

# Roadmap to Recovery for Nevada

## Bowling Alleys

### MANDATORY AS OF 6/26/2020:

- Face coverings are required except for persons meeting the exemptions established by [Directive 024](#).
- If you have a medical condition preventing you from wearing a face covering, you are strongly encouraged to wear a face shield.

### Mandatory\*

### Recommended Best Practices\*

### Employees & Guests

- Ensure minimum 6 feet between people, if not possible, install barriers.
- Employees must perform daily self-symptom assessment.\*\*
- Require employees to stay home if symptomatic.
- Require regular handwashing.
- Stagger or limit arrivals of employees and guests.
- Personnel should work from home if possible.
- Face coverings are required for employees and guests.

- Provide stipend to employees for private transportation.
- Train staff on new operation plan.

### Shift Pattern

- Daily disinfection of desks and workstations.
- Change shift patterns (e.g. fewer shifts).
- Stagger lunch and break times.

- Split into sub-teams, limit contact across sub-teams.

### Physical Spaces

- Ensure minimum 6 feet between people, adjust floor plan for tables or booths.
- Daily deep disinfection of high contact surfaces (e.g. door handles, light switches, seats, railings, cabinetry handles, light switches, seats, railings, cabinetry handles, appliance handles, toilets, countertops, phones, tablets, etc.).
- Regulate max number of people in alley spaces keeping at least 2 empty rows between guest.
- Alternate rows between customers.
- Utilize remote ticketing.

- Close cafeteria and gathering spaces if possible or conduct regular cleanings.
- Daily deep disinfection of entire facility.
- Maintain informational signs regarding symptoms, social distancing, and face coverings.
- Disinfect seating area after guest has finished their series of games.
- Disinfect house bowling balls after use by a guest.
- Consider requiring reservations.

### Spectator Seating, High Traffic, & Congested Areas

- Organizers should screen all spectators regarding travel history, contact with individuals who may have tested positive for COVID-19, and presence of any signs or symptoms consistent with COVID-19.
- Organizers must limit occupancy of grandstands/seating to 50% occupancy and spectators may sit in groups of no larger than 50 persons. Social distancing is required between groups of spectators.
- Organizers must remind spectators on the importance of wearing face masks covering both the nose and the mouth. Organizers may require all spectators to wear face masks in the facility.
- Provide sanitizing stations.

\*\*Daily symptom assessments should include monitoring for fever, cough, and trouble breathing.

## Spectator Seating, High Traffic, & Congested Areas

### Mandatory\*

- In highly congested areas, try to provide 6 feet markings to follow social distancing recommendations.
- Place signage around spectator seating and highly congested areas regarding safe distancing.
- Organizers should disinfect spectator seating and heavily congested areas after each event.

### Recommended Best Practices\*

## Signage

- Post signage that displays all applicable federal, state and local regulations, requirements and orders, as well as WHO recommendations and CDC guidelines as they relate to mass gatherings and sporting events in effect at the facility.
- Post signage identifying 6-foot social distancing for spectators waiting to enter the facility.
- Post signage at all entrances to the facility which identifies the symptoms of COVID-19 and states the following:
  - To protect others from possible transmission of the virus, anyone who exhibits COVID-19 symptoms or has been in contact with someone who has tested positive for COVID-19 within the last two weeks, cannot enter the facility. These individuals are encouraged to contact their health care provider immediately for further medical advice and must obtain documented clearance from their health care provider before entering the facility. Participants must assume responsibility for themselves and their own staff. Posters with Symptoms of Coronavirus Disease are placed throughout the property.
- Post signage throughout the facility which includes recommendations about good hygiene along with informing participants and others about ways to reduce the risk of COVID-19 transmission. Posters need to meet the CDC guidelines – Stop the Spread of Germs

## Confirmed Cases

- Immediately isolate and seek medical care for any individual who develops symptoms while at work
- Contact the local health district about suspected cases or exposures
- Shutdown any facility for deep cleaning and disinfection, if possible.
- Use disinfectants outlined on [EPA List N](#).

- Work with local health department to identify potentially infected or exposed individuals to help facilitate effective contact tracing/notifications
- Once testing is readily available, test all suspected infections or exposures
- Following testing, contact local health department to initiate appropriate care and tracing

*\*These recommendations were compiled by the LEAP based on guidance from the CDC, the U.S. Food and Drug Administration (FDA), [Nevada OSHA](#), and other relevant agencies for the industry and public health officials, including state licensing boards. The information provided is only intended as general information to the public. Following these guidelines does not constitute, and is not a substitute for, compliance with all laws and regulations applicable at any particular time. Individuals and businesses are responsible to ensure that they comply with all laws and regulations that apply to them, including, but not limited to, federal and state health and safety requirements. Additionally, compliance with these regulations does not ensure against the spread of infections from COVID-19 or any other cause.*
