V. Informational Items

1. Clark County Parks and Recreation to discuss community tax and bonds (for discussion only)

John Stastny, with Clark County Parks and Recreation, was present to discuss the boards questions regarding taxes and how it relates to programming. It was clarified during the meeting that there are no current bonds. William Covington - explained that in 1988 the community voted for a 40-year tax which ends in 2029. John - the funding is assigned to the 2690 tax base and cannot be moved or used anywhere else. The 2690 tax funds the operation of community programming including paying part time staff, program materials and other associated programming costs. Parks and Recreation also uses a 541 fund which helps provide additional staff for the active learning class. Lola Egan - does Bunkerville and Moapa Valley have this programming? John - the programs in Bunkerville and Moapa Valley are 100% self-funded. John gave a comparison example that Moapa residents pay \$20 for a 6-week program and Bunkerville/Moapa Valley pay \$100 for the same program. John explained that if the community chooses to do away with the tax it would reduce the hours of operation for the office and for programming, but he was clear that programming would still be offered. Lola asked if there were available funds from the 2690 dollars and general funds that could be used towards additional programming or park projects? John will follow up with finance to get a better understanding on how the money could be spent and how much has accumulated. Lola requested that Wil get a list of generated dollars such as fuel tax dollars and Parks and Rec dollars, so the board can determine how much the community generates and how much is available to be used on future community projects.

LAND USE PLAN:

NORTHEAST COUNTY (MOAPA) - AGRICULTURE

BACKGROUND:

Project Description

General Summary

- Site Address: N/A
- Site Acreage: 509
- Project Type: Recreational facility (annual fall festival with corn maze and ancillary recreational activities).
- Parking Provided: 6 acres for parking

History & Site Plan

The site plan depicts a 509 acre agricultural site (Lewis Ranch) located south of the I-15, on the east, west, and south sides of Lewis Ranch Road. The site has a history since 2014 of hosting a temporary commercial event once a year for a pumpkin patch and corn maze.

Today, the applicant is proposing a recreational facility that will operate once a year, from the first Friday of September through the first Saturday of November. The annual recreational facility will feature the following activities: a corn maze, pumpkin patch, petting zoo, pig races, tractor drawn hayrides, amusement rides and games including farm swings and tractor pulled cow train pedal carts, garden area to harvest/purchase a variety of produce, haunted theme evening maze, haunted house, playground structures with bounce houses, fire pit seating areas for rent, incidental vendors selling souvenirs and refreshments.

The site will also include an area for 30 port-a-potties and an area for the Moapa Valley Volunteer Fire and Medic station. The proposed hours are noon to 11:00 p.m. daily with approximately 50 employees on-site. All of the aforementioned uses are more than 500 feet away from the existing residence and agricultural structures that are within a separate parcel that is not a part of this application. The applicant is providing 6 acres for parking with a parking attendant.

Landscaping

All 509 acres are currently utilized for agricultural uses and certain areas of the parcels are largely undeveloped, landscaping is neither required nor a part of this request.

Signage

Signage is not a part of this request.

Applicant's Justification

Per the applicant the annual event will take place from the first Friday of September to the first Saturday of November. Hours of operation will be from noon to 11:00 p.m. with approximately 50 employees at any given time. The subject property for the proposed recreational facility is over 500 acres and outside of the PM-10 zone. Approximately 6 acres will be provided for parking, which will include a parking attendant. All setbacks are met, and activities can be conducted without impacting neighboring undeveloped properties. There is an existing Clark County Business License (2002561.071-121) affiliated with this event since previous temporary commercial permits have been approved on the site in 2014 through 2017. The request for live entertainment is necessary since the applicant is offering sing-a-longs for children with other ambient music. The applicant does not propose permanent on-site improvements since this is an annual event only.

STANDARDS FOR APPROVAL:

The applicant shall demonstrate that the proposed request meets the goals and purposes of Title 30.

Analysis

Current Planning

A use permit is a discretionary land use application that is considered on a case by case basis in consideration of Title 30 and the Master Plan. One of several criteria the applicant must establish is that the use is appropriate at the proposed location and demonstrate the use shall not result in a substantial or undue adverse effect on adjacent properties. The proposed recreational facility is an annual occasion for locals and visitors to enjoy outlying areas of Moapa, but it also encourages some economic growth. Staff supports both use permits because the applicant is providing 509 acres to properly space the proposed activities and ancillary site requirements to help support the annual event. The proposed recreational facility with live entertainment is appropriate for the subject parcels; therefore, staff can support these requests.

Staff Recommendation

Approval.

If this request is approved, the Board and/or Commission finds that the application is consistent with the standards and purpose enumerated in the Master Plan, Title 30, and/or the Nevada Revised Statutes.

PRELIMINARY STAFF CONDITIONS:

Current Planning

- This application will not expire if the use is discontinued for more than 1 year;
- Hours of operation 12:00 p.m. to 11:00 p.m. daily.
- Applicant is advised that the County is currently rewriting Title 30 and future land use applications, including applications for extensions of time, will be reviewed for conformance with the regulations in place at the time of application; a substantial change in circumstances or regulations may warrant denial or added conditions to an extension of time; the extension of time may be denied if the project has not commenced or there has been no substantial work towards completion within the time specified; and that this application must commence within 2 years of approval date or it will expire.

Public Works - Development Review

- No comment.

Building Department - Fire Prevention

- Applicant is advised that fire/emergency access must comply with the Fire Code as amended; to provide a Fire Apparatus Access Road in accordance with Section 503 of the

International Fire Code and Clark County Code Title 13, 13.04.090 Fire Service Features; that permits may be required for this facility and to contact Fire Prevention for further information and a meeting at khoyt@clarkcountynv.gov; and to show fire hydrant locations on-site and within 750 feet.

Clark County Water Reclamation District (CCWRD)

- Applicant is advised that there are no public sanitary sewer facilities available within the proposed development and none are planned within the next 5 years.
