was \$13,024,501,502, an increase of \$51,366,298, or .05 percent. Detail by type of activity and asset is summarized in the table below.

Major additions for this fiscal year are as follows:

Governmental Activities		Business-Type Activities	
Roadways and streets	\$ 257 million	Airport improvements and additions	\$ 61 million
Flood control projects	\$ 59 million	Sewer system additions	\$ 63 million
		Hospital capital additions	\$ 33 million

o For additional information on the County's capital assets see note 4 in the accompanying financial statements.

Long-Term Debt

Primary Government

At June 30, 2019, the County had total outstanding bonds, loans, and capital leases of \$6,428,015,745, an increase of \$246,156,012, or 4 percent, from the prior year. Of this amount, \$1,733,756,093 comprised general obligation debt backed by the full faith and credit of the County, \$583,373,695 of general obligation bonds additionally secured by specified revenue sources, \$3,737,914,788 of revenue bonds secured by pledges of various revenue sources, \$134,195,213 in special assessment debt for which the County is liable in the event of default by the property owners subject to assessment, \$235,913,750 in notes payable, and \$2,862,206 in capital leases.

o For additional information on the County's debt, see note 6 in the accompanying financial statements.

Economic Factors

- UMC continues to deal with the impact of uninsured patients. UMC's operating loss was \$21,082,790 for the fiscal year 2018 compared to an operating loss of \$10,975,129 in fiscal year 2019. The decrease in operating loss is due primarily to increases in hospital revenue driven by price increases, changing landscape of payor mix, major decline in self-pay from prior years, and favorable reimbursable rates changes to contracts
- The County has positioned itself to meet the needs of its citizens. The taxable values have begun to increase and the remaining tax base will generate adequate revenues to provide basic services. A cost containment program continues to be in place, enforcing a reasonable pace of salary growth and position savings. The County's general fund unassigned ending fund balance remains healthy. Together, these factors have placed the County in an acceptable financial position to mitigate the current economic uncertainty. However, continued economic uncertainty could ultimately result in a deterioration of the County's financial condition.

Requests for Information

This report is designed to provide a general overview of the County's finances for all interested parties. Questions concerning the
information provided in this report or requests for additional financial information should be addressed to Anna Danchik, Comptroller, at
500 South Grand Central Parkway, Las Vegas, NV 89155.

Payment to escrow agent	-	-	(36,164,675)	(36,164,675)
Total other financing sources (uses)	(597,834,664)	261,543,420	988,316,703	652,025,459
Net change in fund balances	46,946,167	173,642	578,362,579	625,482,388
Fund Balance				
Beginning of year	504,069,192	12,254,843	1,658,153,051	2,174,477,086
End of year	\$ 551,015,359	\$ 12,428,485	\$ 2,236,515,630	\$ 2,799,959,474

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - governmental funds		\$ 625,482,388
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is depreciated over their estimated useful lives. Also, capital assets financed by capital leases are not shown in governmental funds. The County does not capitalize items costing less than \$5,000.		
Capital outlay recorded in governmental funds	\$ 382,959,336	
Less amounts not capitalized	(53,471,763)	
Capitalized expenditures	329,487,573	
Less current year depreciation	(309,025,591)	20,461,982
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the governmental funds:		
Donated capital assets	165,589,074	
Loss on sale of capital assets	(7,519,639)	
Change in deferred inflows-unavailable revenue	(14,987,393)	
Bond bank operating contribution	<u>(35,180,021)</u>	107,902,021
Bond proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. Also capital leases are not shown in governmental funds. This is the net effect of these differences in the treatment of long-term debt and related items.		
Bonds and loans issued	(691,506,780)	
Bond premiums and discounts	(50,318,573)	
Accrued interest	8,146,337	
Amortized bond premiums and discounts	11,062,590	
Principal payments	276,972,109	
Payment to escrow agent	36,164,675	(409,479,642)
Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds:		
Change in long-term compensated absences	(13,603,062)	
OPEB contributions and OPEB expenses	3,940,709	
Pension contributions and pension expenses	11,265,907	
Amortization of deferred gains/losses on refunding	(2,464,809)	
Change in litigation liability	2.500.000	1,638,745
Increase in long-term LVMPD net pension liability receivable due from the City of Las Vegas.		26,488,141
Decrease in long-term LVMPD OPEB receivable due from the City of Las Vegas.		(1,328,388)
Internal service funds are used by management to charge the costs of certain activities to individual funds. The net revenue/(expense) of the internal service funds is reported with governmental activities.		(4,000,973)
Increase to internal balances that are receivable from business-type activities.		4.003.699
Change in net position of governmental activities		<u>\$ 371,167,973</u>

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Reporting Entity

Clark County, Nevada (the County) is a municipality governed by an elected seven-member board. As required by accounting principles generally accepted in the United States of America (GAAP), these financial statements present Clark County, Nevada (the primary government) and its component units.

Blended Component Units

Included as blended component units are University Medical Center of Southern Nevada (UMC) and the Clark County Water Reclamation District (Reclamation District).

Although each of the above-mentioned governmental units operates as a separate entity, the members of the Board of Clark County Commissioners are also the board members (ex-officio) of each entity. Because each of the component units has substantially the same governing body as the primary government and management of the primary government has operational responsibility or is financially accountable for each of the component units, they are blended into the financial statements. The operations of UMC and the Reclamation District are reflected as enterprise funds.

Discretely Presented Component Units

Included as discretely presented component units are the Regional Transportation Commission of Southern Nevada (RTC), the Clark County Regional Flood Control District (Flood Control District), Clark County Stadium Authority (CCSA), Las Vegas Valley Water District (LVVWD), Big Bend Water District, and Kyle Canyon Water District. The RTC and the Flood Control District are governed by two members of the Board of County Commissioners, two members of the City of Las Vegas Council, and one member from the city council of every other incorporated city in Clark County. The CCSA is governed by a nine member board; three members are appointed by the Board of County Commissioners, one member is appointed by the President of the University of Nevada, Las Vegas, and two members are elected by the appointed board members. The County is financially accountable for RTC, Flood Control District, and CCSA, and exclusion of these units would render the financial statements of the exclusion of these units would render the financial statements of the exclusion of these units would render the financial statements of the exclusion of these units would render the financial statements of the exclusion of these units would render the financial statements of the County incomplete.

Separately issued financial statements for the component units may be obtained by contacting the component units at the following addresses:

Las Vegas Valley Water District and Big Bend Water District 1001 South Valley View Boulevard Las Vegas, Nevada 89153

University Medical Center of Southern Nevada 1800 West Charleston Boulevard Las Vegas, Nevada 89102

Clark County Water Reclamation District 5857 East Flamingo Road Las Vegas, Nevada 89122

Regional Transportation Commission of Southern Nevada 600 South Grand Central Parkway, Suite 350 Las Vegas, Nevada 89106

Regional Flood Control District 600 South Grand Central Parkway, Suite 300 Las Vegas, Nevada 89106

Clark County Stadium Authority 6385 S. Rainbow Blvd., Suite 105 Las Vegas, NV 89118

Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the County and its component units. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment, including special assessments. Taxes and other items not properly included among program revenues are reported instead as general revenues. Internally dedicated resources are reported as general revenues rather than as program revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

Government-Wide Financial Statements

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges for services between the governmental activities and business-type activities. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Fund Financial Statements

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current year or soon enough thereafter to pay liabilities of the current year. For this purpose, the County considers revenues, excluding property taxes, to be available if they are collected within 90 days after the end of the current fiscal year. Property taxes are considered available if collected within 60 days after the end of the current fiscal year. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, consolidated taxes, franchise fees, interest revenue, and charges for services associated with the current fiscal year are considered to be susceptible to accrual and have been recognized as revenues in the current year. Only the portion of special assessments receivable due within the fiscal year is considered to be susceptible to accrual as revenue of the current year. Fines and forfeitures, as well as licenses and permits, are not susceptible to accrual as they are generally not measurable until received in cash.

The proprietary fund and employee benefit and pension trust fund and investment trust fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County's enterprise funds and internal service funds are charges to customers for sales and services. The County also recognizes as operating revenue the portion of tap fees of the Reclamation District fund that are intended to recover the cost of connecting new customers to their system. Operating expenses for enterprise funds and internal service funds and internal service funds and internal service funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

The County reports the following major governmental funds:

The General Fund is the County's primary operating fund. It accounts for all financial resources of the general government, except those accounted for in another fund.

The Las Vegas Metropolitan Police Department Fund accounts for the operation of a police department serving the citizens of unincorporated Clark County and the City of Las Vegas and is primarily funded through property taxes, fees for service, grants, an interlocal contract with the Department of Aviation for police services, and contributions from the City of Las Vegas and Clark County.

The County reports the following major enterprise funds:

The University Medical Center Fund is a blended component unit of the County. It accounts for the operations of the County's hospital.

The Water Reclamation District Fund is a blended component unit of the County. It accounts for the operations of the County's sewage treatment facilities.

The Department of Aviation Fund accounts for the operations of McCarran International Airport, North Las Vegas Airport, Henderson Executive Airport, Jean Sport Aviation Airport, and Perkins Field in Overton, Nevada.

Measurement Focus. Basis of Accounting. and Financial Statement Presentation (Continued)

Fund Financial Statements (Continued)

Additionally, the County reports the following fund types:

Internal service funds account for printing and mailing, fleet management, employee benefits, property management, information technology, enterprise resource planning, investment pool costs and self-insurance services provided to other departments or agencies of the County, or to other governments, on a cost reimbursement basis.

Fiduciary funds include the Medical Insurance Premium Retirement Plan fund, the County Section 125 Plan fund, and the Las Vegas Valley Water District Pension Plan and Other Employee Benefits trust funds. These funds account for resources that are required to be held in trust for the members and beneficiaries of the employee benefit plans or for pension benefit payments to qualified employees.

The investment trust funds and agency funds are also included as fiduciary funds. The Pooled Investment Trust fund accounts for the net position of the County's external investment pool. The agency funds account for assets held by the County as an agent for other governmental entities. The most significant activity in the agency funds is the collection and transfer of taxes to other local governmental entities, primarily ad valorem and room taxes.

When both restricted and unrestricted resources are available for use, it is the County's policy to use restricted resources first, then unrestricted resources as they are needed.

Assets, Deferred Outflows (DOR), Liabilities, Deferred Inflows (DIR), and Net Position or Equity

Investments

With the exception of the Water Reclamation District, the County pools the cash of its individual funds for investment purposes. Each fund in the pool records its own interest earnings allocated based on its average daily balances. At year end, all the investments in the pool are adjusted to fair value, regardless of the length of time remaining to maturity. The proportionate share of each fund's unrealized gain or loss at year end is adjusted against the interest earnings of the individual funds. The Water Reclamation District also adjusts their investments to fair value at year end. (Also see Note III.1.)

Receivables and Payables

Activities between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the noncurrent portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

The accounts receivable are shown net of any provision for doubtful accounts.

Inventories and Prepaid Items

The inventories of the proprietary funds are valued at cost, determined by first-in, first-out method, for materials and supplies, and at the lower of cost, determined by first-in, first-out method, or market for inventories held for resale. Inventories consist primarily of materials and supplies.

Certain payments to vendors reflect costs benefiting future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

Restricted Assets

Restricted assets consist of cash and cash equivalents, investments and certain receivables that are restricted in their use by bond covenants or other external agreements. They are primarily used to pay the cost of capital projects and to meet debt service obligations.

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, sidewalks, bridges, flood control structures, traffic signals, streetlights, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Assets, DOR, Liabilities, DIR, and Net Position or Equity (Continued)

Capital Assets

Major outlays for capital assets and improvements are capitalized as projects are constructed. Significant projects in process are depreciated once the projects are placed in service. Prior to that time, they are reported as construction in progress. Effective July 1, 2018, the County adopted GASB Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*, and no longer capitalizes interest costs. Interest incurred during the construction phase of capital assets of business-type activities, prior to July 1, 2018, was included as part of the capitalized value of the assets constructed.

Property, plant, and equipment of the primary government, as well as the component units, are depreciated using the straight-line method over the following estimated useful lives:

Assets	Years
Buildings	20-50
Improvements other than buildings	5-75
Infrastructure	15-50
Equipment	5-20

Deferred Outflows and Inflows of Resources

Deferred outflows of resources represent a consumption of net position that applies to a future period so will not be recognized as an outflow of resources (expense/expenditure) until then. Bond refundings are unamortized balances resulting from advance bond refundings and deferred losses incurred on the re-association and revaluation of interest rate swaps paired to certain bonds that were refunded. The hedging instruments are the changes in the fair value of interest rate swaps serving as hedging derivatives at the end of the fiscal year. The pension contributions resulted from the County pension related contributions subsequent to the measurement date but before the end of the fiscal year, changes in assumptions, and changes in proportionate share of collective net pension liability since the prior measurement date. The OPEB related deferred outflows resulted from OPEB related contributions and benefit payments made subsequent to the measurement date, but before the end of the fiscal year, difference between expected and actual experience, change in assumptions, and net difference between projected and actual investment earnings.

Deferred inflows of resources represent an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. Bond refundings are unamortized balances resulting from advance bond refundings. The hedging instruments are the changes in the fair value of interest rate swaps serving as hedging derivatives at the end of the fiscal year. The pension related amounts resulted from the net difference between projected and actual investment earnings, difference between projected and actual experience, and changes in proportionate share of collective net pension liability since the prior measurement date. The OPEB related amounts resulted from difference between expected and actual experience, change in assumptions, and net difference between projected and actual experience date actual investment earnings. The Personal Seat Licenses (PSL) amount pertains to the sale of future revenues that are deferred because the earnings process is not complete. In the governmental funds, the only deferred inflow of resources is for revenues that are not considered available. These amounts are deferred and recognized as inflow of resources in the period that the amounts become available.

Compensated Absences

It is the County's policy to permit employees to accumulate earned, but unused vacation and sick leave benefits. Such benefits are accrued when incurred in the government-wide and proprietary financial statements.

Long-Term Obligations

In the government-wide financial statements and proprietary fund types in fund financial statements, long-term debt and other longterm obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources whereas discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Postemployment Benefits Other Than Pensions (OPEB)

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Clark County Self-Funded (CCSF) OPEB Trust and Las Vegas Metropolitan Police Department (LVMPD) OPEB Trust and additions to/deductions from CCSF OPEB and LVMPD OPEB Trusts' fiduciary net position have been determined on the same basis as they are reported by the CCSF OPEB Trust and LVMPD OPEB Trust. For this purpose, CCSF OPEB Trust and LVMPD OPEB Trust recognize benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Assets, DOR, Liabilities, DIR, and Net Position or Equity (Continued)

Net Position or Equity

In the government-wide statements and in proprietary fund statements, equity is classified as net position and displayed in three components:

- Net investment in capital assets Capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets net of unspent financing proceeds.
- Restricted net position Net position with constraints placed on their use that are either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.
- Unrestricted net position All other net position that does not meet the definition of "restricted" or "net investment in capital assets."

In governmental fund financial statements equity is classified as fund balance and is displayed in up to five components based primarily on the extent to which the County is bound to observe constraints imposed on the use of fund resources. These components are as follows:

- Nonspendable fund balances Amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash, for example, inventories and prepaid amounts. It also includes the long-term amount of loans and notes receivable.
- Restricted fund balances Similar to restricted net position discussed above, these are amounts with constraints placed on their use either by (a) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.
- Committed fund balances Amounts with constraints imposed by formal resolution of the Board of County Commissioners (BCC) that specifically state the revenue source and purpose of the commitment. Commitments can only be modified or rescinded through resolutions by the BCC. Commitments can also include resources required to meet contractual obligations approved by the BCC.
- Assigned fund balances Amounts intended to be used for specific purposes by the Chief Financial Officer as authorized by fiscal directives that do not meet the criteria to be classified as restricted or committed. In the General Fund, the assigned fund balance represents management approved encumbrances that have been re-appropriated in the subsequent year and amounts necessary to fund budgetary shortfalls in the next fiscal year from unassigned resources.
- Unassigned fund balances Amounts in the General Fund not contained in other classifications. For other governmental funds, the unassigned classification is used only to report a deficit balance resulting from expenditures exceeding those amounts restricted, committed or assigned for specific purposes.

Based on the County's policy regarding the fund balance classification as noted above, when both restricted and unrestricted funds are available for expenditure, restricted funds should be spent first unless legal requirements disallow it. When expenditures are incurred for purposes for which amounts in any unrestricted fund balance classifications could be used, committed funds are to be spent first, assigned funds second, and unassigned funds last.

Accounting Pronouncements

In November 2016, the GASB issued Statement No. 83, *Certain Asset Retirement Obligations*, which is effective for reporting periods beginning after June 15, 2018. Earlier application is encouraged. The objective of the Statement is to provide financial statement users with information about asset retirement obligations (AROs) that were not addressed in GASB standards by establishing uniform accounting and financial reporting requirements for these obligations. A government that has legal obligations to perform future asset retirement activities related to its tangible capital assets will need to determine when to recognize a liability and corresponding deferred outflows of results for AROs based on the criteria in the Statement. The adoption of Statement No. 83 did not materially affect the County's financial position, results of operations or cash flows.

In January 2017, the GASB issued Statement No. 84, *Fiduciary Activities*, which is effective for reporting periods beginning after December 15, 2018. Earlier application is encouraged. The objective of the Statement is to improve guidance regarding the identification of fiduciary activities for the accounting and financial reporting purposes and how the activities should be reported. The Statement establishes criteria for identifying fiduciary activities. The focus of the criteria generally is on (1) whether a government is controlling the assets of a fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. The County has not yet completed its assessment of this statement.

Accounting Pronouncements (Continued)

In June 2017, the GASB issued Statement No. 87, *Leases*, which is effective for reporting periods beginning after December 15, 2019. Earlier application is encouraged. The objective of the Statement is to better meet the information needs financial statement users by improving accounting and financial reporting for leases by governments. The Statement requires recognition of certain lease assets and liabilities for leases that were previously classified as operating leases and recognize inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting. Under this Statement, a lesse is required to recognize a lease liability and an intangible right-to-use asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources. The County has not yet completed its assessment of this statement.

In March 2018, the GASB issued Statement No. 88, *Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements,* which is effective for reporting periods beginning after June 15, 2018. Earlier application is encouraged. The objective of this statement is to improve the information that is disclosed in the notes to government financial statements related to debt, including direct borrowings and direct placements. It also clarifies which liabilities governments should include when disclosing information related to debt. The Statement defines debt for purposes of disclosure in the notes to financial statements as a liability that arises from a contractual obligation to pay cash (or other assets that may be used in lieu of cash) in one or more payments to settle an amount that is fixed at the date the contractual obligation is established. The Statement also requires that disclosure of existing and additional information be provided for direct borrowings and direct placements of debt separately from other debt. The adoption of Statement No. 88 did not affect the Country's financial position, results of operations or cash flows.

In June 2018, the GASB issued Statement No. 89, Accounting for Interest Cost Incurred before the End of a Construction Period, which is effective for reporting periods beginning after December 15, 2019. Earlier application is encouraged. The objective of this statement is to (1) enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and (2) to simplify accounting for interest cost incurred before the end of a construction period. This statement requires that interest cost incurred before the end of a construction period be recognized as an expense in the period in which the cost is incurred for financial statements prepared using the economic resources measurement focus. As a result, interest cost incurred before the end of a construction period will not be included in the historical cost of a capital asset reported in a business-type activity or enterprise fund. The Statement also reiterates that in financial statements prepared using the current financial resources measurement focus, interest cost incurred before the end of the construction period be recognized as an expenditure on a basis consistent with governmental fund accounting principles. The County elected to early adopt Statement No. 89. Effective July 1, 2018, interest incurred during the construction phase of capital assets of business-type activities was recorded as an expense. The adoption of Statement No. 89 did not result in a prior period adjustment.

In August 2018, the GASB issued Statement No. 90, *Majority Equity Interests*, which is effective for reporting periods beginning after December 15, 2018. Earlier application is encouraged. The primary objectives of this Statement are to improve the consistency and comparability of reporting a government's majority equity interest in a legally separate organization and to improve the relevance of financial statement information for certain component units. It defines a majority equity interest and specifies that a majority equity interest in a legally separate organization, a government's model be reported as an investment if a government's holding of the equity interest meets the definition of an investment. For all other holdings of a majority equity interest in a legally separate organization, a government should report the legally separate organization as a component unit, and the government or fund that holds the equity interest should report an asset related to the majority equity interest using the equity method. The Statement also requires that a component unit in which a government has a 100 percent equity interest account for its assets, deferred outflows of resources, liabilities and deferred inflows of resources at acquisition value at the date the government acquired a 100 percent equity interest in the component unit. The County has not yet completed its assessment of this statement.

In May 2019, the GASB issued Statement No. 91, *Conduit Debt Obligations*, which is effective for reporting periods beginning after December 15, 2020. Earlier application is encouraged. The primary objectives of this Statement are to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. The Statements achieves those objectives by clarifying the existing definition of a conduit debt obligation; establishing that a conduit debt obligation is not a liability of the issuer; establishing standards for accounting and financial reporting of additional commitments and voluntary commitments extended by issuers and arrangements associated with conduit debt obligations; and improving required note disclosures. The County has not yet completed its assessment of this statement.

Reclassifications

Certain prior year amounts have been reclassified for consistency with the current year presentation.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from these estimates.

II. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Unrestricted Deficit Net Position

The CCDC Self-Funded Insurance and CCDC Self-Funded Industrial Insurance internal service funds had a deficit unrestricted net position of \$82,320 and \$2,506,828, respectively, at June 30, 2019. This excess was the result of increases in the actuarial estimate of claim reserves and claims incurred but not reported. This excess is under review by County management and will continue to be addressed during the following fiscal year.

Excess of Expenditures Over Appropriations

The following internal service fund's operating expenses exceeded appropriations for the fiscal year ended June 30, 2019:

- LVMPD Self-Funded Insurance fund operating expenses exceeded appropriations by \$2,152,613;
- LVMPD Self-Funded Industrial Insurance fund operating expenses exceeded appropriations by \$3,895,645;
- CCDC Self-Funded Insurance fund operating expenses exceeded appropriations by \$688,203;
- CCDC Self-Funded Industrial Insurance fund operating expenses exceeded appropriations by \$2,557,134;

This excess was the result of increases in the actuarial estimate of claim reserves and claims incurred but not reported. This excess is under review by County management and will continue to be addressed during the following fiscal year.

1. CASH AND INVESTMENTS

Deposits

According to state statutes, County monies must be deposited with federally insured banks, credit unions, or savings and loan associations within the County. The County is authorized to use demand accounts, time accounts, and certificates of deposit. State statutes specifically require collateral for demand deposits and specify that collateral for time deposits may be of the same type as those described for permissible investments. Permissible investments are similar to allowable County investments described below, except that statutes permit a longer term and include securities issued by municipalities within Nevada. The County's deposits are fully covered by federal depository insurance or securities collateralized in the State of Nevada Collateral Pool. Securities used as such collateral must total 102 percent of the deposits with each financial institution. The County monitors the Nevada Collateral Pool to ensure full collateralization.

All deposits are subject to credit risk. Credit risk is defined as the risk that another party to a deposit or investment transaction (counterparty) will not fulfill its obligations. At year end, the bank balance of deposits held in custody of the County Treasurer was \$62,295,199 and the carrying amount was \$47,087,603. The County utilizes zero balance sweep accounts and there are money market funds and other short-term investments available to cover amounts presented for payment.

The bank balance of deposits held in the custody of other officials was \$101,166,105 consisting of \$500 for the Flood Control District, \$25,813,172 for the RTC, \$11,325,629 for the Water District, \$586,842 for Big Bend Water District, and \$386,716 for the Clark County Stadium Authority. The carrying amount of deposits held in the custody of other officials was \$96,450,602 consisting of \$500 for the Flood Control District, \$25,154,135 for the RTC, \$12,147,018 for the Water District, \$586,842 for Big Bend Water District, and \$386,716 for the Clark County Stadium Authority. The bank balance and the carrying value of deposits with fiscal agent was \$12,836,214.

At June 30, 2019, the value of County-wide deposits, investments, and derivative instruments consisted of the following:

Total Cash, Investments, and Derivative Instruments - All Entities Combined						
Investments and Derivative Instruments				Fair Value		
Countywide Investments (1)	\$	5,946,374,719				
Investments with RFCD Fiscal Agent		248,329,336				
Investments with RTC Fiscal Agent		49,438,461				
Investments with the Water District		499,083,670				
Investments with Stadium Authority Fiscal Agent		499,994,072				
Derivative Instruments		12,249,880	\$	7,255,470,138		
Cash				156,374,419		
Water District Pension and Other Employee Benefits				534,452,847		
Grand total			\$	7,946,297,404		
(1) Exclusive of RFCD Fiscal Agent & RTC Fiscal Agent & Water District & Stadium Authority Fiscal Agent						

County-wide investments and cash above include investment and cash balances for the Flood Control District, the RTC, Kyle Canyon Water District, and Clark County Stadium Authority in the amount of \$161,485,677, \$431,510,860, \$183,018, and \$16,328,833, respectively, which are discretely presented component units and are not broken out separately as they participate in the investment pool.

Investments

When investing monies, the County is required to be in conformance with state statutes and written policies adopted by the Board of County Commissioners designating allowable investments and the safeguarding of those investments. The County invests monies both by individual fund and through a pooling of monies. The pooled monies, referred to as the investment pool, are theoretically invested as a combination of monies from each fund belonging to the pool. In this manner, the County Treasurer is able to invest the monies at a higher interest rate for a longer period of time. Interest is apportioned monthly to each fund in the pool based on the average daily cash balances of the funds for the month in which the investment matures. Cash and investments in the custody of the County Treasurer comprise the investment pool. Securities purchased by the County are delivered against payments and held in a custodial safekeeping account with the trust department of a bank designated by the County. Entity-wide investment pools are considered to have the general characteristics of demand deposits in that the entity may deposit additional funds at any time and also effectively may withdraw funds at any time without prior notice or penalty. Therefore, cash and investments in custody of the County Treasurer for the proprietary funds are considered cash equivalents for the purposes of the statement of cash flows, in addition to cash in custody of other officials and cash with fiscal agent.

1. CASH AND INVESTMENTS (Continued)

Investments (Continued)

State statutes authorize the County to invest in the following (quality rating by Moody's Investment Service): Obligations of the U.S. Treasury and U.S. agencies not to exceed ten years maturity; negotiable notes or short-term negotiable bonds issued by other local governments of the State of Nevada; negotiable certificates of deposit insured by commercial banks, credit unions or savings and loan associations; nonnegotiable certificates of deposit issued by insured commercial banks, credit unions or savings and loan associations; nonnegotiable certificates of deposit issued by the Federal Deposit Insurance Corporation, unless those certificates are collateralized as is required for uninsured deposit; bankers' acceptances eligible for rediscount with federal reserve banks, not to exceed 180 days maturity and 20 percent of total investments; obligations of state and local governments if the interest on the obligation is tax exempt and the obligation is rated "A" or equivalent; commercial paper having a "P-1" rating or equivalent, not to exceed 270 days maturity and 20 percent of the total investments; money market mutual funds with "Aaa" rating invested only in federal government or agency securities; master notes, bank notes or other short-term commercial paper rated "P-1" or equivalent, or in repurchase agreements fully collateralized by such securities; notes, bonds, and other unconditional obligations issued by corporations organized and operating in the United States, having an "A" rating or equivalent, not to exceed 20 percent of the total investments; repurchase agreements that are collateralized at 102 percent and are executed with a bank or primary dealer, not to exceed 90 days maturity; forward delivery agreements that are collateralized at 102 percent and are executed with a bank or primary dealer, not to exceed 90 days maturity; forward delivery agreements executed with a bank or security ealers are a group of dealers that submit daily reports of market positions and monthly financial statements to th

The Local Government Investment Pool is an unrated external pool administered by the State Treasurer with oversight by the State of Nevada Board of Finance. The County deposits monies with the State Treasurer to be pooled with monies of other local governments for investment in the local government pooled investment fund.

1. CASH AND INVESTMENTS (Continued)

Investments (Continued)

In accordance with GASB Statement No. 72, investments and derivative instruments are valued at fair value. Securities classified at Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities or offer same-day liquidity at a price of par. Securities classified at Level 2 of the fair value hierarchy are generally valued using a matrix pricing technique or are less liquid than Level 1 securities. Matrix pricing is the process of estimating the market price of a bond based on the quoted prices of more frequently traded comparable bonds. Securities classified at Level 3 of the fair value hierarchy generally are not traded on the open market and include Forward Delivery Agreements, and State and Local Government Series (SLGS securities which are purchased from the U.S. Department of Treasury through a subscription process but can be redeemed through the Bureau of Fiscal Service by a redemption request.

The fair values of the interest rate derivative instruments are estimated using an independent pricing service. The valuations provided are derived from proprietary models based upon well-recognized principles and estimates about relevant future market conditions. The instruments' expected cash flows are calculated using the zero-coupon discount method, which takes into consideration the prevailing benchmark interest rate environment as well as the specific terms and conditions of a given transaction and which assumes that the current forward rates implied by the benchmark yield curve are the market's best estimate of future spot interest rates. The income approach is then used to obtain the fair value of the instruments by discounting future expected cash flows to a single valuation using a rate of return that takes into account the relative risk of nonperformance associated with the cash flows and the time value of money. This valuation technique is applied consistently across all instruments. Given the observability of inputs that are significant to the entire sets of measurements, the fair values of the instruments are based on inputs categorized as Level 2.

At June 30, 2019, County-wide investments and derivative instruments were measured at fair value as follows:

Investments (Continued)

The Water District contributes to the Las Vegas Valley Water District Pension Plan, a single-employer defined benefit pension trust fund established by the Water District to provide pension benefits solely for the employees of the Water District. The Water District also contributes to a single-employer defined benefit "other postemployment benefit plan" (OPEB plan). During fiscal year 2019 the Water District established the Las Vegas Valley Water District, Nevada OPEB Trust Fund (OPEB Trust) to provide a means to fund the post-retirement benefits provided by the Water District.

At June 30, 2019, the Las Vegas Valley Water District Pension Trust Fund and the OPEB Trust Fund had the following investments (includes contract investments at contract value):

Interest Rate Risk

Interest rate risk is defined as the risk that changes in interest rates will adversely affect the fair value of an investment. Through its investment policy, the County manages its exposure to fair value losses arising from increasing interest rates by limiting the average weighted duration of its investment pool portfolio to less than 2.5 years. Duration is a measure of the present value of a fixed income's cash flows and is used to estimate the sensitivity of a security's price to interest rate changes.

1. CASH AND INVESTMENTS (Continued)

Interest Rate Sensitivity

Interest rate sensitive securities include floating rate, callable, asset-backed, and mortgage-backed securities. As interest rates change, these types of securities may be redeemed early or the coupon rate may change.

At June 30, 2019, the County invested in the following types of securities that have a higher sensitivity to interest rates:

Credit Risk

Credit risk is defined as the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The County's investment policy applies the prudent-person rule: "In investing the County's monies, there shall be exercised judgment and care under the circumstances then prevailing which persons of prudence, discretion, and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived." The County's investments were rated by Moody's Investors Service as follows: U.S. Treasury Notes, Aaa; U.S. Treasury Bills, P-1; bonds of U.S. Federal agencies, Aaa; discount notes of U.S. Federal agencies, P-1; money market funds, Aaa; commercial paper issued by corporations organized and operating in the United States or by depository institutions licensed by the United States or any state and operating in the United States, P-1; negotiable certificates of deposit issued by commercial banks, insured credit unions or savings and loan associations, not specified; collateralized mortgage obligations, Aaa; asset-backed securities, Aaa; forward delivery agreements, A; corporate notes issued by corporations organized and operating in the United States which have a rating of A or its equivalent or higher. The County's investments in non-negotiable certificates of deposit are FDIC insured and do not exceed \$250,000 per insured institution.

The County is exposed to credit risk on hedging derivatives with positive fair values totaling \$11,118,182 at June 30, 2019. The counterparty credit ratings for these swaps are A or higher. The County is exposed to credit risk on investment derivatives with positive fair values totaling \$1,131,698 at June 30, 2019. The counterparty credit ratings for these swaps are A or higher. Exposure is mitigated through the use of an International Swaps and Derivatives Association credit support annex, which provides collateral to protect the value of the swaps under specific circumstances.

Concentration of Credit Risk

Concentration of credit risk is defined as the risk of loss attributed to the magnitude of a government's investment in a single issuer. The County's investment policy limits the amount that may be invested in obligations of any one issuer, except direct obligations of the U.S. government or federal agencies, to no more than five percent of the Clark County investment pool.

1. CASH AND INVESTMENTS (Continued)

Concentration of Credit Risk (Continued)

At June 30, 2019, the following investments exceeded five percent of the total cash and investments for all entities combined:

Investments Exceeding 5% of Total Cash and Investments - A	Il Entities Combined as of June 30, 2019
U.S. Treasuries	36.69%
Federal Home Loan Banks (FHLB)	9.29
Federal Home Loan Mortgage Corporation (FHLMC)	8.10
Federal National Mortgage Association (FNMA)	5.20

GASB 31

GASB Statement No. 31 requires the County to adjust the carrying amount of its investment portfolio to reflect the change in fair or market values. Interest revenue is increased or decreased in relation to this adjustment of unrealized gain or loss. Net interest income in the funds reflects this positive or negative market value adjustment.

Pooled Investments

Pooled investments are carried at fair value determined by quoted market prices or matrix pricing. All pooled investments are held in the custody of a bank designated by the County.

The County administers an external investment pool combining County money with involuntary investments from the Southern Nevada Health District (SNHD). Under authority delegated by the Board of County Commissioners (BCC) in accordance with NRS 355.175, the investment of County funds is the responsibility of the County Treasurer. Per the Clark County Investment Policy section XVII, the Treasurer shall consult with the Chief Financial Officer/Comptroller regarding the investment policy are subject to approval by the BCC. The external investment polic and portfolio components. Any changes to the investment policy and portfolio to a portfolio component. The County custodian determines the fair value of its pooled investments on a monthly basis. The County has not provided or obtained any legally binding guarantees during the period to support the value of shares.

Each participant's share is equal to their investment plus or minus the monthly allocation of net investment earnings and realized and unrealized gains and losses. The derivation of realized gains and losses is independent of the determination of the net change in the fair value of investments for all periods reported.

Net position and changes in net position of the external investment pool as of June 30, 2019, are summarized below:

2. PROPERTY TAXES

Taxes on real property are levied on July 1 of each year and a lien is also placed on the property on July 1. The taxes are due on the third Monday in August, but can be paid in four installments on or before the third Monday in August, first Monday in October, January, and March. In the event of nonpayment, the County Treasurer is authorized to hold the property for two years, subject to redemption upon payment of taxes, penalties, and costs, together with interest at the rate of 10 percent per year from the date the taxes were due until paid. If delinquent taxes are not paid within the two-year redemption period, the County Treasurer may sell the property to satisfy the tax lien.

The Nevada legislature enacted provisions whereby the combined overlapping tax rate was limited to \$3.64 per \$100 of assessed valuation. The Nevada legislature also passed a property tax abatement law that generally caps increases in property taxes received from any owner-occupied residential property to three percent per year, and eight percent per year for all other property.

Delinquent taxes receivable not collected within sixty days after year end are recorded as deferred inflows of resources in the governmental funds as they are not available to pay liabilities of the current period. The revenue is fully recognized at the government-wide level.

Current Year Short-Term Debt Issued

On November 1, 2018, the County issued \$25,000,000 in Subordinate Revenue Notes, Series 2018A (Regional Justice Center) with an interest rate of 2.75%. The note proceeds totaled \$25,000,000. The proceeds were a direct borrowing and used to purchase the City of Las Vegas's leasehold space in the Regional Justice Center to accommodate additional County courtroom facilities and related support offices as well as necessary tenant improvements and pay the costs of issuing the Notes. Interest was paid on February 1, 2019. These notes were an interim financing method and the outstanding principal and interest was paid on July 31, 2019 with a combination of proceeds from the issuance of long-term General Obligation Regional Justice Center 2019B Bonds and County funds. Of this amount, \$9,656,250 was paid with county funds and is included in short-term debt. The remaining balance of \$15,343,750 was used to refinance the Series 2018A Subordinate Revenue Notes and is included in long-term debt.

On December 19, 2018, the County issued \$60,000,000 in Subordinate Revenue Notes, Series 2018C (Family Services Building) Drawdown-Line of Credit. The note proceeds totaled \$127,066 and were used to pay the costs of issuing the 2018C notes. The 2018C notes were issued for the purpose of providing moneys to finance all or a portion of the cost of acquiring, improving, and equipping of building(s) for use by the Department of Family Services. These notes were a direct borrowing, interim financing method and were refinanced with long-term General Obligation Family Services Series 2019 Bonds additionally secured by pledged consolidated tax revenues on November 1, 2019. Interest payments were paid monthly beginning February 1, 2019 at an interest rate of 80% of the 1month LIBOR Index plus 0.28%. The notes were scheduled to mature on December 18, 2019 and are included in short-term debt. The unused line of credit was \$59,872,934 at June 30, 2019. Г

(i) Capital leases will be liquidated by a non-major revenue fund.

(ii) Governmental Activities compensated absences will be liquidated primarily by the General Fund and the LVMPD Special Revenue Fund. In fiscal year 2019, the General Fund liquidated 49% of the balance and the LVMPD Special Revenue Fund liquidated 31% of the balance.

(iii) Claims payable will be liquidated by risk management internal service funds.

6. SHORT-TERM DEBT, LONG-TERM DEBT AND OTHER LONG-TERM LIABILITIES (Continued)

Current Year Long-Term Bonds Issued, Refunded and Defeased and Notes Payable Issued

On August 18, 2018 the County signed an interlocal agreement with the City of Las Vegas regarding the County's purchase of the City's leasehold interest in the City's private space in the Regional Justice Center. On October 16, 2018, the County signed a resolution authorizing a \$5,400,000 medium term obligation (Note Payable) with the City of Las Vegas to be paid in four (4) equal installments of \$1,350,000 annually, commencing on July 1, 2021 with no interest. The installment payments will be paid from the unrestricted fund balance in the Long-Term County Bonds Debt Service Fund. The term of the agreement is through July 2, 2024.

On October 16, 2018, the County issued \$1,803,030 in Special Improvement District No. 162A (Laughlin Lagoon) Local Improvement Bonds with an interest rate of 6.93%. Additionally, \$1,611,465 was received in prepayments. The proceeds totaled \$3,414,495. The proceeds were used to finance the cost of improving a waterfront project and pay the costs of issuing the Bonds. The bonds will be repaid from assessments levied in SID 162A. Principal and Interest is paid semiannually beginning February 1, 2019. The bonds mature on August 1, 2028.

On November 1, 2018, the County issued \$25,000,000 in Subordinate Revenue Notes, Series 2018A (Regional Justice Center) with an interest rate of 2.75%. The note proceeds totaled \$25,000,000. The proceeds were used to purchase the City's leasehold space in the Regional Justice Center to accommodate additional County courtroom facilities and related support offices as well as necessary tenant improvements and pay the costs of issuing the Notes. Interest was paid on February 1, 2019. The note's outstanding principal and interest was paid on July 31, 2019. These notes were an interim financing method. On July 31, 2019, the County issued \$13,405,000 in General Obligation (Limited Tax) Bonds, Series 2019B with an interest rate ranging from 3.0% to 5.0% that were additionally secured by court administrative assessment fees. The bond proceeds totaled \$15,619,355. Of this amount, \$15,343,750 was used to refinance the Series 2018A Subordinate Revenue Notes and is included in long-term debt. The remaining balance of \$9,656,250 was paid with county funds and is included in short-term debt.

On November 20, 2018, the County issued \$150,000,000 in General Obligation (Limited Tax) Park Improvement Bonds (Additionally Secured by Pledged Revenues) Series 2018. The bond proceeds totaled \$166,409,119. The proceeds of the bonds were used to acquire, improve, equip, operate and maintain park projects and pay the costs of issuing the 2018 Bonds. The long-term bonds will be repaid by consolidated tax revenues. Interest payments are paid semiannually on December 1 and June 1 beginning December 1, 2019 with an interest rate ranging from 4.0% to 5.0%. Principal payments will be paid annually beginning December 1, 2020. The bonds mature on December 1, 2038.

On November 20, 2018, the County issued \$272,565,000 in General Obligation (Limited Tax) Transportation Improvement Bonds (Additionally Secured by Pledged Revenues) Series 2018B (Strip Resort Corridor). The bond proceeds totaled \$301,216,997. The proceeds of the bonds were used to accelerate the construction of transportation projects and pay the costs of issuing the 2018B Bonds. Projects include but are not limited to pedestrian bridges and improvements to roadways in the Strip Resort Corridor. The long-term bonds will be repaid by proceeds from a 1 % room tax collected on the gross receipts from the rental of transient lodging (hotel/motel rooms) in the Strip Resort Corridor. Interest payments are paid semiannually on December 1 and June 1 beginning June 1, 2019 with an interest rate ranging from 4.0% to 5.0%. Principal payments will be paid annually beginning December 1, 2020. The bonds mature on December 1, 2039.

On December 19, 2018, the County issued \$215,170,000 in Subordinate Revenue Notes, Series 2018B (Detention Center) with an interest rate of 2.7855%. The note proceeds totaled \$215,170,000. The proceeds were used to purchase the Detention Center Property located at 4900 North Sloan Lane and pay the costs of issuing the 2018B notes. In September 2007, the County entered into a long-term lease agreement with PH Metro, LLC for the Detention Center Property, which consists of approximately 15.3 acres of land, a 230,834 square foot correctional and administrative building, and related facilities. The term of the lease commenced on August 10, 2009 and included an option to purchase the property beginning ten years after the recordation of the deed of trust for the landlord's permanent loan. In December 2018, Clark County exercised its purchase option. These notes were an interim financing method that were refinanced with long-term General Obligation Detention Center Bonds Series 2019 additionally secured by pledged consolidated tax revenues on July 31, 2019 and are therefore included in long-term debt. Interest payments were paid monthly beginning February 1, 2019 at an interest rate of 2.7855% per annum.

On March 12, 2019, the County issued \$31,225,000 in General Obligation (Limited Tax) Transportation Refunding Bonds (Additionally Secured by Pledged Revenues) Series 2019B. The bond proceeds totaled \$36,482,456.50. The proceeds of the bonds were used to refund a portion of the General Obligation (Limited Tax) Transportation Bonds (Additionally Secured with Pledged Revenues) Series 2009B-1 (Taxable Direct Pay Build America Bonds) (the Series "2009B Bonds") for interest rate savings; and to pay the costs of issuing the Bonds. The proceeds of the Series 2009B Bonds were originally used to finance transportation improvement projects. The long-term bonds will be repaid by a 1% room tax collected on the gross receipts from the rental of transient lodging (hotel/motel rooms) in the Strip Resort Corridor. Interest payments are paid semiannually on June1 and December 1 beginning June 1, 2019 with an interest rate of 5%. Principal payments will be paid annually beginning June 1, 2020. The bonds mature on June 1, 2029.

Guarantees

The County guarantees general obligation bond issues of the Regional Flood Control District, a County component unit, and the Las Vegas Convention and Visitor's Authority, a legally separate entity within Clark County. Although guaranteed by the County, Regional Flood Control District bonds are pledged with sales tax revenues and Las Vegas Convention and Visitors Authority bonds are pledged with room tax revenue. In the event either agency is unable to make a debt service payment, Clark County will be required to make that payment. Both agencies have remained current on all debt service obligations.

6. SHORT-TERM DEBT, LONG-TERM DEBT AND OTHER LONG-TERM LIABILITIES (Continued)

Pledged Revenues

Consolidated Tax Supported Bonds

These bonds are secured by a pledge of up to 15 percent of the consolidated taxes allocable to the County. These bonds also constitute direct and general obligations of the County, and the full faith and credit of the County is pledged for the payment of principal and interest. The following debt issuances are consolidated tax supported:

The total remaining principal and interest payments for consolidated tax supported bonds was \$268,218,948 at June 30, 2019. In fiscal year 2019, pledged revenues received totaled \$62,224,234 (of the total \$414,828,229 of general fund consolidated tax), and required debt service totaled \$8,546,768.

Beltway Pledged Revenue Bonds

These bonds are secured by the combined pledge of: 1) a one percent supplemental governmental services (motor vehicle privilege) tax; 2) a one percent room tax collected on the gross receipts from the rental of hotel and motel rooms within the County but outside of the strip and Laughlin resort corridors (non-resort corridor); and 3) a portion of the development tax. The development tax is \$800 per single-family dwelling of residential development, and 80 cents per square foot on commercial, industrial, and other development. Of this, \$500 per single-family dwelling and 50 cents per square foot of commercial, industrial, and other development is pledged. These bonds also constitute direct and general obligations of the County, and the full faith and credit of the County is pledged for the payment of principal and interest.

The total remaining principal and interest payments for Beltway pledged revenue tax supported bonds was \$127,650,678 at June 30, 2019. In fiscal year 2019, pledged revenues received totaled \$94,187,079; consisting of \$71,998,248 of supplemental governmental services tax; \$3,011,751 of non-resort corridor room tax; and \$19,177,080 of the total \$28,751,244 development tax. Required debt service totaled \$19,061,949. As described below, beltway pledged revenues are also pledged to make up any difference between pledged revenues and annual debt service for Laughlin resort corridor room tax supported bonds. During fiscal 2019, Laughlin Room Tax Collections were sufficient to cover the Laughlin Resort Corridor Debt (Series C) fiscal year debt service.

Strip Resort Corridor Room Tax Supported Bonds

These bonds are secured by a pledge of the one percent room tax collected on the gross receipts from the rental of hotel and motel rooms within the strip resort corridor. This tax is imposed specifically for the purpose of transportation improvements within the strip resort corridor, or within one mile outside the boundaries of the strip resort corridor. These bonds also constitute direct and general obligations of the County, and the full faith and credit of the County is pledged for the payment of principal and interest.

The total remaining principal and interest payments for strip resort corridor room tax supported bonds was \$486,292,012 at June 30, 2019. In fiscal year 2019, pledged revenues received totaled \$51,452,666. Required debt service totaled \$14,292,436.

Laughlin Resort Corridor Room Tax Supported Bonds

These bonds were secured by a pledge of the one percent room tax collected on the gross receipts from the rental of hotel and motel rooms within the Laughlin resort corridor. These bonds also constituted direct and general obligations of the County, and the full faith and credit of the County is pledged for the payment of principal and interest.

The was no remaining principal and interest payments for Laughlin resort corridor room tax supported bonds at June 30, 2019. In fiscal year 2019, revenues from the Laughlin room tax amounted to \$704,083, which was sufficient to cover the annual debt service of \$212,093. As described above, beltway pledged revenues are also pledged to make up any difference between pledged revenues and annual debt service.

Court Administrative Assessment Supported Bonds

These bonds are secured by a pledge of the \$10 court administrative assessment for the provision of justice court facilities. These bonds also constitute direct and general obligations of the County, and the full faith and credit of the County is pledged for the payment of principal and interest.

The was no remaining principal and interest payments for court administrative assessment supported bonds at June 30, 2019. In fiscal year 2019, pledged revenues received totaled \$1,612,900. Required debt service totaled \$1,612,900.

Interlocal Agreement Supported Bonds

These bonds are secured by a pledge through an interlocal agreement with the City of Las Vegas. These bonds also constitute direct and general obligations of the County, and the full faith and credit of the County is pledged for the payment of principal and interest.

The total remaining principal and interest payments for interlocal agreement supported bonds was \$9,972,984 at June 30, 2019. In fiscal year 2019, pledged revenues received totaled \$1,995,034. Required debt service totaled \$1,995,034.

6. SHORT-TERM DEBT, LONG-TERM DEBT AND OTHER LONG-TERM LIABILITIES (Continued)

Pledged Revenues (Continued)

Special Assessment Bonds

Special assessment supported bonds are secured by property assessments within the individual districts. In addition, the County's General Fund and taxing power are contingently liable if the collections of assessments are insufficient for the special assessment bond issued for Durango Drive #144C, LVB St. Rose to Pyle #158, and Flamingo Underground #112. The bonds are identified as special assessment bonds in this note above. The total remaining principal and interest payments for special assessment supported bonds was \$146,980,275 at June 30, 2019. In fiscal year 2019, pledged revenues received totaled \$25,080,668 (after a deduction allowing for timing differences). Required debt service totaled \$22,249,309.

Bond Bank Bonds

These bonds are secured by securities issued to the County by local governments utilizing the bond bank. These securities pledge system revenues and contain rate covenants to guarantee adequate revenues for bond bank debt service. These bonds also constitute direct and general obligations of the County, and the full faith and credit of the County is pledged for the payment of principal and interest.

The total remaining principal and interest payments for bond bank supported bonds was \$1,344,098,013 at June 30, 2019. In fiscal year 2019, pledged revenues received totaled \$85,765,975. Required debt service totaled \$85,765,975.

Capital Leases

Southern Nevada Area Communications Council P25 Radio Equipment Upgrade

On December 1, 2014, the County entered in a long-term lease agreement (the "Master Lease") with Motorola Solutions Inc. for the lease of radio equipment at the Southern Nevada Area Communications Council Headquarters. The Leased Property is necessary to upgrade aged equipment to keep the system current for the next twelve years and allow for better interoperability with other agencies. The equipment is valued at \$7,795,356. Accumulated depreciation is \$7,015,821 as of June 30, 2019. The term of the lease commenced on December 15, 2014 with a down payment of \$3,000,000 and continues for a period of approximately ten years at a semi-annual base rent of \$291,291 with an interest rate of 3.86%.

Clark County has the option to purchase the Leased Property upon thirty days prior written notice from Lessee to Lessor, and provided that no Event of Default has occurred and is continuing, or no event, which with notice of lapse of time, or both could become an Event of Default, then exits, Lessee will have a right to purchase the Leased Property on the lease payment dates set forth in the contract schedule by paying to Lessor, on such date, the lease payment then due together with the balance payment amount set forth opposite such date. Upon satisfaction by Lessee of such purchase conditions, Lessor will transfer any and all of its right, title and interest in the Leased Property to Lessee as is, without warranty, express or implied, except that the Leased Property is free and clear of any liens created by Lessor.

Arbitrage Liability

When a state or local government earns interest at a higher rate of return on tax-exempt bond issues than it pays on the debt, a liability for the spread is payable to the federal government. This interest spread, known as "rebatable arbitrage," is due five years after issuing the bonds. Excess earnings of one year may be offset by lesser earnings in subsequent years. Arbitrage liabilities are liquidated by the individual funds in which they are accrued. At June 30, 2019, the County is reporting arbitrage liability of \$18,847 which is attributable to excess yield in Series 2017C (Department of Aviation) and Series 2018A (Department of Aviation).

Prior Year Defeasance of Debt

In current and prior years, the County defeased certain general obligation and revenue bonds by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the County's financial statements. At June 30, 2019, the following were the remaining balances of the defeased bond issues:

CC Water Reclamation District	
Series of 2009A	\$ 116,595,000
Series of 2009B	 106,240,000
	\$ 222,835,000

Events of Default with Finance Related Consequences

Upon the occurrence of an event of default under the bond covenants the owner of the bonds is entitled to enforce the covenants and agreements of the County by mandamus suit or other proceeding at law or in equity for only the pledged revenues specified in the covenants.

6. SHORT-TERM DEBT, LONG-TERM DEBT AND OTHER LONG-TERM LIABILITIES (Continued)

Conduit Debt Obligations

The County has issued approximately \$1,727,225,000 in economic development revenue bonds since 1990. The bonds have been issued for a number of economic development projects, including: utility projects, healthcare projects, and education projects. The bonds are paid solely from the revenues derived from the respective projects, therefore, these bonds are not liabilities of the County under any condition, and they are not included as a liability of the County.

Derivative Instruments

(a) Interest Rate Swaps

The intention of the County's implementation of a swap portfolio was to convert variable interest rate bonds to synthetically fixed interest rate bonds as a means to lower its borrowing costs when compared to fixed-rate bonds at the time of issuance. The County executed several floating-to-fixed swaps in connection with its issuance of variable rate bonds. The County also executed forward starting swaps to lock in attractive synthetically fixed rates for future variable rate bonds.

The derivative instruments are valued at fair value. The fair values of the interest rate derivative instruments are estimated using an independent pricing service. The valuations provided are derived from proprietary models based upon well-recognized principles and estimates about relevant future market conditions. The instruments' expected cash flows are calculated using the zero-coupon discount method, which takes into consideration the prevailing benchmark interest rate environment as well as the specific terms and conditions of a given transaction and which assumes that the current forward rates implied by the benchmark yield curve are the market's best estimate of future spot interest rates. The income approach is then used to obtain the fair value of the instruments by discounting future expected cash flows to a single valuation using a rate of return that takes into account the relative risk of nonperformance associated with the cash flows and the time value of money. This valuation technique is applied consistently across all instruments. Given the observability of inputs that are significant to the entire sets of measurements, the fair values of the instruments are based on inputs categorized as Level 2.

The mark-to-market value for each swap had been estimated using the zero-coupon method. Under this method, future cash payments were calculated either based on using the contractually-specified fixed rate or based on using the contractually-specified variable forward rates as implied by the SIFMA (Securities Industry and Financial Markets Association) Municipal Swap Index yield curve (formerly known as the Bond Market Association Municipal Swap Index yield curve, or BMA Municipal Swap Index yield curve), as applicable. Each future cash payment was adjusted by a factor called the swap rate, which is a rate that is set, at the inception of the swap and at the occurrence of certain events, such as a refunding, to such a value as to make the mark-to-market value of the swap equal to zero. Future cash receipts were calculated either based on using the contractually-specified fixed rate or based on using the contractually-specified variable forward rates as implied by the LIBOR (London Interbank Offered Rate) yield curve or the CMS (Constant Maturity Swap rate) yield curve, as applicable. The future cash payment, as modified by the swap rate factor, and the future cash receipt due on the date of each and every future net settlement on the swap were netted, and each netting was then discounted using the discount factor implied by the LIBOR yield curve for a hypothetical zero-coupon rate bond due on the date of the future net settlement. These discounted nettings were then summed to arrive at the mark-to-market value of the swap.

All the swaps entered into by the County comply with the County's swap policy. Each swap is written pursuant to guidelines and documentation promulgated by the International Swaps and Derivatives Association ("ISDA"), which include standard provisions for termination events such as failure to pay or bankruptcy. The County retains the right to terminate any swap agreement at market value prior to maturity. The County has termination risk under the contract, particularly if an additional termination event ("ATE") were to occur. An ATE occurs either if the credit rating of the bonds associated with a particular swap agreement and the rating of the swap insurer fall below a pre-defined credit rating threshold or if the credit rating of the swap counterparty falls below a threshold as defined in the swap agreement.

With regard to credit risk, potential exposure is mitigated through the use of an ISDA credit support annex ("CSA"). Under the terms of master agreements between the County and the swap counterparties, each swap counterparty is required to post collateral with a third party when the counterparty's credit rating falls below the trigger level defined in each master agreement. This protects the County from credit risks inherent in the swap agreements. As long as the County retains insurance, the County is not required to post any collateral; only the counterparties are required to post collateral.

The initial notional amount and outstanding notional amounts of all active swaps, as well as the breakout of floating-to fixed swaps, basis swaps, and fixed to fixed swaps as of June 30, 2019 are summarized as follows:

6. SHORT-TERM DEBT, LONG-TERM DEBT AND OTHER LONG-TERM LIABILITIES (Continued)

*On April 6, 2010, the County terminated the "on market" (at-market coupon) portion of its floating-to-fixed swaps #03, #05, #11, and #13. To fund the terminations, the County fully terminated the "off-market" (step-coupon) portion of swap #11 and partially terminated \$162.2 million of \$229.9 million notional of the "off-market" portion of swap #03. The agreements related to swaps #03, #05, and #13 were amended and restated, and the new terms of the swap agreements are presented in the table above as swaps #15, #16, #17, and #18, respectively. Swap #17 was terminated on November 19, 2013. Swaps #15, #16, and #18 were terminated on December 19, 2018.

‡On August 3, 2011, the County refunded the outstanding principal of its Series 2008 A-1 and B-1 Bonds with the Series 2011 B-1 and B-2 Bonds, respectively. Upon refunding, swap #07B was re-associated with the cash flows of the \$100 million of outstanding principal of the Series 2011 B-1 Bonds, and swap#07A was re-associated with the cash flows of the \$100 million of outstanding principal of the Series 2011 B-2 Bonds. On November 19, 2013, to better match the principal amortizations, swap #07A was re-associated with the Series 2011 B-1 Bonds, and swap #07B was re-associated with the Series 2011 B-2 Bonds. On December 6, 2017, the Series 2011B-2 Bonds were refunded by the issuance of the Series 2017D Bonds, therefore re-associating \$92.5 million in the notional of swap #07B with 2017D bonds.

**On July 1, 2011, forward swaps #14A and #14B, both with a trade date of April 17, 2007, became effective as scheduled. \$4.48 million of the entire notional amount of swap #14A, \$73.025 million, was associated with the 2008A General Obligation Bonds, with the excess notional balance classified as an investment derivative. The entire notional amount of swap #14B, \$201.975 million, was associated both with the principal of the 2008A General Obligation Bonds remaining after the association of swap #14A and with the 2013 C-1 and 2013 C-2 Notes. Although these Notes are deemed to mature in perpetuity, the 2008A General Obligation Bond matures on July 1, 2027, a date in advance of the maturities of swaps #14A and #14B, which occur on July 1, 2030 and July 1, 2037, respectively. Therefore, those portions of swaps #14A and #14B associated with these excess maturities had been classified as investment derivatives. On November 19, 2013, these swaps were re-associated with variable rate bonds following the termination of swaps noted below. These swaps are fully hedged derivatives. On July 1, 2016, the outstanding notional amounts previously associated with the 2013 C-1 Notes were re-associated with the 2008 D-2A and 2008 D-2B Bonds to maximize the hedging of the derivative. On December 19, 2018, swaps #14A and 14B were terminated. Upon the termination, the \$47.5 million in notional amount of swap #12A was re-associated to 2008D-3B Bonds from swap #14A while \$29.1 million and \$0.4 million in notional amounts of swaps #14A and 14B associated to 2008D-2A, 2008D-2B, and 2010 F-2 PFC were not-re-associated with other active hedged swaps as of the termination date.

The following are the fair values and changes in fair values of the County's interest rate swap agreements for the fiscal year ended June 30, 2019:

		lotional, Classifica e as of June 30, 2		nd Fair	C	Changes in Fai	ir Valu	e for the Fiscal Y	/ear Ended 、	June 30, 2019

*On April 6, 2010, the County terminated the "on market" (at-market coupon) portion of its floating-to-fixed swaps #03, #05, #11, and #13. To fund the terminations, the County fully terminated the "off-market" (step-coupon) portion of swap #11 and partially terminated \$162.2 million of \$229.9 million notional of the "off-market" portion of swap #03. The agreements related to swaps #03, #05, and #13 were amended and restated, and the new terms of the swap agreements are presented in the table above as swaps #15, #16, #17, and #18, respectively. Swap #17 was terminated on November 19, 2013. Swaps #15, #16, and #18 were terminated on December 19, 2018.

‡On August 3, 2011, the County refunded the outstanding principal of its Series 2008 A-1 and B-1 Bonds with the Series 2011 B-1 and B-2 Bonds, respectively. Upon refunding, swap #07B was re-associated with the cash flows of the \$100 million of outstanding principal of the Series 2011 B-1 Bonds, and swap #07A was re-associated with the cash flows of the \$100 million of outstanding principal of the Series 2011 B-2 Bonds. On November 19, 2013, to better match the principal amortizations, swap #07A was re-associated with the Series 2011 B-1 Bonds, and swap #07B was re-associated with the Series 2011 B-2 Bonds. On December 6, 2017, the Series 2011 B-2 Bonds were refunded by the issuance of Series 2017D Bonds, therefore re-associating \$92.4 million in notional of swap #07B with 2017D Bonds.

**On July 1, 2011, forward swaps #14A and #14B, both with a trade date of April 17, 2007, became effective as scheduled. \$4.48 million of the entire notional amount of swap #14A, \$73.025 million, was associated with the 2008A General Obligation Bonds, with the excess notional balance classified as an investment derivative. The entire notional amount of swap #14B, \$201.975 million, was associated both with the principal of the 2008A General Obligation Bonds remaining after the association of swap #14A and with the 2013 C-1 and 2013 C-2 Notes. Although the Notes are deemed to mature in perpetuity, the 2008A General Obligation Bonds mature on July 1, 2027, a date in advance of the maturities of swaps #14A and #14B, which occur on July 1, 2030 and July 1, 2037, respectively. Therefore, those portions of swaps #14A and #14B associated with these excess maturities had been classified as investment derivatives. On July 1, 2016, the outstanding notional amounts previously associated with the 2013 C-1 Notes were re-associated with the 2008 D-2A and 2008 D-2B Bonds to maximize the hedging of the derivative. On December 19, 2018, swaps #14A and 14B were terminated. Upon the termination, the \$47.5 million in notional amount of swap #12A ware re-associated to 2008D-3 Bonds from swap #14A while \$29.1 million and \$0.4 million in notional amounts of swaps #14A and 14B associated to 2008A General Obligation Bonds and 2008C Bonds, respectively, from swap #14B. Notional amounts of swaps #14A and 14B associated to 2008D-2A, 2008D-2B, and 2010 F-2 PFC were not-re-associated with other active hedged swaps as of the termination date.

6. SHORT-TERM DEBT, LONG-TERM DEBT AND OTHER LONG-TERM LIABILITIES (Continued)

On August 3, 2011, the County refunded the Series 2008 B-1 Bonds and the Series 2008 A-1 Bonds with the Series 2011 B-2 Bonds and the Series 2011 B-1 Bonds, respectively. Upon refunding, \$100,000,000 in notional of swap #07A and \$100,000,000 in notional of swap #07B were re-associated with the 2011 B-1 Bonds and the 2011 B-2 Bonds, respectively. This re-association resulted in a revaluation of swaps #07A and #07B to adjust the overall swap rate of each swap to the market rate, creating a deferred loss on imputed debt for each swap, and an offsetting liability for each swap, imputed debt, in the amounts of \$10,706,687 for swap #07A and \$10,706,687 for swap #07B. These deferred losses on imputed debt and corresponding imputed debts are amortized against each other on a straight-line basis over the remaining lives of the swaps. In November 2013, the County re-associated swap #07A with the 2011 B-1 Bonds and re-associated swap #07B with the 2011 B-2 Bonds. On December 6, 2017, the Series 2011 B-2 Bonds were refunded by the issuance of Series 2017D Bonds and therefore re-associating \$92,465,000 million in notional of swap #07B with 2017D Bonds.

On November 19, 2013, the County fully terminated swaps #06, #12B, and #17 and partially terminated swap #14B. Because swap #14B was only partially terminated, its outstanding notional value was reduced by \$56,825,000 from \$201,975,000 to \$145,150,000. At the transaction closing, the fair values of all the terminated swaps or portions thereof, coupled with their related accrued interest, resulted in a net termination payment of \$0. The County executed this transaction to lower overall swap exposure, reduce interest rate risk, increase cash flow, reduce debt service, and tailor its swap portfolio to better match its variable rate bond portfolio. Upon completion of the termination, the County re-associated the investment component of each of swap derivatives #14A and #14B with variable rate bonds, thereby resulting in the full hedging of these swaps.

On December 19, 2018, the County fully terminated swaps #14A, #14B, #15, #16, and #18, causing a reduction in outstanding notional value of \$442,379,729, from \$1,333,249,387 to \$890,869,658. The transaction closing resulted in a net termination payment of \$5,199,000. The County executed this transaction to lower overall swap exposure, reduce interest rate risk, increase cash flow, and reduce debt service. Upon completion of the termination, the \$47,525,000 in notional amount of swap #12A was re-associated to 2008D-3, from swap #14. Additionally, \$29,125,000 and \$400,000 in notional amounts from swap #12A were re-associated to 2008A General Obligation Bonds and 2008C Bonds, respectively, from swap #14B. Notional amounts of swaps #14A and #14B, associated to 2008D-2A, 2008D-2B, and 2010 F-2 PFC Bonds, were not associated with other active hedged swaps as of the termination date.

Hedging Derivative Instruments

On June 30, 2019, the County had five outstanding floating-to-fixed interest rate swap agreements considered to be hedging derivative instruments in accordance with the provisions of GASB 53, which is a decrease from seven swap agreements at June 30, 2018. The five outstanding hedging swaps that have been structured with step-down coupons to reduce the cash outflows of the fixed leg of those swaps in the later years of the swap.

Forward Starting Swap Agreements Hedging Derivatives

On January 3, 2006, the County entered into five swap agreements (swaps #7A, #7B, #12A, #12B, and #13) to hedge future variable rate debt as a means to lower its borrowing costs and to provide favorable synthetically fixed rates for financing the construction of Terminal 3 and other related projects. Swaps #7A and #7B, with notional amounts of \$150,000,000 each, became effective July 1, 2008, while swaps #12A and #12B, with notional amounts totaling \$550,000,000, became effective July 1, 2009. To better match its outstanding notional of floating-to-fixed interest rate swaps to the cash flows associated with its outstanding variable rate bonds, on April 6, 2010, the County terminated \$543,350,000 in notional amounts of its outstanding floating-to-fixed interest rate swaps (swaps #3, #5, #10A, and #11) and \$150,000,000 in the notional amount of the July 1, 2010, forward starting swap #13. On April 17, 2007, the County entered into two additional forward starting swaps, swaps #14A and #14B, with notional amounts totaling \$275,000,000, which became effective on July 1, 2011, as scheduled and the County later re-associated the investment component of each of swap derivatives #14A and #14B with variable rate bonds. Swaps #14A and #14B were subsequently terminated on December 19, 2018.

6. SHORT-TERM DEBT, LONG-TERM DEBT AND OTHER LONG-TERM LIABILITIES (Continued)

Terms, Notional Amounts, and Fair Values - Hedging Derivatives

The following are the notional amounts and fair values of the County's hedging derivatives at June 30, 2019:

		Hed	ging Derivative		<u>ns, Notional Amounts, a</u> e 30, 2019	and Fair Values		
Swap#	Interest Rate Swap Description	Associated Variable Rate Bonds or Amended Swaps	Effective Date	Outstanding Notional	County Pays	County Receives	Fair Value	Maturity Date

10C	Floating-to- Fixed	2008 D-2A, 2008 D-2B	3/19/2008	29,935,000	4.0030% to 7/2015, 2.27% to maturity	62.0% of USD LIBOR + 0.28%	(2,937,543)	7/1/2040
12A	Floating-to- Fixed	2008 C, 2008 D-3, 2008 A GO	7/1/2009	200,000,000	5.6260% to 7/2017, 0.25% to maturity	64.7% of USD LIBOR + 0.28%	10,549,660	7/1/2026
14A	Floating-to- Fixed	2008 D-2, 2008 D-3 2008 C, 2008 D-2A, 2008 D-2B.	7/1/2011	-	3.89%	64.4% of USD LIBOR + 0.280%		7/1/2030
14B	Floating-to- Fixed	2008A GO, 2010 F-2 PFC	7/1/2011		3.88%	64.4% of USD LIBOR + 0.28%		7/1/2037
				\$ 479,570,000			\$ 5,243,124	

The notional amounts of the swap agreements match the principal portions of the associated debt and contain reductions in the notional amounts that are expected to follow the reductions in principal of the associated debt, except as discussed in the section on rollover risk.

Due to an overall increase in variable rates, three of the County's hedging derivative instruments had a positive fair value as of June 30, 2019.

6. SHORT-TERM DEBT, LONG-TERM DEBT AND OTHER LONG-TERM LIABILITIES (Continued)

Associated Debt Cash Flows - Hedging Derivatives

The net cash flows for the County's hedging derivative instruments for the year ended June 30, 2019, are provided in the table below.

		He	dging Derivative Instrum For the Fiscal Year En				
			Coun	terparty Swap Inte	rest

* Hedging	component only, p	ro-rated over swap notional					

Credit Risk - Hedging Derivatives

The County was exposed to credit risk on the three investment derivatives that had positive fair values totaling \$11,118,182 as of June 30, 2019. However, a CSA is in place to provide collateral to protect the value of the swaps under specific circumstances. The following are the hedging swaps and their amounts at risk as of June 30, 2019, along with the counterparty credit ratings for these swaps:

			Co	unterparty Ra	tings	
Swap #	Interest Rate Swap Description	Counterparty	Moody's	S&P	Fitch	Credit Risk Exposure
07A	Floating-to-Fixed	JPMorgan Chase Bank, N.A.	Aa2	A+	AA	\$ 103,05
07B	Floating-to-Fixed	UBS AG	Aa3	A+	AA-	465,46
10B	Floating-to-Fixed	JPMorgan Chase Bank, N.A.	Aa2	A+	AA	
10C	Floating-to-Fixed	UBS AG	Aa3	A+	AA-	
12A	Floating-to-Fixed	Citigroup Financial Products Inc.	A3	BBB+	А	10,549,66
14A	Floating-to-Fixed	UBS AG	Aa3	A+	AA-	
14B	Floating-to-Fixed	Citibank, N.A., New York.	A1	A+	A+	

The counterparty to swap #12A was required to post collateral pursuant to the terms of the ISDA CSA Agreement, given that the credit rating of this counterparty declined to the rating threshold defined in the ISDA CSA Agreement. As of June 30, 2019, the cash collateral posted with the custodian for Swap #12A was \$12,060,000.

Basis and Interest Rate Risk - Hedging Derivatives

All the hedging derivative swaps are subject to basis risk and interest rate risk should the relationship between the LIBOR rate and the County's bond rates converge. If a change occurs that results in the rates moving to convergence, the expected cost savings and expected cash flows of the swaps may not be realized.

6. SHORT-TERM DEBT, LONG-TERM DEBT AND OTHER LONG-TERM LIABILITIES (Continued)

Tax Policy Risk - Hedging Derivatives

The County is exposed to tax risk if a permanent mismatch (shortfall) occurs between the floating rate received on the swap and the variable rate paid on the underlying variable rate bonds due to changes in tax law such that the federal or state tax exemption of municipal debt is eliminated or its value is reduced.

Termination Risk - Hedging Derivatives

The County is exposed to termination risk if either the credit rating of the bonds associated with the swap or the credit rating of the swap counterparty falls below the threshold defined in the swap agreement, i.e. if an ATE occurs. If at the time of the ATE the swap has a negative fair value, the County would be liable to the counterparty for a payment equal to the swap's fair value. For all swap agreements, except for swaps #08A and #09A, the County is required to designate a day between 5 and 30 days to provide written notice following the ATE date. For swaps #08A and #09A, the designated date is 30 days after the ATE date.

Market Access Risk - Hedging Derivatives

The County is exposed to market access risk, which is the risk that the County will not be able to enter credit markets or that credit will become more costly. For example, to complete a hedging instrument's objective, an issuance of refunding bonds may be planned in the future. If at that time the County is unable to enter credit markets, expected cost savings may not be realized.

Foreign Currency Risk - Hedging Derivatives

All hedging instruments are denominated in US dollars, therefore, the County in not exposed to foreign currency risk.

Rollover Risk and Other Risk - Hedging Derivatives

There exists the possibility that the County may undertake additional refinancing with respect to its swaps to improve its debt structure or cash flow position and that such refinancing may result in hedging swap maturities that do not extend to the maturities of the associated debt, in hedging swaps becoming decoupled from associated debt, in the establishment of imputed debt, or in the creation of losses.

6. SHORT-TERM DEBT, LONG-TERM DEBT AND OTHER LONG-TERM LIABILITIES (Continued)

Terms, Notional Amounts, and Fair Values - Investment Derivatives

The terms, notional amounts, and fair values of the County's investment derivatives at June 30, 2019 are included in the tables below.

		Inves	tment Derivativ		rms, Notional Amounts, e 30, 2019	and Fair Values

Credit Risk - Investment Derivatives

The County was exposed to credit risk on one investment derivative that had a positive fair value totaling \$1,131,698 as of June 30, 2019. Nonetheless, as described earlier, a CSA is in place to provide collateral to protect the value of the swaps under specific circumstances. The investment swaps and their amounts at risk as of June 30, 2019, along with the counterparty credit ratings for these swaps, are disclosed the table below.

	Counterparty Crec	lit Ratings and Credit Risk Exposure - Inv	vestment Deriva	tive Swaps	at June 30) <u>, 2019</u>	
			Count	erparty Ra	tings

18	Fixed-to-Fixed	Citigroup Financial Products Inc.	A3	BBB+	А		
						\$	1,131,698

As of June 30, 2016, the counterparty's credit rating declined to the respective rating thresholds as defined in the ISA CSA agreement for Swap #18 and the counterparty is required to post collateral. On August 10, 2016, the County executed the Agreement for Swap #18, and the counterparty posted the initial cash collateral of \$39,900,000. As of June 30, 2019, the cash collateral posted with the custodian for Swap #18 was \$39,070,000.

Interest Rate Risk - Investment Derivatives

Swaps #02 and #04 are subject to interest rate risk should the relationship between the LIBOR rate and the SIFMA rate converge. If economic conditions change such that these rates converge, the expected cash flows of the swaps and expected cost savings may not be realized.

Swaps #08A, #08B, and #08C and swaps #09A, #09B, and #09C are subject to interest rate risk should the relationship between the 10year CMS rate (Constant Maturity Swap rate) and the LIBOR rate converge. If economic conditions change such that these rates converge, the expected cash flows of the swaps and expected cost savings may not be realized.

The investment components of swaps #15, #16, and #18 are not subject to interest rate risk, since there is no variable rate component.

Pledged Revenues

Motor Vehicle Fuel Tax Bonds

Motor vehicle fuel tax revenue bonds issued for RTC purposes are collateralized by a maximum of twelve cents per gallon motor vehicle fuel tax levied by the County, except that portion required to be allocated as direct distributions for those political subdivisions not included in the "Las Vegas Valley Area Major Street and Highway Plan." The collateralized twelve cents includes the County's share of the three cents per gallon tax levied by the State pursuant to NRS 365.180 and 365.190 and accounted for in other County funds, and the County's share of the Indexed Fuel Taxes. Pledged revenues for the year ended June 30, 2019 totaled \$94,733,583 for a debt service coverage ratio of 2.70 times.

6. SHORT-TERM DEBT, LONG-TERM DEBT AND OTHER LONG-TERM LIABILITIES (Continued)

Discretely Presented Component Units (Continued)

RTC (Continued)

Indexed Fuel Tax Bonds

Indexed Fuel Tax revenue bonds include taxes calculated and imposed on motor vehicle fuel tax, and special fuels taxes that consist of taxes on diesel fuel, taxes on compressed natural gas, and taxes on liquefied petroleum gas. Pledged revenues for the year ended June 30, 2019 totaled \$169,255,481 for a debt service coverage ratio of 6.38 times.

Sales Tax Revenue Bonds

Series 2010, 2010B, 2010C, and 2016 sales and excise tax revenue bonds issued for RTC purposes are collateralized by 1/4% sales and excise tax and a 1 cent jet aviation fuel tax in Clark County. Pledged revenues for the year ended June 30, 2019 totaled \$114,913,080 for a debt service coverage ratio of 4.61 times.

The debt service requirements are as follows:

<u>Annual [</u>	Debt Service Requirement	s to Maturity	
		Revenue Bonds	
Year Ending June 30,	Principal	Interest	Total
2020	\$ 50,975,000	\$ 35,556,868	\$ 86,531,868

2030-2034	137,875,000	32,742,514	170,617,514
2035-2038	70,095,000	5,783,625	75,787,625
	\$ 716,895,000	\$ 274,721,616	\$ 991,616,616

Arbitrage Rebate and Debt Covenant Requirements

The federal Tax Reform Act of 1986 imposes a rebate requirement with respect to some bonds issued by the County for the RTC. Under this Act, an amount may be required to be rebated to the United States Treasury (called "arbitrage") for interest on the bonds to qualify for exclusion from gross income for federal income tax purposes. Rebatable arbitrage is computed as of each installment computation date and as of the most recent such date the RTC's management believes that there is no rebatable arbitrage amount due. Future calculations might result in adjustments to this determination.

Long-term debt obligations are subject to restrictive debt covenants, including certain revenue levels and revenue/expense ratios, for which management believes the RTC is in compliance.

Deferred outflows of resources and deferred inflows of resources

Deferred outflows of resources for RTC consist of \$13,729,430 in unamortized losses on refunded bonds. Deferred inflows of resources for RTC consist of \$1,664,495 in unearned revenue from the Build America Bonds Rebate.

These bonds are being serviced, principal and interest, by the Big Bend Water District.

*The 2004 series bonds were authorized in the aggregate principal amount of \$6,000,000 for the purpose of expanding the District's water delivery system. The State of Nevada agreed to finance this expansion project by purchasing, at par, up to \$6,000,000 of the District's general obligation bonds as the project is completed. At June 30, 2019, the original amount of 2004 series bonds that had been purchased by the State of Nevada totaled \$3,197,729.

8. NET POSITION AND FUND BALANCES

Primary Government

Net Position - Government-wide Financial Statements:

The government-wide Statement of Net Position utilizes a net position presentation. Net position is categorized as net investment in capital assets, restricted and unrestricted. Net investment in capital assets is less the related debt outstanding that relates to the acquisition, construction, or improvement of capital assets.

Restricted assets are assets that have externally imposed (statutory, bond covenant, contract, or grantor) limitations on their use. Restricted assets are classified either by function, debt service, capital projects, or claims. Assets restricted by function relate to net position of government and enterprise funds whose use is legally limited by outside parties for a specific purpose. The restriction for debt service represents assets legally restricted by statute or bond covenants for future debt service requirements of both principal and interest. The amount restricted for capital projects consists of unspent grants, donations, and debt proceeds with third party restriction for use on specific projects or programs. The government-wide statement of net position reports \$1,546,673,337 of restricted net position, all of which is externally imposed.

Unrestricted net position represents financial resources of the County that do not have externally imposed limitations on their use.

8. NET POSITION AND FUND BALANCES (Continued)

Primary Government (Continued)

Governmental Funds

Government fund balance is classified as nonspendable, restricted, committed, assigned and/or unassigned based primarily on the extent to which the County is bound to observe constraints imposed on the use of the resources of the fund. Fund balance classifications by County function consist of the following:

		Governmer	Governmental Funds Fund Balance as of June 30, 2019	salance as of Ju	une 30, 2019

8. NET POSITION AND FUND BALANCES (Continued)

Discretely Presented Component Units

Flood Control District

The government-wide statement of net position reports \$9,870,391 of restricted net position which is restricted by creditors for general obligation debt repayment.

RTC

The government-wide statement of net position reports \$370,534,315 of restricted net position, of which \$237,180,891 is restricted by enabling legislation for street and highway projects and other related activities and \$133,353,424 is restricted by creditors for debt repayment.

Las Vegas Valley Water District

The statement of net position reports \$11,812,183 of restricted net position, of which \$167,624 is restricted by enabling legislation for water projects and \$11,644,559 is restricted by creditors for debt repayment.

Clark County Stadium Authority

The government-wide statement of net position reports \$56,411,865 of restricted net position, of which \$6,265,150 is restricted by enabling legislation for capital projects and \$50,146,715 is restricted by creditors for debt repayment.

9. RISK MANAGEMENT

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Over the past three years, settlements have not exceeded insurance coverage. The County maintains the following types of risk exposures:

Self-Funded Group Insurance and Group Insurance Reserve

The County has established self-insurance funds for insuring medical benefits provided to County employees and covered dependents. An independent claims administrator performs all claims-handling procedures.

Incurred but not reported claims have been accrued as a liability based upon a variety of actuarial and statistical techniques.

Clark County Workers' Compensation

The County has established a fund for self-insurance related to workers' compensation claims. For all employees except fire fighters, self-insurance is in effect up to an individual stop loss amount of \$1,000,000 per occurrence in the first year, \$250,000 in the second year and \$200,000 per year thereafter. For fire fighters, self-insurance is in effect up to an individual stop loss amount of \$1,000,000 per occurrence in the first year, \$350,000 in the second year and \$275,000 per year thereafter. Coverage from private insurers is maintained for losses in excess of the claim stop loss amount up to \$150,000,000. Incurred but not reported claims have been accrued as a liability based upon a variety of actuarial and statistical techniques.

The County has estimated the potential exposure for costs of indemnity (wage replacement) benefits, medical benefits, and other claim related expenses for disability of public safety employees (fire/bailiffs) who develop heart disease, cancer, lung disease or hepatitis. The estimated liability is the sum of two components:

- The outstanding costs due to reported claims for which the County is currently paying benefits, and
- The outstanding costs for future claims incurred but not reported (IBNR) by the County (current population of active and retired public safety employees who may meet future eligibility requirements for awards under Nevada Revised Statutes).

The claims liability for indemnity claims is estimated to be \$20,345,328. The claims liability for incurred but not reported (IBNR) claims is estimated to be \$16,207,894. IBNR is discounted utilizing an interest rate of 4.0%. The anticipated future exposure for potential claims associated with currently active employees based on an actuarial calculation is approximately \$75,518,433 discounted at 4.0%.

Las Vegas Metropolitan Police County (LVMPD) and Clark County Detention Center (CCDC) Self-Funded Insurance

The County has established separate self-insurance funds for general liabilities of the LVMPD and CCDC. Loss amounts of \$50,000 or more require approval of the LVMPD Fiscal Affairs Committee. Self-insurance is in effect for loss amounts up to \$2,000,000 per occurrence, accident, or loss. Coverage from private insurers is maintained for losses in excess of the stop loss amount up to \$20,000,000. An independent claims administrator performs claims-handling procedures for traffic claims. All other claims are administered through the LVMPD Office of General Counsel. Incurred but not reported claims have been accrued as a liability based upon a variety of actuarial and statistical techniques.

9. RISK MANAGEMENT (Continued)

LVMPD and CCDC Self-Funded Industrial Insurance

The County has established separate self-insurance funds to pay workers' compensation claims of the LVMPD and CCDC. Selfinsurance is in effect up to an individual stop loss amount of \$1,000,000 per occurrence in the first year, \$300,000 in the second year, and \$250,000 each year thereafter. Coverage from private insurers is maintained for losses in excess of the claim stop loss amount up to \$10,000,000. Incurred but not reported claims have been accrued as a liability based upon a variety of actuarial and statistical techniques.

County Liability Insurance

The County has established a general liability self-insurance fund for losses up to a \$25,000 per occurrence retention limit. Losses in excess of this retention are covered by the County liability insurance pool fund. An independent claims administrator performs all claims-handling procedures. Incurred but not reported claims have been accrued as a liability based upon a variety of actuarial and statistical techniques.

County Liability Insurance Pool

The County has established a general liability insurance pool for the benefit of County funds. Self-insurance is in effect for loss amounts over the \$25,000 retention up to \$2,000,000 per occurrence, accident, or loss.

Coverage from private insurers is maintained for losses in excess of the stop loss amount up to \$20,000,000. An independent claims administrator performs all claims-handling procedures. Incurred but not reported claims have been accrued as a liability based upon a variety of actuarial and statistical techniques.

Water Reclamation District

The Water Reclamation District does not participate in the County self-insurance funds related to workers' compensation or general liability. The Water Reclamation District is self-insured for workers compensation up to \$750,000 per occurrence. Coverage from private insurers is maintained for losses in excess of \$750,000. For all other risks, such as general, automobile and excess liabilities the Water Reclamation District purchases insurance coverage subject to self-insured retentions.

University Medical Center

The University Medical Center does not participate in the County self-insurance funds related to general liability. The University Medical Center self- insures portions of its general liability risks and has internally designated specific self-insured funds for such potential claims. The University Medical Center is self-insured for losses up to \$2,000,000 per claim. Coverage from private insurers is maintained for losses in excess of the stop loss amount up to \$20,000,000. Incurred but not reported claims have been accrued as a liability based upon a variety of actuarial and statistical techniques.

Changes in Liability Amounts

The total current claims liability at June 30, 2019, is included in the accounts payable line item in the government-wide financial statements. Changes in the funds' claims liability amounts for the past two years were:

<u>Chang</u>	Change in Liability Accounts for the Year Ended June 30, 2019 Claims and

10. COMMITMENTS AND CONTINGENCIES

Encumbrances

The County utilizes encumbrance accounting in its government funds. Encumbrances are recognized as a valid and proper charge against a budget appropriation in the year in which a purchase order, contract, or other commitment is issued. In general, unencumbered appropriations lapse at year end. Open encumbrances at fiscal year end are included in restricted, committed, or assigned fund balance, as appropriate. The following schedule outlines significant encumbrances included in governmental fund balances:

Governmental Funds	Fund Ba	lance - Encumb	orances	as of June 30,	2019	<u>)</u>
Major Funds		Restricted Fund Balance	-	committed nd Balance	4	Assigned Fund Balance
General Fund	\$	335,200	\$	-	\$	1,008,332
LVMPD		-		-		5,070,832
Nonmajor Funds						
Aggregate nonmajor funds		188,573,547		32,665		46,475,721
	\$	188,908,747	\$	32,665	\$	52,554,885

Grant Entitlement

The County is a participant in a number of federal and state-assisted programs. These programs are subject to compliance audits by the grantors. The audits of these programs for fiscal year 2019 and certain earlier years have not yet been completed. Accordingly, the County's compliance with applicable program requirements is not completely established. The amount, if any, of expenditures that may be disallowed by the grantors cannot be determined at this time. The County believes it has adequately provided for potential liabilities, if any, which may arise from the grantors' audits.

Medicare and Medicaid Reimbursements

UMC's Medicare and Medicaid cost reports for certain prior years are in various stages of review by third-party intermediaries and have not been settled as a result of certain unresolved reimbursement issues. The County believes it has adequately provided for any potential liabilities that may arise from the intermediaries' audits.

Operating Lease Commitments

The following is a schedule of future minimum lease payments primarily for office and storage space (with initial or remaining terms in excess of one year) as of June 30, 2019:

<u>Governmental Activities</u> Operating Leases Future Minimum Leas	e Pay	ments
Years ending June 30,		
2020	\$	7,139,338
2021		4,047,220
2022		1,452,355
2023		1,117,831
2024		539,728
Thereafter		4,219,953
Total minimum lease payments	\$	18,516,425

Rental expenditures including nonrecurring items was approximately \$12,940,993 of which \$10,827,806 relates to non-cancellable operating leases for the year ended June 30, 2019.

10. COMMITMENTS AND CONTINGENCIES (Continued)

Operating Lease Commitments - (Continued)

The UMC enterprise fund also had future minimum rental commitments as of June 30, 2019, for non-cancelable operating leases for property and equipment as follows:

UMC Operating Leases Future Minimum Lease Payments							
Years ending June 30,							
2020	\$	7,632,931					
2021		6,486,679					
2022		4,743,873					
2023		3,215,137					
2024		2,792,388					
Thereafter		4,491,337					
Total minimum lease payments	\$	29,362,345					

The rental expense of UMC for property and equipment was approximately \$8,701,541 for the year ended June 30, 2019.

Rentals and Operating Leases

The Department of Aviation leases land, buildings, and terminal space to various tenants and concessionaires under operating agreements that expire at various times through 2099. Charges to air carriers are generated from terminal building rentals, gate use fees, and landing fees in accordance with the Agreement or with the provisions of the applicable County ordinance. Under the terms of these agreements, concession fees are based principally either on a percentage of the concessionaires' gross sales or a stated minimum annual guarantee, whichever is greater, or on other land and building rents that are based on square footage rental rates. The Department of Aviation received \$225,820,071 in the year ended June 30, 2019, for contingent rental payments in excess of stated annual minimum guarantees.

The following is a schedule of minimum future rentals receivable on non-cancelable operating leases (with initial or remaining terms in excess of one year) as of June 30, 2019:

Department of Aviation Minimum Rents Receivable									
Years ending June 30,	Years ending June 30,								
2020	\$	303,039,319							
2021		112,297,427							
2022		100,461,021							
2023		71,332,910							
2024		69,187,420							
Thereafter		467,573,359							
Total minimum rents receivable	\$	1,123,891,456							

10. COMMITMENTS AND CONTINGENCIES (Continued)

Operating Lease Commitments (Continued)

Discretely Presented Component Units

<u>RTC</u>

On January 5, 2008 the RTC entered into a land lease for the Bonneville Transit Center for a monthly lease payment of \$150,489 through January 4, 2048. The following is a schedule of future minimum lease payments for operating leases as of June 30, 2019:

Operating Leases Future Minimum Lease Payments							
Years ending June 30,							
2020	\$	1,860,042					
2021		1,915,844					
2022		1,973,319					
2023		2,062,556					
2024		2,154,470					
Thereafter		79,557,557					
Total minimum rents receivable	\$	89,523,788					

The total rent expense for fiscal year 2019 was \$1,805,866.

Litigation

The County is a defendant in various lawsuits. The outcome of these lawsuits is not presently determinable, and the extent of possible losses cannot be estimated at this time.

UMC is involved in litigation and regulatory investigations arising in the ordinary course of business. UMC does not accrue for estimated future legal and defense costs, if any, to be incurred in connection with outstanding or threatened litigation and other disputed matters, but rather records such as period costs when services are rendered.

11. JOINT VENTURES

Southern Nevada Water Authority

The Water District, a component unit (see Note 1), has a joint venture with the Southern Nevada Water Authority ("SNWA"). The SNWA is a political subdivision of the State of Nevada, created on July 25, 1991, by a cooperative agreement between the Water District, the Big Bend Water District, the City of Boulder City, the City of Henderson, the City of Las Vegas, the City of North Las Vegas, and the Reclamation District (the "Members"). SNWA was created to secure additional supplies of water and effectively manage existing supplies of water on a regional basis through the cooperative action of the Members.

The SNWA is governed by a seven-member board of directors composed of one director from each member agency. The Water District is the operating agent for the SNWA; the General Manager of the Water District is the General Manager of the SNWA; and the Chief Financial Officer of the Water District is the Chief Financial Officer of the SNWA.

The SNWA has the power to periodically assess the Members directly for operating and capital costs and for the satisfaction of any liabilities imposed against the SNWA. The Water District and other members do not have an expressed claim to the resources of the SNWA except that, upon termination of the joint venture, any assets remaining after payment of all obligations shall be returned to the contributing Members.

In 1995, the SNWA approved agreements for the repayment of the cost of an additional expansion of the Southern Nevada Water System (SNWS). The agreements required contributions from purveyor members, including the Water District, benefiting from the expansion. In 1996, the Water District approved the collection of regional connection charges, regional commodity charges, and regional reliability surcharges to fund these contributions. In March 2012, a regional infrastructure charge based upon meter size was approved, which has been modified since that time to account for changing conditions.

The Water District records these charges as operating revenues, and contributions to the SNWA as operating expenses. However, to avoid a "grossing -up" effect on operating revenues and operating expenses in the Statements of Revenues, Expenses, and Changes in Net Position, revenue collected for the SNWA is offset against the related remittances to the SNWA. Any remaining balance is classified as an operating expense and adjusted in a following period. The table below show the SNWA regional charges collected for and remitted to the SNWA for the fiscal year 2019.

11. JOINT VENTURES (Continued)

Plan Description

Public Employees Retirement System (PERS or System) administers a cost-sharing, multiple-employer, defined benefit public employees' retirement system which includes both Regular and Police/Fire members. The System was established by the Nevada Legislature in 1947, effective July 1, 1948. The System is administered to provide a reasonable base income to qualified employees who have been employed by a public employer and whose earnings capacities have been removed or substantially impaired by age or disability.

Benefits Provided

Benefits, as required by the Nevada Revised Statutes (NRS or statute), are determined by the number of years of accredited service at time of retirement and the member's highest average compensation in any 36 consecutive months with special provisions for members entering the System on or after January 1, 2010, and July 1, 2015. Benefit payments to which participants or their beneficiaries may be entitled under the plan include pension benefits, disability benefits, and survivor benefits.

Monthly benefit allowances for members are computed as 2.5% of average compensation for each accredited year of service prior to July 1, 2001. For service earned on and after July 1, 2001, this multiplier is 2.67% of average compensation. For members entering the System on or after January 1, 2010, there is a 2.5% service time factor and for regular members entering the System on or after July 1, 2015, there is a 2.25% factor. The System offers several alternatives to the unmodified service retirement allowance which, in general, allow the retired employee to accept a reduced service retirement allowance payable monthly during his or her lifetime and various optional monthly payments to a named beneficiary after his or her death.

Post-retirement increases are provided by authority of NRS 286.575 -.579.

12. RETIREMENT SYSTEM (Continued)

Plan Description (Continued)

Vesting

Regular members are eligible for retirement at age 65 with five years of service, at age 60 with 10 years of service, or at any age with thirty years of service. Regular members entering the System on or after January 1, 2010, are eligible for retirement at age 65 with five years of service, or age 62 with 10 years of service, or any age with thirty years of service. Regular members entering the System on or after July 1, 2015, are eligible for retirement at age 65 with 5 years of service, or age 62 with 10 years of service, or at age 55 with 30 years of service or any age with 33 1/3 years of service. Police/Fire members are eligible for retirement at age 65 with five years of service, at age 55 with en years of service, at age 50 with twenty years of service, or at any age with twenty-five years of service. Police/Fire members are eligible for retirement at age 65 with five years of service. Police/Fire members are eligible for retirement at age 65 with five years of service. Or at any age with twenty-five years of service. Police/Fire members are eligible for retirement at age 65 with five years of service. Police/Fire members are service, or at any age with twenty-five years of service, or age 60 with then years of service, or age 50 with twenty years of service, or at any age with thirty years of service. Only service, or age 60 with ten years of service, or age 50 with twenty years of service, or at any age with thirty years of service. Only service performed in a position as a police officer or firefighter may be counted towards to eligibility for retirement as Police/Fire accredited service.

The normal ceiling limitation on monthly benefits allowances is 75% of average compensation. However, a member who has an effective date of membership before July 1, 1985, is entitled to a benefit of up to 90% of average compensation. Both Regular and Police/Fire members become fully vested as to benefits upon completion of five years of service.

Contributions

The authority for establishing and amending the obligation to make contributions and member contribution rates, is set by stature. New hires, in agencies which did not elect the Employer-Pay Contribution (EPC) plan prior to July 1, 1983, have the option of selecting one of two contribution plans. Contributions are shared equally by employer and employee. Employees can take a reduced salary and have contributions made by the employer (EPC) or can make contributions by a payroll deduction matched by the employer.

The System's basic funding policy provides for periodic contributions at a level pattern of cost as a percentage of salary throughout an employee's working lifetime in order to accumulate sufficient assets to pay benefits when due.

The System receives an actuarial valuation on an annual basis indicating the contribution rates required to fund the System on an actuarial reserve basis. Contributions actually made are in accordance with the required rates established by the Nevada Legislature. These statutory rates are increased/decreased pursuant to NRS 286.421 and 286.450.

The actuary funding method used is the Entry Age Normal Cost Method. It is intended to meet the funding objective and result in a relatively level long-term contribution requirement as a percentage of salary. For the fiscal year ended June 30, 2019, the statutory Employer/Employee matching rate was 14.5% for Regular and 20.75% for Police/Fire. The Employer-pay contribution (EPC) rate was 28% for Regular and 40.50% for Police/Fire.

Summary of Significant Accounting and Reporting Policies

For purposes of measuring the net pension liability, deferred outflows of resources, deferred inflows of resources and pension expense, information about the fiduciary net position of the Public Employees' Retirement System of Nevada (PERS) and additions to/deductions from PERS's fiduciary net position have been determined on the same basis as they are reported by PERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Basis of accounting

Employers participating in PERS cost sharing multiple-employer defined benefit plans are required to report pension information in their financial statements for fiscal periods beginning on or after June 15, 2014, in accordance with Governmental Accounting Standards Board (GASB) Statement No. 68, Accounting and Financial Reporting for Pensions.

The underlying financial information used to prepare the pension allocation schedules is based on PERS' financial statements. PERS' financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) that apply to governmental accounting for fiduciary funds.

Contributions for employer pay dates that fall within PERS' fiscal year ending June 30, 2018, are used as the basis for determining each employer's proportionate share of the collective pension amounts.

The total pension liability is calculated by PERS' actuary. The plan's fiduciary net position is reported in PERS financial statements and the net pension liability is disclosed in PERS notes to the financial statements. An annual report containing financial statements and required information for the System may be obtained by writing to PERS, 693 W. Nye Lane, Carson City, Nevada 89703-1599, or by calling (775) 687-4200.

12. RETIREMENT SYSTEM (Continued)

Plan Description (Continued)

Investment Policy

The System's policies which determine the investment portfolio target asset allocation are established by the Board. The asset allocation is reviewed annually and is designed to meet the future risk and return needs of the System.

The following was the Board adopted policy target asset allocation as of June 30, 2018:

Asset Class	Target Allocation	Long-Term Geometric Expected Real Rate of Return
Domestic Equity	42%	5.50%
International Equity	18%	5.75%
Domestic Fixed Income	30%	0.25%
Private Markets	10%	6.80%

The System adopted a new target asset allocation in June 2018, with an effective implementation date of July 1, 2018. The new target allocation is as follows: 42% U.S. stock, 18% international stock, 28% U.S. bonds, and 12% private markets.

As of June 30, 2018, PERS' long-term inflation assumption was 2.75%

Pension Liability

Net Pension Liability

The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The employer allocation percentage of the net pension liability was based on the total contributions due on wages paid during the measurement period. Each employer's proportion of the net pension liability is based on their combined employer and member contributions relative to the total combined employer and member contributions for all employers for the period ended June 30, 2018.

Pension Liability Discount Rate Sensitivity

The following presents the net pension liability of the PERS as of June 30, 2018 and Clark County's proportionate share of the net pension liability of PERS as of June 30, 2018, calculated using the discount rate of 7.50%, as well as what the PERS net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.50%) or 1- percentage-point higher (8.50%) than the current discount rate:

	1% Decrease in Discount Rate (6.50%)	_	Discount Rate (7.50%)	1% Increase in Discount Rate (8.50%)
PERS Net Pension Liability	\$ 20,797,004,428	\$	13,637,741,889	\$ 7,688,811,668
Clark County proportionate share of PERS Net Pension Liability (1)	\$ 3,600,990,390	\$	2,361,367,842	\$ 1,331,313,701

(1) The Clark County proportionate share of the PERS net pension liability (discounted at 7.50% above) includes \$1,226,163,012 for Las Vegas Metropolitan Police County (LVMPD). LVMPD is jointly funded by the County and the City of Las Vegas. The City currently funds 36.4 percent of the LVMPD. The City is liable for \$355,698,459 of the Clark County proportionate share of the PERS net pension liability (discounted at 7.50% above). A receivable has been established in the government-wide statement of net position for the City's portion.

At June 30, 2019 and 2018, the County's proportionate share of the collective net pension liability was 17.31495% and 16.96120%, respectively.

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the PERS Comprehensive Annual Financial Report, available on the PERS website.

12. RETIREMENT SYSTEM (Continued)

Plan Description (Continued)

Actuarial Assumptions

The System's net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The total pension liability was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation rate	2.75%
Payroll Growth	5.00%, including inflation
Investment Rate of Return	7.50%
Productivity pay increase	0.50%
Projected salary increases	Regular: 4.25% to 9.15%, depending on service; Police/Fire: 4.55% to 13.9%, depending on service; Rates include inflation and productivity increases
Consumer Price Index	2.75%
Other assumptions	Same as those used in the June 30, 2018 funding actuarial valuation

Actuarial assumptions used in the June 30, 2018 valuation were based on the results of the experience review completed in 2017. The discount rate used to measure the total pension liability was 7.50% as of June 30, 2018. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at the rate specified in statute. Based on that assumption, the pension plan's fiduciary net position at June 30, 2018, was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability as of June 30, 2018.

Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Clark County

As of June 30, 2019, the total employer pension expense is \$159,143,097. At June 30, 2019, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources		Deferred Inflows of Resources		
Differences between expected and actual experience (1)	\$	73,975,046	\$	109,608,007	
Net difference between projected and actual earnings on investments		-		11,242,412	
Changes of assumptions		124,429,142		-	
Changes in proportion and differences between actual contributions and proportionate share of contributions (1) Contributions to PERS after measurement date		58,871,789 169,378,642		48.086.715	
Total	\$	426,654,619	\$	168,937,134	

(1) Average expected remaining service lives:

6.22 years

Deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date totaling \$169,378,642 will be recognized as a reduction of the net pension liability in the year ending June 30, 2020. Other amounts reported as deferred outflows/(inflows) of resources related to pension will be recognized in pension expense as follows:

Fiscal year ending June 30:		
2020	\$	54,630,193
2020	Φ	54,030,193
2021		14,976,245
2022		(37,112,594)
2023		21,837,715
2024		29,231,073
Thereafter		4,776,211

12. RETIREMENT SYSTEM (Continued)

University Medical Center

Pension Liability Discount Rate Sensitivity

The following presents University Medical Center's proportionate share of the net pension liability of PERS as of June 30, 2019, calculated using the discount rate of 7.50%, as well as what the PERS net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.50%) or 1- percentage-point higher (8.50%) than the current discount rate:

	1	% Decrease in		1	1% Increase in
		Discount Rate	Discount Data	I	Discount Rate
		(6.50%)	 Discount Rate (7.50%)		(8.50%)
Proportionate share of PERS Net Pension Liability	\$	782,668,037	\$ 512,951,016	\$	289,634,744

At June 30, 2019 and 2018, University Medical Center's proportionate share of the collective net pension liability was 3.76126% and 3.57908%, respectively.

As of June 30, 2019, the total employer pension expense is \$37,992,154. At June 30, 2019 University Medical Center reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	C	Deferred Outflows of Resources		erred Inflows Resources
Differences between expected and actual experience (1)	\$	16,069,320	\$	23,809,733
Net difference between projected and actual earnings on pension plan investments		-		2,442,146
Changes of assumptions or other inputs		27,029,272		-
Changes in proportion and differences between employer contributions and proportionate share of contributions (1)		29,735,065		6,662,620
UMC contributions subsequent to the measurement date	. <u></u>	36,785,295		-
Total	\$	109,618,952	\$	32,914,499

(1) Average expected remaining service lives:

6.22 years

Deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date totaling \$36,785,295 will be recognized as a reduction of the net pension liability in the year ending June 30, 2020. Other amounts reported as deferred outflows/(inflows) of resources related to pension will be recognized in pension expense as follows:

Fiscal year ending June 30:	
2020	\$ 15,235,545
2021	6,621,668
2022	(3,378,786)
2023	10,299,901
2024	9,612,753
Thereafter	1,528,077

12. RETIREMENT SYSTEM (Continued)

Clark County Water Reclamation District

Pension Liability Discount Rate Sensitivity

The following presents Water Reclamation District's proportionate share of the net pension liability of PERS as of June 30, 2018, calculated using the discount rate of 7.50%, as well as what the PERS net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.50%) or 1- percentage-point higher (8.50%) than the current discount rate:

	 1% Decrease in Discount Rate (6.50%)	 Discount Rate (7.50%)	 1% Increase in Discount Rate (8.50%)
Proportionate share of PERS Net Pension Liability	\$ 89,860,432	\$ 58,926,437	\$ 33,222,089

At June 30, 2019 and 2018, the Water Reclamation District's proportionate share of the collective net pension liability was .43208% and .42525%, respectively.

As of June 30, 2019, the total employer pension expense is \$4,576,674. At June 30, 2019, the Water Reclamation District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources		erred Inflows Resources
Differences between expected and actual experience (1)	\$ 1,846,0	00 \$	2,735,198
Net difference between projected and actual earnings on pension plan investments		-	280,547

Las Vegas Valley Water District Retirement Plan

Plan Description

The Water District contributes to the Las Vegas Valley Water District Pension Plan (the "Plan"), a single-employer defined benefit pension trust fund established by the Water District to provide pension benefits solely for the employees of the Water District. A Board of Trustees, comprised of the Water District's Board, has the authority to establish and amend the benefit provisions of the Plan and the contribution requirements of the Water District and the employees. Employee contributions are not required or permitted, except under certain conditions in which employees may purchase additional years of service for eligibility and increased benefits. During fiscal year 2019 employee contributions for this purpose was \$0.1 million.

The Plan was amended effective February 15, 2005, to provide the following: (1) Increase the annual service credit of 2 percent to 2.17 percent for years of service after July 1, 2001 (service credit is the accumulation of pension plan years while an employee was in paid status at the Water District.); (2) Change the benefit formula to increase the calculation of highest average pay by 50 percent of the employer contribution rate charged by Nevada PERS to employers who pay the full contribution rate, as prescribed in the Nevada Revised Statutes; (3) Add shift differential and standby pay to the total compensation counted toward the pension benefit.

Other than cost of living adjustments, the Plan does not provide ad hoc post-retirement benefit increases nor does it administer postemployment healthcare plans. The Plan does not issue a stand-alone financial report.

All Water District employees are eligible to participate in the Plan after attaining age 20 and completing six months of employment. Subject to a maximum pension benefit, normally 60 percent of average monthly compensation, Water District employees who retire at age 65 are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 2 percent of their average monthly compensation multiplied by the years of service prior to July 1, 2001, and 2.17 percent of their average monthly compensation multiplied for the years of service after July 1, 2001. For the purpose of calculating the pension benefit, average monthly compensation means the average of a member's 36 consecutive months of highest compensation, after excluding certain elements, increased by 50 percent of the employer contribution rate charged by Nevada PERS to employers who pay the full contribution rate that is in effect for the 36 consecutive months of highest compensation, while participating in the Plan.

For participants in the plan prior to January 1, 2001, benefits start to vest after three years of service with a 20 percent vested interest; after four years of service, 40 percent; and after five years of service, 100 percent. New participants after January 1, 2001, start to vest at 5 years of service, at which time they are vested 100 percent. The Plan also provides for early retirement and preretirement death benefits. The Plan is not subject to the Employee Retirement Income Security Act (ERISA) of 1974 but is operated consistent with ERISA fiduciary requirements.

For employees on or after January 1, 2001, benefits are increased after retirement by cost of living adjustments that become effective on the first month following the anniversary of benefit commencement according to the following schedule:

	Schedule of Benefit Increases -
	Employees hired on or after January 2, 2001
0.0%	following the 1 st , 2 nd and 3 rd anniversaries
2.0%	following the 4 th , 5 th and 6 th anniversaries
	following the 4, 5 and 6 anniversaries
3.0%	following the 7 th , 8 th and 9 th anniversaries
3.5%	following the 10 th , 11 th and 12 th anniversaries
	following the to, it and iz anniversaries
4.0%	following the 13 th and 14 th anniversaries
5.0%	following each anniversary thereafter
h	ž ž

However, if the benefit amount at the time of an increase is at least or equal to the original benefit amount multiplied by cumulative inflation since retirement, as measured by the increase in the Consumer Price Index (All Items), then the increase cannot exceed the average rate of inflation for the three proceeding years.

The Water District contributes amounts actuarially determined necessary to fund the Plan in order to pay benefits when due and to provide an allowance sufficient to finance the administrative costs of the Plan. Contributions cannot revert to or be revocable by the Water District or be used for any purpose other than the exclusive benefit of the participants.

12. RETIREMENT SYSTEM (Continued)

Discretely Presented Component Units (Continued)

Las Vegas Valley Water District Retirement Plan (Continued)

A. Plan Description (Continued)

At June 30, 2019, participants in the Plan consisted of the following:

Plan Participants as of June 30, 2019					
	2019				
Participant Count Retirees in pay status with					
unpurchased benefits Terminated employees not yet	300				
receiving benefits Retirees paid monthly from	383				
plan	394				
Active employees					
fully vested	932				
non-vested	221				
Total active employees	1,153				
Total participants	2,230				

B. Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting. Employer contributions are recognized when due. Participants do not make contributions except voluntarily under certain conditions to purchase additional years of service. Participant contributions are non-refundable.

C. Allocated Insurance Contracts

Through December 31, 2013, benefit obligations were recognized and paid when due by purchasing annuity contracts from a life insurance company rated A++ by A.M. Best rating company. Beginning January 1, 2014, benefit obligations are paid by the Plan through a large multi-national bank. Cost of living adjustments for benefit obligations that were initially paid by purchasing annuity contracts from a life insurance company continue to be paid by purchasing additional annuity contracts from a life insurance company. The costs to purchase annuity contracts from a life insurance company for benefit obligations or cost of living adjustments was \$4.0 million the year ended June 30, 2019. The obligation for the payment of benefits covered by these annuity contracts have been transferred to a life insurance company and are excluded from the Plan assets.

D. Method Used to Value Investments

The domestic equity, international equity, domestic bond, global real estate investment trust (REIT) and money market accounts are stated at fair value, measured by the underlying market value as reported by the managing institutions. Investments at contract value are insurance contracts and pooled accounts, stated at contract value as determined by the insurance companies in accordance with the terms of the contracts.

E. Actuarially Determined Contribution

The Water District's policy is to pay the current year's actuarially determined contribution when due. This amount was \$37.4 million for the year ended June 30, 2019. The District also contributed \$3.1 million in excess of the actuarially determined contribution for the year ended June 30, 2019.

12. RETIREMENT SYSTEM (Continued)

Discretely Presented Component Units (Continued)

Las Vegas Valley Water District Retirement Plan (Continued)

F. Net Pension Liability

The total pension liability was determined by an actuarial valuation as of the valuation date, calculated based upon the discount rate and actuarial assumptions listed below. The total pension liability was then projected forward to the measurement date taking into account any significant changes between the valuation date and the fiscal year end. The liabilities are calculated using a discount rate that is a blend of the expected investment rate of return and a high-quality bond index rate. The expected investment rate of return applies for as long as the Plan assets (including future contributions) are projected to be sufficient to make the projected benefit payments. If Plan assets are projected to be depleted at some point in the future, the rate of return of a high-quality bond index is used for the period after the depletion date. The disclosures below exclude assets and liabilities held with a life insurance company, which provides benefits for retirees or their beneficiaries whose benefits were purchased with annuity contracts from the life insurance company.

Net Pension Liability Components	
	 June 30, 2019
Total pension liability	\$ 729,478,758

Net pension liability	\$ 215,177,642
Fiduciary net position as a % of total pension liability	70.50%
Covered payroll	\$ 126,775,776
Net pension liability as a % of covered payroll	169.73%
Valuation date	June 30, 2018
Measurement date	June 30, 2019
GASB No. 67 reporting date	June 30, 2019
Depletion date	None
Discount rate	6.75%
Expected rate of return, net of investment expenses	6.75%
Municipal bond rate	N/A

If the assets and liabilities for retirees or their beneficiaries whose benefits were purchased with annuity contracts from a life insurance company were included with the Plan assets:

	June 30, 2019
Fiduciary net position as a % of total pension liability	76.07%

G. Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability calculated using the discount rate of 6.75%, as well as what the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (5.75%) and 1 percentage point higher (7.75%) than the current rate.

Discount Rate Sensitivity as of June 30, 2019							
	1% Decrease in Discount Rate 5.75%	Discount Rate 6.75%	1% Increase in Discount Rate 7.75%				
Total Pension Liability	\$ 844,324,462	\$ 729,478,758	\$ 634,711,554				
Fiduciary Net Position	514,301,116	514,301,116	514,301,116				
Net Pension Liability	\$ 330,023,346	\$ 215,177,642	\$ 120,410,438				

12. RETIREMENT SYSTEM (Continued)

Discretely Presented Component Units (Continued)

Las Vegas Valley Water District Retirement Plan (Continued)

H. Actuarial Assumptions

Actuarial cost method	Entry Age Normal Cost Method
Amortization method	20-year amortization of unfunded liability (closed period) as a level percent of pay, using layered bases starting July 1, 2016. In prior years, 30-year amortization of unfunded liability (closed period) as a level percent of pay, using layered bases starting July 1, 2009.
Remaining amortization period	Bases established between July 1, 2016 and July 1, 2018 have remaining amortization periods ranging from 17 to 19 years. Bases established between July 1, 2009 and July 1, 2015 have remaining amortization periods ranging from 20 to 26 years.
Inflation	2.75% per year
Salary increases	4.75% to 9.15% depending on service; Rates include inflation
Investment rate of return	6.75%, net of pension plan investment expenses, including inflation
Retirement age	Normal retirement age is attainment of age 65. Unreduced early retirement is available after either 1) 30 years of service, or 2) age 60 with 10 years of service. Reduced early retirement benefits are available after attainment of age 55 and completion of 5 years of service (3 years of service if a participant prior to January 1, 2001).
Mortality	Non-Disabled Participants - Headcount-weighted RP-2014 Employee/Healthy Annuitant mortality table projected to 2020 using Projection Scale MP-2016; Disabled Participants - Headcount- weighted RP-2014 Disabled mortality table projected to 2020 using Projection Scale MP-2016, set forward 4 years.

I. Changes in Net Pension Liability

	Fiscal Year Ending June 30,2019

Balance as of June 30, 2019	\$	729,478,758	\$	514,301,116	\$	215,177,642

12. RETIREMENT SYSTEM (Continued)

Discretely Presented Component Units (Continued)

Las Vegas Valley Water District Retirement Plan (Continued)

J. Changes in Actuarial Assumptions

For the fiscal year ending June 30, 2019, amounts reported as changes of assumptions resulted primarily from adjustments to assumed life expectancies as a result of adopting Headcount-Weighted RP-2014 Employee/Healthy Annuitant tables projected to 2020 using projection scale MP-2016 and, for disabled participants, the Headcount-Weighted RP-2014 Disabled Retiree tables projected to 2020 using Projection Scale MP-2016 and set forward four years, compared to the prior valuation which used the RP-2000 Combined Healthy/Disabled Retiree mortality tables projected to 2015 using Scale AA. For the fiscal year ending June 30, 2019, the Water District assumed future individual salary increases vary based on years of service where prior year assumed a flat rate increase of 4.75% per year. And finally, the assumed withdrawal rates for fiscal year ending June 30, 2019 are service-based compared to the prior year assumption where withdrawal rates were age-based and ranged from 9.70% per year at age 25 to 0.0% at age 55.

K. Pension Expense

Total employer pension expense was \$41.4 million for the fiscal year ended June 30, 2019

L. Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2019, the District reported the following deferred inflows of resources and deferred outflows of resources related to pensions:

<u>As of June 30, 2019</u>						
		ferred Inflows f Resources	C	Deferred Outflows of Resources		
Differences between Expected and Actual Experience	\$	(6,804,844)	\$	9,721,937		
Changes of Assumptions		-		43,671,260		
Net Difference between Projected and Actual Earnings		(15,971,385)		-		
Contributions Made Subsequent to Measure Date				-		
Total	\$	(22,776,229)	\$	53,393,197		

Amounts currently reported as deferred inflows of resources and deferred outflows of resources related to pensions will be recognized as follows:

Fiscal year ending June 30:	Recognized Deferred Inflows/Outflows		
2020	\$	5,919,189	
2021		2,105,194	
2022		7,197,082	
2023		8,618,440	
2024		5,975,060	
Thereafter		802,003	

12. RETIREMENT SYSTEM (Continued)

Discretely Presented Component Units (Continued)

Las Vegas Valley Water District Retirement Plan (Continued)

M. Investment Rate of Return

Investment Rate of Return as of June 30, 2019					
Asset Class	Expected Nominal Return	Target Asset Allocation			
Large Cap U.S. Equities	7.04%	38%			
Small/Mid Cap U.S. Equities	8.14%	16%			
International Equities	8.30%	15%			
Core Fixed Income	5.01%	22%			
High Yield Bonds	6.91%	6%			
REITs	8.44%	3%			
Expected Average Return (1 year)		6.99%			
Expected Geometric Average Return (75 ye	ars)	6.28%			

The expected geometric average return over 75 years is less than the expected 1 year return due to expected deviations each year from the average which, due to the compounding effect, lower long-term returns.

N. Pension Investments

Management believes the Water District's pension investment policy conforms to the Water District's enabling act which requires the District to follow the "prudent person" rule, i.e., invest with discretion, care and intelligence. The investment policy does not specify credit quality ratings or maturities except that investments must be those that are allowed by law and those that the investment managers are trained and competent to handle.

To diversify investment risk, the Water District's investment policy currently limits pension plan investments as follows:

Pension Plan investment Limits				
Investment Type Percent of Portfolio				
Cash and Cash Equivalents	2%	+/- 2%		
Fixed-Income Securities	27%	+/- 10%		
Equity Securities	68%	+/- 10%		
Global REIT	3%	+/- 3%		

O. Rate of Return

For the year ended June 30, 2019, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was 7.03%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

13. RELATED PARTY TRANSACTIONS

The County transfers sales, fuel, and various other taxes and fees deposited in the Master Transportation Plan special revenue fund to the RTC, a discretely presented component unit. Transfers during the fiscal year ended June 30, 2019, totaled \$331,153,663. The balance payable from the Master Transportation Plan fund to the RTC as of June 30, 2019, was \$91,164,112.

The County is reimbursed by the RTC for construction and maintenance of transportation projects. At June 30, 2019, the County had open interlocal contracts totaling \$255,408,350. Of those contracts, \$134,523,631 was spent, and there remain outstanding contract balances totaling \$120,884,719. Reimbursements during the fiscal year ended June 30, 2019 totaled \$35,858,761. The balance receivable from the RTC to the County as of June 30, 2019 was \$10,567,407.

The County is reimbursed by the RFCD for construction and maintenance of flood control projects. At June 30, 2019, the County had open interlocal contracts totaling \$213,090,275. Of those contracts, \$197,759,029 was spent, and there remain outstanding contract balances totaling \$15,331,246. Reimbursements during the fiscal year ended June 30, 2019 totaled \$14,806,454. The balance receivable from the RFCD to the County as of June 30, 2019 was \$1,073,927.

Las Vegas Valley Water District

The Las Vegas Valley Water District is a member of the Southern Nevada Water Authority ("SNWA")(see Note 11). Besides being a member of the SNWA, the Water District is its operating agent. Beginning in fiscal year 2009, the SNWA advanced funds to the Water District for expenditures to be made on its behalf. The Water District credits the SNWA interest on a monthly average advance balance at the Water District's current investment earnings rates. The SNWA owed the Water District \$5,902,128 at June 30, 2019 for expenditures made on its behalf in excess of advanced funds, which the District recorded as a current receivable.

The Water District has allocated to and recorded receivable balances from SNWA of \$78,956,682 for net pension liability and \$4,517,162 for postemployment benefits other than pensions for Water District employees devoted to SNWA operations. Additionally, the Water District has recorded a receivable balance of \$7,338,744 from SNWA for their proportionate share of contributions to the LVVWD OPEB Trust.

As of June 30, 2019 the Water District recorded a receivable balance of \$1,835,280,000 from SNWA for outstanding general obligation bonds whose proceeds were delivered to SNWA to finance water projects and refund existing debt. The Water District also recorded receivable balance of \$7,734,260 from SNWA for accrued interest related to these general obligation bonds.

As of June 30, 2019 the Water District recorded a receivable balance of \$400,000,000 from SNWA for outstanding general obligation commercial paper notes whose proceeds were delivered to SNWA to fund the SNWA's capital expenditures, to purchase a 25% interest in the Silverhawk power plant and purchase water resources.

14. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB)

Clark County contributes to seven different defined benefit OPEB Plans as described below. At June 30, 2019, the County reported aggregate amounts related to OPEB for all plans to which it contributes.

	Net C	PEB Liability	Defe	erred Outflows	Def	erred Inflows
Governmental activities						
Clark County Self-Funded OPEB Trust	\$	84,711,315	\$	21,977,338	\$	328,877,784

14. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (Continued)

OPEB Plans Administered Through Trusts

Clark County Self-Funded (CCSF) OPEB Trust

General Information about the Other Post Employment Benefit (OPEB) Plan

Plan Description

Clark County Self-Funded (CCSF) OPEB Trust provides OPEB to all permanent full-time employees of Clark County (primary government only) enrolled in the Clark County Self-Funded Group Medical and Dental Benefit Plan. The CCSF OPEB Trust is a singleemployer defined benefit OPEB plan administered by Clark County, Nevada. CCSF OPEB Trust issues a publicly available financial report. The report may be obtained at

http://www.clarkcountynv.gov/finance/comptroller/Pages/ClarkCounty,NevadaOPEBTrustFund.aspx.

Benefits Provided

CCSF OPEB Trust provides medical, dental, vision, and prescription drug benefits to eligible retirees and beneficiaries. Retirees are eligible to continue coverage in the Clark County Self-Funded Group Medical and Dental Benefit Plan as a participant with active employees at a blended premium rate, resulting in an implicit subsidy. Benefit provisions are established and amended through negotiations between the respective unions and the County.

Employees Covered by Benefit Terms

At June 30, 2019, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries receiving benefit payments	1,138
Inactive employees entitled to but not yet receiving benefit payments	-
Active employees	3,920
Total	5,058

Contributions

The CCSF OPEB Trust does not have contractually or statutorily required contributions. State law requires health insurance to be provided to retirees at a blended rate. For fiscal year ended June 30, 2019, the estimated implicit subsidy was \$8,697,942. Clark County can make voluntary cash contributions to the plan for purposes of prefunding obligations for past service. Clark County cash contributions during the fiscal year totaled \$24,081,750.

Net OPEB Liability

The CCSF OPEB Trust's net OPEB liability was measured as of June 30, 2018, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date.

Actuarial assumptions: The total OPEB liability as of June 30, 2019 was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.00%
Salary increases	3.00%
Investment rate of return	7.50%
Healthcare cost trend rates	7.00% decreasing to an ultimate rate of 4.50%
Retirees' share of benefit-related costs	100% of premium amounts based on years of service

Mortality rates were based on the following:

RP-2014 generational table, back-projected to 2006, then scaled using MP-2018, applied on a gender-specific basis.

The demographic assumptions are based on the Nevada PERS Actuarial Experience Study based on the 2018 Nevada PERS Actuarial Valuation. Salary scale and inflation assumptions are based on the 2018 Nevada PERS Actuarial Valuation.

The long-term expected rate of return on the CCSF OPEB Trust investments was based on the investment policy of the State of Nevada's Retiree Benefit Investment Fund (RBIF), where the CCSF OPEB Trust invests its assets. RBIF's investment policy objective is to generate a 7.50% long-term return by producing a long-term return from investments which exceeds the rate of inflation by capturing market returns within each asset class.

14. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (Continued)

Clark County Self-Funded (CCSF) OPEB Trust (Continued)

Discount Rate: The discount rate used to measure the total OPEB liability was 4.79%. The County is not fully prefunding benefits. The current Plan assets plus future expected employer contributions and investment earnings are expected to be sufficient to make benefit payments to current plan members through June 30, 2044. For this purpose, only employer contributions that are intended to fund benefits of current plan members are included. The projection of the Plan's fiduciary net position and cash flows used to determine the discount rate assumes an employer contribution by the next fiscal year end of 60% of the actuarially determined contribution rate, and plan member contributions made at the current contribution rate, trended annually. For determining the discount rate, the long-term rate of expected return on Plan investments (7.50%) was applied to periods of projected benefit payments through June 30, 2044, and the 20-year municipal bond rate (3.87% based on Bond Buyer 20-Bond GO Index) was applied to periods after June 30, 2044 to determine the Total OPEB Liability.

Changes in the Net OPEB Liability

		Increases (Decreases)	
	Total OPEB Liability (a)		
Balances at 6/30/18	\$ 518,534,664	\$ 95,323,565	\$ 423,211,099
Changes for the year:			
Service cost	31,047,509	-	31,047,509
Interest	19,384,192	-	19,384,192
Differences between expected and actual experience	(247,343,324)	-	(247,343,324)
Change in assumptions	(100,293,668)	-	(100,293,668)
Contributions- employer	-	4,429,896	(4,429,896)
Net investment income	-	7,898,455	(7,898,455)
Benefit payments	(4,429,896)	(4,429,896)	-
Administrative expense		(323)	323
Net Changes	(301,635,187)	7,898,132	(309,533,319)
Balances at 6/30/19	\$ 216,899,477	\$ 103,221,697	\$ 113,677,780

Changes in Assumptions: The discount rate was updated from 3.60% as of June 30, 2017 to 4.79% as of June 30, 2018. The marriage assumption was updated to reflect the most recent participant experience. The aging factors were updated to be based on the 2013 Society of Actuaries study. The termination rates and retirement rates were updated based on the 2018 Nevada PERS Actuarial Valuation results. The mortality table was updated from RP-2000 projected to year 2013 using Scale AA to RP- 2014 with generational projection scale MP-2018. The salary scale assumption was updated to 3.0%.

Sensitivity of the net OPEB liability to changes in the discount rate: The following presents the net OPEB liability of the CCSF OPEB Trust as well as what the CCSF OPEB Trust's net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (3.79%) or 1-percentage-point higher (5.79%) than the current discount rate:

	19	% Decrease 3.79%	D	iscount Rate 4.79%	1	% Increase 5.79%
CCSF OPEB Trust	\$	158,086,000	\$	113,677,780	\$	79,122,000

Sensitivity of the net OPEB liability to changes in the healthcare cost trend rates: The following presents the net OPEB liability of the CCSF OPEB Trust as well as what the CCSF OPEB Trust's net OPEB liability would be if it were calculated using a healthcare cost trend rate that is 1-percentage-point lower (6.00% decreasing to 3.50%) or 1-percentage-point higher (8.00% decreasing to 5.50%) than the current healthcare cost trend rates:

	1% Decrease	Trend Rates	1% Increase
	Ultimate 3.50%	Ultimate 4.50%	Ultimate 5.50%
CCSF OPEB Trust	\$ 75,128,000	\$ 113,677,780	\$ 164,758,000

14. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (Continued)

Clark County Self-Funded (CCSF) OPEB Trust (Continued)

OPEB plan fiduciary net position: Detailed information about the CCSF OPEP Trust's fiduciary net position is available in the separately issued financial report.

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2019, the County recognized OPEB expense of \$7,961,923 related to the CCSF OPEB Trust. At June 30, 2019, the County reported deferred outflows of resources and deferred inflows of resources related to the CCSF OPEB Trust from the following sources:

		Deferred vs of Resources	Deferred Inflows of Resources		
Differences between expected and actual experience	\$	389,744	\$	229,341,067	
Changes in assumptions		-		147,639,961	
Net difference between projected and actual earnings on investments		-		5,457,161	
Contributions made after measurement date		32,779,692		-	
Total	<u>\$</u>	33,169,436	\$	382,438,189	

Deferred outflows of resources related to OPEB resulting from contributions subsequent to the measurement date totaling \$32,779,692 will be recognized as a reduction of the net OPEB liability in the year ending June 30, 2020. Other amounts reported as deferred outflows/(inflows) of resources related to OPEB will be recognized in OPEB expense as follows:

Fiscal year ending June 30:	
2020	\$ (37,555,447)
2021	(37,555,447)
2022	(37,555,447)
2023	(35,980,479)
2024	(35,797,415)
Thereafter	(197,604,210)

LVMPD OPEB Trust

General Information about the Other Post Employment Benefit (OPEB) Plan

Plan Description

LVMPD OPEB Trust provides OPEB to all permanent full-time employees of the Las Vegas Metropolitan Police Department. Additionally, the LVMPD OPEB Trust subsidizes eligible retirees' contributions to the Public Employees' Benefits Plan (PEBP). The LVMPD OPEB Trust is a single-employer defined benefit OPEB plan administered by LVMPD. The LVMPD OPEB Trust issues a publicly available financial report. The report may be obtained at http://www.lvmpd.com/en-us/Pages/LVMPD-OPEBTrustFund.aspx.

Benefits Provided

The LVMPD OPEB Trust provides benefits to four classes of employees; Police Protective Association (PPA) employees, Police Managers & Supervisors Association (PMSA) employees, Police Protection Association Civilian Employees (PPACE), and Appointed Employees (Appointed).

LVMPD OPEB Trust provides medical, dental, vision and prescription drug benefits to eligible PPA and PMSA retirees and beneficiaries. Retirees and surviving spouses are eligible to continue coverage in the Las Vegas Metropolitan Police Department Employee Health and Welfare Trust medical plan as a participant with active employees at a blended premium rate, resulting in an implicit subsidy. Effective April 1, 2014, all retirees and spouses over the age of 65 are no longer covered under the Plan. Effective 2017, retirees and spouses over the age of 65 are eligible to continue coverage for dental and vision only.

14. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (Continued)

LVMPD OPEB Trust (Continued)

LVMPD OPEB Trust provides medical, dental, vision, prescription drug and life benefits to eligible PPACE retirees and beneficiaries. Retirees are eligible to continue coverage in the PPACE medical plan as a participant with active employees at a blended premium rate, resulting in an implicit subsidy.

LVMPD OPEB Trust provides medical, dental, vision, prescription drug, and life benefits to eligible Appointed retirees and beneficiaries. Retirees and beneficiaries are eligible to continue coverage in the Clark County Self-Funded Group Medical and Dental Benefit Plan as a participant with active employees at a blended premium rate, resulting in an implicit subsidy.

LVMPD OPEB Trust pays a portion of the monthly premiums for former employees who retired and enrolled in the PEBP health plan. The subsidy is based on the retiree's years of service with the County.

Benefit provisions are established and amended through negotiations between the respective unions and the County.

Employees Covered by Benefit Terms

At June 30, 2019, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries receiving benefit payments	756
Inactive employees entitled to but not yet receiving benefit payments	-
Active employees	5,604
Total	6,360

Contributions

With the exception of the PEBP subsidies required by Nevada Revised Statues, the LVMPD OPEB Trust does not have contractually or statutorily required contributions. State law requires health insurance to be provided to retirees at a blended rate. For fiscal year ended June 30, 2019, the estimated implicit subsidy was \$3,312,709, and cash contributions to PEBP were \$687,291. Clark County can make voluntary cash contributions to the plan for purposes of prefunding obligations for past service. Clark County made voluntary cash contributions of \$4,000,000.

Net OPEB Liability

The LVMPD OPEB Trust's net OPEB liability was measured as of June 30, 2018, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date.

Actuarial assumptions: The total OPEB liability as of June 30, 2019 was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.50%
Salary increases	Ranges from 4.30% to 14.30% based on years of service, including inflation
Investment rate of return	6.25%
Healthcare cost trend rates	7.50% decreasing to an ultimate rate of 4.25%
Retirees' share of benefit-related costs	0% to 100% premium amounts based on years of service

Mortality rates were based on RP-2014 Mortality Tables adjusted to reflect Mortality Improvement Scale MP-2018 from the 2006 base year, and projected forward on a generational basis.

The demographic assumptions for PPA and PMSA employee groups were developed based on observed demographic experience from 2010 to 2016, and the salary increase assumption is based on the Nevada PERS Actuarial Experience Study for the period from July 1, 2012 to June 30, 2016. The demographic and salary increase assumptions for the PPACE and Appointed employee groups are based on the Nevada PERS Actuarial Experience Study for the period from July 1, 2012 to June 30, 2016.

14. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (Continued)

LVMPD OPEB Trust (Continued)

The long-term expected rate of return on the LVMPD OPEB Trust investments, net of investment expenses, was based on the investment policy of the State of Nevada's Retiree Benefit Investment Fund (RBIF) where the LVMPD OPEB Trust invests its assets. The rate is based on the RBIF's investment policy summarized in the following table:

Asset Class	Asset Allocation
Foreign Developed Equity	21.00%
U.S. Fixed Income	30.00%
U.S. Large Cap Equity	49.00%

Discount rate: The discount rate used to measure the total OPEB liability was 6.25%. The projection of cash flows used to determine the discount rate assumed the County's contributions will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the LVMPD OPEB Trust's fiduciary net position was projected to be available to make all projected OPEB payments for current and inactive employees. Therefore, the long-term expected rate of return on the LVMPD OPEB Trust's plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

Changes in the Net OPEB Liability

	Increases (Decreases)					
	Total OPEB Liability (a)		Plan Fiduciary Net Position (b)		Net OPEB Liability (a)-(b)	
Balances at 6/30/18	\$	80,953,780	\$	8,683,860	\$	72,269,920
Changes for the year:						
Service cost		3,637,551		-		3,637,551
Interest		5,241,761		-		5,241,761
Differences between expected and actual experience		(8,754,676)		-		(8,754,676)
Change in assumptions		2,381,079		-		2,381,079
Contributions- employer		-		7,240,467		(7,240,467)
Net investment income		-		756,154		(756,154)
Benefit payments		(3,240,467)		(3,240,467)		-
Administrative expense		-		(23,788)		23,788
Net Change		(734,752)		4,732,366		(5,467,118)
Balances at 6/30/19	\$	80,219,028	\$	13,416,226	\$	66,802,802

(1) The County is responsible for 100% of the Net OPEB Liability for Detention Center employees covered under the plan in the amount of \$12,626,428. The remaining Net OPEB Liability of \$54,176,374 is jointly funded by the County and the City of Las Vegas. The City of Las Vegas currently funds 36.4% of the LVMPD and is liable for \$19,720,200 of the Net OPEB Liability. A receivable has been established in the government-wide statement of net position for the City's portion.

Changes in Assumptions: The mortality table was updated from RP-2014 adjusted to reflect Mortality Improvement Scale MP-2017 from the 2006 base year, and projected forward using MP-2017 on a generational basis to RP-2014 adjusted to reflect Mortality Improvement Scale MP-2018 from the 2006 base year, and projected forward using MP-2018 on a generational basis. The enrollment assumption of the PPA and PMSA employee group was updated from 30% to 35%.

14. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (Continued)

LVMPD OPEB Trust (Continued)

Sensitivity of the net OPEB liability to changes in the discount rate: The following presents the net OPEB liability of the LVMPD OPEB Trust as well as what the LVMPD OPEB Trust's net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.25%) or 1-percentage-point higher (7.25%) than the current discount rate:

	1% Decrease in Discount Rate (5.25%)	Discount Rate (6.25%)	1% Increase in Discount Rate (7.25%)
LVMPD OPEB Trust	\$ 76,636,049	\$ 66,802,802	\$ 58,497,835

Sensitivity of the net OPEB liability to changes in the healthcare cost trend rates: The following presents the net OPEB liability of the LVMPD OPEB Trust as well as what the LVMPD OPEB Trust's net OPEB liability would be if it were calculated using a healthcare cost trend rate that is 1-percentage-point lower (6.50% decreasing to 3.25%) or 1-percentage-point higher (8.50% decreasing to 5.25%) than the current healthcare cost trend rates:

	1% Decrease	Trend Rates	1% Increase
	Ultimate 3.25%	Ultimate 4.25%	Ultimate 5.25%
LVMPD OPEB Trust	\$ 57,182,193	\$ 66,802,802	\$ 78,535,609

OPEB plan fiduciary net position: Detailed information about the LVMPD OPEP Trust's fiduciary net position is available in the separately issued financial report.

OPEB Expenses and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2019, the County recognized OPEB expense of \$8,076,386 related to the LVMPD OPEB Trust. At June 30, 2019, the County reported deferred outflows of resources and deferred inflows of resources related to the LVMPD OPEB Trust from the following sources:

	 Deferred Outflows of Resources		rred Inflows of Resources
Differences between expected and actual experience	\$ 46,968	\$	7,765,685
Changes in assumptions	3,499,910		1,298,235
Net difference between projected and actual earnings on investments	2,340		214,272
Contributions made after measurement date	 8,000,000		-
Total	\$ 11,549,218	\$	9,278,192

Deferred outflows of resources related to OPEB resulting from contributions subsequent to the measurement date totaling \$8,000,000 will be recognized as a reduction of the net OPEB liability in the year ending June 30, 2020. Other amounts reported as deferred outflows/ (inflows) of resources related to OPEB will be recognized in OPEB expense as follows:

Fiscal year ending June 30:	
2020	\$ (608,627)
2021	(608,627)
2022	(608,625)
2023	(562,257)
2024	(544,051)
Thereafter	(2,796,787)

14. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (Continued)

OPEB Plans Not Administered Through Trusts

General Information about the Other Post Employment Benefit (OPEB) Plans

Public Employees' Benefits Plan (PEBP) is a non-trust, agent multiple-employer defined benefit OPEB plan administered by the State of Nevada. Clark County subsidizes eligible retirees' contributions to PEBP. NRS 287.041 assigns the authority to establish and amend benefit provisions to the PEBP ten-member board of trustees. The plan is now closed to future retirees, however, County employees who previously met the eligibility requirement for retirement within the Nevada Public Employee Retirement System had the option upon retirement to enroll in coverage under the PEBP with a subsidy provided by the County as determined by the number of years of service. The PEBP issues a publicly available financial report. The report may be obtained at https://pebp.state.nv.us/resources/fiscal-utilization-reports/.

Clark County Firefighters Plan (Fire Plan) provides OPEB to all permanent full-time firefighters. The Fire Plan is a non-trust, singleemployer defined benefit OPEB Plan administered by the Clark County Firefighters Union Local 1908. The Clark County Firefighters Union Local 1908 issues a publicly available financial report. The report may be obtained by writing to Clark County Firefighters Union Local 1908 Security Fund, 6200 W. Charleston Boulevard, Las Vegas, NV, 89146 or calling 702-870-1908.

Clark County Retiree Health Program Plan (CC RHPP) provides OPEB to all permanent full-time employees of Clark County (primary government only) enrolled in the health maintenance organization (HMO) Plan. The plan also provides life insurance to eligible retirees of Clark County (primary government only). The CC RHPP is a non-trust, single-employer defined benefit OPEB Plan administered by Clark County.

UMC Retiree Health Program Plan (UMC RHPP) provides OPEB to all permanent full-time employees of UMC. The UMC RHPP is a non-trust single-employer defined benefit OPEB Plan administered by UMC.

CCWRD Retiree Health Program Plan (CCWRD RHPP) provides OPEB to all permanent full-time employees of CCWRD. The CCWRD RHPP is a non-trust, single-employer defined benefit OPEB Plan administered by CCWRD.

Benefits Provided

PEBP plan provides medical, dental, prescription drug, Medicare Part B, and life insurance coverage to eligible retirees and their spouses. Benefits are provided through a third-party insurer.

The Fire Plan provides medical, dental, vision and prescription drug benefits to eligible retirees who remain enrolled in the Clark County Firefighters Union Local 1908 Security Fund's Health & Welfare Plan. Retirees are eligible to continue coverage in the Health & Welfare Plan as a participant with active employees at a blended premium rate, resulting in an implicit subsidy. Benefit provisions are established and amended through negotiations between the union and the County.

CC RHPP provides medical, dental, vision, prescription drug, and life insurance benefits to eligible retirees and beneficiaries. Retirees are eligible to continue coverage in the HMO Plan as a participant with active employees at a blended premium rate, resulting in an implicit subsidy. Benefit provisions are established and amended through negotiations between the respective unions and the County.

UMC RHPP provides medical, dental, vision, prescription drug, and life insurance benefits to eligible retirees and beneficiaries. Retirees are eligible to continue coverage in the Clark County Self-Funded Group Medical and Dental Benefit Plan or HMO plan as a participant with active employees at a blended premium rate, resulting in an implicit subsidy. Benefit provisions are established and amended through negotiations between the respective unions and UMC.

CCWRD RHPP provides medical, dental, vision, prescription drug, and life insurance benefits to eligible retirees and beneficiaries. Retirees are eligible to continue coverage in the Clark County Self-Funded Group Medical and Dental Benefit Plan or HMO plan as a participant with active employees at a blended premium rate, resulting in an implicit subsidy. Benefit provisions are established and amended through negotiations between the respective unions and CCWRD.

14. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (Continued)

OPEB Plans Not Administered Through Trusts (Continued)

Employees Covered by Benefit Terms

At June 30, 2019, the following employees were covered by the benefit terms:

	PEBP	Fire Plan	CC RHPP(1)	UMC RHPP	CCWRD RHPP
Inactive employees or beneficiaries currently receiving benefit payments Inactive employees entitled to but not yet receiving benefit	844	324	1,430	530	95
payments	-	-	-	-	-
Active employees		729	6,363	3,339	344
Total	844	1,053	7,793	3,869	439

(1) Includes 3,920 active employees and 1,138 retirees who receive life benefits only.

As of November 1, 2008, PEBP was closed to any new participants.

Total OPEB Liability

The PEBP, CC RHPP, UMC RHPP, and CCWRD RHPP Plan's Total OPEB liability was measured as of June 30, 2018, and was determined by an actuarial valuation as of that date.

Actuarial assumptions: The total OPEB liability for the PEBP, CC RHPP, UMC RHPP, and CCWRD RHPP as of June 30, 2019 was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.00%
Salary increases	3.00%
Discount Rate	3.87%
Healthcare cost trend rates	7.00% decreasing to an ultimate rate of 4.50%
Retirees' share of benefit-related costs	0% to 100% premium amounts based on years of service

The discount rate was based on Bond Buyer 20-Bond GO Index.

Mortality rates were based on the following:

RP-2014 generational table, back-projected to 2006, then scaled using MP-2018, applied on a gender-specific basis.

The demographic assumptions are based on the Nevada PERS Actuarial Experience Study based on the 2018 Nevada PERS Actuarial Valuation. Salary scale and inflation assumptions are based on the 2018 Nevada PERS Actuarial Valuation.

The Fire Plan's Total OPEB Liability was measured as of June 30, 2019, and was determined by an actuarial valuation as of July 1, 2018.

Actuarial assumptions: The total OPEB liability for the Fire Plan as of June 30, 2019 was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.75%
Salary increases	Ranges from 4.55% to 13.90% based on years of service, including inflation and productivity increases
Discount Rate	3.50%
Healthcare cost trend rates	8.00% decreasing to an ultimate rate of 4.50%
Retirees' share of benefit-related costs	100% of premium amounts based on years of service

14. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (Continued)

OPEB Plans Not Administered Through Trusts (Continued)

The discount rate was based on Bond Buyer 20-Bond GO Index.

Mortality rates were based on the following:

Health: Headcount-Weighted RP-2014 Healthy Annuitant Table projected to 2020 with Scale MP-2016, set forward one year for spouses and beneficiaries. For ages less than 50, mortality rates are based on the Headcount Weighted RP-2014 Employee Mortality Tables. Those mortality rates are adjusted by the ratio of the mortality rate for members at age 50 to the mortality rate at age 50 from the Employee mortality tables listed above. The mortality rates are then projected to 2020 with Scale MP-2016.

Disabled: Headcount-Weighted RP-2014 Disabled Retiree Table, set forward four years.

The retirement, withdrawal, and disability assumptions are aligned with the most recent available Nevada PERS full pension valuation. The initial health care trend rates were set to be consistent with projected medical costs for the next three years and then grading to the ultimate trend assumption that is consistent with the economic assumptions underlying the discount rate. The participation election is based on the Clark County Firefighters Union Local 1908 Security Fund's assumption that all eligible participants elect coverage upon retirement.

Changes in the Total OPEB Liability

	PEBP	PEBP Fire Plan		UMC RHPP	CCWRD RHPP
Balances at 6/30/18	\$ 74,927,913	\$ 81,035,000	\$ 62,029,778	\$ 252,674,005	\$ 36,723,630
Changes for the year:					
Service cost	-	2,582,000	3,945,842	17,486,880	1,945,617
Interest	2,620,311	3,124,000	2,340,614	9,615,301	1,377,271
Differences between expected and actual experience	3,993,170	61,968,000	15,178,343	(116,492,033)	(17,775,013)
Change in benefit terms	-	(1,214,000)	-	-	-
Change in assumptions	(12,356,193)	17,418,000	(6,551,502)	(24,138,375)	(3,683,170)
Benefit payments	(2,963,403)	(3,195,000)	(1,190,706)	(3,154,125)	(395,998)
Net Changes	(8,706,115)	80,683,000	13,722,591	(116,682,352)	(18,531,293)
Balances at 6/30/19	\$ 66,221,798	\$ 161,718,000	\$ 75,752,369	\$ 135,991,653	\$ 18,192,337

Changes in Assumptions:

PEBP, CC RHPP, UMC RHPP and CCWRD RHPP: The discount rate was updated from 3.58% as of June 30, 2017 to 3.87% as of June 30, 2018. The marriage assumption was updated to reflect the most recent participant experience. The aging factors were updated to be based on the 2013 Society of Actuaries study. The termination rates and retirement rates were updated based on the 2018 Nevada PERS Actuarial Valuation results. The mortality table was updated from RP-2000 projected to year 2013 using Scale AA to RP- 2014 with generational projection scale MP-2018. The salary scale assumption was updated to 3.0%.

Fire Plan: The discount rate was updated from 3.87% as of June 30, 2018 to 3.50% as of June 30, 2019. Per person healthcare cost trends were updated to reflect recent plan experience, review of the current economic environment, and expectations for the future. Demographic assumptions were updated to reflect the most recent Nevada PERS assumptions. Projected claim costs were updated to reflect recent plan experience.

2023		12,660,000	89,723		(14,422,349)		(2,210,167)
2024		12,665,000	89,723		(14,422,349)		(2,210,167)
Thereafter		-	3,714,889		(85,268,281)		(12,524,692)

Discretely Presented Component Units

Clark County Regional Flood Control District

General Information about the Other Post Employment Benefit (OPEB) Plans

Plan Descriptions

Public Employees' Benefits Plan (PEBP) is a non-trust, agent multiple-employer defined benefit OPEB plan administered by the State of Nevada. Clark County Regional Flood Control District (the "District") subsidizes eligible retirees' contributions to PEBP. NRS 287.041 assigns the authority to establish and amend benefit provisions to the PEBP ten-member board of trustees. The plan is now closed to future retirees, however, District employees who previously met the eligibility requirement for retirement within the Nevada Public Employee Retirement System had the option upon retirement to enroll in coverage under the PEBP with a subsidy provided by the District as determined by the number of years of service. The PEBP issues a publicly available financial report. The report may be obtained at https://pebp.state.nv.us/resources/fiscal-utilization-reports/.

Retiree Health Program Plan (RHPP) provides OPEB to all permanent full-time employees of the District. The RHPP is a non-trust singleemployer defined benefit OPEB Plan administered by the District.

Benefits Provided

PEBP plan provides medical, dental, prescription drug, Medicare Part B, and life insurance coverage to eligible retirees and their spouses. Benefits are provided through a third-party insurer.

RHPP provides medical, dental, vision, prescription drug, and life insurance benefits to eligible retirees and beneficiaries. Retirees are eligible to continue coverage in the Clark County Self-Funded Group Medical and Dental Benefits Plan or HMO plan as a participant with active employees at a blended premium rate, resulting in an implicit subsidy. Benefit provisions are established and amended through negotiations between the respective unions and the District.

Employees Covered by Benefit Terms

At June 30, 2019, the following employees were covered by the benefit terms:

	PEBP	RHPP
Inactive employees or beneficiaries currently receiving benefit payments	2	6
Inactive employees entitled to but not yet receiving benefit payments Active employees	-	- 21
Total	2_	27

As of November 1, 2008, PEBP was closed to any new participants.

Discretely Presented Component Units (Continued)

Clark County Regional Flood Control District (Continued)

Total OPEB Liability

The District's Total OPEB liability was measured as of June 30, 2018, and was determined by an actuarial valuation as of that date.

Actuarial assumptions: The total OPEB liability for all plans as of June 30, 2019 was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.00%
Salary increases	3.00%
Discount Rate	3.87%
Healthcare cost trend rates	7.00% decreasing to an ultimate rate of 4.50%
Retirees' share of benefit-related costs	0% to $100%$ premium amounts based on years of service

The discount rate was based on Bond Buyer 20-Bond GO Index.

Mortality rates were based on the following:

RP-2014 generational table, back-projected to 2006, then scaled using MP-2018, applied on a gender-specific basis.

The demographic assumptions are based on the Nevada PERS Actuarial Experience Study based on the 2018 Nevada PERS Actuarial Valuation. Salary scale and inflation assumptions are based on the 2018 Nevada PERS Actuarial Valuation.

Changes in the Total OPEB Liability

	PEBP		RHPP		Total OPEB Liability

Regional Transportation Commission of Southern Nevada

General Information about the Other Post Employment Benefit (OPEB) Plans

Plan Descriptions

Public Employees' Benefits Plan (PEBP) is a non-trust, agent multiple-employer defined benefit OPEB plan administered by the State of Nevada. Regional Transportation Commission of Southern Nevada (RTC) subsidizes eligible retirees' contributions to PEBP. NRS 287.041 assigns the authority to establish and amend benefit provisions to the PEBP ten-member board of trustees. The plan is now closed to future retirees, however, RTC employees who previously met the eligibility requirement for retirement within the Nevada Public Employee Retirement System had the option upon retirement to enroll in coverage under the PEBP with a subsidy provided by the RTC as determined by the number of years of service. The PEBP issues a publicly available financial report. The report may be obtained at https://pebp.state.nv.us/resources/fiscal-utilization-reports/.

Retiree Health Program Plan (RHPP) provides OPEB to all permanent full-time employees of the RTC. The RHPP is a non-trust singleemployer defined benefit OPEB Plan administered by RTC.

Benefits Provided

PEBP plan provides medical, dental, prescription drug, Medicare Part B, and life insurance coverage to eligible retirees and their spouses. Benefits are provided through a third-party insurer.

RHPP provides medical, dental, vision, prescription drug, and life insurance benefits to eligible retirees and beneficiaries. Retirees are eligible to continue coverage in the Clark County Self-Funded Group Medical and Dental Benefit Plan or HMO plan as a participant with active employees at a blended premium rate, resulting in an implicit subsidy. Benefit provisions are established and amended through negotiations between the respective unions and the RTC.

Employees Covered by Benefit Terms

At June 30, 2019, the following employees were covered by the benefit terms:

	PEBP	RHPP
Inactive employees or beneficiaries currently receiving benefit payments	22	35
Inactive employees entitled to but not yet receiving benefit payments	-	-
Active employees		313
Total	22	348

As of November 1, 2008, PEBP was closed to any new participants.

Regional Transportation Commission of Southern Nevada (Continued)

Total OPEB Liability

The RTC's Total OPEB liability was measured as of June 30, 2018, and was determined by an actuarial valuation as of that date.

Actuarial assumptions: The total OPEB liability for all plans as of June 30, 2019 was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.00%
Salary increases	3.00%
Discount Rate	3.87%
Healthcare cost trend rates	7.00% decreasing to an ultimate rate of 4.50%
Retirees' share of benefit-related costs	0% to 100% premium amounts based on years of service

The discount rate was based on Bond Buyer 20-Bond GO Index

Mortality rates were based on the following:

RP-2014 generational table, back-projected to 2006, then scaled using MP-2018, applied on a gender-specific basis.

The demographic assumptions are based on the Nevada PERS Actuarial Experience Study based on the 2018 Nevada PERS Actuarial Valuation. Salary scale and inflation assumptions are based on the 2018 Nevada PERS Actuarial Valuation.

Changes in the Total OPEB Liability

Las Vegas Valley Water District

General Information about the Other Post Employment Benefit (OPEB) Plan

Plan Description

The Las Vegas Valley Water District (Water District) provides OPEB to all permanent full-time employees of the Water District. The OPEB plan is a single-employer defined benefit OPEB Plan administered by the Water District. The plan is reported as a Trust Fund in the Las Vegas Valley Water District's financial statements.

Benefits Provided

The OPEB plan provides medical, dental, vision, prescription drug, and life insurance benefits to eligible retirees and beneficiaries. Under the OPEB plan, employees who retire directly from the Water District are eligible to continue health benefits through Clark County, Nevada, the Water District's insurance provider. For retirees who retire with pension benefits unreduced for early retirement, the Water District pays the full premium for retirees and 85% of the premiums for their dependents until the retirees are eligible for Medicare or reach age 65. When the retirees are eligible for Medicare, or at 65, the retirees may continue coverage but must pay 100% of the premium. Retirees who retire early with reduced pension benefits can stay enrolled as a participant with active employees paying 100% of a blended premium rate, resulting in an implicit subsidy. Benefit provisions are established and amended through negotiations between the respective unions and the Water District.

Employees Covered by Benefit Terms

At June 30, 2019, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries receiving benefit payments	166
Inactive employees entitled to but not yet receiving benefit payments	-
Active employees	1,242
Total	1,408

Contributions

The actuarially determined contribution (ADC) is equal to the service cost (that portion of Water District provided benefit attributable to employee service in the current year) plus an amortization amount of the net OPEB liability. The amortization of the net OPEB liability is based upon a level dollar amortization period over 20 years. The ADC represents the contribution that the Water District would need to make each year to fully fund its net OPEB liability over the next 20 years. The ADC was \$6,000,000 for the year ended June 30, 2019. The Water District's contribution is based upon pay-as-you-go financing. For the year ended June 30, 2019, the Water District's contribution was \$22,500,000 which is equal to the estimated benefit payments and an additional \$20,000,000 contribution to fund the OPEB Trust. The Water District contributed \$16,500,000 in excess of the ADC for the year ended June 30, 2019.

Net OPEB Liability

The Water District's net OPEB liability was measured as of June 30, 2019, and was determined by an actuarial valuation as of July 1, 2018.

14. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (Continued)

Discretely Presented Component Units (Continued)

Las Vegas Valley Water District (Continued)

Actuarial assumptions: The net OPEB liability as of June 30, 2019 was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.75%
Salary increases	3.00%
Investment rate of return	6.50%
Healthcare cost trend rates	6.50% decreasing to an ultimate rate of 4.50%
Retirees' share of benefit-related costs	Retiree with full pension benefits not eligible for Medicare or age 65- 15% for dependent coverage. All other retirees pay 100% of premium amounts.

Mortality rates were based on the following:

Non-Disabled Participants - Headcount-weighted RP-2014 Employee/Healthy Annuitant mortality table projected to 2020 using Projection Scale MP-2016;

Disabled Participants - Headcount-weighted RP-2014 Disabled mortality table projected to 2020 using Projection Scale MP-2016, set forward 4 years.

The actuarial assumptions used in the June 30, 2019 valuation were not based on a formal experience study. The actuary reviews the experience and assumptions each year and makes recommendations when a change is needed.

The long-term expected rate of return on trust assets was based on the investment policy of the State of Nevada's Retiree Benefit Investment Fund (RBIF), where the Water District's OPEB Plan invests its assets. Based upon the RBIF investment policy, the investment return is assumed to be 6.50%, net of expenses.

Discount rate: The discount rate used to measure the total OPEB liability was 6.50%. The projection of cash flows used to determine the discount rate assumed the Water District's contributions will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the Water District's fiduciary net position was projected to be available to make all projected OPEB payments for current and inactive employees. Therefore, the long-term expected rate of return on the Water District's plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

15. SUBSEQUENT EVENTS

Primary Government

On July 1, 2019, the County optionally redeemed the outstanding principal and interest on the Clark County, Nevada, Highway Revenue (Motor Vehicle Fuel Tax) Improvement Bonds Series 2010A (Taxable Direct Pay Build America Bonds) with a principal balance of \$32,595,000.

On July 1, 2019, the Clark County Department of Aviation issued \$107,530,000 in Clark County, Nevada, Airport System Subordinate Lien Refunding Revenue Bonds, Series 2019A (Non-AMT). The bond proceeds totaled \$126,427,033.05. The proceeds of the bonds are being used to refund all the outstanding Clark County, Nevada, Airport System Subordinate Lien Revenue Bonds, Series 2009C. The bonds will be repaid by airport system revenues. Interest payments are paid semiannually on January 1 and July 1 beginning January 1, 2020 with an interest rate of 5.0%. Principal payments will be paid annually beginning July 1, 2023. The bonds mature on July 1, 2026.

On July 1, 2019, the Clark County Department of Aviation issued \$240,800,000 in Clark County, Nevada, Airport System Revenue Bonds, Senior Series 2019B (Non-AMT). The bond proceeds totaled \$301,168,815.40. The proceeds of the bonds are being used to: (i) refund all the outstanding Clark County, Nevada Airport System Revenue Bonds, Senior Series 2009B (Taxable Direct Payment Build America Bonds); and (ii) pay certain costs of issuance. The bonds will be repaid by airport system revenues. Interest payments are paid semiannually on January 1 and July 1 beginning January 1, 2020 with an interest rate of 5.0%. Principal payments will be paid annually beginning July 1, 2027 through July 1, 2035 and July 1, 2037 through July 1, 2042. The bonds mature on July 1, 2042.

The Clark County Water Reclamation District previously entered into an interlocal agreement with Clark County to provide funding for construction with the Sloan Channel. The Clark County Water Reclamation District/ NLV Sloan channel medium term obligation with a principal balance of 1,259,715 was paid in full on July 23, 2019.

On July 24, 2019, the County processed a \$30,240,000 principal advance request on the Clark County Subordinate Revenue Notes, Series 2018C for the purchase of the Greystone office complex facility and tenant improvements.

On July 31, 2019, the County issued \$185,815,000 in General Obligation (Limited Tax) Detention Center Bonds (Additionally secured by Pledged Revenues) Series 2019. The bond proceeds totaled \$216,061,234.70. The proceeds of the bonds are being used to (i) refinance the Series 2018B subordinate revenue notes that were issued on December 19, 2018 to finance the cost to acquire a detention center facility; and (ii) pay the costs of issuing the 2019 Bonds. The long-term bonds will be repaid by consolidated tax revenues. Interest payments are paid semiannually on December 1 and June 1 beginning December 1, 2019 with an interest rate ranging from 3.0% to 5.0%. Principal payments will be paid annually beginning June 1, 2020. The bonds mature on June 1, 2039.

On July 31, 2019, the County issued \$13,405,000 in General Obligation (Limited Tax) Regional Justice Center Bonds (Additionally secured by Administrative Assessment Pledged Revenues) Series 2019B. The bond proceeds totaled \$15,619,354.55. The proceeds of the bonds are being used to (i) refinance the Series 2018A subordinate revenue notes that were issued on November 1, 2018 to finance costs to acquire, improve, equip, operate and maintain public facilities projects; and (ii) pay the costs of issuing the 2019B Bonds. The long-term bonds will be repaid by administrative assessment revenues. Interest payments are paid semiannually on December 1 and June 1 beginning December 1, 2019 with an interest rate ranging from 3.0% to 5.0%. Principal payments will be paid annually beginning June 1, 2020. The bonds mature on June 1, 2039.

On September 11, 2019, the County issued \$76,360,000 in General Obligation (Limited Tax) Transportation Refunding Bonds (Additionally Secured with Pledged Revenues) Series 2019A. The bond proceeds totaled \$93,405,698.65. The proceeds of the bonds are being used to (i) refund a portion of the County's General Obligation (Limited Tax) Transportation Refunding Bonds (Additionally Secured with Pledged Revenues), Series 2009A; and (ii) pay the costs of issuing the 2019A bonds. The proceeds of the Series 2009A bonds were originally used to finance transportation improvement projects. The long-term bonds will be repaid by a 1% supplemental governmental services tax, a development privilege tax, and a 1% non-resort corridor room tax imposed on the gross receipts from the rental of transient lodging (hotel/motel rooms) in the unincorporated area of the County outside of the boundaries of the Las Vegas Strip

15. SUBSEQUENT EVENTS (Continued)

Resort Corridor, the Laughlin Resort Corridor, and any other transportation districts created by the County or a city; collectively, the "Beltway Pledged Revenues". Interest payments are paid semiannually on December 1 and June 1 beginning December 1, 2019 with an interest rate of 5.0%. Principal payments will be paid annually beginning June 1, 2021. The bonds mature on June 1, 2030.

On November 1, 2019, the County issued \$80,000,000 in General Obligation (Limited Tax) Family Services Bonds (Additionally Secured by Pledged Revenues) Series 2019. The bond proceeds totaled \$93,644,692.00. The proceeds of the bonds are being used to (i) refund the County's Subordinate Revenue Notes, Series 2018C issued on December 19, 2018; (ii) finance and refinance the acquisition and/or renovation of public facilities including but not limited to buildings for use by the Department of Family Services; and (iii) pay the costs of issuing the 2019 Bonds. The long-term bonds will be repaid by consolidated tax pledged revenues. Interest payments are paid semiannually on December 1 and June 1 beginning June 1, 2020 with an interest rate ranging from 3.0% to 5.0%. Principal payments will be paid annually beginning June 1, 2021. The bonds mature on June 1, 2040.

On November 1, 2019, the County optionally redeemed the outstanding principal and interest on the Clark County, Nevada General Obligation (Limited Tax) Additionally Secured by Southern Nevada Water Authority Pledged Revenues) Bond Bank Refunding Bonds, Series 2009 with a principal balance of \$35,525,000.

Contributions as a percentage of covered- employee payroll	11.17%		2.32%	

Notes to Schedule

Valuation Date:

Actuarially determined contribution rates are calculated as of June 30, one year prior to the end of the fiscal year in which contributions are reported.

Methods and assumptions used to determine contribution rates:

Actuarial cost method	Entry age
Amortization method	Level dollar, open
Amortization period	20 years
Asset valuation method	Market value
Investment rate of return	7.50%
Inflation	2.00%
Salary increases	3.00%
Health care cost trend rate	7.00% graded down to ultimate rate of 4.50%
Mortality rates	RP -2014 generational table, back-projected to 2006, then scaled using MP-2018, applied on a gender-specific basis for most recent valuation. In prior year, RP-2000 Combined Healthy Mortality Table, projected to 2013 with Scale AA, set back one year for females (no age set forward for males) and RP-2000 Disabled Retiree Mortality Table, projected to 2013 with Scale AA, set forward three years.

	 2019	2018		
Actuarially determined contribution Contributions in relation to the actuarially	\$ 9,122,537	\$	9,029,100	
determined contribution	8,000,000		8,000,000	
Contribution deficiency (excess)	\$ 1,122,537	\$	1,029,100	
Covered-employee payroll	\$ 554,560,918	\$	530,996,605	
Contributions as a percentage of covered- employee payroll	1.44%		1.51%	

Notes to Schedule

Valuation Date:

Actuarially determined contribution rates are calculated as of June 30, one year prior to the end of the fiscal year in which contributions are reported.

Methods and assumptions used to determine contribution rates:

Actuarial cost method	Entry age
Amortization method	Level dollar, open
Amortization period	30 years
Asset valuation method	Market value
Investment rate of return	6.25%
Inflation	2.50%
Salary increases	4.30% to 14.30% based on years of service, including inflation
Health care cost trend rate	7.50% graded down to ultimate rate of 4.25%
Mortality rates	RP-2014 Mortality Tables adjusted to reflect Mortality Improvement Scale MP-2018 from the 2006 base year, and projected forward on a generational basis.

	 2019	2018			
Actuarially determined contribution Contributions in relation to the actuarially	\$ 5,980,542	\$	5,863,834		
determined contribution	22,477,429		2,144,464		
Contribution deficiency (excess)	\$ (16,496,887)	\$	3,719,370		
Covered-employee payroll	\$ 124,500,281	\$	120,874,059		
Contributions as a percentage of covered- employee payroll	18.05%		1.77%		

Notes to Schedule

Valuation Date:

Actuarially determined contribution rates are calculated every two years. The most recent actuarial valuation date was July 1, 2018.

Methods and assumptions used to determine contribution rates:

Actuarial cost method	Entry age
Amortization method	Amortization of unfunded liability (closed period) as a level dollar
Amortization period	20 years
Asset valuation method	Market value
Investment rate of return	6.50%
Inflation	2.75%
Salary increases	3.00%
Health care cost trend rate	6.50% graded down to ultimate rate of 4.50%
Mortality rates	Non-Disabled Participants- Headcount-weighted RP-2014 Employee/Healthy Annuitant mortality table projected to 2020 using Projection Scale MP-2016; Disabled Participants-Headcount-weighted RP-2014 Disabled mortality table projected to 2020 using Projection Scale MP-2016, set foward 4 years.

Changes of Assumptions:

The decrease in the liability from June 30, 2018 to June 30, 2019 from changes in assumptions is primarily due to the following:

•The discount rate was updated from 3.60% as of June 30, 2017 to 4.79% as of June 30, 2018.

•The marriage assumption was updated to reflect the most recent participant experience.

•The aging factors were updated to be based on the 2013 Society of Actuaries study.

•The termination rates and retirement rates were updated based on the 2018 Nevada PERS Actuarial Valuation results.

•The mortality table was updated from RP-2000 projected to year 2013 using Scale AA to RP- 2014 with generational projection scale MP-2018.

•The salary scale assumption was updated to 3.0%.

Changes of Assumptions:

The decrease in the liability from June 30, 2018 to June 30, 2019 from changes in assumptions is primarily due to the following:

•The discount rate was updated from 3.58% as of June 30, 2017 to 3.87% as of June 30, 2018.

•The marriage assumption was updated to reflect the most recent participant experience.

•The aging factors were updated to be based on the 2013 Society of Actuaries study.

•The termination rates and retirement rates were updated based on the 2018 Nevada PERS Actuarial Valuation results.

•The mortality table was updated from RP-2000 projected to year 2013 using Scale AA to RP- 2014 with generational projection scale MP-2018.

•The salary scale assumption was updated to 3.0%.

Notes to Schedule

Changes of Assumptions:

The discount rate was increased from 3.87% as of June 30, 2018 to 6.50% as of June 30, 2019 as the LVVWD established an OPEB trust to fund the post-retirement benefits provided by the plan.

Notes to Schedule

Valuation Date: Actuarially determined contribution rates are calculated as of July 1 of the fiscal year in which contributions are reported.

Methods and assumptions used to determine contribution rate as of the last actuarial valuation:

Actuarial cost method	Entry age
Amortization method	20-year amortization of unfunded liability (closed period) as a level percent of pay, using layered bases starting July 1, 2016. In prior years, 30-year amortization of unfunded liability (closed period) as a level percent of pay, using layered bases starting July 1, 2009.
Remaining amortization period	Bases established between July 1, 2016 and July 1, 2018 have remaining amortization periods ranging from 17 to 19 years. Bases established between July 1, 2009 and July 1, 2015 have remaining amortization periods ranging from 20 to 26 years.
Asset valuation method	5 year phase-in of gains/losses relative to interest rate assumptions.
Inflation	2.75% per year.
Salary increases	4.75% to 9.15% depending on service; including inflation
Investment rate of return	6.75%, net of pension plan investment expenses, including inflation.
Retirement age	Normal retirement age is attainment of age 65. Unreduced early retirement is available after either 1) 30 years of service, or 2) age 60 with 10 years of service. Reduced early retirement benefits are available after attainment of age 55 and completion of 5 years of service (3 years of service if a participant prior to January 1, 2001).
Mortality	Non-Disabled Participants - Headcount-weighted RP-2014 Employee/Healthy Annuitant mortality table projected to 2020 using Projection Scale MP-2016; Disabled Participants - Headcount-weighted RP- 2014 Disabled mortality table projected to 2020 using Projection Scale MP-2016, set forward 4 years.

Г

GASB No. 67 requires the disclosure of the money-weighted rate of return on Plan investments. The money-weighted rate of return considers the changing amounts actually invested during a period and weights the amount of pension plan investments by the proportionate amount of time they are available to earn a return during that period. External cash flows are determined on a monthly basis and are assumed to occur at the beginning of each month. The money-weighted rate of return is calculated net of investment expense.

The required supplementary information is presented for fiscal years 2013 through 2019, for which information measured in conformity with the requirements of GASB No. 67 is available. This schedule will ultimately present information for the last 10 fiscal years.

Budgetary Information

The County uses the following procedures to establish, modify, and control the budgetary data presented in the financial statements:

- a. Prior to April 15, the County Manager submits to the Nevada State Department of Taxation the tentative budget for the next fiscal year, commencing on July 1. The budget as submitted contains the proposed expenditures and means of financing them.
- b. The Nevada State Department of Taxation notifies the County of its acceptance of the budget.
- c. Public hearings are conducted on the third Monday in May.
- d. After all the changes have been noted and hearings closed, the County Commission adopts the budget on or before June 1.
- e. The County Manager is authorized to transfer budgeted amounts within functions or funds, but the County Commissioners must approve any transfers between funds or increases to a fund's original appropriated level.
- f. Increases to a fund's budget (augmentations) other than by transfers are accomplished through formal County Commission action.
- g. The General Fund and all special revenue, debt service, and capital project funds have legally adopted annual budgets.
- h. Statutory regulations require budgetary control to be exercised at the function level within the General Fund or at the fund level of all other funds. The County administratively exercises control at the budgeted item level within a department.
- i. All appropriations lapse at the end of the fiscal year. Encumbrances are reappropriated in the ensuing fiscal year.
- j. Budgets are adopted on a basis consistent with the method used to report on governmental funds that are prepared in accordance with the accounting principles generally accepted in the United States of America.
- k. Budgeted expenditure amounts for the year ended June 30, 2019, as originally adopted, were augmented during the year for grants and other County Commission action.

Reconciliation of General Fund (Budget Basis) to the General Fund (Modified Accrual Basis)

This statement reconciles the General Fund as presented for budget purposes to the presentation required under the modified accrual basis of accounting.

Net Pension Liability- Public Employees Retirement System (PERS)

There have been no changes in benefit terms since the last valuation.

Methods and Assumptions Used in Calculations of Actuarially Determined Contributions

The actuarially determined contribution rates in the schedule of contributions are calculated as of June 30, 2018. The following actuarial methods and assumptions were used to determine contribution rates reported in that schedule.

Actuarial cost Method	Entry age normal
Amortization method	The UAAL as of June 30, 2011, shall continue to be amortized over separate 30-year period amortization layers based on the valuations during which each separate layer was previously established.
	Any new UAAL as a result of actuarial gains or losses identified in the annual valuation as of June 30 was amortized over a period equal to the truncated average remaining amortization period of all prior UAAL layers. This occurred until the average remaining amortization period was less than 20 years. At that point, amortization periods of 20 years are used for actuarial gains and losses.
	Any new UAAL as a result of change in actuarial assumptions or methods was amortized over a period equal to the truncated average remaining amortization period of all prior UAAL layers. This occurred until the average remaining amortization period was less than 20 years. At that point, amortization periods of 20 years are used for assumption or method changes.
	UAAL layers shall be amortized over "closed" amortization periods so that the amortization period for each layer decreases by one year with each actuarial valuation.
	UAAL layers shall be amortized as a level percentage of payroll.
Asset valuation method	5-year smoothed market
Assumed inflation rate	2.75 %
Payroll growth assumption for future years	5.50~% per year for regular employees and $6.50%$ per year for police/fire employees
Assumed investment rate of return	7.50 % (including 2.75% for inflation)
Mortality Rates:	
Healthy: Regular and Police/Fire	Headcount-Weighted RP-2014 Healthy Annuitant Table projected to 2020 with Scale MP-2016, set forward one year for spouses and beneficiaries.
	For ages less than 50, mortality rates were based on the Headcount- Weighted RP-2014 Employee Mortality Tables. Those mortality rates are adjusted by the ratio of the mortality rate for members at age 50 to the mortality rate at age 50 from the Employee mortality tables listed above. The mortality rates are then projected to 2020 with Scale MP-2016.
Disabled: Regular and Police/Fire	Headcount-Weighted RP-2014 Disabled Retiree Table, set forward four years.
Pre-Retirement: <i>Regular and Police/Fire</i>	Headcount-Weighted RP-2014 Healthy Annuitant Table projected to 2020 with Scale MP-2016.
Salary Increases	
Inflation:	2.75% Plus
Productivity pay increases:	0.50% Plus

Promotional and	merit	salary	increases:
-----------------	-------	--------	------------

Years of Service	Regular	Police/Fire
Less than 1	5.90%	10.65%
1	4.80	7.15
2	4.00	5.20
3	3.60	4.60
4	3.30	4.30
5	3.00	4.15
6	2.80	3.90
7	2.70	3.50

13	1.25	1.30
14	1.10	1.30
15 or more	1.00	1.30

Changes of Assumptions

There were no changes in actuarial assumptions or cost methods since the preceding valuation.

COMMENTS OF INDEPENDENT AUDITOR

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Honorable Board of County Commissioners And the County Manager Clark County, Nevada

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Clark County, Nevada (County) as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated December 23, 2019. Our report includes a reference to other auditors who audited the financial statements of the University Medical Center of Southern Nevada, the Clark County Water Reclamation District, the Clark County Stadium Authority, the Las Vegas Valley Water District and the Big Bend Water District as described in our report on the County's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE; AND REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY THE UNIFORM GUIDANCE

To the Honorable Board of County Commissioners and the County Manager Clark County, Nevada

Report on Compliance for Each Major Federal Program

We have audited Clark County, Nevada's (the County's) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended June 30, 2019. The County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

The County's basic financial statements include the operations of the University Medical Center of Southern Nevada, the Las Vegas Valley Water District, and the Southern Nevada Water District, which received \$2,137,607, \$1,125,704 and \$1,118,494, respectively, in federal awards which are not included in the County's schedule of expenditures of federal awards (schedule) during the year ended June 30, 2019. Our audit, described below, did not include the operations of the University Medical Center of Southern Nevada, the Las Vegas Valley Water District, and the Southern Nevada Water District because these entities engaged other auditors to perform an audit in accordance with the Uniform Guidance.

The County's basic financial statements include the operations of the Department of Aviation and the Regional Transportation Commission of Southern Nevada, which received \$14,622,017 and \$100,530,123, respectively, in federal awards which is not included in the schedule during the year ended June 30, 2019. Our audit, described below, did not include the operations of the Department of Aviation and the Regional Transportation Commission of Southern Nevada because they were audited separately in accordance with the Uniform Guidance.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for*

Federal Awards (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the County's compliance.

Opinion on Each Major Federal Program

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2019.

Report on Internal Control Over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control other compliance with a type of compliance is a network of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We identified certain deficiencies in internal control over compliance, as described in the accompanying schedule of findings and questioned costs as items 2019-001 and 2019-002, that we consider to be material weaknesses.

The County's response to the internal control over compliance findings identified in our audit are described in the accompanying corrective action plan. The County's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the governmental activities, business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the County's basic financial statements. We have issued our report thereon dated December 23, 2019, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

Notes to the Schedule of Expenditures of Federal Awards are an integral part of this schedule.

Clark County, Nevada Notes to Schedule of Expenditures of Federal Awards For the Fiscal Year Ended June 30, 2019

1. REPORTING ENTITY

The accompanying Schedule of Expenditures of Federal Awards presents the activity of Federal financial assistance programs of Clark County, Nevada (the "County"). The County's reporting entity is defined in Note 1 to its basic financial statements. Federal award expenditures for the Clark County Department of Aviation, Clark County Water Reclamation District, Las Vegas Valley Water District, Big Bend Water District, Kyle Canyon Water District, University Medical Center of Southern Nevada, and Regional Transportation Commission of Southern Nevada, if any, are not included in this schedule, as they are audited separately. All other Federal financial assistance passed through other government agencies is included in the schedule.

2. BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards includes the federal grant activity of Clark County, Nevada, and is prepared on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of the Uniform Guidance. Clark County, Nevada received federal awards both directly from federal agencies and indirectly through pass-through entities. Federal financial assistance provided to a subrecipient is treated as an expenditure when it is paid to the subrecipient.

3. SIGNIFICANT ACCOUNTING POLICIES

Governmental fund types account for Clark County, Nevada's federal grant activity. Therefore, expenditures in the Schedule of Expenditures of Federal Awards are recognized on the modified accrual basis - when they become a demand on current available financial resources. Such expenditures are recognized following the cost principles contained in Subpart E - Cost Principles of the Uniform Guidance. The Clark County, Nevada's summary of significant accounting policies is presented in Note 1 in the Clark County, Nevada's basic financial statements.

The County has elected to use both the 10% de minimis indirect cost rate allowed under the Uniform Guidance and Federally negotiated indirect cost rates, where applicable.

4. RELATIONSHIP TO BASIC FINANCIAL STATEMENTS

Expenditures of Federal awards reported in the County's basic financial statements are as follows:

General fund	\$5,708
Special revenue funds	146,370,241
Capital projects funds	3,199,279
Agency funds	77,210
Total	<u>\$ 149,652,438</u>

5. OFFICE OF CRIMINAL JUSTICE ASSISTANCE

The Office of Criminal Justice Assistance Grant Award under CFDA 16.751 was approved and the grant agreement was executed on August 30, 2018. Of the \$1,649,689 expenditures reported in fiscal year ended June 30, 2019, the entire amount is for the prior fiscal year.

CLARK COUNTY, NEVADA SCHEDULE OF FINDINGS AND QUESTIONED COSTS – FEDERAL AWARDS June 30, 2019

CLARK COUNTY, NEVADA SCHEDULE OF FINDINGS AND QUESTIONED COSTS – FEDERAL AWARDS June 30, 2019

Section II - Financial Statement Findings

None noted.

Section III - Federal Award Findings and Questioned Costs

Finding 2019-001: Allowable Costs – Material Weakness

Program: Edward Byrne Memorial Justice Assistance Grant Program Direct program Passed through Nevada Department of Public Safety
CFDA No.: 16.738
Federal Agency: Department of Justice
Award No.: 2015-DJ-0997, 2016-DJ-BX-0412, 2017-DJ-BX-0400, 2018-DG-BX-K005, 17-JAG-13, 17-JAG-14, 18-JAG-09
Award Year: Fiscal year 2018-2019

Criteria or Specific Requirement: As a condition of receiving Federal awards, non-Federal entities agree to comply with laws, regulations, and the provisions of grant agreements and contracts, and to maintain internal control to provide reasonable assurance of compliance with these requirements.

Title 2, Subtitle A, Chapter II, Part 200 Subpart E, paragraph 430 of the Code of Federal Regulations stipulates that charges to Federal awards for salaries and wages must be based on records that accurately reflect the work performed. These records must:

- Be supported by a system of internal control which provides reasonable assurance that the charges are accurate, allowable, and properly allocated;
- Be incorporated into the official records of the non-Federal entity;
- Reasonably reflect the total activity for which the employee is compensated by the non-Federal entity, not exceeding 100% of compensated activities;
- Encompass both Federally assisted, and all other activities compensated by the non-Federal entity on an integrated basis, but may include the use of subsidiary records as defined in the non-Federal entity's written policy;
- Support the distribution of the employee's salary or wages among specific activities or cost objectives if the employee works on more than one Federal award; a Federal award and non-Federal award; an indirect cost activity and a direct cost activity; two or more indirect activities which are allocated using different allocation bases; or an unallowable activity and a direct or indirect cost activity
- Comply with the established accounting policies and practices of the non-Federal entity.

Condition:

1. Payroll transactions for three employees during three payroll periods were not supported by appropriate documentation. We identified that the employee charged to the grant was different than the employees who signed Activity Reports verifying time and effort performance on the grant. The District Attorney's office (DA) received authorization to swap senior personnel into the program in place of the less senior employees originally budgeted to the program per the grant agreements. The senior personnel then performed on the grant per the agreed upon terms of the grant. However, the DA's office then charged the grant in the accounting system for the salary of the junior personnel rather than for the salaries of the senior personnel performing on the program. All time and effort requirements of the grant budget were satisfied by the work of the senior personnel, and the compensation for the employees performing the activities was in excess of the amount charged to the program, so we did not observe any questioned costs related to this finding.

Time certifications verifying time and effort performance on the grant for six employees during three
payroll periods were not completed in a timely manner. Time certifications for six employees were
completed in October 2019 and February 2020 for activity performed during fiscal year ended June
30, 2019. Supervisors for the respective six employees confirmed that all time and effort
requirements of the grant were met.

Cause:

- 1. Controls over employee compensation charged to the Federal programs were not properly designed to ensure that the grant was only charged for the employee performing the work.
- 2. Controls over time certifications of activity charged to the Federal programs were not operating effectively to ensure the timely completion of the report.

Effect: The Federal program could be charged for service time and employee effort which was not performed on the grant.

Questioned Costs: None

Context:

- 1. For the three employees who were charged to the grant but did not perform activities for the grant, a nonstatistical sample of 3 payroll periods from a complete population of 26 payroll periods charged to the Justice Assistance Grant program was tested for compliance and control functionality.
- 2. For the six employee time certifications that were not performed or not performed in a timely manner, a nonstatistical sample of 3 payroll periods from a complete population of 26 payroll periods charged to the Justice Assistance Grant program was tested for compliance and control functionality.

Identification of a repeat finding:

- 1. Yes, repeated from fiscal year ended June 30, 2018.
- 2. No.

Recommendation:

- 1. We recommend management revise their process for charging salaries and wages to Federal programs so that such charges are for the exact employees who worked on the program.
- 2. Time certifications of employees working on grant funded programs should be prepared timely and regularly and submitted to the grant coordinator.

Management Response: See Corrective Action Plan on pages 197-198.

Finding 2019-002: Allowable Costs – Material Weakness

Program: High Intensity Drug Trafficking Areas Program
Direct Program
CFDA No.: 95.001
Federal Agency: Executive office of the President
Award No.: G16NV0001A, G17NV0001A, G18NV0001A, G19NV0001A,
Award Year: Fiscal year 2018-2019

Criteria or Specific Requirement: As a condition of receiving Federal awards, non-Federal entities agree to comply with laws, regulations, and the provisions of grant agreements and contracts, and to maintain internal control to provide reasonable assurance of compliance with these requirements.

Title 2, Subtitle A, Chapter II, Part 200 Subpart E, paragraph 430 of the Code of Federal Regulations stipulates that charges to Federal awards for salaries and wages must be based on records that accurately reflect the work performed. These records must:

- Be supported by a system of internal control which provides reasonable assurance that the charges are accurate, allowable, and properly allocated;
- Be incorporated into the official records of the non-Federal entity;
- Reasonably reflect the total activity for which the employee is compensated by the non-Federal entity, not exceeding 100% of compensated activities;
- Encompass both Federally assisted, and all other activities compensated by the non-Federal entity on an integrated basis, but may include the use of subsidiary records as defined in the non-Federal entity's written policy;
- Support the distribution of the employee's salary or wages among specific activities or cost
 objectives if the employee works on more than one Federal award; a Federal award and nonFederal award; an indirect cost activity and a direct cost activity; two or more indirect activities
 which are allocated using different allocation bases; or an unallowable activity and a direct or
 indirect cost activity
- Comply with the established accounting policies and practices of the non-Federal entity.

Condition: Four payroll periods tested with a total of two program related employees in each period, were not supported by appropriate documentation for the two employees. In each instance, the employee whose name was charged to the grant was different than the employee who signed Certification Letters verifying time and effort performance on the Program. The District Attorney's office (DA) received authorization to swap senior personnel into the program in place of the employees originally budgeted to the program per the grant agreements. The senior personnel then performed on the grant per the agreed upon terms of the grant. However, the DA's office charged the grant in the accounting system for the salary of the originally budgeted employee rather than for the salaries of the senior personnel performing on the program.

Cause: Controls over employee compensation charged to the Federal programs were not properly designed to ensure that the grant was only charged for the employee performing the work.

Effect: The Federal program could be charged for service time and employee effort which was not performed on the grant.

Questioned Costs: None

Context: Nonstatistical sample of 8 payroll periods with the same four employees from a complete population of 26 payroll periods charged to the High Intensity Drug Trafficking Areas Program was tested

for compliance and control functionality.

Identification of a repeat finding: Yes, repeated from fiscal year ended June 30, 2018.

Recommendation: We recommend management revise the process for charging salaries and wages to Federal programs so that such charges are for the exact employees who worked on the program.

Management Response: See Corrective Action Plan on pages 197-198.

Corrective Action Plan

March 25, 2020

Finding 2019-001:	Allowable Costs – Material Weakness
Program:	Edward Byrne Memorial Justice Assistance Grant Program
	Direct program. Passed through Nevada Department of Public
	Safety
CFDA No.:	16.738
Federal Agency:	Department of Justice
Award No.:	2015-DJ-0997, 2016-DJ-BX-0412, 2017-DJ-BX-0400, 2018-DG-
	BX-K005, 17-JAG-13, 17-JAG-14, 18-JAG-09
Award Year:	Fiscal year 2018-2019

This finding has been remedied. Currently, the County charges the JAG grant for the salary and benefits of the employees who are working on this program.

Finding 2019-002:	Allowable Costs – Material Weakness
Program:	High Intensity Drug Trafficking Areas Program
	Direct Program
CFDA No.:	95.001
Federal Agency:	Executive office of the President
Award No.:	G16NV0001A, G17NV0001A, G18NV0001A, G19NV0001A,
Award Year:	Fiscal year 2018-2019

We continue our efforts to remedy this finding. As recently as February 2020, we continued to work with Crowe and our HIDTA partners to find alternative corrective measure to address the finding. Unfortunately, that effort has proven unsuccessful.

Therefore, the Court will charge the HIDTA grant for the salary and benefits of the employees who are working on that program. In addition, the County will augment the salary and benefits for each position by the amount available HIDTA funds are exceeded. Finally, there will be a "Limited Permanent" position associated with each of the grant-

BRIGID J. DUFFY Director D.A. Juvenile funded positions to comply with the terms of the Agreement Between the County of Clark and the Clark County Prosecutors Association July 1, 2017, to June 30, 2020.

I met with County Comptroller Anna Danchik on March 9, 2020, to effectuate this process and we continue to work together to correct the finding. We hope to have the matter resolved by June 2020.

Respectfully submitted,

chiphpe for.

CHRISTOPHER J. LALLI Assistant District Attorney

2018-001 Allowable Costs

Type of Finding – Material Weakness in Internal Control over Compliance

CFDA # 16.738 Edward Byrne Memorial Justice Assistance Grant Program (JAG)

CFDA # 95.001 High Intensity Drug Trafficking Areas Program (HIDTA)

Initial Fiscal Year Finding Occurred: 2018

Finding Summary:	Controls over employee compensation charged to the Federal programs were not properly designed to ensure that the grant was only charged for the employee performing the work.
Status:	Edward Byrne Memorial Justice Assistance Program (JAG) CFDA # 16.738: Corrective action has been taken for this.
	High Intensity Drug Trafficking Areas Program (HIDTA) CFDA # 95.001: Corrective action is still in process. The County has been working with our auditors and HIDTA partners to find alternative corrective measures to address this finding. Corrective action will be implemented as outlined in the response to current year finding 2019-002.
