Clark County, NV Action Plan 2014

The Annual Action Plan includes the SF 424 and Narrative Responses to Action Plan questions that CDBG, HOME, HOPWA, and ESG grantees must respond to each year in order to be compliant with the Consolidated Planning Regulations.

Narrative Responses

ACTION PLAN

Executive Summary 91.220(b)

The Action Plan 2014 presents the recommended housing and community development activities for Clark County and the Cities of North Las Vegas, Boulder City, and Mesquite for the Federal Fiscal Year 2014 (July 1, 2014 - June 30, 2015). Three separate federal programs primarily fund these activities: Community Development Block Grant (CDBG), Home Investment Partnerships (HOME), and Emergency Solutions Grant (ESG). The goals of these programs, as outlined by HUD, are as follows:

1. Provide Decent Housing. This includes affordable housing for homeless persons, preserving the affordable housing stock, increasing the availability of permanent housing that is affordable to low-income Americans without discrimination, and increasing supportive housing that has special structural features and services to enable persons with special needs to live in dignity.
2. Provide a Suitable Living Environment. This includes improving the safety and livability of neighborhoods, increasing access to quality facilities and services, reducing the isolation of income groups within target areas by increasing housing opportunities and revitalizing deteriorating neighborhoods, restoring and preserving natural and physical features of special value for historical, architectural, or aesthetic reasons, and conserving energy resources.
3. Expand Economic Opportunities. This includes creating employment opportunities and job training accessible to low- and extremely low-income persons, providing access to credit for community development that promotes long-term economic and social viability and empowering low- and extremely low-income persons residing in Federally assisted and public housing to achieve self- sufficiency.

There are currently two housing and community development consortia in Clark County: 1) the Urban County CDBG Consortium (consists of Clark County and the Cities of North Las Vegas, Boulder City, and Mesquite); and 2) the Clark County HOME Consortium (Clark County and the City of North Las Vegas). The Cities of Boulder City and Mesquite are participants in the County HOME program by virtue of their involvement in the County CDBG Consortium. The Cities of Las Vegas and Henderson are separate entitlement recipients for CDBG and HOME funds and submit their own Action Plan. The City of Las Vegas is the sole recipient of the Housing Opportunities for Persons with AIDS (HOPWA) program funds and information on HOPWA activities can be found in the City of Las Vegas Action Plan 2014.

An explanation of each of the federal programs included in this Action Plan follows:

Community Development Block Grant - The Community Development Block Grant (CDBG) program is authorized under Title I of the Housing and Community Development Act of 1974, as amended. The purpose of the CDBG program is to provide low to moderate-income households with viable communities that include decent housing, a suitable living environment, and expanded economic opportunities. Eligible activities include community facilities and improvements, development activities (e.g., land acquisition), housing rehabilitation and preservation, economic development, public services, and administration.

Emergency Solutions Grant - The Emergency Solutions Grant (ESG) program is authorized under the Homeless Emergency Assistance and Rapid Transition to Housing Act (HEARTH Act) of 2009 and is available to ESG formula cities and counties. Under the HEARTH Act, local governments receiving ESG funds may use funds to assist people to quickly regain stability in permanent housing after experiencing a housing crisis and/or homelessness. Eligible activities under the program include five components: Shelter outreach, Emergency Shelter, Homeless Prevention, Rapid Re-Housing and Homeless Management Information System (HMIS). North Las Vegas again received ESG funding which it is administering.

Home Investment Partnerships - HOME is the name for the Home Investment Partnerships Act, which was created in 1990 as part of the Cranston-Gonzales National Affordable Housing Act. The purpose of the HOME program is to expand the supply of decent and affordable housing, especially rental housing, for very low- and low-income households. HOME funds can be used for production and acquisition of rental housing, moderate and substantial rehabilitation, new construction, tenant-based rental assistance, site improvements, finance costs, and homebuyer assistance. HOME funds may also be used to pay for operating expenses of Community Housing Development Organizations (CHDOs).

Other Non-Entitlement Programs

Neighborhood Stabilization Program - In response to the national housing foreclosure crisis, the U.S. Congress passed into law the Housing and Economic Recovery Act, 2008 (HERA - Public Law 110-289, approved July 30, 2008). Title III of Division B of HERA (commonly known as the Neighborhood Stabilization Program or NSP) appropriated \$3.92 billion for emergency assistance for redevelopment of abandoned and foreclosed homes and residential properties throughout the United States. The NSP funding is being allocated and managed by the U.S. Department of Housing and Urban Development (HUD) under the CDBG program. The funds were awarded as if they were from FY 2008 although they were not received until March 2009, eight months after the start of the fiscal year on July 1, 2008.

NSP funds can be used to assist households with incomes up to 120 percent of area median income. Clark County and the City of North Las Vegas were allocated \$29,666,798 in NSP 1 funds. Additionally, the State of Nevada allocated \$9,871,040 in NSP funds to Clark County and North Las Vegas. Activities undertaken include acquisition of foreclosed homes, rehabilitation of those homes and then either rental or resale of the homes, downpayment assistance for qualified buyers of foreclosed homes, and redevelopment of vacant property into multifamily housing. Using NSP1 funds, 14 households received downpayment and closing cost assistance, 247 homes were acquired and rehabilitated for either resale or rental and 38 multifamily units were newly constructed.

Clark County submitted the Amendment to the FY 2010 Action Plan for the Neighborhood Stabilization Program 3 on March 1, 2010. The NSP 3 funding is providing Clark County with \$16,156,114 and North Las Vegas with \$4,097,147. The State of Nevada Housing Division has also provided \$500,000 in NSP3

to North Las Vegas for the Buena Vista Springs project. In addition to the demolition of Buena Vista Springs, Clark County completed acquisition and rehabilitation of 31 single family homes, acquired and rehabilitated 21 multifamily units and purchased 10 manufactured home for the Rulon Earl Mobile Manor project.

Annual Objectives

The Clark County HOME Consortium will continue to strive to provide decent housing to low and moderate income households. The Consortium objectives include increasing the availability, accessibility and affordability of all types of housing through new construction, rehabilitation and homeownership assistance. The Clark County CDBG and HOME Consortiums will continue to work to end chronic homelessness and increase the number of homeless people moving into permanent housing. The Clark County CDBG Consortium will continue to support activities that improve services for low and moderate income persons, and improve or increase the quality of public improvements and public facilities.

Evaluation of Past Performance

During the 2012 Program Year, 481 units of affordable housing were completed including 441 units of newly constructed rental housing, 5 units of newly constructed owner housing, and 35 first time homebuyers. An additional 102 households were assisted with rental assistance. Thirty-eight owner occupied housing units received minor rehabilitation using CDBG funding.

Clark County, North Las Vegas and Boulder City used Emergency Solutions Grant (ESG) funds and Community Development Block Grant (CDBG) Public Service funds to assist 7,740 homeless persons with services during the 2012 Program Year.

Work continued on the Clark County FY 2010-2014 CDBG Capital Improvement Plan with construction completed on Walnut Recreation Center Park, Winchester Cultural Center, and Legal Aid Center of Southern Nevada. Construction is underway on the Parkdale Community Center and the Foundation for an Independent Tomorrow. The acquisition of the HELP of Southern Nevada building is complete. All remaining projects are in the pre-development stages. North Las Vegas completed the North Las Vegas Library chiller repair.

The County CDBG Consortium also provided funds to various non-profit groups that provide public services, such as respite services and services for the disabled. According to the FY 2012 beneficiary reports, Clark County CDBG non-homeless Consortium funds assisted 1,369 unduplicated people and households during the reporting period.

Citizen Participation

The development of the Action Plan 2014 included many opportunities for citizen input and comment. In addition to announcements in three local newspapers concerning the availability of federal housing and community development funds, each jurisdiction held public hearings regarding the allocation of federal funds. Further, two permanent citizens advisory bodies are involved in the review of CDBG, HOME and ESG. A copy of the Draft Action Plan 2014 was made available to the public starting on April 4, 2014 for 30 days with notices published in the *Las Vegas Review Journal* and *El Tiempo (in Spanish)*.

Citizen Participation 91.200 and 91.220(b)

Plan Development

The HCP Action Plan is developed through a cooperative effort between all jurisdictions affected by the plan. Discussions were also held with the Southern Nevada Regional Housing Authority regarding the development of the Annual Action Plan and the SNRHA Annual Plan.

The Clark County Community Development Advisory Committee (CDAC) reviewed all HOME and ESG projects and made recommendations to the Board of County Commissioners after input from the Regional Initiatives Office on homeless issues and information provided by members of the CDAC. The City of North Las Vegas Community Advisory Committee reviewed CDBG applications for North Las Vegas and made recommendations to the City Council. Likewise, the Boulder City Council approved the allocation of CDBG funds for Boulder City and the Mesquite City Council allocated their CDBG funds.

Clark County Citizen Participation

In October 1981, the Board of County Commissioners established the Community Development Advisory Committee (CDAC) to assist the County in its citizen participation responsibilities and to make recommendations to the Board on specific projects to be funded with the County's share of CDBG funds.

On October 15, 2013, the Board appointed thirty (30) individuals with alternates to the CDAC and appointed Earnest Phillips as Chair and Marcia Washington as Vice Chair. The CDAC is the primary conduit for citizen input into the Consolidated Plan as the members represent the community in all its diversity and interests. CDAC is advisory in nature. The purpose of the Committee is to provide citizen input into the CDBG, HOME and ESG planning and implementation activities. CDAC is responsible for making recommendations to the Board of County Commissioners with regard to the selection of projects to be funded with CDBG monies. The specific responsibilities of the three types of CDAC members are outlined below:

Each of the fourteen (14) town advisory boards and five (5) citizens' advisory councils is entitled to nominate one representative and one alternate, subject to appointment by the Board of County Commissioners. Members appointed to CDAC by the town advisory boards (TABs) and citizens advisory councils (CACs) primarily represent their respective unincorporated towns and unincorporated areas. They are responsible for insuring that fellow town advisory board members and residents are kept apprised of CDBG activities, requirements, and timetables. They serve as a conduit for input from their respective towns and areas into the consolidated planning and implementation process. These community representatives represent all income levels including low-income communities. Six TABs/CACs elected not to send a representative to CDAC this year.

The fourteen representatives at large are responsible for ensuring that the needs of the low- and moderate-income families, elderly, handicapped, and minority populations are expressed and adequately reflected in Consolidated Plan activities. They also play a role in keeping County residents informed of program progress.

The North Las Vegas, Boulder City, and Mesquite City Councils each appoint a representative and an alternate to the Committee. CDAC representatives from North Las Vegas, Boulder City, and Mesquite serve primarily as non-voting liaisons for their respective cities. North Las Vegas, Boulder City and Mesquite meet the citizen participation requirements by conducting at least one City Council public hearing during each program year.

Applications for the ESG and HOME programs were submitted through an online application program called ZoomGrants. The CDAC members were all given access to the site and reviewed applications for both programs online.

CDAC met for the first time on November 19, 2013 to allow staff to explain the programs, role of CDAC and project selection process, hear a review of the new HOME underwriting requirements and hear a presentation from the Regional Initiatives Office staff on priorities for homeless and homelessness prevention programs and populations. On December 3, 2013 the CDAC heard applicant presentations for the Emergency Solutions Program (ESG). Twenty-four applications were received totaling a funding request of \$1.5 million against an estimated allocation of \$390,000. On December 17, 2013, CDAC deliberated and settled on final recommendations for the ESG program.

On February 4, 2014, CDAC heard the HOME/LIHTF applicant presentations. Clark County received six applications for the HOME/LIHTF programs requesting a total of \$5.7 million in funding against approximately \$2.9 million in funds estimated to be available for projects. CDAC deliberated and settled on final recommendations for both ESG and HOME/LIHTF on February 18, 2014. Staff presented these recommendations to the Board of County Commissioners on March 18, 2014 in a public hearing where they were approved as submitted.

CDBG capital projects in the FY 2014 Action Plan were reviewed and considered as part of a citizen participation planning process held in 2009 and 2010 prior to the submittal of the CDBG Capital Improvement Plan (CIP) for FY 2010-2014 to HUD. A public hearing on the CDAC project recommendations for the CIP was held on March 2, 2010. The final list of projects was approved by the Board of Commissioners on April 6, 2010 and the Five-Year Pre-Award request was submitted to HUD in late April with approval received in June, 2010.

North Las Vegas Citizen Participation

Citizen participation is critical to the success of Community Development Block Grant (CDBG) funded activities carried out by the City of North Las Vegas and its not-for-profit partners. The allocation of resources described in this plan occurred through a series of organized Citizen Advisory Committee (CAC) meetings; the committee members were convened on November 19, 2013, January 11 and 28, 2014, and February 11, 2014. The meetings provided an opportunity for members of the CAC to visit program/project sites, receive presentations from applicants, review and score applications for funding, discuss the applications submitted, and propose funding recommendations for the City Council of North Las Vegas to approve. North Las Vegas also used its Citizens Advisory Committee to recommend allocations for North Las Vegas ESG funding. The North Las Vegas City Council reviewed and approved the Emergency Solutions Grant and CDBG recommended allocations for FY 2014/2015 at their regular meeting on March 19, 2014. Clark County will continue to administer the funds on behalf of North Las Vegas for FY 2014.

Boulder City Citizen Participation

Boulder City Welfare and Lend a Hand responded to the advertisement of availability of applications for Boulder City FY 2014 CDBG funds. Both organizations were awarded funds as outlined in the project tables. City Council approved the recommendations on March 25, 2014.

Boulder City requested to be included in the third Five-Year CDBG Capital Improvement Plan Pre-Award Program for FY 2010-2014. A public hearing on community needs was held at the Boulder City Library on November 9, 2009. Public hearings were also held at the Planning Commission on November 18, 2009 and at the City Council meeting on December 8, 2009. The City Council of Boulder City

approved the proposed projects at the same meeting. Boulder City reallocated \$80,000 of its capital funds from sidewalks ADA improvements to ADA improvements at the Boulder City Pool Complex, which presented an immediate need. On October 17, 2012, its Planning Commission recommended approval for the reallocation of the funds. On November 13th, the City Council approved the recommendation. Clark County received all of the necessary paperwork and moved the funds on Dec. 19, 2012.

Mesquite Citizen Participation

Mesquite requested to be included in the third Five-Year CDBG Capital Improvement Plan Pre-Award Program for FY 2010-2014. On January 26, 2010, the Mesquite City Council approved several recreation improvement projects to be included in the CIP.

Consultation

Public hearings and meetings are the primary means by which individual citizens are able to provide input into the Action Plan. Open meetings are held at the town level, city level, and countywide level. All such meetings are scheduled in advance and posted in the community. All meetings are held in handicapped accessible facilities with Spanish translation available if needed. The Action Plan is made available through the Clark County website and the notification for public input into the Action Plan is published in two local minority newspapers in addition to the Las Vegas Review-Journal.

Clark County, North Las Vegas, Boulder City and Mesquite also participate in the Southern Nevada Regional Planning Coalition (SNRPC) which brings together all public jurisdictions to coordinate regional planning in a seamless fashion while respecting each member's autonomy. This requires promoting intergovernmental cooperation and trust built on careful planning and accountability, thus enhancing the quality of life in Southern Nevada. The seven mandated priorities of the Coalition are Conservation, Open Space, and Natural Resource Protection, Population Forecasts, Land Use, Transportation, Public Facilities, Air Quality, and Infill Development. Clark County Consortium members consult with the SNRPC on emerging issues as needed.

Clark County and North Las Vegas are members of the SNRPC Committee on Homelessness (CoH), whose primary responsibility is to manage the overall planning effort for the entire CoC on homeless issues. Staff from both jurisdictions also participates in the Continuum of Care Evaluation Working Group (CoCEWG), which oversees the operations and activities of the CoC. It includes representatives from both public and private agencies, ensuring compliance with the regional 10-year strategic plan. ESG program information is regularly discussed as a standing item on that agenda which has representatives from other public and private agencies.

The CoCEWG meetings follow Nevada Public Meeting Law and are open to the public. The CoCEWG also participates in community events to raise awareness of homeless issues including Project Homeless Connect. Finally, the group is responsible for creating/amending local policies to bring them into line with changes brought about by the HEARTH Act.

The CoCEWG staff provided information on the changes to the ESG program throughout the 2 years leading up to the final publication of the Interim Regulations for ESG. CRM staff continues to present specifics on ESG changes and seeks input annually on the ESG Written Standards from the CoCEWG. The committee is also helping to develop the ESG Performance Standards.

Clark County works with the Southern Nevada Regional Housing Authority throughout the year, acting on new issues as they arise and working to support activities and housing opportunities for public housing residents and Section 8 residents.

Clark County staff participates on a variety of other committees and advisory groups through which consultation on community priorities takes place, including the State of Nevada Advisory Committee on Housing, the Emergency Food and Shelter Program (EFSP) Board and the Southern Nevada Strong Housing Task Group.

Citizen Comments. Please see Appendix 3 for copies of the public notices. No comments were received.

Resources 91.220(c)(1) and (c)(2)

The 2014 Action Plan for the Clark County HOME and CDBG Consortia will include \$11,554,104 in new federal grants and \$3,261,078 in state, local and reprogrammed funds for a total funding package of \$14,815,182.

Figure 1. New Federal Funding for FY 2014 by Jurisdiction

Funding Source	Clark County	North Las Vegas	Boulder City	Mesquite	Total Funding
CDBG	\$6,010,295	\$1,750,765	\$191,818	\$191,818	\$8,144,696
HOME ¹	\$2,161,620	591,887	\$0	\$0	\$2,753,507
ESG	\$520,078	\$135,823	\$0	\$0	\$655,901
TOTAL	\$8,691,993	\$2,478,475	\$191,818	\$191,818	\$11,554,104

1. Based on formula distribution of HOME funds

Figure 2. Additional Resources for Housing & Community Development Activities for FY 2014

Resource	Clark County	North Las Vegas	Amount
Consortium Funds			
State HOME Funds	\$623,740	\$170,791	\$794,531
Low-Income Housing Trust Fund (LIHTF)	\$588,191	\$161,056	\$749,247
Reallocated Federal HOME	\$0	\$1,717,300	\$1,717,300
Total	\$1,211,931	\$2,049,147	\$3,261,078
Other Funds			
Section 8 Funds			\$90,000,000
Low Income Housing Tax Credits			\$2,500,000
Continuum of Care (2013 Request)			\$9,629,929
Total			\$102,129,929

Other funds available to address community development and housing needs include Section 8 vouchers to the Southern Nevada Regional Housing Authority, Continuum of Care funding to local non-profit organizations and Low Income Housing Tax Credits through the State of Nevada to housing developers as outlined in Figure 2.

In FY 2009, Clark County and North Las Vegas received almost \$40 million in Neighborhood Stabilization Program (NSP) funding. Clark County amended the 2008 Action Plan and Consolidated

Plan to fulfill the application requirements to receive NSP funds through HUD, authorized under Title III of the Housing and Economic Recovery Act of 2008 (HERA). Clark County submitted the Substantial Amendment on behalf of Clark County and the City of North Las Vegas. In general, these NSP funds were used for the acquisition and/or redevelopment of foreclosed and abandoned properties. A substantial amount of funding remains in the form of NSP Program Income and Clark County is engaged in planning for the expenditure of these funds.

On March 9, 2011, Clark County and North Las Vegas received grant agreements for \$20,753,261 in Neighborhood Stabilization Program 3 funding. These funds are being used for the same type of activities as NSP 1 and for the abatement and demolition of Buena Vista Springs apartments.

Leverage of Private and Non-Federal Resources

All jurisdictions covered under the Action Plan 2014 use federal resources to leverage public and private sector resources to carry out housing and community development activities. Clark County and North Las Vegas work to use their private activity bonds for affordable multifamily housing production or affordable single family mortgages.

HOME funds are also leveraged through the Low Income Housing Tax Credit program administered by the State of Nevada. Many of these projects also receive County HOME/LIHTF funding as leveraged grants.

Clark County is using discounted Bureau of Land Management (BLM) land under the Southern Nevada Public Lands Management Act (SNPLMA) for affordable housing purposes. In FY 2014, Clark County is providing Accessible Space, Inc., with \$1 million for Agate Avenue Senior Apartments Phase II, which will be the second project on a BLM parcel being developed through the State of NV Housing Division. Clark County is also searching for tax foreclosed properties that can be transferred to Community Resources Management for affordable housing projects.

The Clark County HOME Consortium will receive State LIHTF this year which is used to provide the matching funds required by the HOME Program. HOME funds also leverage monies from the Federal Home Loan Bank in San Francisco through its Affordable Housing Program.

Matching requirements for ESG Program funds will be met by the non-profit organizations receiving ESG Program funds and will consist of over \$10 million in private donations, other federal and state funding and volunteer time. CDBG funds are leveraged by general funds from each jurisdiction, as well as community donations and private foundation support.

The Continuum of Care application for 2013 was submitted in February 2014 for a total request of over \$9 million. The FY 2012 CoC funding was announced late in 2013 and Clark County received \$4,983,604 in renewal funding for ten Southern Nevada homeless services providers in federal Homeless Assistance Program funds for 2012. CoC funding of \$1,601,045 for seven new projects was also awarded and includes a HelpHopeHome Project planning grant and permanent supportive housing projects.

Clark County awards approximately \$3 million in general funds through the Outside Agency Grant program, funding a variety of social service programs and a few capital projects. The 2012-2013 allocation includes funds for Children's Dental Care International providing dental care to uninsured children and Variety Early Learning Center providing childcare tuition assistance.

Figure 3. Requested New and Renewal Projects with Support Services for Homeless Individuals – 2013 CoC

Applicant Name	Project Name	Program	Target Population	Amount Request

DV = Domestic Violence

Program Limits and Requirements

Limits on program administration expenses have been calculated as follows.

Figure 4. FY 2014 Program Administration Caps

Jurisdiction	CDBG	HOME	ESG
Clark County			
FY 2014 Entitlement	\$6,393,931	\$2,161,620	\$520,078
Estimate 13 Program Income	\$0	\$0	\$0
Administrative Cap Allowance	20%	10%	7.5%
Administrative Cap	\$1,278,786	\$216,162	\$39,005
Jurisdiction	CDBG	HOME	ESG
North Las Vegas			
FY 2014 Entitlement	\$1,750,765	\$591,887	\$135,823
Estimate 14 Program Income	\$0	\$0	\$0
Administrative Cap Allowance	20%	10%	7.5%
Administrative Cap	\$350,153	\$59,188	\$10,186

The limit on public service activity expenditures has been calculated as follows:

Figure 5. CDBG Public Service Activity Cap

Resource	Amount
FY 2014 Entitlement	\$8,144,696
Estimated 2014 Program Income	\$0
Public Service Activity Cap Allowance	15%
Public Service Cap	\$1,221,704

The required HOME set-aside for Community Housing Development Organizations (CHDOs) is calculated as follows for State and Federal HOME:

Figure 6. HOME CHDO Set-Aside Calculation

Resource	Federal	State
FY 2014 Entitlement	\$2,753,507	\$794,531
Minimum CHDO Set-Aside Percentage	15%	15%
Minimum Required CHDO Set-Aside	\$413,026	\$119,180

Figure 7 outlines the Clark County Consortia planned expenditures in compliance with the regulatory requirements for FY 2014. For ESG, the amount of funds a grantee can budget and spend for outreach and emergency shelter activities cannot exceed the greater of 60 percent of the annual grant allocation or the amount of FY 2010 grant funds committed for homeless assistance activities. The figure indicates that Clark County and North Las Vegas will not exceed the ESG 60 percent rule.

Figure 7. Regulatory Requirements & Planned Expenditures

Requirement	Maximum	Planned
CDBG Administrative Cap	<=\$1,628,939	\$1,628,939
CDBG Public Service Cap*	<=\$1,221,704	\$262,615
HOME Administrative Cap	<=\$275,350	\$275,350
HOME CHDO Set-Aside	>=\$413,026	\$800,000
ESG Administrative Cap	<=\$49,191	\$10,186
ESG 2014 60% of Allocation	<=\$393,541	\$339,046

*This number only reflects the federal share for public service activities. Several million dollars in County General Funds were also allocated for such activities through the County's Outside Agency Grant funds.

Goals and objectives to be carried out during the action plan period are indicated by placing a check in the following boxes.

<input checked="" type="checkbox"/>	Objective Category Decent Housing Which includes:	<input checked="" type="checkbox"/>	Objective Category: Suitable Living Environment Which includes:	<input checked="" type="checkbox"/>	Objective Category: Expanded Economic Opportunities Which includes:
<input checked="" type="checkbox"/>	assisting homeless persons obtain affordable housing	<input type="checkbox"/>	improving the safety and livability of neighborhoods	<input type="checkbox"/>	job creation and retention
<input checked="" type="checkbox"/>	assisting persons at risk of becoming homeless	<input checked="" type="checkbox"/>	eliminating blighting influences and the deterioration of property and facilities	<input type="checkbox"/>	establishment, stabilization and expansion of small business (including micro-businesses)
<input checked="" type="checkbox"/>	retaining the affordable housing stock	<input checked="" type="checkbox"/>	increasing the access to quality public and private facilities	<input checked="" type="checkbox"/>	the provision of public services concerned with employment
<input checked="" type="checkbox"/>	increasing the availability of affordable permanent housing in standard condition to low-income and moderate-income families, particularly to members of disadvantaged minorities without discrimination on the basis of race, color, religion, sex, national origin, familial status, or disability	<input checked="" type="checkbox"/>	reducing the isolation of income groups within areas through spatial deconcentration of housing opportunities for lower income persons and the revitalization of deteriorating neighborhoods	<input type="checkbox"/>	the provision of jobs to low-income persons living in areas affected by those programs and activities under programs covered by the plan
<input checked="" type="checkbox"/>	increasing the supply of supportive housing which includes structural features and services to enable persons with special needs (including persons with HIV/AIDS) to live in dignity and independence	<input type="checkbox"/>	restoring and preserving properties of special historic, architectural, or aesthetic value	<input type="checkbox"/>	availability of mortgage financing for low income persons at reasonable rates using non-discriminatory lending practices
<input checked="" type="checkbox"/>	providing affordable housing that is accessible to job opportunities	<input type="checkbox"/>	conserving energy resources and use of renewable energy sources	<input type="checkbox"/>	access to capital and credit for development activities that promote the long-term economic social viability of the community

Description of Activities 91.220(d) and (e)

See Appendix 1 for Table 3C – Project Tables

Affordable Housing

Affordable housing activities for the 2014 Program Year include support for the new construction of affordable senior rental housing, acquisition and rehabilitation of multifamily housing and downpayment assistance to promote affordable homeownership. Consistent with the 2010-2014 Consolidated Plan for Clark County, these activities expand the supply of affordable renter and owner housing for low-income and very low-income households. Figure 9 provides the breakdown of all funding specifically for housing projects from Federal HOME, State HOME and LIHTF. This funding includes \$4,297,285 in new funding.

Emergency Services and Transitional Housing

Clark County received \$520,078 in ESG and North Las Vegas received \$135,823 for a total of \$655,901. In addition to the ESG funds, North Las Vegas awarded \$160,000 and Boulder City awarded \$21,292 in CDBG funds for homeless activities. ESG funding is outlined in Figure 8. The ESG projects meet the objectives and general outcome category of suitable living environment and availability /accessibility.

Clark County CDBG Public Service Funding

Clark County will not be providing CDBG Public Service funding this year. Clark County has consistently provided County general funds for the past 16 years to non-profit organizations in the community to provide public services for a variety of populations including youth, seniors, and homeless families. This "Outside Agency Grant" will be used by Clark County to meet many of the needs under public services, as outlined in the Consolidated Plan.

Community Development

The Action Plan 2014 provides funding for a wide range of community development activities and the funded activities support the community development priorities in the FY 2010-2014 Consolidated Plan. The CDBG projects will meet the following objectives and general outcome category - Suitable living environment and availability/accessibility and sustainability.

Figure 11. FY 2014 CDBG Activities

Five-Year CDBG Pre-Commitment by Clark County

Clark County received HUD pre-award approval for a third CDBG Capital Improvement Plan (CIP) for the period covering FY 2010-2014 after a yearlong citizen participation process. Clark County is nearing completion of all of the projects. The Shade Tree HOPE Center design project was cancelled at the request of the applicant. (See Figure 10). Local funds were advanced to begin the county projects which are subsequently being reimbursed from CDBG funds from Fiscal Years 2010 through 2014. Clark County also added a project, HELP of Southern Nevada's Shannon West Youth Center, as there were substantial cost savings realized from several of the original projects.

Mesquite and Boulder City have projects approved as part of the CIP with Mesquite underway on the construction of park enhancements. Boulder City has added an ADA Pool project by moving funding from the ADA sidewalks project. They will still undertake ADA sidewalk improvements.

Figure 12. Clark County Five-Year CDBG Capital Improvement an Fiscal Years 2010-2014

Proposed Project	Total Funding	Status
Parkdale Recreation Center Renovation and Expansion	\$5,693,055	Under Construction

Geographic Distribution/Allocation Priorities 91.220(d) and (f)

Clark County HOME funded projects are primarily located in unincorporated Clark County and in areas that have not traditionally had affordable housing or are not CDBG eligible. Clark County prefers to support the dispersal of affordable housing throughout the community. The majority of CDBG activities funded by Clark County and North Las Vegas take place within the CDBG eligible census tracts. Projects in Boulder City and Mesquite focus on providing services to populations presumed to be lower income, such as seniors and the disabled. Approximately 90 percent of FY 2014 federal and state funding will be directed to the CDBG target areas.

Figure 14. Clark County and North Las Vegas FY 2014 CDBG, ESG & HOME Projects in Low and Moderate Income Areas

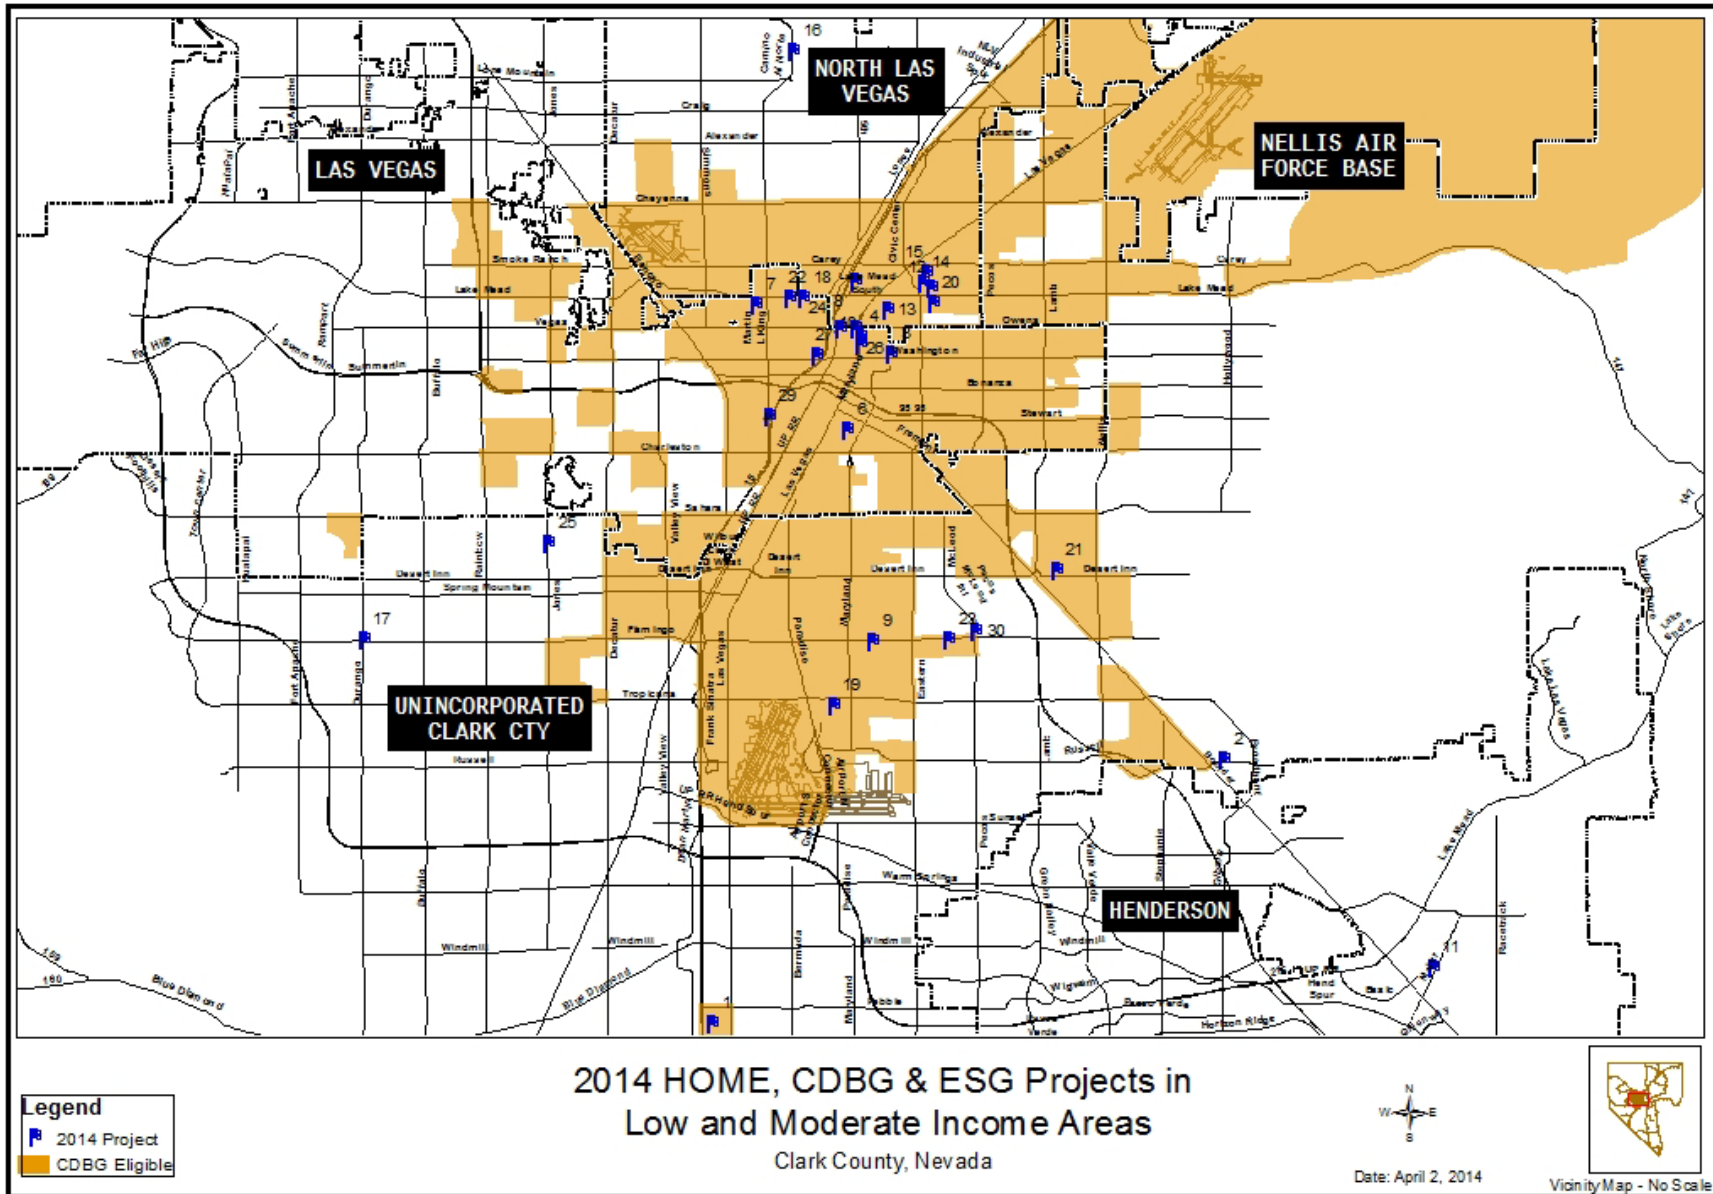

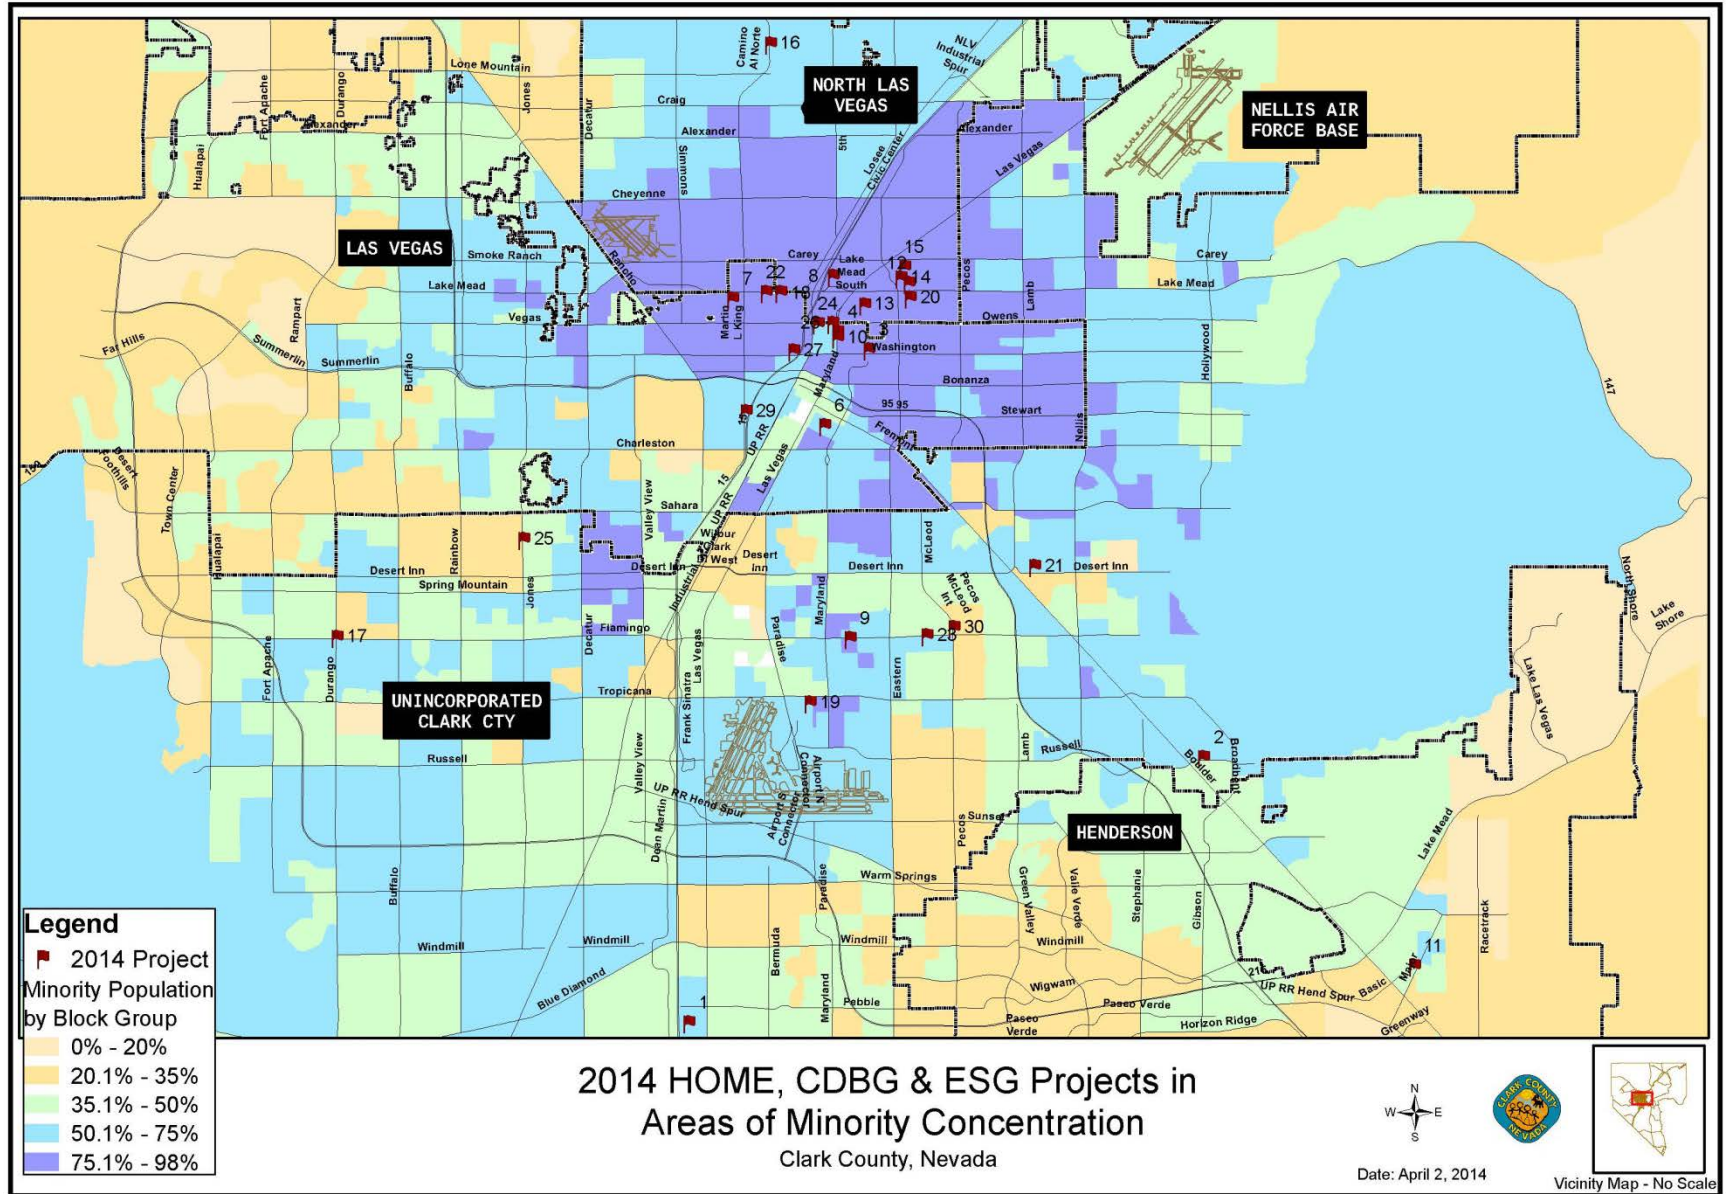

Figure 15. Clark County and North Las Vegas FY 2014 CDBG, ESG & HOME Projects in Areas of Minority Concentration

Addressing Obstacles to Meeting Underserved Needs

As noted within the five year strategic plan, extremely low- and low-income households of all types are underserved with respect to affordable housing. In order to overcome this gap, the Clark County HOME Consortium has included strategies to provide additional affordable rental and owner housing opportunities. These strategies include the acquisition, rehabilitation and new construction of rental housing units using federal funds to leverage state and private funding sources. Furthermore, strategies to address the need for affordable owner housing include single family rehabilitation and first-time homeownership assistance. Clark County continues to award HOME funds for the new construction of affordable rental housing, particularly for senior households.

North Las Vegas has allocated funds to Rebuilding Together Southern Nevada (\$250,000 in CDBG) for single family minor rehabilitation and Neighborhood Housing Services of Southern Nevada (\$150,000 in CDBG) for energy efficiency rehab for existing rental housing. Residential rehabilitation addresses deferred maintenance affecting the health and safety of the occupants. Repairs to roofing, electrical wiring, plumbing, heating and air conditioning and handicap accessibility allows lower income households to continue to maintain otherwise affordable housing. North Las Vegas also operates an Emergency Repair program which will continue to provide emergency repairs for qualifying owner occupied homes.

SNRHA will continue to operate the County funded Tenant Based Rental Assistance (TBRA) program using prior year funds. North Las Vegas recently awarded \$1 million for the same program which will also be operated on their behalf by SNRHA. TBRA provides assistance to homeless households. SNRHA will continue to receive referrals to this program from several organizations including Southern Nevada Adult Mental Health Services, Lutheran Social Services, HELP of Southern Nevada, Mojave Adult, Child and Family Services, Safe House, The Shade Tree and Aid for AIDS of Nevada.

Public Housing 91.220(h)

Southern Nevada Regional Housing Authority

The SNRHA currently has 2,770 public housing units in its inventory. Rehabilitation needs are primarily funded using the Capital Fund. Physical improvements were completed in 2013 for Comprehensive Modernization of 30 units at Hampton Court. Physical Improvements are planned for 112 units at Vera Johnson B and underway for the-Comprehensive Modernization of 100 units at Landsman Gardens under the Rental Assistance Demonstration Program (RAD). Under this innovative new program, the HUD is allowing housing authorities to rehabilitate and preserve their aging public housing developments using a variety of public and private affordable housing resources, including tax-exempt bonds supported by project-based rental assistance, Federal Low-Income Housing Tax Credits and Public Housing Capital Funds (CFP) including Replacement Housing Factor (RHF) Funds

The Rental Assistance Demonstration (RAD), allows housing authorities to convert public housing into subsidized housing with a project-based rental assistance contract. The rental assistance contract—15 years with an option to renew for another 15 years under the Project-Based Voucher approach—will allow SNRHA to borrow funds to cover a portion of the redevelopment effort. On January 25, 2014 the SHNRA received approval from HUD for the conversion of assistance of 100 public housing units at Development No. NV018013003, Al Landsman Gardens (portion of AMP 317). The Financing closing is scheduled for the end of October 2014 with a construction period from November 2014 through December 2014. The former residents of Landsman Gardens remaining under the Public Housing Program will be impacted as follows:

- At the time of the RAD award the tenants are temporarily housed at other public housing and market units.
- Tenants of record of the Landsman property at the time of award will have the right of return to the property once construction and rehabilitation are completed.
- Tenants will be offered units in accordance with their family composition at the time of reentry.
- Units not occupied by returning tenants will be occupied in accordance with the Administrative Plan eligibility, admission, and selection policies for the Project Based programs in Housing Choice Voucher (Section 8) program.
- Existing tenants are not subject to rescreening in order to return to Landsman.
- Existing tenants who have been temporarily transferred, whose accounts reflect a security deposit will have the security deposit transferred at RAD closing, except in the case of the deposit being applied for unpaid rent or tenant caused damage. Tenant is responsible for payment of any remaining security deposit due.
- Tenant monthly rent increases of greater than 10% or \$25 purely as a result of conversion will be phased in over 3 years or extended up to 5 years by the PHA. Increases will automatically be applied on the 1st day of the month of the effective date of recertification.
- Tenants occupying the RAD, Project Based Conversion property (Landsman) may be eligible to receive a Sec 8 voucher after 1 year of occupancy. Tenant and tenants' household must be in good standing and meet eligibility requirements for the PHA's, HCV (Sec 8) program.

Furthermore, there are 10,349 Housing Choice Voucher (HCV) participants located throughout the County which includes five (5) special programs as follows VASH (630 Vouchers), Non-elderly Disabled (1,579 Vouchers), Family Unification (400 Vouchers), Mainstream Five (95 Vouchers), Project Based (82 Vouchers) and 100 RAD for Landsman Gardens. Clark County awarded \$725,000 in 2012 LIHTF funds for a tenant based rental assistance program specifically designed to target homeless and homeless

disabled households. The SNRHA received in 2013 an additional \$1 million from City of North Las Vegas for a second TBRA Program.

The SNRHA has conducted the Energy Audit and recently completed the Physical Needs Assessment of all of the public housing of all the public housing properties. The physical needs assessment indicated \$134.8 million is needed in order to ensure the public housing developments remain a viable housing option for low-income persons. Unfortunately, the Capital Fund Program/Modernization funding continues experiencing significant cuts forcing Housing Authorities, including the SNRHA, to be creative in securing other sources of funds for capital improvements. The SNRHA will continue to concentrate modernization efforts at two (2) developments for the upcoming year and will continue exploring other viable sources of funds for capital improvements.

The SNRHA has 17 resident councils in formation or operation and has a staff member designated to assist in organizing the remaining SNRHA public housing development's resident councils. Additionally, the new Resident Advisory Board, consisting of eleven (11) members from Public Housing and the Housing Choice Voucher Program will be presented to the SNRHA Board of Commissioners April 2014.

SNRHA has designated 96 of its existing scattered site public housing units for the Public Housing Homeownership Program. The remaining 291 scattered sites will be utilized for applicants in our Public Housing Program.

Homeless and Special Needs 91.220(i)

The Action Plan 2014 provides funding for the continued operation of several emergency shelter providers such as The Shade Tree and Family Promise. Clark County received \$520,078 in ESG and will be administering the North Las Vegas ESG funds of \$135,823. The detailed budget tables are below.

Figure 17:

Emergency Solutions Grant FY 2014 Detailed Budget Table

TOTAL Grant Amount		\$520,078	\$135,823

Action Steps for Reducing and Ending Homelessness

Southern Nevada has a significant number of Outreach Teams that aggressively seek the homeless staying in the wash areas, vacant lots, and abandoned buildings to make contact with the un-sheltered, street homeless. The O.U.T.R.E.A.C.H. program has created a mobile crisis intervention team that provides intervention, assessment, treatment referrals and other related services to address the immediate crisis facing chronically homeless persons. The O.U.T.R.E.A.C.H Team has developed a separate team called "Shine the Light" which goes into the tunnels beneath Las Vegas to actively engage those folks and encourage them to move into services and housing.

The Las Vegas Metropolitan Police Department (LVMPD) has a HELP Team (Homeless Evaluation Liaison Program) in each Area Command (geographically dispersed). The HELP Team members are specially trained to work with the homeless population, service providers, and the community, and have special training to better serve the mentally ill. The Health Care for the Homeless program sponsored by the Nevada Health Centers has an Outreach Team that regularly visits the chronic homeless "in the bush", as well as making contact with homeless staying in the streets or public parks. Straight from the Streets is a grassroots organization that formed to specifically address the needs of the chronic homeless who resist services from the established care system. US Veterans Initiative has an Outreach Team that reaches out

to homeless veterans and helps to connect them with the services they need. The Dusk to Dawn program of WestCare Nevada focuses on street outreach for youths, aged 10 – 17. Clark County is not providing funding for Street Outreach this year.

The current emergency shelter system needs to be maintained to continue to provide for individuals falling into homelessness as a place for them to land so that they are not out on the streets. However, the continuum of care is working to provide more homeless prevention activities and develop a rapid re-housing system. The Office of Regional Initiatives and Community Resources Management Division staff is working with shelters and transitional housing providers to adjust their programs to provide permanent supportive housing or rapid re-housing sites. Both will continue working to better coordinate with Rapid Re-housing providers to link to programs that reduce average times in shelter.

There are ten agencies in Southern Nevada providing emergency overnight shelter spaces to the homeless. However, additional beds are available seasonally from November to April for inclement weather. In general, the emergency shelter programs have minimal entry criteria, include time limits (varies by agency), are located in a structure offering protection from the elements, provide restroom facilities and drinking water, are supervised and offers appropriate lighting, heating/cooling and proper ventilation. Most programs have specific target populations and cannot accept all homeless persons or families. Clark County and North Las Vegas are awarding \$339,046 in ESG for homeless activities that provide shelter and transitional housing. North Las Vegas is providing an additional \$160,000 in CDBG funds for shelter and transitional housing through four programs.

There are currently more transitional housing beds than emergency shelter beds, reflecting the focus away from warehousing homeless people in shelters to moving them into transitional and permanent supportive housing situations more swiftly. Case management services are provided, as are other direct services designed to remove the obstacles individuals or families face when attempting to return to self-sufficiency. In addition, many of the programs target specific sub-populations, tailoring their services to meet that population's needs.

Referrals to permanent supportive housing are made throughout the continuum of services: prevention, outreach, emergency and transitional shelters. Some transitional housing programs also offer permanent, affordable housing and streamline their transitional housing clients into any vacant units. In addition to Permanent Supportive Housing, the community is working to increase the supply of housing that is affordable to those households leaving homelessness and/or at-risk of homelessness (households at or below 30 percent of area median income). Local governments have partnered with non-profit housing developers to provide affordable housing to households at-risk of further homelessness due to income restraints. Clark County and North Las Vegas ESG funds of \$306,669 are planned for Homelessness Prevention and Rapid Re-Housing projects in FY 2014, which provide permanent housing for people who are currently homeless.

The CoC HELP HOPE HOME Plan to End Homelessness has a local priority to end family homelessness. The strategic use and creation of RRH units for families will make progress toward achieving this goal. The CoC applied for 22 RRH units for families in the 2012 CoC application; these projects have not entered into contract. In the 2013 CoC application, new RRH projects were created through reallocation to create 72 new units for families.

The Southern Nevada Regional Housing Authority will assist approximately 100 homeless households this year with North Las Vegas and Clark County Tenant Based Rental Assistance (TBRA) vouchers through referrals from HELP of Southern Nevada, Southern Nevada Adult Mental Health Services, Mojave Mental Health, Safe House, Aid for AIDS of Nevada, the Veteran's Administration and Lutheran Social Services, which provide the case management.

Homelessness Prevention

The ESG program is funding \$90,006 for Homelessness Prevention out of its FY 2014 monies. These funds will be used to assist individuals and families to stay in their housing. Boulder City is providing \$21,292 in CDBG funds for homeless prevention activities through Emergency Aid of Boulder City

Discharge Planning

Individuals exiting other public systems such as corrections, child welfare, and public health systems have limited options for housing, income, and family or other social support. Consequently they are at extremely high risk for homelessness and vulnerable to exploitation. Therefore, the Committee on Homelessness created the Prevention/Discharge Planning Working Group which consists of practitioners from hospitals, health care, mental health, foster care corrections and the detention center in an effort to bring all together to create discharge plans. This group receives reports from and provides direction to the targeted committees and working groups in the community that serve institutionalized populations to prevent discharges into homelessness. These meetings are in accordance with the regional 10-year strategic plan. In order to address potential changes in policy, and to ensure compliance with CoC requirements regarding discharge planning. This group is also responsible for submitting a quarterly report to the COH. This group is responsible for all discharge planning efforts.

Foster Care

Chafee Independent Living Services is provided through the NV Division of Child and Family Services and State Funds to Assist Former Foster Youth (FAFFY) to assist foster youth in transitioning to self-sufficiency. Policies regarding resources and services are in place at the State and local levels. Young persons have the opportunity to remain under jurisdiction of the court up to age 21, making them eligible to receive financial support and FAFFY to assist them with their transition to self-sufficiency. 2011 NV legislation allows young adults three options when they are turning 18 years old regarding services and financial support. All former foster youth may receive FAFFY funds for move-in expenses and a stipend upon graduating high school.

Annual Transition Plans at age 15 begin for all youth who are in foster care regardless of their permanency goal i.e. adoption, guardianship, or reunification, in order to support early planning to achieve a high standard of wellbeing including having a permanent home. If youth end up “aging out of foster care” they are provided with a 90 day transition plan and have 2 options to continue to receive supportive services including a financial stipend in order to avoid homelessness.

Youth primarily choose to remain in their foster home, get their own apartment, or rent a room from a family member or a friend. If they choose to enter a program it would be WestCare Voyage, HELP of Southern Nevada Shannon West Homeless Youth Center, Nevada Partnership for Homeless Youth or St. Jude's Ranch for Children's New Crossings. The Southern Nevada Regional Housing Authority offers FUB vouchers for youth aging out of foster care to participate in family reunification.

Health Care

Currently, the mandate for discharge from medical facilities only ensures that the medical need for which the patient presented is addressed with the best medical care possible. The CoC is diligently working towards a CoC adopted policy for discharges of homeless persons.

There is an Inter-local Memorandum of Understanding between WestCare Nevada, Inc., all local hospitals, Clark County and the Cities of Las Vegas, Henderson, and North Las Vegas to provide funds to WestCare for the operation of its Community Triage Center. This agreement allows for the provision of emergency room diversions for persons who do not have a medical issue, but are in need of substance abuse or mental health treatment. The CoC has representatives from the RIO, CoC EWG and CoH that participate in the WestCare Oversight Committee. This Committee is committed to improve the efforts around discharges for homeless persons to viable, stable and appropriate housing.

Many of the homeless in Southern Nevada have chronic health issues. The community is lacking any medical homes or step-down medical units for those do not need ongoing hospital care and who ordinarily would be discharged to their home. The CoC recognizes that there needs to be viable, safe alternatives for discharge so that shelters or the street are not the only option. Clark County Social Service is attempting to meet some of this need through the Healthy Living Program for chronically homeless, medically fragile homeless people, which was funded through the 2012 Continuum of Care competition. The program will be implemented in FY 2014 once the contract is signed with HUD.

Mental Health

The CoC works closely with Southern Nevada Adult Mental Health Services (SNAMHS), Mojave Mental Health and WestCare to ensure those exiting institutional mental health services have access to housing and ongoing treatment. SNAMHS utilizes a variety of group housing placements that are all SAPTA certified programs. Whenever feasible they work diligently to reconnect clients to family.

A Discharge Planning Working Group is held by the CoC on a quarterly basis to discuss challenges and develop new strategies where appropriate. Every effort is made to connect clients with friends or family members or discharge them into their own affordable, stable living situation. When these options are not viable, then sober living, group homes or transitional living facility arrangements are considered, such as; WestCare residential programs, the Las Vegas Rescue Mission, the Shade Tree, Catholic Charities, HopeLink, Family Promise and Freedom House. SNAMHS is required to verify through Joint Commission that the discharge is to a viable address.

Corrections*

The Nevada Department of Corrections (NDOC) discharge policy states that Correctional facilities will enter into contracts to provide the following services, to offenders or parolees participating in a program: transitional housing; treatment for substance abuse or mental health; life skills training; vocational rehabilitation and job skills training; and any other services required by offenders or parolees who are participating in a program. The NV Re-entry Task Force is tasked to support offenders returning to its communities by providing increased economic and housing stability. A Statewide Re-entry Coalition is responsible for developing strategies and direct resources toward prisoner reentry, in an effort to prevent discharges into homelessness; the CoC has representation on this coalition. Clark County Detention Center has a staff person dedicated to re-entry. They work closely with SNAMHS for those who are severely mentally ill.

NDOC coordinates with Parole & Probation for inmates released with approved parole plans. Re-Entry Program Officers, Case Workers and Release Coordinators work with inmates prior to release when they are expiring to assist them in locating community help. To assist re-entry and to prevent discharge into homelessness or Mc-Kinney-Vento funded programs, NDOC collaborates with the following: Choices Group, College of S.NV, Dept. of Workforce Economic Development, NV Dept. of Employment, Training and Rehabilitation, Employment Security Division, NV JobConnect, Veterans Employment Representatives, Bureau of Voc. Rehab., NV Division of Parole and Probation, The Department of Public

Safety, Division of Parole and Probation, US Vets, Community We Will, Regional Child Welfare Systems Reform Project, State Division of Family Services, Prevent Child Abuse Nevada, Footprints, HopeLink, Metro Victim Services, Ready For Life, Desert Rose H.S., Easter Seals S.NV, HOPE for Prisoners, SNAMHS and Teamsters.

**Note: "corrections" category refers to local jails and state or federal prisons.*

Non-Homeless Special Needs

Clark County will continue to work with Accessible Space, Inc., on the development of special needs housing for people with severe disabilities. ASI's Casa Oliva Apartments are under construction and once complete, will provide nine fully accessible units for the community. Other ASI projects include a HUD Section 811 10-unit development at Cedar Street and Mojave Road and Russell Senior Apartments, 100 units of housing for the elderly. Clark County is awarding HOME /LIHTF funds from 2014 for ASI/Ovation's Agate Senior Apartments and Russell II Senior Apartments, which will provide high quality housing for the elderly, including those with special needs.

Barriers to Affordable Housing 91.220(j)

The Clark County HCP Consortium will work to implement the strategies to remove barriers to affordable housing as identified below:

- **Utilize the BLM land disposal process for the purpose of developing affordable housing for lower income citizens.** The State of Nevada put out an RFP for development of 15 acres on two parcels of land at Las Vegas Boulevard and Agate (APN 177-20-501-013 and 177-20-601-003). They awarded the project to Accessible Space, Inc. and Ovation Development Corporation for the new construction of approximately 460 units of affordable senior and/or disabled housing. Clark County funded Phase 1 in FY 2013 and is planning to fund Agate Phase II with \$1 million in HOME/LIHTF funding for 128 units. The primary financing tool for the development will be Private Activity Bonds.
- **Leverage excess public lands.** Clark County does not currently have any excess land set aside for affordable housing development. However, CRM recently acquired a property through a tax foreclosure and is working with ASI to develop it into 9 units of affordable housing for people with disabilities.
- **Reduce affordable housing development costs by subsidizing fees and reducing review times.** Clark County provides a fee waiver for any and all land use applications for affordable housing development including those fees charged for zone changes, use permits, and design review related to the project. Affordable housing developers must obtain approval from the Community Resources Management Division prior to submitting their land use applications so that they can be identified as affordable housing to the Comprehensive Planning Department.

Clark County will continue its Affordable Housing Plans Check process, which moves affordable housing projects to the front of the line for the initial plans check. Clark County will continue its "Red Flag" system for key affordable housing developments, ensuring they receive priority review by the Development Services and Building Departments.

- **Require comprehensive plans to address housing/jobs linkages and balance.** Community Resources Management participates in local workshops undertaken by Comprehensive Planning

when they update the land use plans in the unincorporated County to ensure that affordable housing needs are addressed. Staff also reviews the updated land use plans for jobs and housing linkages and balance.

- **Use rezoning powers.** Clark County will continue to pre-zone BLM parcels in preparation for development of the land into affordable housing developments.
- **Tie affordable housing to public projects.** Clark County and North Las Vegas are working on ways to tie transit and schools to the location of affordable housing. Transit oriented development is identified in the Clark County Comprehensive Plan. Further, the County's Development Code provides for a density bonus of 20 percent in mixed use developments within a quarter (1/4) mile of transit facilities, the intent of which is to encourage transit oriented development, including affordable housing. Further, Clark County is participating at many levels with Southern Nevada Strong, a HUD funded initiative that links affordable housing, transportation and
- **Continue to provide property tax relief.** Nevada Revised Statutes (NRS) Section 361.082 provides exemptions for low-income housing units that were built with Federal assistance.

Other Actions 91.220(k)

Address Obstacles to Meeting Underserved Needs

Affordable housing, particularly for renters at 50% of area median income and below, continues to be an issue of concern in Clark County. Therefore, Clark County continues to fund new construction that primarily targets people at 50% of AMI and below. Clark County will continue to try to acquire tax foreclosed properties for the development of affordable housing.

Southern Nevada will continue its regional approach to end homelessness through "Help Hope Home". The SNRPC Committee on Homelessness (CoH) is leading the charge to move the Homeless to Homes, through the Regional Initiatives Office.

Project Homeless Connect is an annual event that connects homeless individuals with the services they need in a one stop setting. Those in need come to find housing, legal aid, medical and dental care, obtain IDs and birth certificates, obtain employment, and access a variety of other services they need to get off the streets. The Nevada Homeless Alliance hosts Project Homeless Connect annually with nearly 500 volunteers serving over 3,000 homeless people in just one day.

Foster and Maintain Affordable Housing

Within the Clark County HOME Consortium, public sector and non-profit groups work to increase the supply of affordable rental and owner occupied housing in Clark County. In FY 2014, Clark County CRM has funded 4 new construction developments serving senior households by leveraging Low Income Housing Tax Credits and other federal, state, local and private funding sources. The county also allocated funding to HELP of Southern Nevada to construct a new facility for their Shannon West Youth Center. Low-income homeowners will be provided assistance through Rebuilding Together for minor home repairs. Neighborhood Housing Services of Southern Nevada will undertake energy efficiency improvements in existing renter-occupied units. North Las Vegas will continue to provide Emergency Grant Repair funds to households to assist with emergency repairs. Clark County will solicit additional affordable housing development through approximately \$46 million in 2014 Private Activity Bond Cap. North Las Vegas will continue to work with Neighborhood Housing Services of Southern Nevada and

Financial Guidance Center to provide downpayment assistance. Clark County will continue to work with Neighborhood Housing Services of Southern Nevada, Nevada Partners and Financial Guidance Center to provide downpayment assistance.

Lead-Based Paint

The potential for lead-based paint poisoning is limited in the HCP Consortium Area due to the relatively young age of the housing stock. However, there may be other sources of lead poisoning and the Southern Nevada Health District's Childhood Lead Poisoning Prevention Program will continue to examine the prevalence of childhood lead poisoning. The HCP Consortium will test for lead-based paint in potential rehabilitation projects constructed prior to 1978; continue to educate non-profit rehabilitation providers on lead-based paint; use the XRF machine to identify lead-based paint problems; and work to abate lead paint as needed.

Anti-Poverty Strategy

Efforts to address poverty in the Clark County CDBG Consortium areas include the funding of childcare and preschool scholarships, training programs, small business development and other programs that assist community members to climb the economic ladder. The Consortium jurisdictions have allocated millions in FY 2014 CDBG and ESG funding for anti-poverty activities including construction of a recreation center and scholarships to Variety Day Home families. Clark County also provides millions in Outside Agency Grant funds each year for projects and programs that address poverty, clearly demonstrating that the County used its own funds and does not rely primarily on federal funds to address this critical issue.

Enhance Coordination

Clark County and the cities of Las Vegas, Henderson, North Las Vegas, Boulder City and Mesquite continue to meet on a bi-monthly basis to discuss issues relating to HOME, CDBG, NSP and ESG. The discussions range from questions relating to joint projects, to coordination of grant application cycles. Although Henderson and Las Vegas are not part of either the HOME or CDBG Consortia, their activities affect the region and the Consortia's activities may affect their communities. Their participation in the Consortium meetings allows for an assessment of the regional impact of housing and community development policies. Clark County will also continue to participate in jointly funded HOME and CDBG projects.

Clark County also participates in the Southern Nevada Regional Planning Coalition (SNRPC) which brings together all public jurisdictions to coordinate regional planning in a seamless fashion while respecting each member's autonomy. This requires promoting intergovernmental cooperation and trust built on careful planning and accountability, thus enhancing the quality of life in Southern Nevada. Clark County will continue to consult with the SNRPC on emerging issues as needed.

Clark County is a member of the SNRPC Committee on Homelessness (CoH), whose primary responsibility is to manage the overall planning effort for the entire CoC on homeless issues. Community Resources Management staff are also members of the Continuum of Care Evaluation Working Group (CoCEWG) which oversees the operations and activities of the CoC. It includes representatives from both public and private agencies, ensuring compliance with the regional 10-year strategic plan. ESG program information is regularly discussed as a standing item on that agenda which has representatives of many major stakeholder groups including the school district, police department,

Clark County works with the Southern Nevada Regional Housing Authority (SNRHA) throughout the year, acting on new issues as they arise and working to support activities and housing opportunities for

public housing residents and Section 8 residents. The TBRA Working Group pulls together the SNRHA with CRM staff and the non-profit organizations assisting homeless mentally ill clients that participate in providing the case management including SNAMHS, The Shade Tree, Safe House, Veterans Administration, Lutheran Social Services, and Mojave Mental Health.

Coordination with non-profit service providers and among governments takes place consistently through other meetings held in the community including the Emergency Food and Shelter Program (EFSP) Local Board and the Southern Nevada Strong initiative. The Clark County Consortium will continue to be active members of these committees and others.

Regional Planning

On November 27th, 2011, the U.S. Department of Housing and Urban Development (HUD) announced the award of \$3.5 million in funding which provides the resources to conduct in-depth research and community engagement efforts to look at issues facing our community and propose collaborative solutions. The Sustainable Community Grant Award has developed into Southern Nevada Strong, <http://www.southernnevadastrong.org/>, which places a new emphasis on integrated planning, where housing, land-use, economic and workforce development, transportation, and infrastructure are linked to create more sustainable and economically vibrant community. Clark County will continue to participate with Southern Nevada Strong, particularly on their Housing and Regional Analysis of Impediments Task Groups.

PROGRAM SPECIFIC REQUIREMENTS

CDBG 91.220(I)(1)

No program income is expected to be received during the program year. Approximately 95% of CDBG funds will be used for activities that benefit persons of low- and moderate-income.

HOME 91.220(I)(1)

HOME Resale and Recapture Provisions

For homeownership projects, in accordance with 24 CFR 92.254(a)(5), Clark County elects at its option to impose recapture requirements, rather than resale requirements, under the "shared net proceeds" method authorized by 24 CFR 92.254(a)(5)(ii)(A)(3), for its HOME program, to ensure that it recoups all or a portion of the HOME assistance to the homebuyers, if the housing does not continue to be the principal residence of the family for the duration of the period of affordability.

If the homebuyer transfers the property either voluntarily or involuntarily during the period of affordability, Clark County recovers, from available net proceeds, all or a portion of the HOME assistance to the homebuyers. Net proceeds are defined as the sales price minus superior loan repayment (other than HOME funds) and any closing costs. Under no circumstances can the PJ recapture more than is available from the net proceeds of the sale. In some cases, such as declining housing markets, the net proceeds available at the time of sale may be insufficient to recapture the entire direct HOME subsidy provided to the homebuyer. Since the HOME rule limits recapture to available net proceeds, Clark County can only recapture what is available from net proceeds. If there are insufficient net proceeds available at sale, Clark County is not required to repay the difference between the total direct HOME subsidy and the amount Clark County is able to recapture from available from net proceeds.

The Tenant-Based Rental Assistance (TBRA) has no recapture requirement.

Tenant Based Rental Assistance

No HOME funds will be used for TBRA for FY 2014.

Other Forms of Investment

Clark County does not intend to use forms of investment other than those described in 24 CFR 92.205(b).

Affirmative Marketing

HOME subrecipients are required to outline an affirmative marketing plan in their application for funding. Currently, tenant rolls and client lists are scrutinized during desk audits and monitoring visits to ensure that the subrecipients are, in fact, successful in serving typically underserved populations. The HOME Consortium has a comprehensive Affirmative Marketing Plan. The plan includes incorporating the Equal Housing Opportunity logo and slogan into program materials; requiring subrecipients to use affirmative fair housing marketing practices when soliciting renters or buyers; and requiring subrecipients to make a good faith effort to solicit eligible persons who are unlikely to apply for housing assistance. Desk audits continue to document that HOME projects are serving underserved populations.

Minority Contracting Outreach

When HOME funds are awarded to a subrecipient, the contract includes the following language: “Subrecipient shall comply with the requirements of Executive Order 11625 which provides for the utilization of minority businesses in all federally assisted contracts to the greatest extent possible”. The subrecipients must then report on their use of MBE/WBE’s to Clark County upon completion of their project. The HOME program does not require contracts under \$10,000 to be monitored for the use of MBE/WBE’s, which means there may be many additional minority and women businesses providing services of which we are not aware.

Clark County is in its second year of its Section 3 Contractor Certification Program. Workshops are held to recruit contractors and explain what Section 3 is both for certification and the hiring requirements. Eligible contractors remain on the list for one year after which time they recertify. This list is posted on the County website. Recruitment is done by not only the county but also our sister cities and the names are combined onto one list.

Section 3 is discussed at all of the County’s pre bid meetings for up-coming projects. This sometimes results in additional contractors qualifying. The county also receives inquiries from contractors via “word of mouth”, i.e., another contractor is certified and they tell others. Clark County receives referrals from the housing authority and other contractors. In the Section 3 Manual (which is included in each bid) there is a Section 3 worker contact list which includes Employment Security Office, Catholic Charities, Salvation Army, Nevada Partners, Workforce Connections as well as SNRHA. Clark County encourages contractors to use these agencies when they need to hire a Section 3 resident. The county also encourages the use of our local union halls as well as apprenticeship programs.

The County Business Development Division maintains a vendor database of small businesses, which is primarily made up of MBE/WBE businesses. When a bid is generally advertised, the staff of Business Development encourages, through calls and emails, the appropriate businesses to place a bid. This list is made available to HOME subrecipients. The Business Development Division staff attends conventions

and trade organization meetings to outreach to the minority and women owned businesses so they can be included on the vendor list and have access to workshops. The Business Development Division holds several workshops throughout the year to assist small business development, including minority and women owned businesses. There are also hundreds of MBE/WBE businesses listed in the Business Utilization Directory and more are added as the applications arrive. Business Development works with Purchasing and Contracts to expand economic prospects of all disadvantaged groups in the business community and promote full and open competitions in all purchasing activities.

Clark County HOME funds will not be used to refinance existing debt.

ESG 91.220(I)(4)

ESG Written Standards

Please see Appendix D for updated ESG Written Standards. North Las Vegas ESG funds are being administered by Clark County for FY 2014 and will therefore be subject to the Clark County ESG Written Standards as outlined in the Interlocal Agreement.

Centralized or Coordinated Assessment System

The CoC is actively working to implement a centralized assessment that will be utilized in conjunction with the coordinated/centralized intake. The CoC has a Coordinated/Centralized Intake Sub-Committee (CIS) that meets multiple times a month. The RIO will be discussing Coordinated/Centralized Intake with several focus groups in April prior to holding a community-wide charrette (intensive planning meeting) in May 2014 to review the recommendations of the CIS, and establish a standardized intake assessment to be used across the CoC. Implementation is expected to commence in June 2014. This assessment will become part of the HMIS intake process and daily operations, thus incurring no extra cost. The Regional Initiatives Office (RIO) and the CoC Coordinator will ensure that implementation, operations and complete CoC coverage is in force.

Process for Making Awards

Clark County made the ESG application available to the public in early November 2013, and advertised its availability in Las Vegas Review Journal, posted the information on the Clark County Internet site and sent an e-mail prior ESG recipients and anyone who called and asked to be on the distribution list. The actual application was available through ZoomGrants, an Internet based grants management system. A technical workshop to assist applicants in completing the application was held in November.

Clark County received ESG 17 applications requesting \$1.5 million in funding. The Regional Initiatives Office provided information on community priorities for homeless funding to the CDAC. ESG applicants made presentations to the CDAC in December. The CDAC then ranked applications and arrived at funding recommendations. A public hearing on the ESG projects for FY 2014 was held at the March 18, 2014 Board of County Commissioners meeting. The projects were approved at that same meeting.

North Las Vegas made their ESG application available through ZoomGrants and received four applications. The Citizen Advisory Committee heard presentations from the applicants, deliberated and provided recommendations to the North Las Vegas City Council. Clark County will administer the FY 2014 North Las Vegas ESG funds through an Interlocal Agreement.

Homeless Participation

Several member of the CoCEWG are formerly homeless. However, these individuals are not recently homeless and the Office of Regional Initiatives, which staffs the CoCEWG and coordinates the CoC application, along with Clark County's CRM, are working to identify a recently homeless or currently homeless individual to serve on the CoCEWG.

Performance Standards

The CoCEWG is working on the development of CoC and ESG Performance Standards and Evaluation Criteria, which are being developed in collaboration with a HUD Technical Assistance organization HomeBase. Initial performance standards are currently in force for ESG based on the input from the CoCEWG's meetings with HomeBase.

Homeless Prevention performance measures:

- Reduce the number of homeless households with children: at least 50% of participants assisted will remain in permanent housing 6 months after the last assistance provided under the ESG program.

Homeless Rapid Re-Housing performance measures:

- Reduce the number of households with children, both sheltered and unsheltered, in the continuum of care: at least 50% of participants assisted will remain in permanent housing 6 months after the last assistance provided under the ESG program.

Case Management Services performance measures:

- 80% of program participants have a monthly service transaction and housing plan in HMIS
- 30% of program participants will see an increase in self-sufficiency scores by 20 percent

Shelter Services performance measures:

- Reduce length of emergency shelter stays to 50 days
- 40% of shelter stays of less than 31 days and exit into transitional or permanent housing
- 50% of shelter participants exit into a transitional or permanent housing situation

Agencies receiving ESG funds will be monitored annually to ensure that program guidelines are being followed. In addition, before reimbursement can be made verification will be required including certification of homelessness, lease documents, and income calculations, as well as cancelled check and invoices. A contract will be developed requiring quarterly reimbursement requests and timely expenditure of funds.

Consultation with Continuum of Care

The Regional Initiatives Office (RIO) meets with the Community Development Advisory Committee, the citizens committee that reviews and recommends ESG applications for funding, to describe the current state of homelessness in Clark County and provide a list of priority funding needs by population type and program type (shelter vs. transitional housing, rapid re-housing vs. prevention, etc).

Clark County and North Las Vegas are members of the SNRPC Committee on Homelessness (CoH), whose primary responsibility is to manage the overall planning effort for the entire CoC. Community Jurisdictional staff also participates in the Continuum of Care Evaluation Working Group (CoCEWG) which oversees the operations and activities of the CoC. It includes representatives from both public and private agencies, ensuring compliance with the regional 10-year strategic plan.

The Clark County Continuum of Care uses Clarity Human Services as its Homeless Management Information System (HMIS). Clarity is a powerful information management system that provides client tracking and case management, service and referral management, and reporting. Southern Nevada's HMIS is overseen by a CoC HMIS Working Group that includes representatives from various organizations, advocacy organizations, and providers serving specific populations such as youth and veterans. Clark County and North Las Vegas participate in the CoC and receive regular reports and provide input to the HMIS Working Group.

Annually, Clark County updates its ESG Written Standards after consulting with homeless services providers. The Written Standards are reviewed by the CoCEWG for inclusion in the Action Plan.

Monitoring

Clark County and North Las Vegas require all subrecipients to provide monthly or quarterly reports (depending on the program) on the clientele being served including demographic and income data. This helps to ensure that activities being carried out are meeting Action Plan objectives. The Consolidated Annual Performance and Evaluation Report (CAPER) provides information to the public regarding actual activities undertaken throughout a program year and describes how the County and Cities of North Las Vegas, Boulder City and Mesquite are meeting their goals and objectives as outlined in the Consolidated Plan.

The CDBG program monitors its capital projects through the Real Property Management (RPM) Division, which provides construction oversight coordination and job supervision. Capital projects are consistently monitored throughout construction. Staff works closely with RPM to ensure timely design, bid and award of construction contracts in order to ensure that the CDBG timeliness requirements are met. All projects are reviewed for zoning and building codes and are not issued a building permit by the Clark County Building Department unless all conditions are met.

Clark County's Purchasing Department maintains a Business Utilization Directory, available in hard copy and on-line which provides a directory of minority- and women-owned businesses. This information is provided to all subrecipients and developers. Further, outreach to MBE/WBE's is also conducted through the Clark County Business Education Program which teaches MBE/WBE's how to do business with local government. Under the HOME program, Minority Business Outreach is the responsibility of the developer who is then monitored by Clark County for compliance.

Yearly inspections are done by Clark County and North Las Vegas staffs of a percentage of the HOME/LIHTF funded new construction and acquisition/rehab projects that are still in their affordability periods, as required by HUD. A home purchased through the County downpayment assistance program is inspected by the County's Building Department inspectors for code compliance. If homes are found deficient, the seller is then required to bring them into compliance prior to completion of the purchase.

Clark County and North Las Vegas ESG, HOME/LIHTF and CDBG staffs also perform financial desk audits through the year with every request for payment from subrecipients and developers, including reviewing information for accuracy and compliance. This is done to ensure that subrecipients are in compliance with program requirements.

Community Resources Management and North Las Vegas Neighborhood Services annually conduct a risk assessment of funded non-profits. Those programs identified as at high risk receive an on-site monitoring and technical assistance visit to ensure program compliance.

A typical monitoring for any program begins with a discussion with a representative of the organization about their activities and their clientele as a way to begin understanding what types of information the monitors will need to review. Both the technical as well as financial aspects of each subrecipient are reviewed. The technical aspects consist of reviewing client files for thoroughness of content, i.e., application for assistance, eligibility, income, backup documentation, etc. In addition, the files are reviewed to ensure there is no conflict of interest and all necessary documents are contained in the file. Where subrecipients have received construction funding, files are checked to ensure that labor standards are being followed, such as Davis Bacon, Contractor Work Hours & Safety Standards Act (CWHSSA), Copeland Act and Fair Labor Standards. Overall, the monitors are looking for completeness and that all necessary documents are contained in the files.

The financial aspect of a monitoring visit reviews the overall accounting system. Concentration is on internal controls, accounting records, source documents, budget control, allowable costs, financial reporting and audits. This financial review is intense as the monitors look at the organization as a whole, not just Clark County's piece of it. The non-profit's accountant is requested to be present at the time of the monitoring visit.

When these reviews are completed, another meeting with the Subrecipient is conducted to discuss issues that may have been uncovered. At that time, recommendations may be made that will assist the non-profit either with their files or with record keeping. The monitors then inform them that any follow-up will be in writing and a letter is sent to each subrecipient outlining the monitoring visit and any recommendations made.

OTHER NARRATIVES AND ATTACHMENTS

Affirmatively Furthering Fair Housing

Summary of Impediments

Clark County updated its Analysis of Impediments to Fair Housing in 2011. The study includes unincorporated Clark County, North Las Vegas, Boulder City and Mesquite. Clark County has entered into a contract with the Silver State Housing Council to provide an array of fair housing services to residents of the unincorporated County, Boulder City and Mesquite.

Southern Nevada Strong is in the process of conducting a Regional Analysis of Impediments to Fair Housing that will include all cities and the unincorporated county areas of southern Nevada. It is expected that the final analysis will be available in November 2014.

The entire Analysis of Impediments to Fair Housing and the Fair Housing Plan is available at:
http://www.clarkcountynv.gov/depts/admin_services/comresmgmt/Pages/ConPlan.aspx

CERTIFICATIONS

In accordance with the applicable statutes and the regulations governing the consolidated plan regulations, the jurisdiction certifies that:

Affirmatively Further Fair Housing -- The jurisdiction will affirmatively further fair housing, which means it will conduct an analysis of impediments to fair housing choice within the jurisdiction, take appropriate actions to overcome the effects of any impediments identified through that analysis, and maintain records reflecting that analysis and actions in this regard.

Anti-displacement and Relocation Plan -- It will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, and implementing regulations at 49 CFR 24; and it has in effect and is following a residential antidisplacement and relocation assistance plan required under section 104(d) of the Housing and Community Development Act of 1974, as amended, in connection with any activity assisted with funding under the CDBG or HOME programs.

Drug Free Workplace -- It will or will continue to provide a drug-free workplace by:

1. Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;
2. Establishing an ongoing drug-free awareness program to inform employees about -
 - (a) The dangers of drug abuse in the workplace;
 - (b) The grantee's policy of maintaining a drug-free workplace;
 - (c) Any available drug counseling, rehabilitation, and employee assistance programs; and
 - (d) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;
3. Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph 1;
4. Notifying the employee in the statement required by paragraph 1 that, as a condition of employment under the grant, the employee will -
 - (a) Abide by the terms of the statement; and
 - (b) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;
5. Notifying the agency in writing, within ten calendar days after receiving notice under subparagraph 4(b) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;

6. Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph 4(b), with respect to any employee who is so convicted -
 - (a) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or
 - (b) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;
7. Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs 1, 2, 3, 4, 5 and 6.

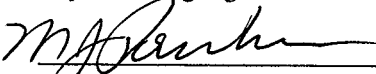

Anti-Lobbying -- To the best of the jurisdiction's knowledge and belief:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;
2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions; and
3. It will require that the language of paragraph 1 and 2 of this anti-lobbying certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

Authority of Jurisdiction -- The consolidated plan is authorized under State and local law (as applicable) and the jurisdiction possesses the legal authority to carry out the programs for which it is seeking funding, in accordance with applicable HUD regulations.

Consistency with plan -- The housing activities to be undertaken with CDBG, HOME, ESG, and HOPWA funds are consistent with the strategic plan.

Section 3 -- It will comply with section 3 of the Housing and Urban Development Act of 1968, and implementing regulations at 24 CFR Part 135.

 _____ Signature/Authorized Official	4.21.14 _____ Date
Manager, CRM _____ Title	

Specific CDBG Certifications

The Entitlement Community certifies that:

Citizen Participation -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan -- Its consolidated housing and community development plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that provide decent housing, expand economic opportunities primarily for persons of low and moderate income. (See CFR 24.570.2 and CFR 24 part 570)

Following a Plan -- It is following a current consolidated plan (or Comprehensive Housing Affordability Strategy) that has been approved by HUD.

Use of Funds -- It has complied with the following criteria:

1. **Maximum Feasible Priority.** With respect to activities expected to be assisted with CDBG funds, it certifies that it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low and moderate income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include activities which the grantee certifies are designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available);
2. **Overall Benefit.** The aggregate use of CDBG funds including section 108 guaranteed loans during program year(s) 2012, 2013, 2014 (a period specified by the grantee consisting of one, two, or three specific consecutive program years), shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period;
3. **Special Assessments.** It will not attempt to recover any capital costs of public improvements assisted with CDBG funds including Section 108 loan guaranteed funds by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

The jurisdiction will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108, unless CDBG funds are used to pay the proportion of fee or assessment attributable to the capital costs of public improvements financed from other revenue sources. In this case, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds. Also, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force -- It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its

jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and

2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction;

Compliance With Anti-discrimination laws -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 USC 2000d), the Fair Housing Act (42 USC 3601-3619), and implementing regulations.

Lead-Based Paint -- Its activities concerning lead-based paint will comply with the requirements of 24 CFR Part 35, subparts A, B, J, K and R;

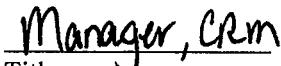

Compliance with Laws -- It will comply with applicable laws.

Signature/Authorized Official

Date

Title

Specific HOME Certifications

The HOME participating jurisdiction certifies that:

Tenant Based Rental Assistance -- If the participating jurisdiction intends to provide tenant-based rental assistance:

The use of HOME funds for tenant-based rental assistance is an essential element of the participating jurisdiction's consolidated plan for expanding the supply, affordability, and availability of decent, safe, sanitary, and affordable housing.

~~**Eligible Activities and Costs** -- it is using and will use HOME funds for eligible activities and costs, as described in 24 CFR § 92.205 through 92.209 and that it is not using and will not use HOME funds for prohibited activities, as described in § 92.214.~~

Appropriate Financial Assistance -- before committing any funds to a project, it will evaluate the project in accordance with the guidelines that it adopts for this purpose and will not invest any more HOME funds in combination with other Federal assistance than is necessary to provide affordable housing;

Signature/Authorized Official

ESG Certifications

The Emergency Solutions Grants Program Recipient certifies that:

Major rehabilitation/conversion – If an emergency shelter’s rehabilitation costs exceed 75 percent of the value of the building before rehabilitation, the jurisdiction will maintain the building as a shelter for homeless individuals and families for a minimum of 10 years after the date the building is first occupied by a homeless individual or family after the completed rehabilitation. If the cost to convert a building into an emergency shelter exceeds 75 percent of the value of the building after conversion, the jurisdiction will maintain the building as a shelter for homeless individuals and families for a minimum of 10 years after the date the building is first occupied by a homeless individual or family after the completed conversion. In all other cases where ESG funds are used for renovation, the jurisdiction will maintain the building as a shelter for homeless individuals and families for a minimum of 3 years after the date the building is first occupied by a homeless individual or family after the completed renovation.

Essential Services and Operating Costs – In the case of assistance involving shelter operations or essential services related to street outreach or emergency shelter, the jurisdiction will provide services or shelter to homeless individuals and families for the period during which the ESG assistance is provided, without regard to a particular site or structure, so long the jurisdiction serves the same type of persons (e.g., families with children, unaccompanied youth, disabled individuals, or victims of domestic violence) or persons in the same geographic area.

Renovation – Any renovation carried out with ESG assistance shall be sufficient to ensure that the building involved is safe and sanitary.

Supportive Services – The jurisdiction will assist homeless individuals in obtaining permanent housing, appropriate supportive services (including medical and mental health treatment, victim services, counseling, supervision, and other services essential for achieving independent living), and other Federal State, local, and private assistance available for such individuals.

Matching Funds – The jurisdiction will obtain matching amounts required under 24 CFR 576.201.

Confidentiality – The jurisdiction has established and is implementing procedures to ensure the confidentiality of records pertaining to any individual provided family violence prevention or treatment services under any project assisted under the ESG program, including protection against the release of the address or location of any family violence shelter project, except with the written authorization of the person responsible for the operation of that shelter.

Homeless Persons Involvement – To the maximum extent practicable, the jurisdiction will involve, through employment, volunteer services, or otherwise, homeless individuals and families in constructing, renovating, maintaining, and operating facilities assisted under the ESG program, in providing services assisted under the ESG program, and in providing services for occupants of facilities assisted under the program.

Consolidated Plan – All activities the jurisdiction undertakes with assistance under ESG are consistent with the jurisdiction’s consolidated plan.

Discharge Policy – The jurisdiction will establish and implement, to the maximum extent practicable and where appropriate policies and protocols for the discharge of persons from

publicly funded institutions or systems of care (such as health care facilities, mental health facilities, foster care or other youth facilities, or correction programs and institutions) in order to prevent this discharge from immediately resulting in homelessness for these persons.

APPENDIX TO CERTIFICATIONS

INSTRUCTIONS CONCERNING LOBBYING AND DRUG-FREE WORKPLACE REQUIREMENTS:

A. Lobbying Certification

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

B. Drug-Free Workplace Certification

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification.
2. The certification is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, HUD, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.
3. Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.
4. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio stations).
5. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph three).
6. The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant:

Place of Performance (Street address, city, county, state, zip code)

Check if there are workplaces on file that are not identified here.

This information with regard to the drug-free workplace is required by 24 CFR part 21.

7. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:

"Controlled substance" means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

"Conviction" means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

"Criminal drug statute" means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

"Employee" means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All "direct charge" employees; (ii) all "indirect charge" employees unless their impact or involvement is insignificant to the performance of the grant; and (iii) temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).

APPENDIX 4
ESG WRITTEN STANDARDS

ESG Written Standards

i. Standard policies and procedures for evaluating individuals' and families' eligibility for assistance under Emergency Solutions Grant (ESG)

Individuals and families eligible for emergency shelter housing funded by ESG funds must be homeless as defined by the General Definition of Homeless Individual, found in the Homeless Emergency Assistance and Rapid Transition to Housing (HEARTH Act) Section 103 [42 USC 11302].

Clients assisted with ESG funds need to be entered into HMIS during client intake, agency must maintain a minimum HMIS data quality of 90%. Agencies solely providing emergency shelter to victims of domestic violence, stalking, sexual abuse, and trafficking are exempt. In those cases, a comparable database should be used that protects the identity and safety of clients.

ii. Standards for targeting and providing essential services related to street outreach

Clark County is not planning to allocate ESG14/15 funds for Street Outreach activities.

iii. Policies and procedures for admission, diversion, referral, and discharge by emergency shelters assisted under ESG, including standards regarding length of stay, if any, and safeguards to meet the safety and shelter needs of special populations, e.g., victims of domestic violence, dating violence, sexual assault, and stalking; and individuals and families who have the highest barriers to housing and are likely to be homeless the longest;

Homeless individuals/families seeking shelter must be provided shelter. If there are no appropriate or available beds immediately available for the client at the location he/she is seeking assistance, then the agency must collaborate with another provider to place client into another appropriate shelter.

Shelters must meet or exceed minimum habitability standards specified in CFR 576.403 that cover building structure and materials, access, space and security, interior air quality, water supply, sanitary facilities, thermal environment, illumination and electricity, food preparation, sanitary conditions, and fire safety.

There is no county imposed limit on the length of stay. It is the discretion of the agency and program providing shelter services to set limits, if any, on the length of stay depending on the target population, client's barriers to obtain permanent housing, and other circumstances the client is facing.

Per HUD, sheltered families with children cannot be broken apart. If no shelter is available on-site, an alternative living arrangement must place the family together which may include placement at another shelter that houses families, or hotel-motel rooms (only in areas where no other appropriate shelter is available).

Providers should aim to have clients leave the program into a permanent and stable housing situation. This can be placement into supportive housing, or client may become self-sufficient and able to maintain his/her own housing with a stable source in income.

If client leaves the program and is not stably housed, all efforts should be made to place client into another more appropriate shelter/ housing situation.

Vulnerable populations seeking shelter need access to appropriate shelter that is safe, sanitary, and meets or exceeds minimum habitability standards. This population includes victims of domestic violence, youth, people with special needs, the elderly, medically frail, mentally ill, and victims of human trafficking. Upon intake and if necessary, client may be referred and sheltered elsewhere in a more appropriate location. Emergency shelters that provide housing to victims of domestic violence must have an appropriate security system in place to protect housed victims of domestic violence from their perpetrators. Currently there are a few providers that offer emergency shelter beds and supportive services to these vulnerable populations. There is no time limit on their length of stay. Clients are not discharged back out to the street or into unsafe living conditions, but if necessary are referred to another appropriate housing program.

In addition to homeless clients seeking shelter, street outreach is conducted by local homeless providers including the Las Vegas Metropolitan Police Department to get homeless people located in places not meant for human habitation into emergency shelter or transitional/ permanent housing.

iv. Policies and procedures for assessing, prioritizing, and reassessing individuals' and families' needs for essential services related to emergency shelter;

Clients assisted with ESG funds are to be entered into HMIS during client intake and agency must maintain a minimum HMIS data quality of 90%. Agencies solely providing emergency shelter to victims of domestic violence, stalking, sexual abuse, and trafficking are exempt. In those cases, a comparable database should be used that protects the identity and safety of clients.

Clients must be assisted to the maximum extent possible with connections to other programs targeted to homeless people in the local Continuum of Care area, as well as mainstream housing, health, social services, employment, education and youth programs for which they may be eligible (see 576.4 Area-wide systems coordination, sections b and c for a full list). This includes CoC, HUD-VASH, Education for homeless Children and Youth, Health Care for Homeless, Runaway and Homeless Youth, Homeless Veterans Reintegration, Section 8, Public Housing, HOME Investment Partnership, Workforce Investment Act, and TANF programs. When assisting vulnerable populations, services need to be tailored to address their special needs. Individualized case management is also highly encouraged.

To improve awareness of services, ESG funded agencies are required to attend training and meeting sessions on homeless services in the community. This includes the Mainstream Programs Basic Training, the SNRPC Committee on Homelessness meetings, and SOAR training.

v. Policies and procedures for coordination among emergency shelter providers, essential services providers, homelessness prevention, and rapid re-housing assistance providers; other homeless assistance providers; and mainstream service and housing providers. See § 576.400(b) and (c) for a list of programs with which ESG-funded activities must be coordinated and integrated to the maximum extent practicable.;

Once a centralized coordinated intake is adopted by the Continuum of Care and in place in Southern Nevada, providers assisted with ESG funds must participate in the centralized coordinated intake system. Providers are also required have their most recent information updated in Nevada 2-11. To improve collaboration and awareness of services, ESG funded agencies are required to attend training and meeting sessions on homeless services in the community.

Case management and intake staff are required to attend **Mainstream Programs Basic Training** classes which provide information on the local and federal resources and programs covering the following core topics include: Income Supports, Employment Services, Health Care, Legal Services, and Housing Resources. Specialized topics typically include: Veterans, Housing Resources, Employment Services/Income Supports, Addictions & Mental Health, Homeless Youth/Young Adults and Families w/ Children, Human Trafficking, Senior Services/ HealthCare Services, Legal Services/ Financial Literacy, Domestic Violence, HIV/AIDS, and Services for Persons with Disabilities.

ESG sub recipients on the director or management level are highly encouraged to attend a minimum of 5 Southern Nevada Regional Planning Commission- **Committee on Homelessness** (SNRPC CoH) meetings per year.

One staff member from each ESG funded program providing direct supportive services to is highly encouraged to complete SSI/SSDI, Outreach, Access, and Recovery (**SOAR**) training within 18 months of the date their assistance agreement for ESG funds is fully executed. Outcomes should be reported to the Office of the Regional Homeless Coordinator **at least** once per year. SOAR training, a national project funded by Substance Abuse and Mental Health Services Administration (SAMHSA) is available for direct service workers who once trained, understand Disability Determination Services and Social Security Administration's requirements and appropriate documentation needs. SOAR training helps to decrease the time to issue determinations and reduces the need for appeals. This is highly beneficial for eligible adults who are homeless or at risk of homelessness and have a mental illness and/or co-occurring substance abuse disorder which are also populations that face significant barriers to seeking stable affordable permanent housing.

vi. Policies and procedures for determining and prioritizing which eligible families and individuals will receive homelessness prevention assistance and which eligible families and individuals will receive rapid re-housing assistance;

Intake and HMIS: Subrecipients are required to use HMIS during client intake and also complete the Housing Needs Assessment matrix when conducting client intake for homeless prevention or rapid re-housing assistance. Clients seeking homeless prevention or rapid re-housing assistance will also need to complete the Homeless Prevention Consortium Supplemental Application for Rent and/or Utility Assistance. Criteria must be supported by documentation that has been copied and uploaded into the electronic file in HMIS and stored in the client's paper file.

Homeless Prevention: Eligible participants are individuals/families with incomes below 30% Area Median Income, at risk of becoming homeless and moving into an emergency shelter or a place not meant for human habitation. All assisted individuals/families must meet eligibility criteria as outlined at 576.103 Homeless Prevention Component in Interim Rule. Participants are eligible if they meet the HUD definition of "at risk of homelessness", or who meet the criteria in paragraph 2, 3, or 4 of the homeless definition AND have an annual income below 30% of area median family income. Those who meet the HUD criteria of eligibility and who score over 20 points on the Housing Needs Assessment matrix will receive priority for assistance over other eligible persons.

Rapid Re-housing: Eligible participants need to be literally homeless. To be eligible beneficiaries must meet the definition of homelessness under paragraph 1 of the "homeless definition" defined by the ESG interim rule, or meet criteria under paragraph 4 of homeless definition AND live in an emergency shelter or other place described in paragraph 1 of homeless definition. Clients eligible under the HUD definition of literally homeless and who score over 30 points on the Housing Needs Assessment matrix will receive priority over other eligible persons.

vii. **Standards for determining what percentage or amount of rent and utilities costs each program participant must pay while receiving homelessness prevention or rapid re-housing assistance;**

viii. **Standards for determining how long a particular program participant will be provided with rental assistance and whether and how the amount of that assistance will be adjusted over time;**

ix. **Standards for determining the type, amount, and duration of housing stabilization and/or relocation services to provide to a program participant, including the limits, if any, on the homelessness prevention or rapid re-housing assistance that each program participant may receive, such as the maximum amount of assistance, maximum number of months the program participant receive assistance; or the maximum number of times the program participant may receive assistance.**

HOMELESS PREVENTION

RENTAL ASSISTANCE TO PREVENT EVICTION (under homeless prevention):

All clients will complete the Homeless Prevention Consortium Housing Needs Assessment Matrix and the Supplemental Application for Rent and/or Utility Assistance. Clients eligible under the HUD definition of at risk of homelessness and who score over **20** points on the matrix will receive priority over other eligible persons who are at risk of homelessness. HUD requires clients receiving assistance for homeless prevention to be re-evaluated at least once every three months.

Furthermore, the following local conditions apply:

Short-term rent (1-3 months of assistance allowed at 100% rate of rent)

1. The household will actively engage in a Housing Stabilization Plan, the goal of which will be to either increase income and/or reduce expenses such that the rental cost is no more than 80% of the household's net income;
2. The client household will agree to participate in case management and other activities designed to improve their ability to remain stably housed.
3. The initial assistance must have been necessary to avoid eviction (eviction notice/ notice to quit letter required), or to avoid or reduce an unnecessary episode of homelessness of the household;
4. Rental assistance may not be provided to a program participant receiving rental assistance from other public sources (except for 6 months arrears);
5. Rental rates must not exceed the Fair Market Rent specified for household size and rental rates must comply with HUD's rent reasonableness.
6. Any housing units constructed before January 1, 1978 will be assessed for lead based paint hazards.
7. Housing unit must meet minimum habitability standards specified in 576.403(c).
8. Each household receiving rental assistance must have a legally binding, written lease (between the owner and participant household) for the rental unit in their name.
9. Agency must have a rental assistance agreement in place with the party to which payments are being made which must set forth the terms under which rental assistance will be provided.
10. Arrears (no more than 6 months) must be paid off first to bring the balance to zero.. Payment of rental arrears can only be a one-time payment up to 6 months including any late fees on those arrears. Late fees for subsequent months will not be paid with ESG funds.
11. Unit owners must be paid on a timely basis in accordance with the rental assistance agreement. Any late payment penalties that are incurred must be paid by subrecipient or household (with non-ESG funds).
12. The household will be "re-evaluated" for income eligibility no later than the 20th day at the end of the 3rd month. At re-evaluation, household income cannot exceed 30% of AMI, otherwise financial assistance will cease.
13. A second and third issuance of rental assistance can be considered when the household demonstrates compliance with and progress on the Housing Stability Plan.
14. If at the third month "re-evaluation" and assessment finds that the client needs additional assistance, and if the household demonstrates compliance with and progress on the Housing Stability Plan, and if client continues to meet income qualifications, client may proceed to receive medium term

rent assistance (4-13 months of assistance). Client must continue to be “re-evaluated” every three months.

For medium term rent (4-13 months of assistance)

Up to 100% of the fourth month of rent may be paid. Months 5-13 may be paid at a rate of 75% of rent.

1. Priority will be given to households who score 20 points or more on the Housing Needs Assessment Matrix and who may need more than 3 months to stabilize;
2. The household will continue to actively engage in a Housing Stabilization Plan, the goal of which will be to either increase income and/or reduce expenses such that the rental cost is no more than 80% of the household’s net income;
3. The household will be re-assessed monthly, no later than the 20th day of each month. Each additional 4-12th month of rental assistance can be considered when the household demonstrates compliance with and progress on the Housing Stability Plan.

HOUSING RELOCATION AND STABLIZATION SERVICES FINANCIAL ASSISTANCE:

Eligible expenses under this category include: rental application fees, last month’s rent, security deposits, moving costs, utility deposits, and utility payments.

Housing relocation & stabilization services relating to rent

Financial assistance

1. If necessary to relocate to another affordable housing unit, security deposits may be paid but must equal no more than 2 months of rent.
2. If necessary as a component of relocation to affordable housing, moving costs may be allowed on a case by case basis as allowed by the ESG Interim Regulation: 24 CFR 576.105. Eligible costs are truck rentals, hiring a moving company, and temporary storage fees for up to 3 months. Fees must be reasonable and occur after client intake and before the new move into a more affordable home.
3. If necessary to relocate and obtain new housing for household, last month’s rent (of new housing unit) may be paid. Assistance must not exceed one month’s rent.

MAXIMIM PERIOD AND TIMES OF ASSISTANCE:

Any combination of *rental assistance* which includes short and medium term rental assistance (including arrears) AND security deposits and last month’s rent (both eligible under housing relocation & stabilization services financial assistance) may not exceed *13 months* total during any 3-year period.

Rental assistance

- The maximum *times* a participant can receive non-consecutive short/ medium term *rental assistance* is 3 times per 13 month period. Rental arrears are the exception and are limited to 1 time assistance, per participant, within a 3 year period.

Housing relocation & stabilization services financial assistance costs (relating to rent)

- Rental application fees, security deposits, and last month's rent are limited to 1 time assistance, per participant, per service, within a 3 year period.
- Security deposits cannot exceed 2 months of rent.
- Last month's rent may not exceed 1 month of rent.

Assistance with Essential Utilities

Eligible under Housing Relocation & Stabilization Services- financial assistance

All clients will complete the Homeless Prevention Consortium Housing Needs Assessment Matrix and the Supplemental Application for Rent and/or Utility Assistance (1-13 months of assistance allowed).

Eligible utility services are gas, electric, water, and sewage.

1. Eligible households/ individuals must be individuals/families with incomes below 30% Area Median Income, at risk of becoming homeless and moving into an emergency shelter or a place not meant for human habitation. All assisted individuals/families must be evaluated and meet eligibility criteria as outlined at 576.103 Homeless Prevention Component in Interim Rule. Participants are eligible if they meet the HUD definition of "at risk of homelessness", or meet the criteria in paragraph 2, 3, or 4 of the homeless definition AND have an annual income below 30% of area median family income.
2. Priority will be given to households that score over 20 points on the Housing Needs Assessment Matrix;
3. The utility is for a service at a housing unit leased or otherwise contracted to the assisted household. Housing unit must also meet minimum habitability standards specified in 576.403(c).
4. Household must provide documentation that they will be losing their housing (eviction letter) and is also to receive rental assistance to avoid homelessness.
5. Utility service must be in client's name and at the address they are living at and obtaining rental assistance.
6. Households with a shut off notice of utilities shall be assisted to bring the past due amount to a zero balance, provided utilities are no more than six (6) months in arrears and shall be considered for rental assistance in that or the following month.
7. If the household has an Eviction Notice, they can be assisted with rent arrears and utilities arrears.
8. The client file must contain evidence that the household has applied for assistance from one or more of the Energy Assistance Programs administered through the Division of Welfare and Supportive Services of the State of Nevada or through the United Way of Southern Nevada, or other public programs available for assistance with utility payments;
9. Up to 13 months of utility payments per household, per service, including up to 6 months of arrearages, per service is allowed. Arrears must be paid as a one- time payment.

Housing relocation and stabilization financial assistance costs (relating to utilities)-

Maximum period and times of assistance for utility related assistance:

- The maximum times a participant can receive non-consecutive utility assistance for monthly utility bill payments is 3 times per 13 month period, per service.
- The maximum period a participant can receive utility assistance is 13 months within a 3 year period. The exception is arrears. Utility arrear payments of up to 6 months are allowed per participant, per service, within a 3 year period.
- Deposits are limited to 1 time assistance per participant, per service, per 3 years.

RAPID RE-HOUSING

All clients will complete the Housing Needs Assessment Matrix and the Supplemental Application for Rent and/or Utility Assistance. Eligible participants need to be literally homeless. Participants must meet the *definition of homelessness under paragraph 1* of the “homeless definition” defined by the ESG interim rule, *or meet criteria under paragraph 4 of homeless definition AND* live in an emergency shelter or other place described in paragraph 1 of homeless definition.

Clients eligible under the HUD definition of literally homeless and who also score over **30** points on the matrix will receive priority over other eligible persons. HUD requires clients receiving assistance for rapid re-housing to be re-evaluated at least once per year, however, on a local basis, additional assessments are required (see below).

RENTAL ASSISTANCE FOR HOMELESS

Generally, restrictions are similar to the rent and utility restrictions under Homeless Prevention, except that the maximum number of months client can be assisted is 15 months, per 3 year period, under rapid re-housing.

Short-term rent (1-3 months of assistance allowed at 100% rate of rent)

1. The household should score over 20 points on the Housing Needs Assessment Matrix. Highest priority will be given to clients scoring over 30 points;
2. The household will actively engage in a intensive case management plan, the goal of which will be to either increase income and/or reduce expenses such that the rental cost is no more than 80% of the household’s net income;
3. The household will be “re-evaluated” for eligibility at the end of the third month, not later than the 20th day of each month. At re-evaluation, household income cannot exceed 30% of AMI, otherwise financial assistance will cease.
4. Rental assistance may not be provide to a program participant receiving rental assistance from other public sources.

5. Rental application fees are eligible for ESG reimbursement (under housing relocation & stabilization services).
6. Security deposits may be paid but must equal no more than 2 months of rent (eligible under housing relocation & stabilization services).
7. If necessary to obtain housing for household, last month's rent (of new move housing unit) may be paid. Assistance must not exceed one month's rent (eligible under housing relocation & stabilization services).
8. Up to 6 months of arrears are allowed by HUD including any late fees, but must be one-time payment, per participant, per service.
9. Each household receiving rental assistance must have a legally binding, written lease (between the owner and participant household) for the rental unit in their name.
10. Agency must have a rental assistance agreement in place with the party to which payments are being made which must set forth the terms under which rental assistance will be provided.
11. The housing unit where the household will reside must be affordable to the household. Rental rates must not exceed the Fair Market Rent specified for household size and rental rates must comply with HUD's rent reasonableness.
12. Any housing units constructed before January 1, 1978 will be assessed for lead-based paint hazards.
13. Housing unit must meet minimum habitability standards specified in 576.403(c).
14. The first issuance of rental assistance can be up to 100% of the upcoming month rent. Rent must be paid on a timely basis, in the case that any late fees are incurred in the new housing situation, those fees will not be paid with ESG funds;
15. A second and third issuance of rental assistance can be considered when the household demonstrates compliance with and progress on intensive case management Plan.
16. If necessary, client receiving short term assistance, who receives 30 points or more on the Housing Needs Assessment Matrix upon the third month re-evaluation including income eligibility, may proceed to receive medium-term rent assistance (4-15 months of assistance). Client will continue to be re-assessed on a monthly basis.

Medium term rent (4-15 months of assistance):

Month 4 can be paid at up to 100%, thereafter months 5-15 can be paid at 75%.

1. Priority will be given to households who score a minimum of 25 points on the Housing Needs Assessment Matrix and who need more than 3 months to acquire long term housing;
2. The household will actively engage in an intensive case management plan, the goal of which will be to either increase income and/or reduce expenses such that the rental cost is no more than 80% of the household's net income;
3. The household will be "re-evaluated" for eligibility monthly, not later than the 20th day of each month.

HOUSING RELOCATION AND STABILIZATION SERVICES FINANCIAL ASSISTANCE

Eligible expenses under this category include: rental application fees, last month's rent, security deposits, moving costs, utility deposits, and utility payments.

Housing relocation & stabilization services relating to rent:

Financial assistance

- If necessary to move to an affordable housing unit, security deposits may be paid but must equal no more than 2 months of rent.
- If necessary to obtain housing for household, last month's rent (of new housing unit) may be paid. Assistance must not exceed one month's rent.

MAXIMUM PERIOD AND TIMES OF ASSISTANCE:

Any combination of *rental assistance* which includes short and medium term rental assistance (including rental arrears) AND security deposits and last month's rent (both eligible under housing relocation & stabilization services financial assistance costs) may not exceed *15 months* during any 3-year period.

Rental assistance

- The maximum *times* a participant can receive non-consecutive short/ medium term *rental assistance* is 3 times per 15 month period. Rental arrears are the exception and are limited to 1 time assistance, per participant, within a 3- year period.

Housing relocation & stabilization services financial assistance costs (relating to rent)

- Rental application fees, security deposits, and last month's rent are limited to 1 time assistance, per participant, per service within a 3-year period.
- Security deposits cannot exceed 2 months of rent.
- Last month's rent may not exceed 1 month of rent.

Assistance with Essential Utilities

Eligible under Housing Relocation and Stabilization services

All clients will complete the Housing Needs Assessment Matrix and the Supplemental Application for Rent and/or Utility Assistance. Clients eligible the HUD definition of literally homeless and who score over **30** points on the matrix will receive priority over other eligible persons.

Generally, restrictions are similar to the rent and utility restrictions under Homeless Prevention except that the maximum number of months client can be assisted is 15 months with rapid re-housing within a 3-year period.

1. Priority to households who score over 30 points on the Housing Needs Assessment Matrix;
2. Up to 15 months of utility payments per participant, per service, including up to 6 months of arrearages, per service is allowed (must pay arrear as a one-time payment). Eligible utility services are gas, electric, water, and sewage. Household is also to receive assistance with rent in order to stabilize.
3. The assisted households 'existing arrears (of only up to 6 months) will need to paid off first to bring their past due balance to zero. After the payment of any arrearages, client may receive utility assistance for new utility charges.
4. Utility deposits to pay a standard utility deposit required by utility company are an eligible ESG expense (under housing relocation & stabilization services).
5. The utility is for a service must be at a housing unit leased or otherwise contracted to the assisted household.
6. The client file must contain evidence that the household has applied for assistance from one or more of the Energy Assistance Programs administered through the Division of Welfare and Supportive Services of the State of Nevada or through the United Way of Southern Nevada, or another public programs available for assistance with utility payments;;

Maximum period and times of assistance: Housing relocation and stabilization *financial assistance* costs relating to utilities-

- The maximum times a participant can receive non-consecutive utility assistance with monthly utility bill payments is 3 times per 15 month period, per service.
- The maximum period a participant can receive utility assistance is 15 months within a 3-year period. The exception is arrearages. Utility arrear payments (of up to 6 months) and deposits are limited to 1 time assistance, per service, per 3-year period.
- Deposits are limited to 1 time assistance, per participant, per service, per 3 years.

ix. Standards for determining the type, amount, and duration of *housing stabilization and/or relocation services* to provide to a program participant, including the limits, if any, on the homelessness prevention or rapid re-housing assistance that each program participant may receive, such as the maximum amount of assistance, maximum number of months the program participant receive assistance; or the maximum number of times the program participant may receive assistance:

All clients will complete the Housing Needs Assessment Matrix. Clients eligible under the HUD definition of at risk of homelessness and who score over 20 points on the matrix will receive priority for homeless prevention assistance over other eligible persons who are at risk of homelessness. Clients eligible under the HUD definition of literally homeless and who score over 30 points on the matrix will receive priority for rapid re-housing assistance over other eligible persons.

Those scoring higher points are in a higher need of the most extensive type of assistance. The type of housing relocation/ stabilization services provided to program participant will depend on his/her need as assessed by case manager.

Limits on housing stabilization and relocation services:

Housing Stabilization & Relocation Services financial assistance policies and procedures addressed above in detail. This includes *rental application fees, security deposits, last month's rent, utility deposits, utility payments and moving costs.*
