

# Roadmap to Recovery for Nevada

## Farmer's Markets

### MANDATORY AS OF 6/26/2020:

- Face coverings are required except for persons meeting the exemptions established by [Directive 024](#).
- If you have a medical condition preventing you from wearing a face covering, you are strongly encouraged to wear a face shield.

### Mandatory\*

### Recommended Best Practices\*

### Employees and Guests

- Screen all producers and employees for COVID-19 upon arrival to the market.
- Wash hands with soap and water for 20 seconds prior to starting their shift, after each customer and as necessary as hands become contaminated.
- Require all producers, vendors, and employees to wear face coverings. Gloves for food employees should only be used after an approved hand washing step.
- Disinfect all surfaces that are used for transactions: card readers, tabletops, and everything that may have been touched after each customer.
- Suspend all sampling of produce/food.
- Cancel all entertainment that will result in gathering of crowds of 10 or more people less than 6 feet apart.
- All produce must be pre-bagged.

- Take clients temperature. Anything over 100.4 degrees Fahrenheit, refuse service.
- Touchless payment methods (e.g. utilizing mobile phone payment).

### Shift Pattern

- Increase or decrease operating hours as necessary to avoid crowding and provide for 6 feet social distancing.
- Establish maximum capacity (50% of fire code).

- Consider extending the afternoon hours for the Farmer's Market.

### Physical Spaces

- Post a sign at entry to Farmer's Market prohibiting entry for ill individuals.
- Provide vendor spaces that allow for separation and social distancing a minimum of 6 feet apart.
- Provide hand sanitizing station at the entry to the Farmer's Market.
- Disinfect all high touch areas, including light switches, door handles, sinks, sink handles, and countertops regularly.
- Suspend all sales events and parties until 6 feet social distancing guidelines are listed by the Governor.

- Use floor markings to show 6 feet distance for employees and clients.
- Provide hand sanitizer stations in conspicuous locations-every 50 feet of Farmer's Market space.

### Confirmed Cases

- Immediately isolate and seek medical care for any individual who develops symptoms while at the event and follow CDC guidelines.
- Contact the local health district about suspected cases or exposures and employers should maintain the confidentiality of employee health information.
- Shutdown any facility for deep cleaning and disinfection, if possible.
- Use disinfectants outlined on [EPA List N](#).

- Work with local health department to identify potentially infected or exposed individuals to help facilitate effective contact tracing/notifications.
- Once testing is readily available, test all suspected infections or exposures.
- Following testing, contact local health department to initiate appropriate care and tracing.

\*These recommendations were compiled by the LEAP based on guidance from the CDC, the U.S. Food and Drug Administration (FDA), Nevada OSHA, and other relevant agencies for the industry and public health officials, including state licensing boards. The information provided is only intended as general information to the public. Following these guidelines does not constitute, and is not a substitute for, compliance with all laws and regulations applicable at any particular time. Individuals and businesses are responsible to ensure that they comply with all laws and regulations that apply to them, including, but not limited to, federal and state health and safety requirements. Additionally, compliance with these regulations does not ensure against the spread of infections from COVID-19 or any other cause.
