

# Clark County Department of Building & Fire Prevention

4701 West Russell Road, Las Vegas, NV 89118 ~ (702) 455-3000

## Plumbing Repair & Service No Permit Required Building Permit Guide

Jerome A. Stueve, P.E., Director  
Samuel D. Palmer P.E., Assistant Director • Girard Page, Fire Marshal

### Part I. General Information

The following items do not require a permit to complete the work involved. It should be noted that you should always consult with a plumbing professional before starting any work on a plumbing system that you are not familiar with or that would result in damage to other parts of the plumbing system. When doing plumbing work you are responsible for knowing, understanding and applying the current codes and adopted ordinances of the jurisdiction where the work is being performed.

### Part II. No Permit Required

1. The stopping of leaks in drains, soil, waste or vent pipes – no permit required. However, should any trap, drainage, soil, waste or vent pipe become defective and it becomes necessary to remove and replace the same with new material, the same shall be considered as new work and a permit shall be obtained through your local building department and inspection approvals granted by that department.
2. The clearing of stoppages, including the removal and reinstallation of water closets (toilets).
3. The repairing of leaks in pipes, valves or fixtures, provided such repairs do not involve or require the replacement or rearrangement of valves, pipes or fixtures.

### Part III. Exception

Exception from the permit requirements of the Uniform Plumbing Code shall not be deemed to grant authorization for any work to be done in violation of the provisions of this code or any other laws or ordinances of the ruling jurisdiction.
