2012 Program Year CAPER

GENERAL

The Consolidated Annual Performance and Evaluation Report (CAPER) provides information on housing and community development activities in Clark County for the FY 2012 program year, July 1, 2012 – June 30, 2013. This Performance Report includes activities funded by the Community Development Block Grant (CDBG) program, the HOME Investment Partnerships (HOME) program, and the Emergency Shelter Grant (ESG) program. The CAPER consolidates four separate performance reports (Consolidated Plan, HOME, ESG, CDBG) into one document and must be submitted to the U.S. Department of Housing and Urban Development (HUD) by September 30, 2013. The purpose of the CAPER is to document how Clark County spent federal funds for housing and community development and to assess whether the County is making progress in meeting the needs of the Community, as stipulated in the HUD Consolidated Plan 2010-2014.

The Clark County CAPER reports on housing and community development activities in Clark County, Las Vegas, North Las Vegas, Boulder City, and Mesquite. The City of Henderson is not included in this report as it is a separate grant recipient. However, some of the activities described in this report took place in the City of Henderson. Federal funding for these activities is directed to Clark County in the following manner:

- The Clark County CDBG Consortium allocates CDBG funds on a formula basis for Unincorporated Clark County, North Las Vegas, Boulder City, and Mesquite. Clark County is the lead agency for the Consortium. Separate CAPERs outline the CDBG funded activities for the separate entitlement cities of Las Vegas and Henderson.
- The Clark County HOME Consortium allocates HOME funds on a formula basis to Unincorporated Clark County and North Las Vegas. Clark County is the lead agency for the Consortium. The Clark County HOME Consortium also receives State of Nevada HOME funds as well as State of Nevada Low-Income Housing Trust Funds (LIHTF). Members of the Consortium have access to all three funding sources based on a specific percentage of the total funding. While the City of Las Vegas is no longer a member of the Consortium, its housing activities are reported in this CAPER as the city has remaining Consortium HOME/LIHTF funds.
- Unincorporated Clark County receives ESG funds on a formula basis and administers the funds.

Non-federal resources for housing and community development included Clark County, North Las Vegas and Las Vegas Private Activity Bonds, Low Income Housing Tax Credits (LIHTC) and Low Income Housing Trust Funds administered by the Nevada Housing Division, as well as the City of Las Vegas 18% Redevelopment Set-Aside funds. Each jurisdiction covered by this CAPER pursued all resources as indicated in the FY 2012 Action Plan.

General Questions

1. One-Year Goals and Objectives Assessment

a. Summary of Accomplishments

Clark County, Las Vegas, North Las Vegas, Boulder City and Mesquite used federal and non-federal resources during the 2012 Program Year to support the following affordable housing activities:

1. New construction of rental housing
2. Down payment assistance for homeownership
3. Acquisition, rehab and resale for homeownership
4. New construction of owner housing
5. Rehabilitation of owner occupied units
6. Rental subsidies

During the 2012 Program Year, 481 units of affordable housing were completed including 441 units of newly constructed rental housing, 5 units of newly constructed owner housing, and 35 first time homebuyers. An additional 102 households were assisted with rental assistance. Four Acquisition/Rehab/Resale projects are underway, not yet completed. Thirty-eight (38) owner occupied housing units received minor rehabilitation using CDBG funding.

Clark County, North Las Vegas and Boulder City used Emergency Shelter Grant (ESG) funds and Community Development Block Grant (CDBG) Public Service funds to assist 7,740 homeless persons with services during the 2012 Program Year.

Work continued on the Clark County FY 2010-2014 CDBG Capital Improvement Plan with construction completed on Walnut Recreation Center Park, Winchester Cultural Center, and Legal Aid Center of Southern Nevada. Construction is underway on the Parkdale Community Center and the Foundation for an Independent Tomorrow. The acquisition of the HELP of Southern Nevada building is complete. All remaining projects are in the pre-development stages. North Las Vegas completed the North Las Vegas Library chiller repair.

The County CDBG Consortium also provided funds to various non-profit groups that provide public services, such as respite services and services for the disabled. According to the FY 2012 beneficiary reports, Clark County CDBG non-homeless Consortium funds assisted 1,369 unduplicated people and households during the reporting period.

Detailed information on Clark County CDBG Consortium projects can be found in Appendix C, Grantee Performance Report.

b. Breakdown of Grant Funds

HOME

CDBG

There are six basic categories of CDBG expenditures: infrastructure improvements, public facilities, housing rehabilitation, public services, fair housing and administration. During FY 2012, CDBG funds of \$12,783,754 were expended as outlined in Figure 7. Figure 8 illustrates CDBG expenditures by category and indicates that Clark County CDBG Consortium did not exceed the 15% cap for public services or the 20% cap for administration. Information on specific projects and dollars expended is available in Appendices B & C. The Clark County CDBG Consortium had an expenditure ratio of 1.15 as of May 2, 2013, in compliance with the 1.5 ratio limit required by HUD.

c. Progress Not Made

All goals and objectives are being addressed.

2. Program Changes

Clark County plans to move its ESG 2011 Phase 2 and 2012 Administrative funds to an HMIS activity that will allow the domestic violence shelters to become users of the HMIS. No other major program changes in FY 2012 for CDBG or HOME.

3. Affirmatively Furthering Fair Housing

a. Summary of Impediments

Clark County contracted with a consultant organization, Planning/Communications, to provide an updated Analysis of Impediments to Fair Housing. The study includes unincorporated Clark County, North Las Vegas, Boulder City and Mesquite and was completed in 2010. The following table provides a summary of the Fair Housing Plan outlining the actions the jurisdictions intend to undertake to affirmatively further fair housing from 2010 to 2015.

Impediment #1- Clark County and the three cities lack information about the extent, if any, that real estate firms, rental agents, apartment managers, and landlords engage in discriminatory practices.

Impediment #2- It is possible that racial steering by some members of the real estate industry and/or self-steering may account for the concentrations of African Americans and Hispanics in North Las Vegas and unincorporated Clark County, and the near total absence of African Americans from Mesquite, and near total absence of African Americans and Hispanics from Boulder City.

Impediment #3- Our online sampling of the offices of real estate agents and rental offices revealed a paucity of Asian, Hispanic, and African American agents.

Impediment #4- When display ads and brochures for real estate—ownership or rental—depict residents of only one race or ethnicity, they send a clear message of who is welcome and not welcome to live in the advertised housing, thus limiting the housing choices home seekers perceive as available to them.

Impediment #5- Discrimination in mortgage lending against Hispanics and African Americans in Clark County continues to pose a serious obstacle to members of these groups even though the degree of discrimination is not as intense as in the rest of the nation.

Impediment #6- It will take a public-private partnership to enable all four jurisdictions to expand the free market in housing to all parts of the county.

Impediment #7- None of the four jurisdictions has its own fair housing ordinance.

Impediment #8- Anybody who thinks she has been discriminated against when seeking housing in Clark County and the three cities immediately runs into the problem of determining whom to contact and how to file a fair housing complaint.

Impediment #9- In all four jurisdictions, the planning process does not address any fair housing issues that it can help resolve and fair housing violations it can help prevent.

Impediment #10- Land-use controls that impose excessive requirements on community residences for people with disabilities can establish barriers to establishing these residences.

Impediment #11- The Southern Nevada Regional Housing Authority has not established clear policies to promote residential integration for holders of a Housing Choice Voucher.

Impediment #12- While the Southern Nevada Regional Housing Authority has located scattered site public housing in many urban core neighborhoods, there are no units in many higher opportunity neighborhoods and units are concentrated in two increasingly Hispanic neighborhoods on the east side of Clark County's urban core.

The entire Analysis of Impediments to Fair Housing and the Fair Housing Plan is available at: http://www.clarkcountynv.gov/depts/admin_services/comresmgmt/Pages/cdbg.aspx

b. Actions Taken to Overcome Impediments

Clark County contracted with the Silver State Fair Housing Center to provide fair housing services to unincorporated Clark County, Boulder City and Mesquite. The organization is receiving \$125,000 over three years to provide these services. Clark County also has a CRM staff member as the Fair Housing Officer to be the point person on fair housing. He is the person to whom the public is referred when they call the county with Fair Housing concerns. Clark County trained its phone operators to refer all calls about housing discrimination to the jurisdiction's Fair Housing Officer or either of the two fair housing organizations in the state. Clark County updated its website to inform people of the resources available if they have fair housing concerns. The Greater Las Vegas Association of Realtors holds regular special meetings on a variety of fair housing issues in order to help its constituents.

The 2013 Nevada Legislature passed new laws that impact protected classes. Both houses approved Senate Joint Resolution 13, a proposed constitutional amendment to legalize gay marriage. The resolution must be approved by both houses of the Legislature again in 2015 before it can go before voters in the 2016 general election. Both houses approved, and Governor Sandoval signed, Senate Bill 139 to add crimes committed because of someone's "gender identity or expression" to the list of hate crimes. Judges could require longer prison sentences for people convicted of such crimes.

4. Other Actions to Address Obstacles to Meeting Underserved Needs

Housing

Affordable housing, particularly for renters at 50% of area median income and below, continues to be an issue of concern in Clark County.

- Clark County completed 441 units of affordable rental housing in FY 2012 for households from 30% to 60% AMI.
- Neighborhood Housing Services of Southern Nevada (NHSSN), Nevada Partners and Financial Guidance Center continued their Downpayment Assistance Programs, which assisted 35 first time homebuyers to purchase homes. The maximum assistance amount allowed is \$14,999.
- North Las Vegas provided Rebuilding Together with \$90,943 which they used to assist 33 disabled and senior households with minor repairs.

For information on actions undertaken by the Cities of Las Vegas and Henderson to address obstacles to underserved housing needs, please refer to their individual CAPERs.

Homeless

For the full information on the results of the HelpHopeHome implementation, see the following: <http://www.helphopehome.org/HHH%20Evaluation%20and%20Implementation%20Schedule%20November%202010.pdf>

Southern Nevada continued its regional approach to end homelessness through "Help Hope Home," the SNRPC Committee on Homelessness (CoH) has been evolving steadily and leading the charge to move

the Homeless to Homes. With a housing first approach, the CoH and its administrative office, the Regional Initiatives Office (RIO), led by the Regional Initiatives Coordinator (RIC), has worked tirelessly on continuing this progressive direction.

Building provider unity and collaboration has been a big focus over the past several years. Monthly provider meetings have been indispensable in creating unity, furthering knowledge, and solving problems among the homeless services providers in the community. As a result, faith based organizations have become more involved with the RIO. The RIO is an active participant in the City of Las Vegas' Mayor's Faith Initiative, specifically with the Homeless Services Working Group. RIO hosts an Agency Director meeting on a quarterly basis to enhance collaboration, coordination and problem solving around current and emerging issues/trends.

The RIO offers Mainstream Programs Basic Training, a monthly meeting bringing partners and resources from around the area to collaborate and discuss the varied services they provide. Each meeting has a population theme with social workers attending receiving Continuing Education Credit at no cost. SOAR (SSI/SSDI Outreach, Access and Recovery) Training continued to be held as new providers and staff recognize the benefits of using this process to help their clients receive mainstream benefits in a timely manner.

The OUTREACH Team continues to grow in their presence in the community, responding to encampments. They have added specialized staff to the team to include a Licensed Alcohol and Drug Counselor (LADC) and a veteran specific outreach person. Its purpose is to interact with the homeless on the streets of Las Vegas and help them move into intensive case management services to move out of homelessness. Youth outreach has improved markedly in the past year as Nevada Partnership for Homeless Youth and HELP of Southern Nevada's youth programs have outreach teams in the community and in schools engaging homeless youth.

Project Homeless Connect is an annual event that connects homeless individuals with the services they need in a one stop setting. Those in need come to find housing, legal aid, medical and dental care, obtain IDs and birth certificates, obtain employment, and access a variety of other services they need to get off the streets. Clark County's most recent Project Homeless Connect was hosted collaboratively by The Nevada Homeless Alliance and the RIO in December of 2012. Nearly 500 volunteers served over 3,000 homeless people in just one day.

The bi-annual Homeless Census was held on January 24-25, 2013 in Southern Nevada. The Southern Nevada Census canvassed the entire county by census tract. A total of 7,355 HUD recognized homeless persons were enumerated through the point-in-time count, a decrease of 22% from the previous homeless census.

There are not enough day shelters to house our local homeless population during the extreme temperatures or weather conditions in the summer and winter months. When temperatures reach 110 degrees or more in the summer and dip too low in the winter, homeless populations need shelter from exposure to the elements. This is when the Compassion Stations open; a network of churches, shelters and public facilities that provide a safe place to escape from the elements and receive water.

The RIO, along with Homeless Service Organizations, have been active participants in the 100K Homes Initiative. The community had participated in three 100K Homes hosted Boot Camps and has incorporated the 100 day goals strategy as a normal course of business to address systemic change and to move the needle in ending chronic homelessness on Southern Nevada.

5. Non-Federal Public and Private Resources

a. Progress in Obtaining "Other" Public & Private Resources

Two additional important resources for affordable housing development are the Low-Income Housing Tax Credits and the Industrial Development Revenue Bonds (a.k.a. Private Activity Bonds). The Private Activity Bonds can be used to produce a large number of units that are affordable to people at 60% of area median income. Projects also have set aside units for people at 50% or less of area median income. Clark County awarded \$34,070,364.05 to the State of Nevada Housing Division for its owner-occupied mortgage programs, \$5 million to Nevada Rural Housing Authority Single Family Mortgage and/or Mortgage Credit Certificate Program and \$5.8 million to the Accessible Space, Inc. Agate Avenue Senior Apartments.

b. Leveraged Resources

The Urban County Consortium Programs annually leverage millions in other public and private funds. Each year, the HOME and State Low Income Housing Trust funds leverage millions in private monies through the Low Income Housing Tax Credit Program and Private Activity Bonds toward the construction of affordable housing in the community. The federal and state funds provide the necessary "gap financing" to complete these subsidized projects, and enable the developers to offer the facilities to those at lower levels of income.

The down payment assistance programs also provide grants in the range of \$1,000-\$14,999 to income eligible homebuyers. These monies are then leveraged many times over as the private sector provides mortgages for homes at an average of \$103,291. Projects specifically completed in FY 2012 leveraged over \$51 million in private and public funds for an investment of only \$4.0 million in HOME/LIHTF funds, as outlined in Figure 10.

Figure 10

While there is no requirement for agencies to match CDBG funds, all agencies receive funding from a variety of other sources including other government grants, United Way, private dollars, materials and volunteer time worth many times the federal grant. Funds of \$4.5 million from federal, state and local sources were leveraged for CDBG funded public service programs as outlined in Figure 11.

Southern Nevada also received \$6,584,649 in Supportive Housing Program (SHP) funding through the FY 2012 Continuum of Care for homeless services.

c. Matching Requirements

HOME program match requirements are met many times over using the State of Nevada Low Income Housing Trust Fund. See Appendix F for a listing of HOME program match contributions. During the FY 2012 Program Year, the Clark County HOME Consortium expended \$3,276,451 in Federal and State HOME (excluding administration and CHDO operating) resulting in a match liability of \$819,113. See Figure 12 below for outline of match calculations for 2010 through 2012.

The nonprofit grant recipient provides a 1:1 match of all Emergency Shelter Grant Program funds allocated by Clark County. Clark County met the matching funds requirements for the Emergency Shelter Grant Program by requiring the subrecipients to secure the match. The subrecipients identified supplemental matching funds of \$6.9 million in other contributions.

Managing the Process

1. Actions Taken to Ensure Program Compliance

Actions taken during the last year to ensure compliance with program and comprehensive planning requirements include the following:

- Technical assistance workshops for the CDBG, ESG and HOME programs were held during the grant application process;
- CDBG, ESG and HOME program manuals were updated with the latest guidelines and regulations;
- Off-site and/or on-site monitoring was completed at least once in the last program year for each non-profit organization;
- Subrecipients and project sponsors that did not spend their grant funds in a timely manner had their grant funding reprogrammed for eligible activities;
- Many subrecipients and project sponsors received technical assistance on an individual basis from County staff.

Performance measures and outcomes were included for each project or program listed in the 2012 Action Plan.

Citizen Participation

1. Public Comments

This report was made available for public review and comment from September 9, 2012 through September 23, 2012. A copy of the Public Notices and Affidavits of Publication can be found in Appendix A.

2. Grantee Performance

- a. Funding, Expenditures, Commitments
- b. Geographic Distribution

Funding & Expenditures

As shown in Figure 14, Clark County expended almost \$18 million in current and prior year program funds.

Figure 14

No ESG program income was obtained in FY 2012. Clark County allows agencies to retain any rents received to support their operating costs.

Commitment of Funds

Commitment of HOME funds must take place within two years of the grant being received. Clark County was required to commit \$74,685,354 by 2012 and has actually committed \$74,887,161 of its total HOME allocation. It is required that Clark County HOME Consortium set-aside 15% of its total allocations within two years of receipt as Community Housing Development Organization (CHDO) reserves. Currently, Clark County has reserved a cumulative total of \$19,439,899 or 25% of HOME funds for CHDOs for all years. The HOME program also requires that funds must be completely expended within five years of receipt. This means that the Clark County HOME Consortium must have expended all funds from FY 1992 through 2007. Clark County has expended all funds up to FY 2008. The Status of HOME Grants report in Appendix D provides the information described above.

The FY 2012 Emergency Solutions Grant funds are 100% committed and 59% expended. The administrative funds set-aside for ESG 2012 will be reprogrammed to an HMIS activity (software development) that will allow domestic violence shelters to become participants in HMIS. Clark County has committed 100% of the FY 2012 CDBG funds allocated to outside agencies with a contract and/or a purchase order.

Geographic Location of Activities

Clark County used HOME and CDBG funds to provide affordable housing, meet community development needs and address homelessness throughout all areas of Clark County. See Figure 16 and 17 for specific locations of activities.

Institutional Structure

1. Actions Taken to Overcome Gaps

As the major recipients of federal resources in the Clark County HCP Consortium, it is important for Clark County, Las Vegas, North Las Vegas, Boulder City and Mesquite to share information on programming issues and joint projects frequently. Staff members in Clark County, Las Vegas and North Las Vegas regularly coordinate the timetables for the issuance of program applications. The CDBG Consortium members also meet on a regular basis to discuss policy and implementation issues. Clark County, Las Vegas, North Las Vegas, Henderson, Office of Regional Initiatives and HUD Representatives continued to meet on a bi-monthly basis to discuss issues related to various joint funded projects and HUD programs. The County HOME Consortium was renewed in 2012 for the years 2012-2014 and includes Clark County and North Las Vegas.

Southern Nevada Strong is a new collaborative regional planning effort, funded by a \$3.5 million dollar grant from the US Department of Housing and Urban Development (HUD). It provides the resources to conduct in-depth research and community engagement efforts to look at issues facing our community and propose collaborative solutions. All jurisdictions have several staff participating and helping to identify gaps in services with the ultimate goal to fill those gaps using federal, state and local funds.

The Southern Nevada Regional Planning Coalition (SNRPC) is charged with planning for the future needs of the region, including housing. Each jurisdiction within Clark County is taking part in this effort, as are the staffs of most of the departments and divisions administering federal funding.

Southern Nevada jurisdictions continued to address gaps in institutional structure in serving the homeless. Continuing with the regional approach to end homelessness "Help Hope Home," the SNRPC Committee on Homelessness (CoH) has been evolving steadily and leading the charge to move the Homeless to Homes. With a housing first approach, the CoH and its administrative office, led by the Regional Initiatives Coordinator have worked tirelessly on continuing this progressive direction.

Monitoring

1. Monitoring Guidelines and Frequency

HOME

HOME/LIHTF guidelines require that Clark County conduct periodic monitoring to ensure compliance with all applicable regulations pertaining to all federal and state grant funds. The following subrecipients were monitored on-site by Clark County in FY 2012:

- City of Las Vegas
- City of North Las Vegas
- Southern Nevada Regional Housing Authority (SNRHA) TBRA Program
- Fore Property Company Arbor Pointe Apartments
- Silver State Housing Santa Barbara Palms Senior Apartments
- Retirement Housing Foundation Acapella Senior Apartments

ESG

Clark County ESG staff performed financial desk audits throughout the year with every request for

payment from ESG subrecipients, including reviewing information for accuracy and compliance.

CDBG

The CDBG program monitors its capital projects through the Real Property Management Division, which provides construction oversight coordination and job supervision. Community Resources Management conducts a risk assessment of newly funded non-profits, which is completed to determine whether the organization will require additional technical support. Capital projects are consistently monitored throughout construction.

A typical monitoring begins with a discussion with a representative of the organization about their activities and their clientele as a way to begin understanding what types of information the monitors will need to review. Both the technical as well as financial aspects of each subrecipient are reviewed. The technical aspects consist of reviewing client files for thoroughness of content, i.e., application for assistance, eligibility, income, backup documentation, etc. In addition, the files are reviewed to ensure there is no conflict of interest and all necessary documents are contained in the file. Where subrecipients have received construction funding, files are checked to ensure that labor standards are being followed, such as Davis Bacon, Contractor Work Hours & Safety Standards Act (CWHSSA), Copeland Act and Fair Labor Standards. Overall, the monitors are looking for completeness and that all necessary documents are contained in the files.

The financial aspect reviews the overall accounting system. Concentration is on internal controls, accounting records, source documents, budget control, allowable costs, financial reporting and audits. This financial review is intense as the monitors look at the organization as a whole, not just Clark County's piece of it. The non-profit's accountant is requested to be present at the time of the monitoring visit.

When these reviews are completed, there is another meeting with the Subrecipient is conducted to discuss issues that may have been uncovered. At that time, recommendations may be made that will assist the non-profit either with their files or with record keeping. The monitors then inform them that any follow-up will be in writing and a letter is sent to each subrecipient outlining the monitoring visit and any recommendations made.

CRM also performs financial desk audits throughout the year on every request for payment, including reviewing the information for accuracy and compliance. Further, staff and the 36-member Community Development Advisory Committee (CDAC) visit most of the non-profit subrecipients during annual bus tours to each site or through a photo presentation for new affordable housing grant requests.

2. Monitoring Results and Improvements

HOME

The County monitored the Cities of Las Vegas and North Las Vegas HOME Programs. There were no issues identified at the City of Las Vegas. Several concerns were identified at North Las Vegas which they are addressing.

ESG

Desk audits were conducted throughout FY 2012 on ESG projects. No major areas of concern were found. An onsite monitoring visit was conducted with Emergency Aid of Boulder City and no major

concerns were identified. Clark County staff also worked closely with Nevada Community Associates to provide technical assistance as they transitioned into using ESG funds for Rapid Re-Housing.

CDBG

As no Clark County Public Service funds were awarded in FY 2012, only desk monitoring of existing projects was completed. Capital projects are consistently monitored throughout construction. In August 2012, the North Las Vegas CDBG Programmatic and Financial records were reviewed by Clark County with no major issues identified. Clark County also monitored the City of Boulder City's CDBG program in August 2013 for FY 2012 to determine whether the subrecipient has implemented and administered CDBG-funded activities according to Federal requirements. There were no major changes recommended.

The City of North Las Vegas monitored its public service funded programs with the following results 2012/2013:

Women's Development Center- No issues

Valley View Community Cares- At the time of the monitoring visit, VVCC did not have a current audit completed, however they had an independent accountant compile their financial statements. Resolution: The city of North Las Vegas has asked to receive an audit in the future as it will not accept a financial compilation in the future.

Boys and Girls Clubs of Southern Nevada- No issues

Neighborhood Housing Services of Southern Nevada- No issues

James Seastrand Helping Hands- At the time of the monitoring visit, client files were unorganized and inconsistent, and documentation of eligibility was not clearly documented. This was an issue during their previous monitoring visit as well. James Seastrand Helping Hands lacks the proper internal controls needed for separation of duties. Currently James Seastrand Helping Hands has the same person processing invoices for payments and reconciling, this person also assumes other accounting duties. Resolution: James Seastrand will not be eligible for future funding until they can document proper internal controls and capacity to truly operate a CDBG funded program.

Foundation for Positively Kids- No issues

Clark County Urban League Senior Home Repair- No issues

City of North Las Vegas Parks and Recreation- At the time of the monitoring visit the program files reviewed and the associated documentation of eligibility were not consistent. Resolution: Neighborhood services staff is working with the parks and recreation staff ensure compliance with both HUD and City requirements for the CDBG program.

The Shade Tree-No issues.

3. Self Evaluation

a. Program Effect in Solving Neighborhood and Community Problems

The variety of activities and facilities that are undertaken using HOME, CDBG and ESG funds have a direct and positive impact on solving community problems. For example, the recently completed CDBG

funded Winchester Cultural Center dance studio and the Walnut Recreation Center Park provide space in low-income communities for recreation and cultural enrichment. ESG funds were directed to the operation of local homeless shelters and preventing homelessness.

The HOME/LIHTF program continues to produce affordable housing units, rental and owner, as well as providing rehabilitation to existing properties. The rehabilitation activities help improve the community appearance, which can result in a domino effect – other homeowners and apartment owners may undertake property improvements when they see others improving their properties. The production of new owner units helps families build equity for the future and provides for a more stable community fabric as homeownership often engenders a sense of community ownership. New rental units ensure that lower income households have more disposable income, which then supports community businesses and can be used for self-improvement.

b. Progress in Meeting Priority Needs, Specific Objectives and Community's Vision

Progress is being made in meeting all priority needs and specific objectives as illustrated in Appendix E.

c. Progress in Providing Decent Housing, a Suitable Living Environment and Expanded Economic Opportunity

During the 2012 Program Year, 481 units of affordable housing were completed including 441 units of newly constructed rental housing, 5 units of newly constructed owner housing, and 35 first time homebuyers. An additional 102 households were assisted with rental assistance. Four Acquisition/Rehab/Resale projects are underway, not yet completed. Thirty-eight (38) owner occupied housing units received minor rehabilitation using CDBG funding.

Clark County, North Las Vegas and Boulder City used Emergency Shelter Grant (ESG) funds and Community Development Block Grant (CDBG) Public Service funds to assist 7,740 homeless persons with services during the 2012 Program Year.

Work continued on the Clark County FY 2010-2014 CDBG Capital Improvement Plan with construction completed on Walnut Recreation Center Park, Winchester Cultural Center, and Legal Aid Center of Southern Nevada. Construction is underway on the Parkdale Community Center and the Foundation for an Independent Tomorrow. The acquisition of the HELP of Southern Nevada building is complete. All remaining projects are in the pre-development stages. North Las Vegas completed the North Las Vegas Library chiller repair.

The County CDBG Consortium also provided funds to various non-profit groups that provide public services, such as respite services and services for the disabled. According to the FY 2012 beneficiary reports, Clark County CDBG non-homeless Consortium funds assisted 1,369 unduplicated people and households during the reporting period.

d. Activities Behind Schedule

Activity #2671 (2005) & 2673 (2007) – North Valley Lots Purchase – The lots were going to be developed as affordable housing by Habitat for Humanity with conveyance of the 6 lots at Carey and West approved in 2006. Since that time, it has been determined that the site is not appropriate for single family housing. Therefore, North Las Vegas is releasing a RFP to solicit an organization to develop a community health clinic on the site to serve this low-income area. The RFP is expected to be available in October 2013.

Activity #2755 (2005) NLV Colton & Brazil – Off-sites are being constructed including the block wall. Funding for the single family homes is being provided by Habitat for Humanity Sponsors. The Water/Sewer lateral connections started in May with the curb started immediately after. Sewer/Water installation with dry utilities is completed. Vertical construction is underway.

Activity #2843 (2003) – Original funding came from 2003 but project wasn't funded until 2009. Two vacant lots are being redeveloped with Habitat for Humanity housing. At 1929 Hart Ave - Home is now complete and occupied. Funding for construction was provided by Habitat for Humanity Sponsors. At 1731 Bluff Ave - All soil remediation and offsite work is complete funded by NLV. Since Habitat cannot find a beneficiary to purchase this home, Habitat has an agreement with Neighborhood Housing Services of Southern Nevada (NHSSN) which will buy the unit from Habitat and then sell it to an eligible household. Habitat's model limits the number of people that can purchase a home while NHSSN has many clients due to their down payment assistance programs. If the unit cannot be sold it will be converted to a rental unit to become part of NHSSN's portfolio of rental units.

e. Impact on Identified Needs

The activities and strategies had a tremendous impact on needs as is illustrated in the HUD Consolidated Plan Needs Tables, which have been updated with actual accomplishment information. See Appendix E.

f. Indicators That Best Describe Results

The indicators that best describe the results are noted in Appendix E.

g. Barriers to Goal Accomplishment

Economic conditions in Southern Nevada are improving but social service programs continue to experience increases in demand but decreases in funding from all sources. In addition, local governments' budgets have been severely impacted, resulting in reduced funding for all services and reductions in staff.

h. Identify Whether Major Goals Are on Target

Major goals are on target.

i. Adjustments or Improvements to Strategies and Activities

No major adjustments to strategies or activities are needed at this time.

Lead-based Paint

1. Actions Taken to Reduce Lead-Based Paint Hazards

Factors that may increase lead exposure among children elsewhere in the United States do not exist with high frequency in Nevada. The U.S. Center for Disease Control (CDC) asserts that children living in houses built before 1978 have a greater risk of exposure to lead-based paint; however, most buildings in Nevada were built after 1978. Approximately 62% of the housing built in Las Vegas has occurred from 1980 to the present. However, in an effort to implement the Lead Based Paint Regulations, the County and its consortium partners have undertaken the activities described below.

SNHD screenings using the LeadCare II blood lead analyzer continued in FY 2012. In most cases housing

components were not found to be the cause of the child's lead exposure. A common source of lead identified in the homes was ceramic dishes and pots that were used for cooking or serving food. These various pieces of ceramic ware may or may not be the main cause of the EBLLs for those cases. Additional leaded items found in these homes included plastic toys, keys, tile, necklace charms, backpacks, ceramic sink, leaded dust, suitcase, and jewelry, high risk hobbies of automotive repair and artistic paint and mixing.

When Clark County School District is required to abate or remediate actual lead hazards they are required to conduct and pass clearance tests before those areas of the school are put back into use. Interim controls are permitted as a solution to some of the hazards SNHD has discovered. However routine monitoring of those areas are a part of their compliance plan. All abatement or remediation work is to take place when children are not present, this may include but is not limited to school holidays, scheduled breaks, staff development days, weekends, and nights.

HOUSING

Housing Needs

*Please also refer to the Housing Needs Table in the Appendix.

1. Actions to Foster and Maintain Affordable Housing

Within the Clark County HOME Consortium, public sector and non-profit groups have worked to increase the supply of affordable rental and owner occupied housing in Clark County. The Consortium has been able to assist 100 low-income renter households with incomes at 30% or below of median income through Tenant Based Rental Assistance (TBRA) programs.

In FY 2012, Clark County CRM completed four new construction developments serving very low-income and low-income seniors. Accessible Space Inc. completed the Tonopah/Lamb Senior Apartments, a 34-unit development that received a HUD Section 202 grant for construction and rental assistance allowing ASI to assist very-low income senior households to live independently. Community Development Programs Center of Nevada completed the 39-unit Monroe & H development renamed Aldene Kline Barlow Senior Apartments and located in the City of Las Vegas Old Westside neighborhood. Silver Sage Manor in conjunction with Ovation Development completed construction on the 144-unit Winterwood Senior Apartments, renamed Acapella Senior Apartments. Finally, Retirement Housing Foundation completed construction on College Villas which is now providing 226 units of affordable senior housing in Henderson.

Low-income homeowners were provided assistance through Rebuilding Together with Christmas in April (RTCIA) Minor Rehabilitation Program. RTCIA assisted 33 households in FY 2012 of which 22 were elderly and 3 were female-headed households. North Las Vegas also funded Las Vegas-Clark County Urban League's Senior Home Rehab program which assisted 28 households. North Las Vegas provided Emergency Grant Repair funds to 17 households to assist with emergency repairs.

Clark County provided \$34 million in 2012 Private Activity Bond Cap for the State of Nevada Housing Division (NHD) to provide low-interest mortgages. The Single Family Mortgage Program provided hundreds of loans in 2012. An additional \$5 million in Bond Cap was also awarded to the Nevada Rural Housing Authority to provide their single family mortgage program and mortgage credit certificate program in the rural areas of Clark County. NRHA provided 114 loans and 13 MCC's in Clark County in FY 2012. North Las Vegas and Clark County work with Neighborhood Housing Services of Southern Nevada, Nevada Partners and Financial Guidance Center to provide downpayment assistance. In FY

2012, 35 households received downpayment assistance to become homeowners. Using Clark County HOME funds, Housing for Nevada purchased four houses which will be rehabilitated and sold to eligible homebuyers. Habitat for Humanity completed construction on five units of single-family housing in the City of Las Vegas. The units have been sold to eligible families.

Clark County expended funds on many new construction rental developments in FY 2012. Silver State Housing is completing construction on Santa Barbara I & II Senior Apartments which will provide a total of 119 affordable senior housing units once completed. Clark County also assisted several LIHTC developments including Accessible Space, Inc's Russell Senior Apartments and Community Development Programs Center of Nevada's Mixed Income Senior Apartments, Phase I. The final HUD Section 811 Cedar/Mojave Apartments by ASI are nearly complete and will provide 10 units of housing for severely disabled people. Clark County also funded the pre-development of ASI's Bonnie Lane Senior Apartments which is currently seeking tax credits to make the project feasible. Several additional HOME/LIHTF projects are in development including the ASI Agate Avenue Apartments, CDPCN Mixed Income Phase II and Nevada HAND Westcliff Pines II.

Specific Housing Objectives

1. Progress in Meeting Affordable Housing Objectives

The Clark County HOME Consortium expended \$4.6 million in HOME/LIHTF funds to non-profit organizations, which completed construction or rehabilitation of 441 units of affordable housing. An additional 102 households were assisted with TBRA.

HOME/LIHTF funds served a total of 582 households, comprising 542 renter households and 40 owner households. Two units were residential manager units, 17 were market rate and 83 units were vacant. The majority of households assisted, 425 or 85%, had incomes at 50% of area median income or below. Figure 18 summarizes program beneficiaries under the HOME program for FY 2012. It should be noted that Figure 18 does not equal the number of completed housing units reported in the CAPER because beneficiary data for CDBG-only funded housing beneficiaries are reported in the CDBG Grantee Performance Report (38 units).

Affordable Housing Accomplishments for FY 2010 through FY 2015

Clark County, Las Vegas, and North Las Vegas were able to complete 481 units of affordable housing in FY 2012 using federal, state and local funds. An additional 102 households were assisted with TBRA.

2. Progress in Meeting Section 215

All of the projects completed using HOME and LIHTF funds meet the Section 215 definition of affordable housing for both rental and owner households. The comparison of proposed goals to actual accomplishments is illustrated in Appendix E – Housing Needs Table.

3. Efforts to Address “Worst-Case” Housing Needs and Housing Needs of Persons with Disabilities

Clark County and Las Vegas both provided TBRA to primarily extremely low-income households, which generally have worst-case housing needs. The Southern Nevada Regional Housing Authority assisted 102 households with TBRA in FY 2012 through referrals from HELP of Southern Nevada, Southern Nevada Adult Mental Health Services, Mojave Adult, Child and Family Services, Aid for AIDS of Nevada, Safe House and Lutheran Social Services. All of these households were homeless, many with a severely mentally ill member. SNRHA recently signed a Memorandum of Understanding with the Veterans Administration as a new referral agency.

ASI develops and constructs projects that provide housing for the disabled, in particular, for those with severe brain injuries. These projects address the “worst-case” housing needs in the community as the majority of the disabled people who move into these units were paying over 50% of their income towards housing whereas at ASI’s developments they pay only 30% of their income. ASI completed the Tonopah Lamb Senior Apartments this year, is completing the Cedar Mojave Apartments for disabled people and is working on the development of the Bonnie Lane Apartments for seniors and disabled.

Clark County is also working with HELP of Southern Nevada to create housing and shelter for homeless youth that currently reside in a facility not conducive to their becoming self-sufficient.

Public Housing Strategy

1. Improve Public Housing and Resident Initiatives

Southern Nevada Regional Housing Authority

The Southern Nevada Regional Housing Authority (SNRHA) continues to utilize its Capital Fund Program (CFP) for the required capital improvements. During the last and current fiscal years the SNRHA has upgraded several of their public housing properties to bring them into UFAS/ADA wheelchair accessibility compliance. Also, the SNRHA through CFP Funds is modernizing thirty (30) units at the Hampton Court property. Construction is currently in progress in all units with an anticipated completion date of January 2014.

Based on Capital Funds availability, the SNRHA was anticipating completing the comprehensive modernization of Al Landsman Gardens in four phases. However, in August 2012 HUD announced an innovative new program called Rental Assistance Demonstration (RAD). Under this program the U.S. Department of Housing and Urban Development (HUD) is allowing housing authorities to rehabilitate and preserve their aging public housing developments using a variety of public and private affordable housing resources, including tax-exempt bonds supported by project-based rental assistance, Federal Low-Income Housing Tax Credits and public housing capital funds.

Under this innovative new program HUD is allowing housing authorities to convert public housing into subsidized housing with a project-based rental assistance contract. The rental assistance contract—15 years with an option to renew for another 15 years under the Project-Based Voucher approach—will allow SNRHA to borrow funds to cover a portion of the redevelopment effort. The RAD contract rent will be the lesser of 110% of Fair Market Rent less Utility Allowance or \$717 per unit per month.

The RAD program was evaluated and after months of careful consideration it was concluded that it was the best financial tool to complete the Comprehensive Modernization of Landsman Gardens in one phase. On December 2012 a RAD application was submitted and on January, 2013 HUD approved the Conversion of Al Landsman Gardens under the RAD Program

The project financing for Landsman Gardens includes tax-exempt bonds issued through the Nevada Housing Division and insured under the HUD 221(d)(4) mortgage guarantee program, equity from the sale of non-competitive 4% Low Income Housing Tax Credits and public housing capital funds and Replacement Housing Factor funds from SNRHA.

The FHA loan application was submitted July 1, 2013 and is currently under review by HUD. It is anticipated that the application will be approved November 2013 and the construction will start immediately after. Construction duration is 360 days or November 2014.

The SNRHA future capital improvements plans are as follows:

- In partnership with the City of Las Vegas, SNRHA, as a co-applicant, is considering submitting a Choice Neighborhood Initiative planning application for the redevelopment of the Sherman Gardens, Sherman Gardens Annex and Villa Capri neighborhood.
- SNRHA is considering submitting, in the upcoming years, a tax credit application to develop Phase II of Bennett Plaza and may utilize CFP Replacement Housing Factor (RHF) Funds, adding

35 additional public housing units. The SNRHA may self-develop or partner with a developer for this project.

- Submit in FY2014 a 9% Tax Credit Application for the Rehabilitation of 112 units at Vera Johnson B. The SNRHA may self-develop or partner with a developer for this project.
- The SNRHA continues to provide homeownership opportunities to low-income residents through its Section 32 and 5(h) Scattered Site Homeownership Program.

Family Self-Sufficiency (FSS) coordinators provide case management to participants of the Housing Choice Voucher Program and Public Housing Program. Coordinators work closely with various community partners and service providers to secure services to help FSS participants reach economic independence. Post-secondary education, vocational training, credit repair, budgeting preparation and homeownership opportunities are explored with each participant. The SNRHA works with the State Welfare Division and the Clark County Department of Social Services to help residents make the “Welfare to Work” transition and to further their self-sufficiency concepts.

The Supportive Services Department’s primary function is to inform seniors and families of the available community services and resources, and assist them with facilitating access to those services. The Department’s mission is to provide services that will enable seniors to age in place and remain independent, and to promote self-sufficiency for families. These goals are continuously met by providing several onsite service providers, advocating for the residents, distributing resource information and making referrals as needed. SNRHA has a very vibrant Section 3 program. Section 3 helps foster local economic development, neighborhood economic improvement, and individual self-sufficiency. The Section 3 program requires that recipients of certain HUD financial assistance, to the greatest extent feasible, provide job training, employment, and contracting opportunities for low- or very-low income residents in connection with projects and activities in their neighborhoods. Through Section 3 employment, residents gain valuable job training and experience.

The SNRHA has formed a partnership with College of Southern Nevada to provide a program that will allow residents access to several high school, GED and college classes. Additional educational programs that are beneficial to our residents are provided by College of Southern Nevada, Clark County School District, Nevada Partners, Desert Rose Adult High School and University of Nevada Las Vegas.

The SNRHA receives an ongoing funding stream that assists working residents with their payment of security deposits. Additionally, the agency continues to utilize the free computers from the Broadband Technology Opportunities Program (BTOP) in collaboration with the Las Vegas-Clark County Urban League, to provide free public computer centers on-site at some of the housing developments; the labs are operated by residents.

The SNRHA has also received a Partnership Grant with Safe Nest that provides an on-site domestic violence advocate to assist residents with domestic violence intervention.

The Sherman Gardens and Marble Manor communities have the Safe Village Initiative project. This initiative represents a coalition of community partners that work closely to provide a comprehensive array of resources, as well as to reduce crime, enhance safety, and improve the quality of life in the community. The partners for this initiative include the Southern Nevada Regional Housing Authority, local criminal justice agencies, social service organizations, clergy, schools and residents. The intent of the Safe Village Initiative is to improve the outcomes for our communities by working collaboratively, using a broad community approach, to address the issues that challenge our community at large. Through the Safe Village Initiative, an environment is being created and fostered whereby every person is positively

supported by their community, family, and peers; they are all part of the solution. A unique forum has developed which allows residents to have real access to the resources needed to be safe, healthy, productive and contributing members of the community.

The Casa Grande Transitional Center, of the Nevada Department of Corrections, is a strong partner of the SNRHA. Casa Grande is a dormitory-style facility built to house non-violent, non-sex crime inmates who are within 18 months away from their parole eligibility date. The main purpose of Casa Grande is to allow these residents the opportunity to seek work and secure permanent housing prior to reintegrating into society. Since its inception, Casa Grande has expanded its programs to include parolees, probation violators, and ex-offenders. Each week, Casa Grande sends between 10-20 of their residents to volunteer on various SNRHA properties to help with painting, landscaping, gardening, and other light projects that benefit the residents.

Each year, the SNRHA hosts a major Father's Day event the day before Father's Day. The event is held to celebrate fatherhood and recognize Dads in the community who are doing a great job with their children, and to reconnect Dads and families. This free event is open to the public and designed to reach all Housing Authority families, including non-residents of SNRHA that have children that reside with the Housing Authority. There are free games, raffle prizes, jump houses for kids, face painting, haircuts, and a cookout. Community partners are on-hand to provide information on employment programs, family court mediation and child support, mental health and substance abuse resources, health and wellness services, vocational training, teen and children's programs, and more.

The Supportive Services Department also has a Program Specialist who meets regularly with SNRHA's Resident Councils Organizations to provide leadership, training and financial guidance to help them succeed in completing their objectives. It is the goal of SNRHA to increase the number of Resident Council Organizations at public housing developments located throughout the Southern Nevada region of Clark County.

SNRHA currently assists over 10,399 families under the Section 8 Housing Choice Voucher Program. These families reside in units owned by private owners throughout the Clark County area and receive rental assistance. The Authority continues to administer housing assistance payments under the Tenant Based Rental Assistance or TBRA Program supported by the County from the State of Nevada Low Income Housing Trust Fund. This Section 8 "Look-a-Like" Program is designed to provide housing assistance to homeless families and severely mentally ill homeless, to enable them to move to self-sufficiency. These applicants are referred from Southern Nevada Adult Mental Health Services, HELP of Southern Nevada and Lutheran Social Services with these agencies providing the case management to assist these families to meet employment and self-sufficiency goals. TBRA also provides assistance to Section 8 Wait List applicants. Through the VASH program, 639 participants will be assisted.

SNRHA partnered with Clark County and the City of Henderson to facilitate the Neighborhood Stabilization Program (NSP). The goal of the NSP program is to acquire, rehabilitate and manage foreclosed single family homes in the unincorporated county and city of Henderson. After rehabilitation, the homes are reintroduced into the market as rental properties to qualified tenants. SNRHA worked with Clark County and City of Henderson staff to acquire properties then the SNRHA put the homes out for bid to acquire energy auditors and contractors to perform the needed rehabilitation. SNRHA provides maintenance and management of these properties after they are rented. A total of 91 homes have been purchased under the first round of NSP funding (NSP-1). SNRHA was awarded \$12.2 million dollars from Clark County and \$1.2 million from the City of Henderson under NSP-1. Under the third round of NSP funding (NSP-3) the SNRHA was awarded \$6.2 million dollars to purchase and rehabilitate up to 41 units for Clark County, \$875,000 to purchase and rehabilitate up to 4 houses for the City of Henderson and \$399,000 from the Nevada Housing Division to purchase and rehabilitate up to 3 houses for the City

of North Las Vegas. City of Henderson is considering awarding an additional \$886,000 for the acquisition and rehab of 3 additional units.

Barriers to Affordable Housing

1. Actions to Eliminate Barriers to Affordable Housing

In 2012, Clark County subsidized the building permit fees and impact fees for Silver State Housing's Santa Barbara Palms II Senior Apartments, Accessible Space, Inc.'s Tonopah/Lamb Senior Apartments and ASI's Mojave/Cedar Supportive Housing using \$897,838.77 in HOME/LIHTF funds. Clark County also waives the fees for the rezoning of parcels that will be affordable housing upon completion.

Clark County uses a "Red Flag" team to expedite the plans and permitting for its BLM Pilot Projects and other key developments. This team is comprised of internal development services professionals and external service providers who advise the selected developer from the inception of the project through occupancy. Many areas of expertise are represented including, but not limited to, the County Departments of Air Quality and Environmental Management, Comprehensive Planning (zoning), Development Services (permitting and inspections), Finance, Fire, Public Works, as well as the Clark County Health District, the Las Vegas Valley Water District, NV Power, Southwest Gas, the Regional Transportation Commission and the Water Reclamation District. Additional outside agencies such as the Nevada Department of Transportation and the Regional Flood Control District are invited to attend on an as-needed basis.

Density bonuses are available for senior and supportive housing through a special use permitting process. The maximum density allowed in an R-3 zone is 18 dwelling units per gross acre. This increases to 22 dwelling units per gross acre for senior and supportive housing developments. Among the completed projects for 2012, Silver Sage Housing's Acapella Senior Apartments (142 units) used a density bonus and was provided with HUD and State funding through Clark County.

Silver State Housing received density bonus' on Santa Barbara Palms I & II Senior Apartments, Accessible Space, Inc. (ASI) also received a density bonus for their HUD Section 811 Program for the Disabled development of 10 units at Cedar and Mojave in the unincorporated county. The ASI Tonopah/Lamb development also received a density bonus, increasing the number of units possible on the site to 34 units.

1. Assessment of Relationship of HOME Funds to Goals and Objectives

a. Progress Made Toward Meeting Goals

The following section indicates the performance of funded programs toward the achievement of objectives and implementation of strategies to provide affordable housing during the program year. For additional information on the City of Las Vegas HOME projects, see that jurisdiction’s CAPER. All of the strategies in this section are either high or medium priority, as indicated in the original 2010-2014 Consolidated Plan.

4. Assessments**a. Results of On-Site Inspections of Rental Housing**

Housing Quality Standards (HQS) inspections and property standards inspections in the 2012 HOME Program Year numbered 120 units and many other units where tenancy changed. All newly completed rental units for FY 2012 passed HQS inspection. Clark County requires that HQS inspections be submitted before the final drawdown of funds. Clark County HOME staff also performs financial desk audits throughout the year with every request for payment, including reviewing information for accuracy and compliance.

b. Affirmative Marketing

HOME subrecipients are required to outline an affirmative marketing plan in their application for funding. Currently, tenant rolls and client lists are scrutinized during desk audits and monitoring visits to ensure that the subrecipients are, in fact, successful in serving typically underserved populations. The Consortium has a comprehensive Affirmative Marketing Plan. The plan includes incorporating the Equal Housing Opportunity logo and slogan into program materials; requiring subrecipients to use affirmative fair housing marketing practices when soliciting renters or buyers; and requiring subrecipients to make a good faith effort to solicit eligible persons who are unlikely to apply for housing assistance. Desk audits continue to document that HOME projects are serving underserved populations.

In FY 2012, of the 459 renters for whom race/ethnicity data was collected, 27% were Black and 12% were Hispanic. Of the 40 homeowners assisted, 30% were Black, 8% were Asian and 33% were multi-racial/other; 45% were Hispanic. These percentages illustrate that the affirmative marketing actions being undertaken by Clark County's HOME subrecipients are effective.

c. Minority & Women Owned Businesses

Clark County HOME subrecipients completed 2 contracts of \$1,731,981 in 2012 none of which were minority or women-owned businesses. However, these organizations subcontracted with various construction related companies, many of which were women-owned and minority-owned businesses. When HOME funds are awarded to a subrecipient, the contract includes the following language: "Subrecipient shall comply with the requirements of Executive Order 11625 which provides for the

utilization of minority businesses in all federally assisted contracts to the greatest extent possible". The subrecipients must then report on their use of MBE/WBE's to Clark County upon completion of their project. The HOME program does not require contracts under \$10,000 to be monitored for the use of MBE/WBE's, which means there may be many additional minority and women businesses providing services of which we are not aware.

The County Business Development Division maintains a vendor database of small businesses, which is primarily made up of MBE/WBE businesses. When a bid is generally advertised, the staff of Business Development encourages, through calls and emails, the appropriate businesses to place a bid. This list is made available to HOME subrecipients. The Business Development Division staff attends conventions and trade organization meetings to outreach to the minority and women owned businesses so they can be included on the vendor list and have access to workshops. The Business Development Division holds several workshops a year to assist small business development, including minority and women owned businesses.

All of the workshops were well attended. There are also hundreds of MBE/WBE businesses listed in the Business Utilization Directory and more are added as the applications arrive. Business Development works with Purchasing and Contracts to expand economic prospects of all disadvantaged groups in the business community and promote full and open competitions in all purchasing activities.

HOMELESS

Homeless Needs

*Please also refer to the Homeless Needs Table in the Appendix.

1. Actions to Address Homeless Needs and 2. Transitioning to Permanent Housing

According to the ESG & CDBG beneficiary reports submitted by non-profit organizations, the Clark County CDBG Consortium was able to assist 7,740 homeless persons in FY 2012. The information provided below also illustrates how the Clark County CDBG Consortium is meeting the homeless priorities outlined in the 2010-2014 Consolidated Plan.

The CoC Evaluation Working Group continues its responsibility for guiding the funding decisions around homelessness for all funding sources in Southern Nevada. This group is made up of representatives from each jurisdiction in the County as well as representatives from United Way, Metropolitan Police Department, the Clark County School District, Southern Nevada Mental Health, Veteran's Affairs, Department of Welfare and Supportive Services, domestic violence provider, Nevada Health Centers, the Nevada Homeless Alliance among other key stakeholders.

Active participation by local jurisdictions, government agencies, non-profits and business partners continued on the SNRPC Committee on Homelessness. Joint funding of the regional coordination efforts and programs continues through contributions to the regional budget by Boulder City, Henderson, Las Vegas, North Las Vegas and Clark County.

The Nevada Homeless Alliance along with the RIO have been facilitating monthly provider meetings to foster collaboration, information sharing, and communication. Faith-based organizations have been

attending monthly provider meetings. A representative of the RIO attends monthly meetings of the Community Interfaith Council (CIC).

The OUTREACH program has continued providing 24-hour street-based outreach with distribution of basic-needs goods to youth and adults. OUTREACH is a 7 agency multi-disciplinary partnership for street outreach to the service-resistant chronically homeless. HELP of Southern Nevada and the OUTREACH team provide outreach and intensive case management throughout the evening and weekend hours as well as traditional service hours. The OUTREACH Team includes the “Shine the Light” project that goes into the tunnels under Las Vegas twice a month.

The Nevada Homeless Alliance along with the RIO continues to sponsor Project Homeless Connect. Clark County OAG funds of \$25,500 were provided to support this project. The Southern Nevada Project Homeless Connect took place December 6, 2012 connecting over 3,000 homeless people to services in the community. Over 100 booths offered social services, housing, medical assistance and treatment, vision assistance, veterans assistance, courts, lunch, giveaways and much more.

HMIS Implementation continues to be a mandate for reporting in provider contracts which has resulted in an improvement in data quality as well as a greater desire to share information and the use of HMIS as an eligibility tool to promote more appropriate referrals to community partners.

Training continued to encourage utilization of the developed protocols for homeless interventions among code enforcement, law enforcement, service providers, and faith-based outreach groups. The Mainstream Programs Basic Training (MPBT) series continues monthly for frontline caseworkers with an average attendance of 60.

The Southern Nevada Regional Planning Coalition’s Committee on Homelessness is held monthly in a public forum and is televised live with re-runs throughout the month.

Regional funding for the Homeless Management Information System (HMIS) has been maintained and through the receipt of CoC funds has been able to expand. Mandatory HMIS utilization by providers is required as a condition of funding CDBG, ESG and OAG. HMIS usage has increased with the providers moving forward with using HMIS for shared eligibility criteria in order to facilitate appropriate referral within the CoC. All of the providers using HMIS have entered into a sharing agreement. Entering eligibility criteria for homeless and homeless prevention programs has become standard practice for those using HMIS. Basic Data elements entry is at 100% data quality for those using the system. There are only four (4) Homeless Service Housing Providers in Southern Nevada who are not using HMIS.

Las Vegas Metropolitan Police Department (LVMPD) Homeless Liaison and HELP Team provided resources and referrals to homeless persons during the last year. LVMPD directed homeless persons to services using alternative sentencing.

CCSD Title I HOPE continues to provide scholarships for graduating seniors to college or trade school. CCSD Title I HOPE supported K-12 access to public education to break the cycle of homelessness through identification and immediate enrollment of homeless students, expedited access to Pre-K and Special Education services, access to extracurricular activities, fee waivers for elective classes and more. The TITLE I HOPE director holds monthly service coordination meetings with the Homeless Service Providers serving families with children and unaccompanied youth to ensure that all children are connected to school and all relevant services as well as to ensure that children are placed in the most appropriate educational setting to meet their educational and emotional needs.

The CoH Evaluation Working Group actively works to maintain strategies for low income housing to report to the CoH, addressing actions to take. A representative from RIO attends and gives regular reports on the CoC activities at the regular Consortium meetings of all the jurisdictions that receive HUD federal funding.

Southern Nevada Adult Mental Health Services, Mojave Mental Health, HELP of Southern Nevada, Lutheran Social Services, Safe House, and The Shade Tree are using Clark County HOME TBRA vouchers for the homeless households with a particular focus on those with disabilities, including mental illness. WDC SAFAH-Link assisted disabled individuals and families exiting transitional housing programs and moving into permanent housing.

The RIO and Clark County Social Service continue to provide trainers for the Federal SOAR initiative to train case managers in more effective techniques of assisting clients in application to SSI/SSDI. The Las Vegas/Clark County CoC Coordinator is the State Lead for SOAR Implementation.

The youth providers continue to implement the mobile crisis intervention outreach for unaccompanied homeless youth. Nevada Partnership for Homeless Youth provides 24 hours/day street outreach and have the outreach van at area “at risk” high schools. HELP of Southern Nevada’s Shannon West Youth Center provides street outreach to homeless youth and goes to the high schools to assess school identified teens for assistance.

The Domestic Violence providers have developed an “Advocates Against Domestic Violence” workgroup that meets every other month to discuss the needs of those in or leaving a domestic violence situation to ensure wrap-around services to assist clients in moving toward self-sufficiency. The DV providers are also actively involved in the CoC.

Clark County Social Service continues to provide funding to local hospitals for indigent medical care. It also provides eligible indigent clients with a medical card to enable them to access medical treatment and prescriptions as needed.

Specific Homeless Prevention Elements

1. Actions to Prevent Homelessness

Clark County funded four agencies to provide homeless prevention services in FY 2012: Emergency Aid of Boulder City, Lutheran Social Services, HELP of Southern Nevada and Nevada Community Associates. Between these four organization, over 200 people were prevented from becoming homeless. Boulder City also funded Emergency Aid of Boulder City using CDBG funds and Nevada Community Associates received additional OAG funding from Clark County to expand their program.

Emergency Shelter Grants (ESG)

1. ESG Funds Used for Emergency Shelter and Transitional Housing

The Shade Tree Shelter for Women and Children, Family Promise, The Salvation Army, Safe House, NV Partnership for Homeless Youth, HopeLink, Catholic Charities and Safe Nest used FY 2012 ESG funds

for operations costs of Emergency Shelter. Women’s Development Center, Help of Southern Nevada and WestCare provided Transitional Housing using FY 2012 ESG funds.

2. Assessment of Relationship of ESG Funds to Goals and Objectives

a. Progress in Using ESG Funds to Address Homeless and Homeless Prevention

The goals outlined in the FY 2010-2014 Consolidated Plan include a goal to “Prevent homelessness whenever possible. Improve the availability of prevention programs and expand the types of prevention strategies. In particular, the continued availability of emergency shelter and transitional housing is seen as an important objective to helping end homelessness.” Some households were able to obtain more stable forms of housing upon leaving shelter and/or transitional housing. For example, 20% moved into permanent housing. An additional 5% found placement in transitional housing. See Figure 22 for overall ESG program housing outcomes.

More information on the homeless prevention activities funded with CDBG and other sources is available in the section on Specific Homeless Prevention Elements.

b. Comprehensive Homeless Planning and ESG

ESG is used to support the regional efforts to assist homeless families and individuals by specifically focusing on providing operational funding for emergency shelter.

3. Matching Resources

Clark County met the matching funds requirements for the Emergency Shelter Grant Program by requiring its non-profit grantees to secure the match. The thirteen ESG organizations identified supplemental matching funds of \$6,905,360 in local funds, other federal funds, state funds, private funds, and public contributions. See Figure 13 for information by organization.

5. Activity and Beneficiary Data

a. ESG Expenditures by Type of Activity

During the FY 2012 Program Year, Clark County expended \$434,703 in Emergency Solutions Grant (ESG) funds as indicated in Figure 23. These expenditures include funding from both FY 2012 and remaining funds from FY 2011. The Emergency Shelter and Street Outreach total did not exceed the greater of 60% of the entire grant award (\$301,291 for FY 2012), or the total amount of funds committed for homeless assistance funds in FY10 (\$254,951).

b. Homeless Discharge Coordination

c. Instituting a Homeless Discharge Coordination Policy and ESG Homeless Prevention Funds

Individuals exiting other public systems such as corrections, child welfare, and public health systems have limited options for housing, income, and family or other social support. Consequently they are at extremely high risk for homelessness and vulnerable to exploitation.

In January 2010, the Social Security Administration revised its policy to allow youth aging out of foster care to file for Supplemental Security Income 90 days before turning 18. Prior to this policy change, youth aging out of foster care could only file 30 days prior to their 18th birthday. Nevada followed suit for corrections by filing Administrative Regulation 816, allowing those exiting the Nevada Department of Corrections (NDOC) to complete applications for Supplemental Security Income prior to release.

Foster Care:

Annual Transition Plans at age 15 begin for all youth who are in foster care regardless of their permanency goal i.e. adoption, guardianship, or reunification, in order to support early planning to achieve a high standard of wellbeing including having a permanent home. If youth end up “aging out of foster care” they are provided with a 90 day transition plan and have 2 options to continue to receive supported services including a financial stipend in order to avoid homelessness.

The CoC and the State have a discharge plan; however, there are still barriers to effective and efficient discharge placements. A barrier to ensuring that young adults do not enter homelessness is that a young adult may choose to live where they want while remaining in court jurisdiction. This means that a young adult may choose to live on the streets, double up, or enter into a federally funded program as long as they meet the guidelines of that program. Additionally a young adult may be a “runaway” on their 18th birthday and be homeless at the time they opt into court jurisdiction. However, the intent of both Financial Assistance to Former Foster Youth (FAFFY) Program and Court Jurisdiction is to support young adults into successful independent living.

Health Care:

Within the CoC there is an Inter-local Memorandum of Understanding between WestCare Nevada, Inc., Boulder City Hospital, Centennial Hills Hospital, Desert Springs Hospital, Sunrise Mountain View Hospital, St. Rose Dominican Hospitals, Southern Hills Medical Center, Spring Valley Hospital, Summerlin Hospital, Sunrise Hospital and Medical Center, University Medical Center of SN, Valley Hospital, North Vista Hospital, Clark County and the Cities of Las Vegas, Henderson, and North Las Vegas to provide funds to WestCare for the operation of its Community Triage Center. This agreement allows for the provision of emergency room diversions for persons who do not have a medical issue, but are in need of substance abuse or mental health treatment. The CoC has representatives from the RIO, CoC EWG and CoH that participate in the WestCare Oversight Committee. This Committee is committed to improve the efforts around discharges for homeless persons to viable, stable and appropriate housing.

Many of the homeless in our CoC have chronic health issues. Our community does not have any medical homes or step-down medical units for those do not need ongoing hospital care and who ordinarily would be discharged to home. The gap is that there needs to be viable, safe alternatives for discharge so that shelters or the street the only option. Clark County Social Service is attempting to meet some of this need by submission of the Healthy Living grant application for chronically homeless, medically fragile homeless persons in the 2012 CoC Consolidated Application.

Social Workers from each of the local hospitals are responsible for discharge planning. The local medical hospitals are Boulder City Hospital, Centennial Hills Hospital, Desert Springs Hospital, Sunrise Mountain View Hospital, Inc., Catholic Healthcare West (dba. St. Rose Dominican Hospitals—3 campuses), Southern Hills Medical Center, Spring Valley Hospital, Summerlin Hospital, Sunrise Hospital and Medical Center, University Medical Center of Southern Nevada, Valley Hospital and North Vista Hospital. The CoC funded agencies are always willing to assist with housing homeless patients who have experienced a short term stay in the hospital. When no other option is available the hospitals will send patients to Catholic Charities, The Shade Tree, The Salvation Army or The Rescue Mission for shelter to avoid discharging patients to the street. These shelter providers work with patients to attain appropriate housing.

Mental Health:

The Mental Health and Substance Abuse Discharge workgroup is meeting on a regular basis to develop formal discharge protocols for all mental health and substance abuse facilities throughout the state, with the focus being on safe, stable housing upon discharge into non-HUD McKinney-Vento funded programs. Clients admitted to the mental health in-patient system are assigned a Social Worker to facilitate discharge to a safe environment. The Social Worker begins their discharge process at the time of admission. The client is assisted in securing identification and any other documentation necessary upon discharge. The Social Worker assesses the clients discharge needs, refers the client to outpatient services, identifies and mobilized community resources and ensures client has the necessary appointments and aftercare needs met. Reconciliation with family members is encouraged whenever possible and transportation is provided to reunite clients with family and friends who may be in a different geographic area.

Southern Nevada Adult Mental Health Services, a state agency, is primarily responsible for discharge planning from the mental health hospital. They work closely with: Monte Vista Hospital; Seven Hills Hospital; Mojave Mental Health; WestCare residential programs; the Las Vegas Rescue Mission; the Shade Tree; Catholic Charities; HopeLink; Family Promise; Freedom House; group homes; sober living facilities; and all providers within the CoC to ensure that clients are not discharged into homelessness.

Corrections*:

The NV Re-entry Task Force is tasked to support offenders returning to its communities by providing increased economic and housing stability. A Statewide Re-entry Coalition (SRC) is responsible for developing strategies and direct resources toward prisoner re-entry, in an effort to prevent discharges into homelessness. The Task Force has a strategic plan with a 5 year sustainability plan indentifying 24 goals. The SRC makes recommendations to the NV Reentry Task Force regarding statutes, policies, and regulations. The local Clark County Detention Center has an MOU with SNAMHS for those who are severely mentally ill to be discharged into their care for housing placement and ongoing mental health services. Additionally, they have created a staff position for Re-entry.

**Note: “corrections” category refers to local jails and state or federal prisons.*

1. Assessment of Relationship of CDBG Funds to Goals and Objectives

a. CDBG Funds in Relation to Priorities, Needs, Goals, and Specific Objectives

The Clark County CDBG Consortium received \$7.48 million in FY 2012 under the CDBG program and used those funds for capital projects and public services that benefit low- and moderate-income persons. All of the capital projects described are considered high priority in the FY 2010-2014 Consolidated Plan.

As outlined in Figure 25, 2 projects were completed. The FY 2010-2014 CDBG Capital Improvement Plan (CIP) is now underway with construction completed on the Walnut Recreation Center Park and the Winchester Cultural Center. The Parkdale Recreation Center expansion is under construction. Two other large non-profit CIP projects were completed – the new construction of the Legal Aid Center of Southern Nevada building and the acquisition of the HELP of Southern Nevada buildings. The Boys and Girls Club Outdoor Play Space improvements were completed. Mesquite is working on their park improvements but did not complete the landscaping project for the senior center. Boulder City moved part of their ADA sidewalks funding to fund ADA improvements at the Boulder City pool. North Las Vegas completed repair of the North Las Vegas Library Chiller and continued their ADA sidewalk improvements. Figure 26 depicts the status of the major public facility projects. Clark County repaid itself for the pool demolitions at the Von Tobel and Desert Inn parks, having completed the demolition last year and removing these hazards from the community.

North Las Vegas and Boulder City spent \$205,849 on community development public services during the reporting period. Overall, public services ranged from transportation to medical appointments for seniors and disabled to childcare scholarships so parents could pursue or continue employment. See Appendix C for the CDBG Grantee Performance Report.

Figure 28 illustrates that Clark County CDBG Consortium funds benefited 113,992 people and households during FY 2012. It is important to note that almost 100% of CDBG funds were used to assist persons at 80% of area median income or below. Further, the Clark County CDBG Consortium spends much of its funds for programs that assist people at 50% or less of area median income. A total of

113,366 people or 92% were below 50% of area median income. Of those 90% were people at extremely low-income (30% of area median income).

2. Changes in Program Objectives

a. Reasons for Changes in Program Objectives

Program objectives have not changed.

3. Assessment of Efforts in Carrying Out Planned Actions

a. Indicate How Grantee Pursued All Resources

b. Certifications of Consistency

c. Consolidated Plan Implementation Not Hindered

Clark County pursued all resources as indicated in the Consolidated Plan and the leverage of these resources is described in the section on Leveraging. Affordable housing developers that wish to apply for federal funds must receive a letter from the County stating that their project is consistent with the Consolidated Plan. Clark County has responded quickly to any requests for Consolidated Plan Certification Letters and issued such certifications to the CoC applicants and the SNRHA as their projects were consistent with the Consolidated Plan in FY 2012. Clark County did not hinder Consolidated Plan implementation by action or willful inaction.

4. For Funds Not Used for National Objectives

- a. CDBG Funds Not Meeting National Objectives**
- b. Overall Benefit Certification**

All funds required to meet national objectives are working to meet those objectives.

5. Anti-displacement and Relocation

As part of the annual HOME application process, Clark County requires applicants to design and describe a relocation plan if displacement is expected because of the proposed project. However, the County encourages the acquisition of vacant properties and non-displacement of existing tenants. There was no displacement using HOME funds in FY 2012.

6. Low/Mod Job Activities

No economic development activities were undertaken by the Clark County CDBG Consortium in FY 2012.

7. Low/Mod Limited Clientele Activities

The CDBG Public Service projects that do not qualify under a direct benefit category, such as youth programs or childcare, keep track of the income and race/ethnicity of their program participants. In this way, the Clark County CDBG Consortium ensures that CDBG Public Service funds are being used primarily to benefit people at or below 80% of area median income. The Clark County CDBG Consortium currently expends almost 100% of its public service CDBG funds on low- to moderate-income people, with many beneficiaries at 50% of area median income or below.

8. Program Income

- a. Program Income Reported Each Individual Revolving Fund**

During the reporting period, the Clark County CDBG Consortium receipted \$28,264.67 in program income from the Walker Park project as they were reimbursed for that amount from the Bureau of Land Management and various other sources.

Rebuilding Together with Christmas in April operates a minor housing rehabilitation program throughout the year that is supported by CDBG funds from North Las Vegas. Using these CDBG funds, RTCIA assisted 19 households. The North Las Vegas Emergency Repair Program assisted 1 household with minor repairs. LV-CC Urban League provided 18 seniors with home repair.

b. Total CDBG Funds Involved

Funds expended may include projects from previous years whose reimbursements were not paid until FY 2012 or funds expended in FY 2012 but the project is not completed.

Antipoverty Strategy

1. Actions Taken to Reduce Poverty

A significant number of projects and programs funded through both HOME and CDBG funds are designed to reduce the number of families in poverty, whether through educational opportunities or affordable housing development. In FY 2012, County general funds and North Las Vegas CDBG supported the provision of numerous senior and family assistance programs including teen medical and dental care through the Huntridge Teen Clinic and respite care for parents with disabled children through the Foundation for Positively Kids.

The Tenant Based Rental Assistance (TBRA) Program is designed to assist those families at the lowest end of the economic scale and was provided to 102 households. The Southern Nevada Regional Housing Authority operated the TBRA program using LIHTF through referrals from HELP of Southern Nevada, Southern Nevada Adult Mental Health Services, Mojave Adult, Child and Family Services, Aid for AIDS of Nevada, Safe House and Lutheran Social Services. All of these households were homeless, many with a severely mentally ill member. SNRHA recently signed a Memorandum of Understanding with the Veterans Administration as a new referral agency. Ninety-eight percent of these households are very low-income, with an area median income between 0 and 30%.

NON-HOMELESS SPECIAL NEEDS

Non-homeless Special Needs

*Please also refer to the Non-homeless Special Needs Table in the Appendix.

1. Actions Taken to Address Special Needs

Accessible Space, Inc.'s Tonopah/Lamb Senior Apartments, a HUD Section 202 funded project was recently completed with the Cedar/Mojave Apartments, a HUD Section 811 funded project, nearing completion. Two other ASI housing projects are in the development phase at Bonnie Lane, next to the Bob Price Recreation Center and Cora Coleman Senior Center. ASI develops and constructs these projects which provide housing for the disabled, in particular, for those with severe brain injuries and for seniors. These projects address the "worst-case" housing needs in the community as the majority of the disabled people who move into these units were paying over 50% of their income towards housing whereas at ASI's developments they pay only 30% of their income.

The Tenant Based Rental Assistance (TBRA) Program is designed to assist those families at the lowest end of the economic scale and was provided to 102 households. The Southern Nevada Regional Housing Authority operated the TBRA program using LIHTF through referrals from HELP of Southern Nevada, Southern Nevada Adult Mental Health Services, Mojave Adult, Child and Family Services, Aid for AIDS of Nevada, Safe House and Lutheran Social Services. All of these households were homeless, many with a severely mentally ill member.

Specific HOPWA Objectives

Clark County does not receive HOPWA funds. For information regarding this program, please see the City of Las Vegas CAPER.

PUBLIC NOTICE
CLARK COUNTY
CONSOLIDATED ANNUAL PERFORMANCE AND EVALUATION REPORT

Clark County has prepared a Draft Consolidated Annual Performance and Evaluation Report (CAPER) for the period July 1, 2012 to June 30, 2013. This Performance Report provides information on housing and community development activities during the reporting period and assesses progress in meeting housing and community development needs in Clark County. The public is invited to review the Draft CAPER and to submit written comments no later than 5:00 p.m. on Monday, September 23, 2013. The complete report will be submitted to the U.S. Department of Housing and Urban Development by September 30, 2013, and will include all public comments.

To receive a copy of the Draft Performance Report, please contact Clark County Community Resources Management at 455-5025 or go to our website at:

Description:
This project involves the purchase of six vacant lots from the now defunct Housing Authority of the City of North Las Vegas (HACNLV) for the new construction of single family homes by Habitat for Humanity. This project was initially going to be for a day care facility but the location is not suitable for this activity. Aug 2013:A health care clinic is planned for the property. City is actively seeking partners for this project and plans to put out an RFP in October 2013.

Annual Accomplishments

Years	Accomplishment Narrative	# Benefitting
2008	Lot purchases complete. No construction has yet begun.	
2009	Completed purchase of 6 lots from teh Housing Authority of the City of North Las Vegas for development of a child care center. Will close once facility constructed and beneficiaries counted.	
2010	The lots are being developed as affordable housing by Habitat for Humanity. The conveyance of the 6 lots at Carey and West was on the 6/06 City Counsel agenda as well as another agenda item allocating HOME funds to the same for pre-development costs. Habitat is rearranging the development start dates to assist North Las Vegas in getting all of these projects moving quickly.	
2011	The conveyance of the 6 lots at Carey and West was on the 6/06 City Counsel agenda as well as another agenda item allocating HOME funds to the same for pre-development costs. Habitat is rearranging the development start dates to assist North Las Vegas in getting all of these projects moving quickly.	
2012	Originally purchased for new construction of single family homes. That project proved to be infeasible. New project proposed for the site is a small neighborhood health center that will not only provide health services but will also provide health service provider training. A community survey was completed that indicated that health care and job training were the top priorities. Update Aug 2013: A health care clinic is planned for the property. City is actively seeking partners for this project and plans to put out an RFP in October 2013.

Years	Accomplishment Narrative	# Benefitting
2008	Lot purchases complete. No construction has yet begun.	
2009	Completed purchase of 6 lots from the Housing Authority of the City of North Las Vegas for development of a child care center. Will close once facility constructed and beneficiaries counted.	

2010 Project changed from child care center to housing. Once soil remediation takes place, lots will be conveyed to Habitat for Humanity for construction of single family homes.

2011 The lots are being developed as affordable housing by Habitat for Humanity. The conveyance of the 6 lots at Carey and West was on the 6/06 City Counsel agenda as well as another agenda item allocating HOME funds to the same for pre-development costs. Habitat is rearranging the development start dates to assist North Las Vegas in getting all of these projects moving quickly.

Description:
 PROPERTY ACQUISITION TO BUILD 6 SINGLE FAMILY HOMES IN NLV ON LAND PURCHASED FROM HOUSING AUTHORITY OF THE CITY OF NORTH LAS VEGAS. HOMES WILL BE CONSTRUCTED BY HABITAT FOR HUMANITY. May 25, 2012 - Project #3016 was originally set up as Colton & Brazil but should have been part of #2755 as all of these lots are being developed as single family homes by Habitat for Humanity after soils remediation by NLV. #3016 funds and draws moved to #2755 and #3016 is canceled. Activity #2755 (2005) NLV Colton & Brazil - All soil remediation is complete and property is secure, ready for vertical construction. Funding provided by North Las Vegas CDBG funds.
 Offsite: Habitat is going through the procurement process and coordinating with sub contractors for expected completion date of August 2012.
 Vertical construction will start July 2012 with a completion date of June of 2013.
 Funding will be provided by Habitat for Humanity Sponsors. Aug 2013: Vertical construction is underway with a completion date of December 2013 projected.
 Owners are already in place providing sweat equity as part of Habitat for Humanity's program. Two units occupied.

Description:

Funds will be used to purchase 2 vacant lots for the purpose of redeveloping the sites for single family homes. All of the housing construction will be undertaken by Habitat for Humanity. Original funding came from 2003 but project wasn't funded until 2009.
 Two vacant lots are being redeveloped with Habitat for Humanity housing.
 At 1929 Hart Ave - Home is now complete and occupied.
 Funding for construction was provided by Habitat for Humanity Sponsors.
 At 1731 Bluff Ave - All soil remediation and offsite work is complete funded by NLV.
 The foundation and the Block Wall securing the property is in place.
 Expected Certificate of occupancy date is 11/15/2012.
 Funding for building is provided by Habitat for Humanity Sponsors. Aug 2013: Bluff site house built and completed.
 Sold to lowmod first time homebuyer.
 Second property buyer fell through and no other buyer could be identified.
 Neighborhood Housing Services of SN, a local non-profit, will be signing a purchase agreement with Habitat for Humanity to purchase the house upon completion of construction.
 The house is estimated to be completed before the end of 2013.
 NHS will be using CDBG dollars that are allocated to them for an AcqRehabResale program as well as funding from Wells Fargo.
 They will sell the property upon completion to an eligible lowmod household.
 If they are unable to sell it within four months, they will rent the property to an eligible lowmod household as is designated in their agreement with the City of North Las Vegas.
 Clark County will try to separate the two houses in IDIS and separate the draw so that the property that is complete can be reported and the unfinished property can be tracked separately.
 Disappeared off of remediation list as NLV spent \$133,317.79 in 2012 to complete project.
 Funds have paid for acquisition/ remediation/ off-sites, not for construction of housing which is being paid for by Habitat.

-------	--------------------------	---------------

2010	The parks project in Mesquite is currently under design and the Environmental Review is underway.	
2012	Phase One, Senior Center landscaping improvements, was completed in 2011. Only design monies have been spent to date on the multi-phase park project. Pre-bid meeting for the Hafen Park Splash Pad (Phase 2) was held 3/8/13. Actual bid opening was held 3/19/13. The amounts exceeded the estimated budget. Mesquite City Council did not want to pay the difference, so elected to wait until next year or possibly FY 2014/15 to build the splash pad when additional CDBG funds become available. Due to the high bids this spring, it is unlikely the City will have much monies if any remaining for phases 3 or 4 park improvements.

2010 Agreement between NLV and NHS is under review and should be signed in Fall 2011 with work beginning immediately following.
 2011 Projects are underway. Awaiting billing.
 2012 Habitat for Humanity and Neighborhood Housing Services have decided to collaborate and have come up with the following plan. Habitat will proceed with building the North Valley homes and NHSSN will buy one them. NHSSN will purchase the home (with CDBG and Wells Fargo Foundation funds) as one of the two homes required to be purchased, rehabbed and resold in the North Valley Area. Once the home is built, NHSSN will showcase it during its DPA classes and be responsible for selling it. NHSSN will also purchase a Habitat home on Comstock as the owner has defaulted. NHSSN will use this home as the other home required to be purchased, rehabbed and resold in the North Valley Area.

HOME PROGRAM INCOME, MBE/WBE & MATCH
REPORT**

Annual Performance Report HOME Program

U.S. Department of Housing
and Urban Development
Office of Community Planning
and Development

OMB Approval No. 2506-0171
(exp. 8/31/2009)

Public reporting burden for this collection of information is estimated to average 2.5 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. This agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless that collection displays a valid OMB control number.

The HOME statute imposes a significant number of data collection and reporting requirements. This includes information on assisted properties, on the owners or tenants of the properties, and on other programmatic areas. The information will be used: 1) to assist HOME participants in managing their programs; 2) to track performance of participants in meeting fund commitment and expenditure deadlines; 3) to permit HUD to determine whether each participant meets the HOME statutory income targeting and affordability requirements; and 4) to permit HUD to determine compliance with other statutory and regulatory program requirements. This data collection is authorized under Title II of the Cranston-Gonzalez National Affordable Housing Act or related authorities. Access to Federal grant funds is contingent on the reporting of certain project-specific data elements. Records of information collected will be maintained by the recipients of the assistance. Information on activities and expenditures of grant funds is public information and is generally available for disclosure. Recipients are responsible for ensuring confidentiality when public disclosure is not required.

This form is intended to collect numeric data to be aggregated nationally as a complement to data collected through the Cash and Management Information (C/MI) System. Participants should enter the reporting period in the first block. The reporting period is October 1 to September 30. Instructions are included for each section if further explanation is needed.

Submit this form on or before December 31. Send one copy to the appropriate HUD Field Office and one copy to: HOME Program, Rm 7176, 451 7th Street, S.W., Washington D.C. 20410	This report is for period (mm/dd/yyyy)		Date Submitted (mm/dd/yyyy)
