| Signature _____ | Date _____ |

A "Yes" response to any of the above conditions may require a permit or combined plan/permit request to be submitted to the Department of Building Fire Prevention Bureau for review. Contact FP PLANSHECK AT (455-7100) for permit requirements.

*High-Piled Storage is storage of combustible materials in closely packed piles or combustible materials on pallets, in racks or on shelves where the top of storage is greater than 12 feet (3658 mm) in height. High-piled combustible storage also includes certain high-hazard commodities, such as rubber tires, Group A plastics, flammable liquids, idle pallets and similar commodities, where the top of storage is greater than 6 feet in height.
**Refer to the Clark County Fire Prevention "Hazardous Materials Systems" Guideline.
