# BE A WATER WATCHER

Summertime safety is about more than SPF.  
 Drowning remains the leading cause of unintentional injury-related death for young children in Southern Nevada.  
 Make summer fun for everyone with these three steps —  
**PATROL, PROTECT, PREPARE**

## PATROL

Most tragedies occur in seconds. Always designate an adult to actively watch children in the water.

## PROTECT

Install four-sided pool fencing, door alarms, locks, and other safety measures to provide defensive barriers between your child and the pool.

## PREPARE

Enroll your child in swim lessons, take CPR classes, and ensure every water watcher knows how to call 9-1-1 in an emergency.
