CONVENTION CORRIDOR

A resort specific corridor has been established to limit the work and activities which may negatively affect the access to and from the convention corridor.

All barricading companies and contractors are **REQUIRED** to coordinate with the various conventions and special events happening in Las Vegas. This is especially important near the Resort Corridor as the Sands Expo and the Las Vegas Convention Center are within close proximity to one another.

Las Vegas Convention Center:

Due to the increased volume of people accessing the Las Vegas Convention Center during a convention, Clark County is notifying barricading companies and contractors that there may be restrictions to the working hours in the following areas:

- **On Paradise from Sahara to Desert Inn**

The street listed above are currently all restricted under Title 30 "C" time restrictions (9:00pm to 6:00am, expect no work on holidays and Friday night through Sunday morning) so there should be minimal impact. As a reminder, the hours of 9:00pm to 6:00am include setup and teardown and any violations of the time restrictions may result in investigative penalties.

- **On Joe W. Brown from 1,000ft south of Karen to Desert Inn**
- **On Desert Inn from Paradise to Joe W. Brown**

Streets listed above are currently all restricted under Title 30 "A" time restrictions (7:00pm to 6:00am, 7 days per week) or "B" time restrictions (9:00pm to 6:00am, 7 days per week). When a convention is taking place, the time restriction will be 9:00pm to 6:00am with no work taking place on Friday or Saturday nights.

- **On University Center Dr. from McCarran Airport to Desert Inn**
- **On Convention Center Dr. from Paradise to Las Vegas Blvd**

Streets listed above are currently all restricted under Title 30 "D" time restrictions (9:00am to 3:00pm and/or 9:00pm to 6:00am). When a convention is taking place, the time restriction will be 9:00pm to 6:00am with no work taking place on Friday or Saturday nights.

- **On Sierra Vista from Paradise to University Center Dr.**
- **On Elvis Presley from Las Vegas Blvd to Paradise**

The streets listed above do not have set time restrictions per Title 30 and therefore most work takes place from 7:00am to 5:00pm. However, during a convention, work may take place between 9:00am to 3:00am (including setup and teardown). Clark County prefers that no work on Sierra Vista and Elvis Presley take place.

- **On Las Vegas Blvd from Resorts World to Elvis Presley**

Las Vegas Blvd is an “E” time restricted street per Title 30 (1:00am to 9:00am Monday through Friday, excluding national holidays and weekends). However, work on Las Vegas Blvd may take place between 1:00am to 6:00am (including setup and teardown). Clark County prefers that no work on Las Vegas Blvd take place.

Sands Expo:

Due to the increased volume of people accessing the Sands Expo during a convention, Clark County is notifying barricading companies and contractors that there may be restrictions to the working hours in the following areas:

- **On Sands Ave. from Las Vegas Blvd to Paradise**
- **On Spring Mtn. from Las Vegas Blvd to Polaris**
- **On Koval Ave. from Sands Ave. to Harmon**
- **On Flamingo from Las Vegas Blvd to Paradise**

Streets listed above are currently all restricted under Title 30 “C” time restrictions (9:00pm to 6:00am, expect no work on holidays and Friday night through Sunday morning) so there should be minimal impact. As a reminder, the hours of 9:00pm to 6:00am include setup and teardown and any violations of the time restrictions may result in investigative penalties.

- **On Las Vegas Blvd from Resorts World to Flamingo**

Las Vegas Blvd is an “E” time restricted street per Title 30 (1:00am to 9:00am Monday through Friday, excluding national holidays and weekends). However, work on Las Vegas Blvd may take place between 1:00am to 6:00am (including setup and teardown). Clark County prefers that no work on Las Vegas Blvd take place.

Below is the link to the Las Vegas Convention Calendar. Please use this to coordinate work.
