Background

The Percent for the Arts Program and associated Art Fund were established July 17, 2012. The Clark County Board of County Commissioners approved the initial County Arts Plan on December 4, 2012 and authorized the apportionment of monies from the Room Tax Collection Commission and Special Ad Valorem Capital Projects Tax to begin January 1, 2013. In anticipation of \$300,000.00 of collections during the last half of FY 13, the Department of Parks and Recreation planned to hire a Cultural Program Specialist to execute new art projects, initiate repair and restoration of existing public art, develop public art education opportunities and facilitate the creation of the seven-member Art Committee.

The first transfer to the County Art Fund did not occur until FY 14; therefore, there were no expenditures during the first six (6) months of the program and the anticipated projects were not immediately initiated. Following the hiring of the Cultural Program Specialist and the appointment of the Art Committee in August 2013, the County Arts Program was implemented. Since that time, the Art Committee has held regular public meetings and has evaluated: proposed and existing County development projects; reviewed potential sites for commissioned arts; conducted a condition survey of Clark County's existing public art inventory; and developed recommendations for other artistic programs and projects.

Children's Festival Mosaic Mural, 2013, Artist Facilitators: Su Limbert and Sierra
