ADMINISTRATIVE APPLICATION PROCESS

A SUMMARY GUIDE THROUGH THE APPLICATION PROCESS

- Determine the appropriate application you need to submit. For assistance with determining the appropriate application, call (702) 455-4314 (Option 2, Option 1) or email zoning@clarkcountynv.gov.
- Review the applicable application form and corresponding submittal requirements, then compile all required application materials in PDF format (regardless of format specified in the submittal requirements). Note: each submittal requirement must be saved as its own PDF file.
- Go to the County's [Citizen Access Portal](#) (ACA) to create an *Application Pre-review* online and upload all required submittal documents. Note: Each submittal requirement requires a Document Category and only 1 PDF file per Document Category will be accepted.
- At the time the Application Pre-review is uploaded, the record will be placed in the queue for assignment. The application documents will be given a cursory review and, if generally complete, will be distributed in accordance with availability of staff and on a first-come, first-serve basis. The Application Pre-review may take up to 2 working days to be assigned and distributed to a Planner and Public Works (collectively referred to as "staff").
- Once assigned, staff will review the documents for completeness and accuracy. If revisions are required, you must upload all revised documents to your existing record, delete all old/replaced documents, and communicate directly with staff when all uploads are complete and ready for review. Average time to review each submittal is 5 working days. Actual review time depends on the accuracy and completeness of application materials, complexity of the project and/or project plans, and workload volumes.
- When the application materials are deemed complete, accurate and ready for submittal, staff will create your application in Accela and apply any required application fees. The application Correspondent and Interested Party (if provided in ACA) will receive notice that application fees are ready to be paid. Note: If changes are made to documents after Application Pre-review is deemed complete, accurate, and ready for submittal, a new Application Pre-review will be required.
- Once fees are paid, the application will be considered "Submitted".
- Project revisions after submittal may result in delays and/or extra expense.
- After an application is submitted, the processing time is 10 working days for Minor Deviations, Extensions of Time, and Zoning Compliance applications, and the processing time for Street Naming applications is 5 working days.
- A Notice of Administrative Decision (NOAD) will be sent to the application Correspondent indicating the Zoning Administrator's decision on the application, and all conditions of approval, if applicable. Method of delivery will be email if an email address listed on the application, or by mail to the address listed on the application if no email address is provided.
- All conditions must be met prior to the issuance of a building permit, business license, and/or certificate of completion/occupancy, as applicable.
- Time limits to complete, commence, or review are the applicant's responsibility. There will be no notification from the Department for expiration or review dates.
