- Consult the Nevada State Board of Cosmetology for disinfection information.

Disinfected Equipment

- Clean and disinfect all surfaces that come in contact with consumers, following the manufacturer's directions. Product contact times and other factors may impact a product's effectiveness.
- Consult the Nevada State Board of Cosmetology for disinfection information.

Additional Protocols

- Require employees to stay home if symptomatic and conduct daily symptom assessments.**
 - Stagger appointments or have clients wait in their car until you are ready for them.
 - Do not accept walk-in clients and estheticians and technicians must only serve one client at a time.
 - Establishments must have partitions between stations or chairs OR arrange stations so that a minimum of 6 feet of separation between customers is maintained.
 - Do not shake hands. There are safer ways to welcome a client in.
 - For the time being, you should not allow any magazines, candy dishes, coffee pots, etc. in the facility.
 - If possible, encourage clients to use a method of payment that does not require touch. If you are using any form of payment that requires touch, you must sanitize between every use.
 - Have clients wash their hands upon entering the facility or use hand sanitizer.
- Wear a face covering while in the facility. Clients should also be asked to wear one when they can.
- Sanitize after each client.
 - Require regular handwashing upon arrival, before meals and breaks, after using the restroom, blowing nose and before returning home.
 - Post informational signs regarding social distancing, facial coverings and what to do if symptomatic.
 - Daily deep disinfection of high contact surfaces (e.g. door handles, light switches, seats, railings, cabinetry handles, appliance handles, toilets, countertops, phones, tables, etc.).
 - Put any new policies and procedures for staff and clients in writing.

**Daily symptom assessments should include monitoring for fever, cough, and trouble breathing.

**These recommendations were compiled by the LEAP based on guidance from the CDC, the U.S. Food and Drug Administration (FDA), Nevada OSHA, and other relevant agencies for the industry and public health officials, including state licensing boards. The information provided is only intended as general information to the public. Following these guidelines does not constitute, and is not a substitute for, compliance with all laws and regulations applicable at any particular time. Individuals and businesses are responsible to ensure that they comply with all laws and regulations that apply to them, including, but not limited to, federal and state health and safety requirements. Additionally, compliance with these regulations does not ensure against the spread of infections from COVID-19 or any other cause.*
