Purpose of Funding

BACKGROUND

The Outside Agency Grant (OAG) has been in operation since at least 2001 and has dispersed more than \$90 million in funds into Clark County since then.

The program is designed to supplement services provided directly by the County or are funded in lieu of the County's needing to establish such programs.

Projects must provide services and assistance that substantially benefit Clark County residents, including:

- Programs and services needed by disadvantaged citizens to increase their self-sufficiency and personal independence;
- Programs or events that foster community pride or cohesiveness; and/or
- Facilities and projects that strengthen community infrastructure.

Grant applications are only accepted from nonprofits and local government entities.

FUNDING DETAILS

- The Outside Agency Grant (OAG) is funded by County tax revenue.
- Each year, \$3 million dollars is allocated, to be split evenly between Community Initiatives and Department Initiatives.
 - This \$3 million is not a guarantee but has been the standard for the last 5 years.
- The grant year runs from July 1st to June 30th each financial year. Funds do not roll over and subrecipients must reapply each year.

Our mission!

OAG is working towards ways to build capacity in our community, not just fund programs.

We work with both established and emerging agencies and aim to support each of our partners based on where they are and what they need.

- ✓ Preparing for federal grants
- ✓ Deepening community impact
 - ✓ Sustainable growth

New Monthly Office Hours

To those : aims:

- We will be hosting monthly office hours starting September.
- These will be hour long, optional, virtual office hours. We will devote the first 30 minutes to talking about a different capacity building topic, and the last 30 minutes will be a Q & A for anything, including questions about the compilation of the Request for Reimbursement packets (monthly RFRs).

Partnership with NV Grants Lab

- We have partnered with NV Grants Lab to offer both broad and personalized support to our subrecipients
- Please visit NevadaGrantLab.org for information on capacity building classes

Quarterly Reporting and Performance Metrics

The Scope of Work & Outputs

We have worked with agencies in the last two weeks to create measurable goals that are realistic for the grant year. We often go back and forth creating this scope and the outcomes they will report on as the grant year progresses.

We try to make sure the outcomes are measurable, at the very least, though we are working towards enacting SMART goals and teaching our subrecipients how to write them.

We utilize quarterly reports (which we will cover later) to check in on their programmatic progress.

- During the program year ending June 30, 2025, Recipient will provide BRIEF EXPLANATION OF SPECIFIC SERVICES PROVIDED.
- Specifically, the objectives of the Program in this fiscal year will be to:
 - SPECIFIC OBJECTIVE 1 WITH QUANTITATIVE MEASURES
 - SPECIFIC OBJECTIVE 2 WITH QUANTITATIVE MEASURES
 - SPECIFIC OBJECTIVE 3 WITH QUANTITATIVE MEASURES.
- Recipient shall maintain client data demonstrating client eligibility for services provided and retain such client data as well as all financial records, supporting documents, statistical records, and all other records pertinent to this Resolution for a period of four (4) years.
- Recipient will provide to Clark County written notice of any program changes during the fiscal year for which County funds are allocated under the provisions of this Resolution.
- 6. Recipient shall give priority attention to referrals for service for County-identified clients.

Quarterly Reporting

We are currently drafting a new Quarterly Report, which will look similar to this Exhibit C, but you will only report Year to Date goals.

Reporting Tips

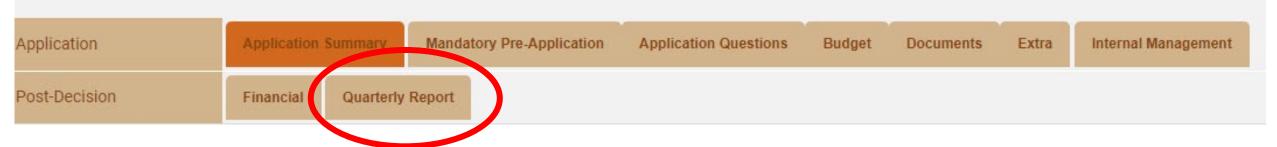

Focus on Grant-Specific Outputs: Only report outputs that are directly related to the expenditures covered by your grant. If your program is supported by multiple grants, ensure you only attribute the relevant percentage of outputs to each grant.

Avoid Double Reporting: Outputs reported to the grant should not be reported to other funding bodies for the same program. Keep your reporting clear and distinct for each funding source.

If there is a part of your output that requires multiple data points (i.e. an output like "45 people will attend parenting classes, with 38/45 (~85%) reporting it helped them with new parenting strategies), please make sure to address ALL data points in the reporting.

If you will be administering post-tests in a later quarter, please make note of that on the preceding reports.

ZoomGrants Navigation

All Requests for Reimbursement (RFRs) and Quarterly Reports will be submitted via ZoomGrants.

We can answer basic navigation questions about ZoomGrants, but for log-in or issues with submissions, please contact ZoomGrants directly at Questions@ZoomGrants.com

- 2.) Insurance
- 3.) Best Practices
- 4.) Compliance Agreement
- **5.) Corrective Actions**

The Resolution

The Resolution is the legal document which lays out both our responsibilities as grant funders and the responsibilities of the subrecipients. It is here where we outline the scope of work, program outputs, and how grant money funds be spent (i.e. how much in administrative funding they will spend vs. how much in direct services).

The Resolution is a touchstone we come back to again and again throughout the grant year. It is your first line of defense when you have questions about the grant.

RESOLUTION TO GRANT FUNDS TO AGENCY FOR PROGRAM NAME

WHEREAS, AGENCY ("Recipient") located at ADDRESS, proposes to BRIEF EXPLANATION OF PROGRAM SERVICES through its PROGRAM NAME (the "Program"); and

WHEREAS, pursuant to NRS 244.1505, the Clark County Board of County Commissioners may expend money for any purpose which will provide a substantial benefit to the inhabitants of the County or grant money to a private organization, not-for-profit, to be expended for the selected purpose; and

WHEREAS, the Clark County Board of County Commissioners has delegated execution of this Resolution to the County Manager or his/her designee; and

WHEREAS, Recipient has requested financial assistance from Clark County (the "County") to assist with program costs associated with the Program, administered primarily at ADDRESS WHERE SERVICES ARE PROVIDED; and

WHEREAS, Recipient is a nonprofit organization created for religious, charitable, or educational purposes as defined by NRS 244.1505 and NRS 372.3261; and

WHEREAS, the purpose for which the Funds (as hereinafter defined) will be used by Recipient, as identified at Exhibit "A", "Expenditures Eligible for Reimbursement", attached hereto and incorporated herein as if fully set forth, will provide a substantial benefit to the inhabitants of the County; and

WHEREAS, Recipient agrees to furnish such services upon the terms and conditions set forth below.

NOW, THEREFORE, BE IT RESOLVED that County funds be granted to Recipient for the Program, subject to the following conditions and limitations:

Outside Agency Grant (OAG) Compliance Agreement (2024-2025)

Grants are great tools for agencies to achieve their goals, but they also come with responsibilities. As stewards of OAG funds, it is crucial to follow the guidelines below, which outline the expectations and procedures necessary for successful grant management. By adhering to these principles and maintaining open communication with your Grants Coordinator, we can ensure the most efficient and best use of grant funds. Please read through these guidelines carefully and acknowledge your understanding and commitment by initialing each and signing at the end.

_____This agency commits to promptly reporting any changes related to agency address, email, or banking information, to the assigned Grants Coordinator immediately.

_____This agency will report any personnel changes (within the team responsible for OAG) to the assigned Grants Coordinator as soon as possible (within 30 days).

This agency will submit requests for reimbursement (i.e. invoices) monthly, unless there is a prior written agreement with the assigned Grants Coordinator stating otherwise. Failure to comply with timely submissions may result in denial of payment, especially at the end of the grant year. (Note: agreements made in previous grant years do not apply to the current year. You must request approval with the assigned GC for each grant year).

This agency acknowledges the obligation to submit four quarterly reports due on October 10th, 2024, January 10th, 2025, April 10th, 2025, and July 10th, 2025. It is understood that failure to submit any quarterly reports will result in a pause in invoice processing until the outstanding reports are received.

____This agency is responsible for submitting budget modifications if necessary to utilize the full award in a timely manner. Any such need will be promptly communicated to the Grants Coordinator.

____It is this agency's responsibility to maintain all required state and county licenses, as well as any required insurance policies, to remain in compliance with the grant. Please refer to the application instructions on the OAG website and your agency's Resolution for more information.

____This agency will meet all deadlines set by the Grants Coordinator, including deadlines for technical assistance. In the event of inability to meet a deadline, the agency agrees to provide advance notice.

____This agency acknowledges that prompt communication with the Grants Coordinator is essential for compliance. Effective and timely communication can help mitigate many non-compliance issues associated with grant management.

Consequences of falling out of compliance by not meeting the items above:

First infraction: A warning will be given which will be noted in the grant file.

Second infraction: An additional warning will be given and noted on the grant file and will be communicated to County Management.

Third infraction: A third warning will be given and noted on the grant file and will be relayed to the OAG Review Committee to become a factor in the consideration of future grant applications.

Funding Guidelines

We are currently in the process of standardizing our grant management practices across Clark County Social Services.

- This means that if you have multiple grants across different CCSS programs, we will soon have similar expectations for submitting Requests for Reimbursement, which will be communicated in a virtual Provider Training on August 18th, and again during our first Office Hours in September.
- The changes to OAG are minimal this year, and some you have already seen, like the 10% administrative cap that was a feature during the creation of your budget.
 - Next year, expect more changes, which will be communicated during the application period (late December 2025/early January 2026) for FY2027.

Purchase Orders (POs)

We are currently working with multiple County departments to set up all awards.

Please make sure you are checking your email associated with the grant often! We will often send requests for further information.

Our target date for issuance of the POs is late August/early September.

We do not recommend program funds be spent until POs are issued.

Please do not submit Requests for Reimbursement until POs are issued.

You will be promptly notified when POs are issued, and you are able to submit the RFRs.

Request for Reimbursement Workbook

New this year, the Request for Reimbursement cover page will replace the old coversheet and checklist as the first page of your submitted Request for Reimbursement packet.

This document will be sent out concurrently with the PO as a workbook, containing the directions and 12 different tabs for each month of the grant period. When you edit one, the rest will update to give an accurate picture of the spend down.

When ready to compile the monthly invoice, download the corresponding Excel tab as a pdf and then merge the page with the rest of the RFR document, making this the first page.

Note: We will have more robust training on this in August and

togetherforbetter

September.

- Requests for Reimbursement (RFRs, i.e.
 invoices) are <u>required</u> monthly, even if no
 grant funds were expended for that month.
 Please submit a \$0 RFR for months with no
 grant expenditures.
 - RFRs are due the 15th of every month

(or the following business day if the 15th lands on the weekend).

Important RFR Considerations

- Expenses should both occur and be incurred within the grant period (7/1/25 6/30/26)
- Expenses should be requested within the correct month (September should be requested in September's RFR, it should not be requested in a later month such as February's RFR).
- NRS 244.250 all expenses shall be requested within six months/180-days from date of purchase
- July through April expenses must be requested by May 31st, there will be no exceptions.

Clark County Year End 2026

Year-End is June 30, 2026

Submit <u>one</u> final invoice by July 8th, 2026, by NOON (12pm PDT) before the Accounts

Payable cutoff

Considerations

- Only one invoice per agency will be accepted at this year-end deadline.
- Expenses submitted should only be for expenses incurred in June 2026 (all other expenses should have been submitted previously in accordance with the monthly RFR deadline).
- Invoices submitted near this deadline should be clean invoices. Due to the high volume, there is no guarantee that technical assistance can be conducted. As such, expenses not properly verified/justified with the correct documentation may be removed from the invoice total.

Spend Down Plan

As the year progresses, OAG staff will be monitoring fund utilization to ensure all awards are fully spent by June 30, 2026.

In late December or early January, we'll conduct a case-by-case review of each agency's progress. If we notice any potential delays or spending challenges, we'll partner with your agency to develop a Spend Down Plan. This plan will serve as a flexible guide to support your team in successfully using the awarded funds within the designated timeframe.

Spend Down Plan

gency:	
otal Award:	Total Award Remaining:

Month	Expected OAG Reimbursement Request	Actual Expenditure (completed by OAG Staff)
January 2025		
February 2025		
March 2025		
April 2025		
May 2025		
June 2025		
Total (should match total award remaining):	0	

Per NRS 244.250, all invoices must be submitted within 180 days of the date of purchase to remain eligible for reimbursement.

If your organization does not expect to use all funds by June 30, 2025, you may voluntarily reallocate them. Any necessary voluntary reallocations will be viewed favorably as a proactive measure.

Please remain in contact with your assigned Grants Coordinator for the OAG with any questions.

Program Funding Narrative vs. The Budget

Carefully consider the allocations are intended to be a fixed financial plan. We understand that modifications may occasionally be necessary; however, we encourage agencies to limit modification requests to only when absolutely necessary as spending adjustments should be carefully managed.

Budget: Referenced in Exhibit A – Administrative Costs and Direct Costs

Program Funding Narrative: How do you plan to spend your funds and what is your program design?

If at any point, you notice that your agency is overspending/underspending on a line item, you can submit a Program Funding Narrative change.

- 1.) If the change is more than 10% of the total: Write a justification memo on agency letterhead explaining which line items you are moving the funds to and from, why the move(s) are necessary, and explaining how the new budget requests tie your originally submitted scope of work.
- 2.) If the change is less than 10% of the total: Write an email that contains the information relayed in step #1.

If you are moving across the two categories AT ALL (i.e. moving from administrative to direct or vice versa) we will need a memo on agency letterhead.

*10% change will not be applicable in this case

Payment Works

We've partnered with **PaymentWorks**, a secure digital supplier onboarding platform, to streamline the collection, validation, and management of vendor information. This platform ensures seamless and compliant business payments. You should have received a **registration link from PaymentWorks** to complete your setup as a Clark County vendor. If you have not, please contact your assigned Grants Coordinator, who will work with our Financial Office Specialist, Adriana, to get you set up.

For documentation-related questions:

Contact the Comptroller Help Desk at comptrollervendordesk@clarkcountynv.gov

For PaymentWorks platform or registration issues:

Email <u>paymentworksinquiries@clarkcountynv.gov</u> or contact Esteban Dominguez at 702.455.5033.

Amendments

Amendments

Amendments are formal changes made to the Resolution/Contract after it has been executed. Amendments must go back to the Board of County Commissioners for formal approval.

The OAG only allows amendments in the case of voluntary reallocation.

If at any time, you don't foresee your agency being able to spend all funding, please communicate that with your Grants Coordinator as soon as possible. This will be seen favorably as a proactive measure, showing that your agency understands its financial positioning well enough to request this amendment.

Annual Monitoring

Annual Monitoring Visits and Timeline

Annual Monitoring is expected to occur every 3rd quarter of the fiscal year.

•For programs with awards \$150,000 or over, a site visit will be required. The site visit is expected to last approximately 4 hours and will cover information about program implementation as well as contract and fiscal compliance.

More details regarding monitoring will be shared over the next six months.

Monitoring

Desk Audits (from programs awarded \$149,999 and below)

- We will be conducting internal desk audits of each program throughout the grant year, looking for compliance and other documentation. These will start late in quarter two/early quarter 3.
- If during these audits, we require additional information, we may contact your agency to request things like:
 - Internal policies and procedures,
 - Timesheets or other time logs,
 - Contracts or Memorandums of Understanding (for contracted services),
 - · Cost allocation plans,
 - Programmatic documentation (rosters, checklists, flyers from events),
 - Mileage logs
 - · And more.

Agency Contact Info

Address, personnel, or any other agency change

Any changes must be reported to your assigned Grants Coordinator and updated in Payment Works as soon as possible. Failure to do so may result in a delay in reimbursement.

Reminders

- Requests for Reimbursement (RFRs/invoices) are due monthly on the 15th, even if there were no program costs that month.
- Do not submit an RFR until you receive your fully executed Resolution and Purchase order (aiming for late August/early September time frame)
- Attend the Provider training on August 18th, if you are able.
- Attend our first Office Hours in September, which will also double as our Reimbursement Guidelines Training.
- Make sure to check the email associated with your award often.
- Contact your assigned Grants Coordinator first with any questions.
