V. Informational Items

1. A representative of the Clark County Water Reclamation District to discuss the Lewis Avenue Lift Station project. (for discussion only)

Kim Adler and Greg Turner were in attendance to represent Clark County Water Reclamation District.
**Kim Adler** - Water Rec is going to demolish the current temporary lift station and will install a new lift station to the parcel located to the south, which is owned by Water Rec. The new lift station and valve vault will be placed near the front of the parcel with underground vault only 6” above ground level. An electrical building with an enclosed generator will be placed in the middle of the parcel and will be fenced in. They are going to install 2 force mains and a potable waterline which will run from the new site to the wastewater treatment plant located at the end of Lewis (see maps).

The project is anticipated to begin in January 2022 and should take a year to complete. Folks living near the lift station will be invited to attend an onsite meeting so they can receive project information and can provide input regarding certain design criteria. This is to ensure that the project visually blends in with the neighborhood. **Ralph Stauffa**- can it be powered by solar? **Gene Houston**- doesn’t believe that solar can power the station. **Kim Adler**- will ask staff and Amelia will provide this answer to Ralph as soon as possible. **Gene Houston**- what is the plan for the road once the station is relocated? **Kim Adler**- has spoken with Clark County Public Works and they do have plans to come in and finish paving the road but there is no information on this at this time. **Marjorie Holland**- is there any access to the electrical components? **Kim Adler**- fencing will be around the unit and there will be no access. The vault is low profile (approx. 6” from the ground) and the hatches will be locked. **Greg**- will discuss additional fencing around the vault with the project manager.

VI. Planning & Zoning

None

VII. General Business

1. Review/finalize FY 2022 budget request (s) and take public comment on the budget request (s). (for possible action)

**Moved by: Gene Houston**

**Action:** to approve the budget list as written

**Vote:** 4-0/Unanimous

VIII. Public Comment

**Nick Yamashita**- reminding folks about the 9/11 memorial walk @6pm. The flag parade will meet at the Logandale Fire Station at 5:00pm and will be to the Moapa Valley Community Center by 5:20pm. **Lois Hall**- wants to remind everyone to go onto the Facebook page ‘Save our Mesa’. **Amelia Smith**- provided information regarding voting in the area since there seemed to be confusion amongst community residents. Early Voting will be held on October 21 from 9am-6pm at the Moapa Valley Community Center. Voting will also take place at the community on election day from 7am-7pm. Parks and Recreation will be on the next agenda to discuss the Double Negative gateway project.

Proposed Design Details

- In front of the Overton Community Center.

The Experience
- The piece should draw people in and makes them want to go back to Double Negative. A piece that helps bridge the concept that is double negative.

Design Considerations
- Overton is a conservative community. Artwork with unnatural colors and neon will not suit the community. Artwork that complement natural colors would be preferred. The sculpture should be accessible to regular folks and enjoyed by the tourist/arts community. There needs to be a sensitivity to the community when designing the sculpture. A flashy design will not be acceptable.

- It is requested that this sculpture is a gateway to the Double Negative. The sculpture should be interpretive or further helps explain the Double Negative. A suggestion was a sign that accompanies the artwork that explains the Double Negative and the Gateway Piece. Make sure that the gateway piece is easier to interpret verses the Double Negative piece that is so conceptual. The piece should invite tourism and be an information hub for Double Negative as the land art that can only be accessible to 4-wheel drive vehicles.
County Arts Plan

- This project will be funded by the Clark County Arts Plan. Chapter 2.90 of Clark County County Arts Fund – % for the Arts Program.

- The County Arts Plan started in 2013.

- The County Arts Plan is under the purview of Parks & Recreation.
Site Selection

- In collaboration with Parks and Recreation staff, the Art Committee evaluates and selects potential public art sites.

- Under this program, art may be commissioned for new or existing County-owned parks, trails and natural areas, freeways, roads and bridges, sidewalks, plazas, gathering spots and buildings such as recreation centers and office buildings as well as street side utility boxes with the permission of the box owners.

Arevia Power

- 20+ years of utility scale solar development experience
  - 2.5GW of projects developed
- Capital partner - Quinbrook Infrastructure Partners
- Gemini Solar - 690MW PV + 380MW project
  - Largest solar project in the State of Nevada
  - Located east of I-15 and south of Valley of Fire Rd.
  - PPA secured with NV Energy in May 2019 with regulatory approval (PUCN) obtained December 2019
  - BLM led NEPA permitting via Record of Decision (ROD) signed by Dept. of Interior May 2020 on 7,000 acres
  - Commercial operations scheduled for 2023
  - Utilizing local labor to build and operate

- On Battle Born will continue to work with other local and experienced companies during design and construction
Proposed Project
**Project Overview**

- **Site**
  - 9,200-acre project site on Bureau of Land Management (BLM) land
  - 15-mile transmission line adjacent to existing power lines – connect to Reid Garner Substation

- **Location**
  - 55 miles northeast of the Las Vegas, immediately northeast of the community of Moapa Valley

- **Size**
  - 850 megawatt (MW) of clean, renewable energy

- **Benefits**
  - Can significantly expand the State’s renewable portfolio
  - No air or noise emissions when operating
Access

- Access to the site would be via Carp Elgin Road off I-15
- No access through Moapa Valley or Overton during construction

Project Site

- Currently, approximately 7,400 acres of panels
- Development of solar layout to minimize effects to environmental resources
Siting to Minimize Impacts

- **Avoided Traffic Impacts** - Minimize disturbance to communities through access off I-15, maintain access over and on the mesa
- **Low Visibility** – minimal or no visibility from the towns below the mesa and from surrounding areas (e.g., Valley of Fire State Park)
- **Maintained Recreational Uses** – Recreational uses will be maintained, including access to Virgin River, Double Negative, OHV on the mesa
- **Reduced Impacts to Natural Resources** – Avoidance and minimization through careful review, siting, and innovative mitigations to preserve habitat

Justification Letter to Vacate Public Right-Of-Way

To whom it may concern:

This application is to vacate the public right-of-way immediately west of Parcel A.P.N 041-22-301-035. The Parcel was recently re-zoned from R-U to R-E, and there is a public right-of-way called Leavitt Street immediately West of the Parcel. The Clark County Land Use Team is requesting that the right-of-way be vacated in order to subdivide the Parcel into four single family lots. The public right-of-way leads to a dead-end, and is not used for access to any property. The owner of the Parcel is James D. Hardy.

Site Plans: Four families plan to each build one custom home on the lot if/when it is divided into four equal parcels.

Respectfully Submitted,

Kyle Waite, Esq.

VACATE AND ABANDON a portion of a right-of-way being Leavitt Street (alignment) located between Waite Avenue and Jensen Avenue (alignment) within Moapa Valley (description on file). MK/jor/jd (For possible action)

RELATED INFORMATION:

APN:
041-22-301-035

LAND USE PLAN:
NORTHEAST COUNTY (MOAPA VALLEY) - RURAL NEIGHBORHOOD (UP TO 2 DU/AC)

BACKGROUND:
Project Description
The site plan depicts a portion of right-of-way (Leavitt Street) with an overall area of 5,748 square feet on the east side of APN 041-22-301-004, north of Waite Avenue. The portion of right-of-way leads north to a dead end, and is not needed for access. Immediately to the west is APN 041-22-301-035, and along the west property line is a private access road granted per parcel map 46-94. There is an active minor subdivision map (MSM-20-600050) in process with the Clark County Mapping Team, and vacating a portion of Leavitt Street is a requirement to complete the mapping process.
