Cork Elk - *Quercus suber*

Southern Live Oak - *Quercus virginiana*

Holly Oak - *Quercus ilex*

Red Push Pistache - *Pistacia X 'Red Push'*

Tree Memorial Program - General Information and Notes:

An Applicant may apply to have a Tree Memorial placed in a County-owned park. A tree memorial consists of installing a 5" x 7" solid surface plaque mounted on a CMU cap block and engraved with the inscription illustrated on the Application Form. The plaque will be installed at the base of the new tree specifically planted for the memorial or at an existing tree where the tree density of the park will not support a new tree.

RPM will make every effort to accommodate an applicant's requested park & location within that park. If RPM is unable to comply with the requested location, the applicant will be notified of the location where RPM can install the memorial. The applicant may elect not to proceed at the alternate location with a full refund of the memorial fee. In most cases, a County representative will need to meet with you on-site to help determine the appropriate location that will be most suitable for the applicant and Clark County. Appointments are made Monday thru Thursday 7:00 A.M. - 2:30 P.M. excluding holidays.

The applicant will have the choice of Chinese / Red Pistache, Lacebark Elm, Cork Oak, Southern Live Oak, or Holly Oak for the trees in turf areas. In DG or native areas, an appropriate drought tolerant tree will be selected. All new trees shall be in a 24-inch box. The picture referenced of trees are not the actual size, and are used for reference only. Clark County may change choices of trees periodically and special requests may be considered.

RPM may temporarily suspend the planting of new trees under this program during the hot summer months, from June 15 through September 15, to help assure the survival rate of the trees.

*The fee for the Tree Memorial is based on the average cost of planting a tree, installing the necessary irrigation system and installing the plaque. New trees shall be in a 24-inch box. Fees are subject to change. Current fees are as follows: a. New tree planting and plaque \$500.00 b. Plaque installed at existing tree \$100.00 c. Plaque replacement due to vandalism or misspelled application - please call for fee.

*RPM reserves the right to relocate or replace Memorial Trees should the location conflict with required park improvements or construction.

* Due to the popularity of this program, completion generally takes 4-6 weeks from receipt of completed application and payment. You will be notified by phone or email upon completion.

*Clark County Real Property Management Operations Division will do our utmost to properly maintain the tree and irrigation bubbler. However, we will not be responsible for the maintenance of the plaque. You may need to periodically trim the grass and/or remove soil buildup.
