

Roadmap to Recovery for Nevada

Trade Schools and Technical Schools

MANDATORY AS OF 6/26/2020:

- Face coverings are required except for persons meeting the exemptions established by [Directive 024](#).
- If you have a medical condition preventing you from wearing a face covering, you are strongly encouraged to wear a face shield.

This is intended for administrators, Directors, and leaders of Schools and Training within the state of Nevada. This guidance is intended to help schools and Training Facilities prevent the transmission of COVID-19 within their facilities and communities. Schools and Training facilities need to be able to react quickly if there is a confirmed COVID-19 case among staff, volunteers, the people they serve, or visitors. Schools, businesses, healthcare systems and state and local health departments, have an important role in slowing the spread of diseases, especially among high risk populations. Within the State of Nevada, we have many different levels of training and instruction for many different industries.

Elementary and Secondary schools, Junior Colleges, Colleges and Universities should follow the direction of their State of Nevada governing agency with direct coordination with the Governor’s Office for the procedures and policies for reopening.

Trade and Apprenticeship training Schools, Professional and Management development training, Fine Art schools, Transportation Training: Flight & Automobile, Sports and Recreation Training, Educational Support Services, Exam preparation and Tutoring Services, all other Miscellaneous Schools and Instruction should adhere to the following procedures and polices while reopening.

Classes and Instruction Sessions

Mandatory*

- Start or continue distance learning, if possible, for all classes.
- Require face covering for all participants, including instructors and staff attending in-person trainings or education.
- Limit attendance, arrange seating, and/or stagger classes, so that a minimum 6 feet is maintained between all attendees, in all directions, at all times.
- Gatherings of more than 50 people are prohibited, including staff and instructors.
- A log should be kept of all attendees’ names and

Recommended Best Practices*

- Provide hand sanitizer stations.
- Post informational signs regarding social distancing, facial coverings and hand washing.
- Take temperatures of all attendees and screen for symptoms or out of region travel; if thermometers are not available, ask attendees to take temperature at home prior to arriving.**
- Arrivals for gatherings or services shall be metered and spaced, similar to grocery stores, to ensure social distancing at entrances and during events.
- Stagger students and classes to reduce exposure

** Daily symptom assessments should include monitoring for fever, cough, and trouble breathing.

Mandatory*

- Regularly disinfect all high touch surfaces inside facilities and shared or common areas.
- Deep disinfection of high contact surfaces (e.g. door handles, light switches, seats, railings, cabinetry handles, appliance handles, toilets, countertops, phones, tables, etc.) before and after each gathering.
- Do not use communal water fountains

Recommended Best Practices*

Classes and Instruction Sessions

- Employees and students maintain all required Phase 2 social distancing protocol; if symptomatic shall remain at home.

- Assign a point of contact to maximize communication between your organization and your state and local public health systems.
- Symptomatic or positive employees or students remain at home until cleared by a medical provider.
- Classrooms for children to remain closed until public schools reopen.
- Cafeterias may open but are subject to same guidelines as restaurants.

- Ensure minimum 6 feet between people, if not possible, install barriers.
- Post social distancing signage and disinfect high-contact surfaces hourly.
- Disinfect classroom and instructional materials before instruction, if possible, or at least daily before and after use.
- Discontinue self-service stations and product samples.
- Establish maximum capacity (no greater than 50% of fire code).
- Food courts may open but are subject to same guidelines as restaurants.

- Close once a week for deep cleaning.
- Maximize available check-out space to promote social distancing (e.g. space customer lines with floor markers, use alternative registers).
- Use contactless payments where possible.

- Immediately isolate and recommend medical care for any individual who develops symptoms while attending a class or instruction.
- Contact the local health district about suspected cases or exposures.
- Shutdown any facility for deep cleaning and disinfection, if possible.
- Use disinfectants outlined on [EPA List N](#).

- Consider canceling or postponing classes, especially if anyone associated with the school may have had contact with confirmed case.
- Work with local health department to identify potentially infected or exposed individuals to help facilitate effective contact tracing/notifications.
- Encourage all exposed individuals get tested and self quarantine for 14 days or until a negative test.

**These recommendations were compiled by the LEAP based on guidance from the CDC, the U.S. Food and Drug Administration (FDA), [Nevada OSHA](#), and other relevant agencies for the industry and public health officials, including state licensing boards. The information provided is only intended as general information to the public. Following these guidelines does not constitute, and is not a substitute for, compliance with all laws and regulations applicable at any particular time. Individuals and businesses are responsible to ensure that they comply with all laws and regulations that apply to them, including, but not limited to, federal and state health and safety requirements. Additionally, compliance with these regulations does not ensure against the spread of infections from COVID-19 or any other cause.*
