Deaths	TBD	TBD	8	10	7	TBD	#DIV/0!	#DIV/0!
Injuries	TBD	TBD	28	7	12	TBD	#DIV/0!	#DIV/0!

Notes & Highlights

- 1- Summary excludes airport and volunteer stations.
- 2- Incidents measure separate events. Responses measure the number of units that respond to each incident.
- 3- Response time measures from call pick-up to first arriving unit on scene to all emergency incidents. CCFD response time goal is 7 minutes to 90% of the incidents.
- 4- Other category includes responses and incidents such as smoke investigations, extractions, fuel spills, etc.
- 5- Historical data will be added over time, if available.
- 6- Peak units are deployed during expected high-call volume days and times on an 8 hour shift.
- 7- Civilian Fire Casualties will be updated at the end of the year due to the amount of time to investigate.
- 8- Full Alarm Assignment capability is met when response travel time is within 480 seconds to 90% of the incidents. Travel time is measured from wheel start to wheel stop.
- 9. Note: New Battalion added 9/1/19
